\(^1\) As of October 1, 2012, the department name of the University of Oregon Department of Public Safety (UODPS) has changed, to University of Oregon Police Department (UOPD). This Annual Campus Security and Fire Safety Report, reviewing 2011 and earlier years, refers often to UODPS, and the department responsibilities will remain the same with UOPD.
MESSAGE FROM THE PRESIDENT

Welcome to the University of Oregon!

We are a community of students, faculty, staff and visitors who all contribute to the mission of teaching and research. This mission is best accomplished when safety is a top priority with strong education and prevention programs in place.

The university provides a breadth of services through the UO Department of Public Safety, the Office of Emergency Management and Continuity, the Office of Environmental Health and Safety, the Division of Student Affairs and others to foster a safe environment for academic exploration, and to plan for unexpected occurrences.

The 2012 Campus Security and Fire Safety Report is an informative document to help familiarize yourself with the services provided and resources available to our campus community. I encourage you to ask questions and share ideas with staff at the Department of Public Safety and others as you consider your important role in maintaining a safe, secure environment for all.

All the best,

Michael Gottfredson
President

INTRODUCTION AND PURPOSE

In 1998, the federal government passed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or the Clery Act. This law requires colleges and universities receiving federal funding to publish an annual report disclosing campus security policies and three years of selected crime and fire statistics, to make timely warnings to the campus community about crimes that pose an ongoing threat to students and employees, and to post a public crime log.

The University of Oregon is a city within a city, complete with a complex network of departments and personnel needed to run smoothly. Located in the Eugene-Springfield metropolitan area of more than 216,000 residents in Oregon’s southern Willamette Valley, the university is a hub of activity for more than 24,000 students and 6,300 employees. The 2012 Annual Campus Security and Fire Safety Report details important efforts to prepare for, provide and enhance the safety needs of the community. The following report meets federal requirements for annual reporting of incidents on campus, including the Higher Education Opportunity Act of 2008 related to the Jeanne Clery Act, emergency notification and fire safety reporting.

The purpose of the Clery Act is to provide students, families and employees with accurate, complete and timely information about campus safety so that they can make informed decisions. The University of Oregon Department of Public Safety (UODPS) publishes the Annual Campus Security and Fire Safety Report in compliance with the Clery Act, and also offers it as a resource guide, directing readers to campus safety and security services and providing crime prevention and personal safety guidance and strategies.

This report also includes information and policy statements regarding campus security and safety, for example, crime prevention, security awareness, fire safety, alcohol and substance abuse, sexual assault, procedures for reporting a crime and emergency and evacuation procedures, as well as other matters of importance to the campus community.

CLERY ACT COMPLIANCE

The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security and fire safety policies. All public and private institutions of postsecondary education participating in federal student-aid programs are subject to it. The act includes:

- Publishing an annual report disclosing campus security policies and three years of selected crime and fire statistics.
- Making timely warnings to the campus community about crimes that pose an ongoing threat.
• Keeping a public crime log.
• Upholding basic rights to victims of sexual assault.
• Making accurate crime statistics available to the U.S. Department of Education, which centrally collects and disseminates campus crime statistics at the national level.
• Facing possible fines from the U.S. Department of Education when schools fail to comply with the Clery Act.

THE MAKING OF THE ANNUAL REPORT

The Annual Campus Security and Fire Safety Report is published on the UODPS web site annually. This year’s report reflects crime and fire statistics that were reported in 2009, 2010 and 2011. Statistics for the current calendar year will appear in the report for the following year. The Annual Campus Security and Fire Safety Report is published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act.

Crime statistics include certain categories of crimes and judicial referrals required for disclosure under the act which occurred on campus, in campus buildings, non-campus buildings and properties owned or controlled by the University of Oregon (UO) and on public properties immediately adjacent to and accessible from the UO campus.

Campus crime, arrest and judicial referral statistics include those reported to UODPS, campus security authorities (as defined by federal law), judicial affairs and law enforcement authorities in whose jurisdiction UO properties reside. UODPS discloses all incidents reported to the department that fall into any of the required reporting classifications as a statistic in the annual report. Fire statistics, provided by the Office of Environmental Health and Safety, are those which occur in student residential facilities.

The UODPS Clery Coordinator is responsible for collecting and compiling crime and fire statistics and for publishing the report. In addition to crime and fire statistics, program and policy statements are collected from the Office of the Dean of Students, the Office of Emergency Management and Continuity, the Office of Environmental Health and Safety, and University Housing, which are included in this report.

The Annual Campus Security and Fire Safety Report is released by October 1 of each year, in compliance with state and federal crime awareness and campus security legislation, including The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The report may be viewed on the UODPS website. To request a paper copy of the report, contact UODPS at 541-346-0670, e-mail the Clery Coordinator, or write to the department at 1230 University of Oregon, Eugene, OR 97403-1230.

Notification Process

By October 1 of each year, all UO employees and enrolled students receive an e-mail notification regarding the content and availability of the Annual Campus Security and Fire Safety Report. The e-mail provides information regarding how to access the report.

The electronic postcard (see below) is distributed via e-mail to:
• All faculty and staff
• All students (currently enrolled and those who have applied by October 1st)

Prospective students who do not fall into the above category receive the notification as part of an information packet.

Notification is also posted in the following locations:
• Human Resources website (for prospective employees)
• Admissions website (for prospective students)

September 28, 2012

Dear University of Oregon Faculty Member, Staff Member, Student, or Prospective Student:

In compliance with federal law, the University of Oregon prepares an annual report on campus security and fire safety programs and services. The 2012 Annual Campus Security and Fire Safety Report is available online at http://police.uoregon.edu/annual-report.

The report includes crime statistics for the previous three calendar years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by the University of Oregon; and on public property within or immediately adjacent to and accessible from the campus. Fire statistics for the previous three calendar years are included.

The report also includes information and policy statements regarding campus security and safety, for example, crime prevention, security awareness, fire safety, alcohol and substance abuse, sexual assault, procedures for reporting a crime and emergency and evacuation procedures, as well as other matters of importance to the campus community.

You may request a paper copy of the report from the University of Oregon Department of Public Safety at 541-346-0670, or write to the department at 1230 University of Oregon, Eugene, OR 97403-1230.

Crime Statistics Reporting Policies and Procedures

UODPS is responsible for gathering statistics for criminal activity on and near campus, identifying reportable crimes and delivering reports of this data annually. Federal requirements mandate that crime reports be delivered to the FBI at the U.S. Department of Justice and made public, while the Clery Act requires reports be disseminated to the U.S. Department of Education and delivered to members of the campus community.

Statistics that have been compiled are reported in different formats and categories depending upon legal requirements of each report. Reports made to the FBI, for instance, require the inclusion of different kinds of crimes from those required by the Jeanne Clery Act, while the Jeanne Clery Act requires its statistics to be reported from a wider geographic area than does the FBI (e.g., incidents on adjacent public property and student organization properties are Clery-reportable). The Clery Act also requires reports of student disciplinary referrals in addition to arrests for drug, alcohol and weapons offenses. The University of Oregon provides the option of confidential and anonymous reporting and while these statistics are not reportable per local, state, or federal law enforcement guidelines, they are Clery-reportable.

UODPS begins in January of each year to collect crime statistics from the previous calendar year by submitting written requests to various reporting entities. When criminal activity occurs outside of the jurisdiction of UODPS (e.g., a fraternity located off campus), a local law enforcement agency follows its own procedures to create a police report for each incident. This agency will then, upon the request of UODPS, submit its statistics. When this data is received, it is reviewed, particularly to ensure that there are no duplications in reporting efforts between UODPS and outside reporting agencies. Although every effort is made to avoid duplication of reports received from non-police campus security authorities and other police agencies, an individual incident may be reported to us, and thus counted as a statistic, more than once.

When a crime is reported, individual reports may be forwarded to other units and/or agencies for follow up. In some cases involving lesser offenses, the report will be forwarded to the Office of the Dean of Students, Student Conduct and Community Standards for adjudication through the campus's disciplinary referral process. These types of incidents are Clery reportable; listed as Disciplinary Referrals in the Crime Statistics section of this report.

Further inquiries or comments please contact the Clery Coordinator.

A SAFE CAMPUS TEAM EFFORT

The University of Oregon Department of Public Safety (UODPS) is a community-oriented, trust-based public safety agency. Our community-oriented policing approach fully engages our campus community in identifying and addressing problems through a collaborative process.
UODPS is committed to adopting a problem-solving model, where criminal behavior is addressed at the root causes. UODPS officers are encouraged to try innovative methods in working closely with the community served.

Along with the patrol division, UODPS has a Safe Campus Team, which includes officers from the Community Engagement Unit, the Crime Analysis and Investigations Unit, the Targeted Crimes Unit and the Event Management and Tactical Preparedness Unit. UODPS also closely partners with other local public safety agencies and organizations.

It is the responsibility of each person to contribute to the safety of the entire community by taking action when necessary to prevent crime, particularly crimes of violence. Campus safety and security is a shared responsibility, which takes a team effort to be effective.

Members of the campus community are invited to report concerns to UODPS. Students may also report concerns to the Office of the Dean of Students or to their University Housing residence life coordinator.

CAMPUS HOUSING SAFETY

Residence Halls

With approximately 3,800 students living in campus residence halls, the University of Oregon continually strives to develop shared responsibility for safety in its student population. Residence hall staff members work with UODPS and residents to identify and resolve security problems. Student safety and security starts with students. Crime prevention strategies are learned behaviors. Safe behaviors learned at college will serve students well now and in the future. The UO urges students to practice safe behaviors as soon as they move in. Safety education is emphasized during the first two weeks of the academic year. Residents receive information on safety and security at the first residence hall meeting of the year. Students are given specific instructions to keep room doors locked at all times, to avoid lending keys or propping open doors and to report strange or unusual behavior and unexpected, unknown visitors to UODPS.

Residence hall exterior doors are kept locked at all times with the exception of buildings that provide dining services. Every resident has a room key and an outside door key, or an access control card. In addition, each residence hall room has an active phone line. Residents are required to bring their own phone.

All residence hall complexes have full time, live-in, professional University Housing residence life coordinators and most also have full-time, live-in professional assistant University Housing residence life coordinators. Additionally, complexes have student staff members who are trained on safety and security protocols. Staff members are available to assist students twenty-four hours a day, seven days a week.

During the academic year, and particularly during the early days of fall term, hall residents are encouraged to register their bicycles, and informed about the services offered by UODPS.

Family Housing and Apartments

University Housing and University Apartments operates three areas of housing: East Campus, Spencer View and Graduate Village, totaling approximately 450 units and an average population of 950 family members, student roommates and single students. Family Housing and University Apartments works with UODPS and residents to identify and resolve security problems.

All family housing units are governed by the landlord tenant law, except Graduate Village, which is on an academic year contract. Trained staff members are present at each family housing and University Housing complex, including a full-time, live-in professional area director for family housing who is on duty from 8:00 a.m. to 5:00 p.m. weekdays. Additionally, after-hours community assistants are on duty from 5:00 p.m. to 8:00 a.m. weekdays and twenty-four hours a day on weekends and holidays. All staff who work within family housing and university apartments, including maintenance personnel, wear official university name badges for easy identification.

Residents are advised of UODPS services and the opportunity to restrict directory information. Residents are encouraged to participate in their local Tenant's Council, where they can develop programs such as neighborhood watches and provide input to the university about how the campus can be made safer. Tenants also receive a monthly newsletter that includes security updates. Department staff survey nighttime lighting levels to assess and improve exterior lighting and keep shrubs and trees trimmed around buildings to improve visibility.
Off-Campus Housing

Ten residential sororities and twelve residential fraternities are affiliated with the University of Oregon. Each house corporation establishes stringent safety rules for the sororities and fraternities. Officers from UODPS are frequently invited to the Greek houses to discuss safety.

Many other students live in privately owned housing close to the campus. The university’s Campus Partners group meets quarterly to address issues that arise from residential areas near campus. Task force members include students, administrators, police officials and neighborhood representatives. This has proven to be a strong force for both prevention and response.

SECURITY AWARENESS PROGRAMS

Throughout the academic year, safety training sessions for students are offered, ranging from for-credit courses to single sessions during Week of Welcome, the fall orientation for new students. Parents and students hear about campus safety programs and services during IntroDUCKtion, the summer orientation and registration for new students.

Safety is also addressed during Week of Welcome. During orientation, students and staff members are briefed on safety. Bicycle owners must register with UODPS to aid in identification and recovery of stolen bicycles. Bicycle registration and security information is available at several campus locations during Week of Welcome and is always available at the UO Department of Public Safety.

Department leadership and other public safety personnel frequently speak to student and staff groups, including resident assistants and the Residence Life professional staff in University Housing, sororities, fraternities and other student organizations. UODPS also offers security risk assessments and crime-prevention presentations.

In addition to training sessions, courses and crime prevention presentations, information is disseminated to students and employees through crime prevention awareness packets, displays, videos, articles and advertisements in university and student newspapers.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

CRIME PREVENTION PROGRAMS

Crime prevention programs related to personal safety and theft prevention are sponsored by the Safe Campus Team’s Community Engagement Unit and various campus organizations. Throughout the year, UODPS personnel facilitate safety programs for students, parents and faculty, along with student organizations and community organizations. Some of these crime prevention programs include personal and property safety awareness presentations, providing safety awareness publications, and security risk assessments.

During the regular academic year, the Physical Education and Recreation Department offers credit classes to students in self-defense, self-defense for women, and a variety of martial arts. See the UO course catalog or perec.uoregon.edu for more information.

Throughout the year, UODPS presents many prevention and safety programs, including for the following:

- IntroDUCKtion (the university’s annual new student summer orientation, offered in multiple sessions in July and early August)
- Week of Welcome (annual fall orientation activities for new students)
- Intermingle Fair (annual fall social welcoming student back to campus)
- American English Institute and other international student orientations as requested
- University Health Center sessions on workplace violence as requested
- Residence Hall opening meetings annually
- New employee orientations as requested by Human Resources
- Fraternity and Sorority Life presentations as requested
Effective winter 2012, UODPS will be offering Rape Aggression Defense System (RAD) training to students and employees. It is a comprehensive course that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. Certified UODPS RAD instructors will teach the courses provided.

In addition to safety awareness and crime prevention programs, UODPS offers the following year-round services:
- Bicycle registration, permits and theft-prevention tips
- Laptop registration
- Moped, motorcycle and vehicle registration and permits
- Personal safety presentations
- Theft prevention consultation
- Office equipment anti-theft cabling program
- Low-cost bike and car locks

UODPS and student-run campus organizations also provide safety escorts and shuttle services:
- Safe Ride Shuttle
- Designated Driver Shuttle
- UODPS Safety Escorts

Crime Prevention Tips

UODPS regularly communicates the following information to students, faculty and staff.

Personal Safety

Survivors of crimes are not responsible for their victimization, regardless of their actions. Criminals are responsible for crime. Not all crimes can be prevented with preparation and readiness, but campus community members can improve their safety taking the following precautions:
- If working or studying late, arrange to leave with a friend or call UODPS for Safety Escort assistance. Lock doors and windows if working late alone.
- Refrain from getting in elevators with people who look out of place or behave in a strange or threatening way. Always immediately report suspicious people or conditions to UODPS (541-346-2919).
- If being followed, go to a populated area.
- Be alert to any suspicious persons or vehicles.
- Carry a fully charged cell phone with emergency numbers pre-programmed.

Property Protection

- Don’t leave valuables unattended (backpacks, wallets, purses, keys, computers, phones, electronic devices, etc.)
- Engrave personal property, such as electronic or sporting equipment, with an Oregon Driver’s License number, like this: OR123456DL.
- Keep a written record of all personal valuables, including descriptions and serial numbers. It is evidence that the property belongs to the rightful owner.

Bicycle Theft

- Never leave a bicycle unlocked. It only takes a moment to steal an unlocked bicycle.
- U-lock style locks are best. Cables and padlocks can be cut easily.
- Lock the bicycle frame to a bike rack or other secure object. Front wheels can be easily removed.
- Bicycle registration is mandatory on campus. Always register bicycles with UODPS. This service is free of charge.

Office Security

- Never leave purses, wallets, or other valuables unattended. Lock them in a drawer or closet, or carry them.
- Do not leave keys unattended, and do not loan out university keys.
- Request authorization from persons asking for confidential information or from delivery or repair people who want to enter an area restricted to employees.
Key Control

- Those responsible for office keys should not leave them unattended, in plain sight on a desk, or in a top drawer where they could be taken or copied easily.
- Give keys only to those who have a legitimate need and make sure they are returned.
- If keys are lost or stolen, notify UODPS immediately (541-346-2919).
- For more information, see the Access Control page.

Parking Safety

- Lock vehicles at all times.
- When returning to a vehicle, have the keys out while approaching. Check the interior before getting inside.
- Notify UODPS immediately of any suspicious people loitering in the parking lot.
- Remove all valuables from vehicles. Leave them at home, carry them, or lock them in the trunk.

In a Threatening Situation

- If physically attacked, attract attention by yelling loudly or using a whistle.
- If using self-defense tactics or equipment such as pepper spray, run away as soon as the attacker is disabled.
- Decide what to do in various situations before they occur. Try role-playing with a friend.
- If confronted by someone who only wants property, give it to them.
- Try to get an accurate description of the assailant. If a vehicle is involved, get the license number and call UODPS.

Incident Reporting

- For emergencies or a crime being committed, call 9-1-1.
- Report all crimes, no matter how minor they may seem. Notify UODPS of all suspicious persons or activity at 541-346-2919.
- On campus, report any dim or unsafe-looking areas, or any malfunctioning lights, doors or windows, to UODPS at 541-346-2919.
- For further information on reporting, see the UODPS Crime Reporting page.

Important Phone Numbers

- Emergencies: 9-1-1
- UODPS Non-Emergency: 541-346-2919
- Eugene Police Department Non-Emergency: 541-682-5111

CAMPUS SAFETY

When crimes occur on campus, UODPS informs campus community members so they can take precautions to avoid becoming victim of crimes, or so they can aid in the solving of crimes. The UODPS Crime Analysis and Investigations Unit constantly tracks, evaluates and distributes crime data. For questions or information requests, call UODPS at 541-346-2919 or e-mail by using the feedback form at police.uoregon.edu.

UODPS provides the following safety tips as part of campus crime alerts that are sent to all students and employees after incidents occur:

Assault/Robbery/Sexual Assault

- It is a crime to intentionally touch someone against his or her will, regardless of the situation.
- Encourage friends to travel in pairs or with trusted companions, especially at night or in remote areas.
- Use UO Safe Ride (541-346-RIDE ext. 2), call a taxicab, or contact UODPS for an escort (541-346-2919).
Look for campus emergency call boxes with blue lights, or the tall, yellow emergency phones.

If you feel you or others are in danger, call 9-1-1.

To report suspicious, illegal or unusual activity on campus, call UODPS at 541-346-2919. For emergencies or if you see a crime being committed, call 9-1-1.

Promote a culture of consent and a safer campus: schedule a Sexual Wellness Advocacy Team (SWAT) workshop for your student group or club (swat.uoregon.edu; 541-346-1198).

Resources Available for Survivors of Crime

For students, support services are available through the University Counseling and Testing Center, 541-346-3227 (available twenty-four hours); counseling.uoregon.edu/dnn.

For students, medical and sexual assault examination services are available at University Health Center, 541-346-2770; healthcenter.uoregon.edu.

For employees, the Office of Affirmative Action and Equal Opportunity, 541-346-3123, and Office of Human Resources, 541-346-3159, can assist in connecting to resources.

Other community resources available are Sexual Assault Support Services (SASS), 541-343-7277 (24 hour crisis line) or 541-484-9791; Womenspace, 541-485-8232 or 541-485-6513 (24 hour crisis line); and White Bird Clinic Counseling; 541-342-8255 or 541-687-4000 (24 hour crisis line).

Burglary/Break-In/Etc.

It is a crime to enter someone's residence without permission, regardless of whether the door is locked.

Communities are safest when members look out for each other: report any suspicious activity or unauthorized strangers immediately.

Report criminal activity (such as a break-in or intruder, robbery, or assault) immediately to 9-1-1, or for non-emergency situations on campus, to UODPS at 541-346-2919.

Immediately report any malfunctioning doors or windows in your residence to the property managers or residence hall staff, and insist the problem be corrected as soon as possible.

In residence halls or secured apartment complexes, do not let in strangers, do not allow strangers to enter behind you as a courtesy, and do not lend out keys.

Only open the front door of a residence to someone you know or trust.

Property Crime

To report suspicious, illegal or unusual activity on campus, call UODPS at 541-346-2919. For emergencies or if you see a crime being committed, call 9-1-1.

Keep possessions in sight at all times. Don't leave books or backpacks unattended anywhere, it only takes a matter of seconds for things to disappear.

If you leave your office or room, even for a few minutes, LOCK THE DOOR! It's much easier to invest the few seconds it takes than to spend the time later filing a police report and replacing the property.

Avoid taking wallets, money and jewelry into athletic facilities and storing them in lockers, which are targets for thieves.

Don't leave objects plainly visible in vehicles; secure them in the trunk whenever possible or leave them at home.

Register bicycles with UODPS and keep them locked in approved areas with quality U-locks.

### CRIME REPORTING METHODS

- **Dial 9-1-1 for emergencies:**

  Dialing 9-1-1 from any public pay phone or cell phone reaches the Central Lane Communications Center. Emergency services (police, fire, paramedics and ambulance) are dispatched from this center to Lane County residents.

- **Contact UODPS at 541-346-2919 for non-life threatening emergencies or non-emergencies, to report a crime, or to report security related issues. UODPS campus officers, Eugene Police, fire department, paramedics and ambulance services are dispatched from this center.**
• Make a report in person at UODPS at 1319 E. 15th Avenue (Straub Hall) or at 2141 E 15th Avenue (UODPS East)

• Use an emergency phone:

Emergency phones are located prominently throughout the campus and provide a direct line to UODPS. They are clearly indicated on the Parking and Transportation Map, on the Campus Night Map, and on the map in the bicycling brochure, all available at the UODPS office. If planning to spend time on campus please become familiar with the appearance and location of these phones. Emergency phones are also located inside Lawrence Hall and Knight Library. The department will evaluate the need for additional emergency phones at the request of groups on campus.

• Online Reporting

The Department of Public Safety provides online non-emergency crime reporting for the campus community. After the report has been submitted electronically, a UODPS officer will contact the complainant to verify the report details and ask any questions if necessary.

Online reports are not official reports. Only the printed copy, signed by the reporting officer and containing a UODPS case number, is considered the official copy. Online report forms are intended to facilitate the report process by providing officers with pertinent information about the incident in a timely manner. An official report will be prepared and submitted by the officer through the reporting system.

• Silent Watch

An online report form is available to confidentially and anonymously report non-urgent suspicious conditions or criminal activity. This report program was created in an effort to involve campus community members in community policing. Fill out an online report at: https://police.uoregon.edu/silent-watch

• Anonymous Tip Line

The UODPS anonymous tip line, 541-346-2974, is another method for anonymously reporting any criminal or suspicious activity. Call 541-346-2974 twenty-four hours a day. This line is checked daily.

• Sex Offense Reporting

When a sex offense is committed, it is imperative that a report is filed as soon as possible with UODPS or the Eugene Police Department (EPD). Victims or witnesses may call 9-1-1 for emergency assistance. Victims or witnesses may report the incident by contacting UODPS at 541-346-2919 or EPD at 541-682-5111. If assistance is needed in notifying authorities, University personnel will assist with the process.

For support services, UODPS coordinates with the Office of the Dean of Students, the University Health Center, the University Counseling and Testing Center, the Office of Affirmative Action & Equal Opportunity, and other campus and community resources.

The University of Oregon takes seriously all reports of sexual harassment, including sexual assault. Consistent with its obligations under Title IX, the university investigates incidents of sexual harassment to the extent possible based on available information, takes steps to stop any inappropriate behavior and to remediate the effects of inappropriate behavior, and takes steps reasonably calculated to prevent any future inappropriate behavior. Any member of the UO community who has questions about Title IX or wishes to report a concern is invited to contact the UO Title IX Coordinator at 541-346-3123. Incidents of alleged sexual harassment by and/or against UO students can be reported directly to the Office of the Dean of Students at 541-346-3216. Incidents of alleged sexual harassment by UO employees can be reported directly to the Office of Affirmative Action & Equal Opportunity at 541-346-3123.

When an assault is reported to university personnel, a representative from the Office of the Dean of Students meets with or otherwise informs a victim of available services and resources, and takes appropriate steps to connect a victim with remediation services consistent with a victim’s needs. Those services can include such things as a change in on-campus living arrangements, academic accommodations, health care, counseling and advocacy services, and assistance connecting with off-campus advocacy services.
Issues of sexual harassment, including sexual assault, committed by members of the University of Oregon community, including faculty, staff and students, are taken seriously. The university has internal administrative processes for addressing such issues.

Concerns involving behavior by students are addressed through the Student Conduct Code administered by the Office of Student Conduct and Community Standards. Concerns involving behavior by employees are addressed through grievance processes administered by the Office of Affirmative Action & Equal Opportunity and other UO administrative offices.

All conduct and grievance processes are conducted in a manner that is consistent with state and federal law and provide required due process to all parties.

- If a sexual assault was committed by a student, the assault may be reported directly to the Dean of Students or the Office of Student Conduct and Community Standards (OSCCS). The OSCCS will attempt to resolve the complaint under the university Student Conduct Code. If a student is found to have violated the Student Conduct Code, appropriate sanctions are imposed following the appropriate disciplinary procedures affording parties required due process. Sanctions may include expulsion, suspension, negative notation on the transcript, disciplinary probation, community service, loss of privileges, conduct reprimand, reflection paper, educational activity, and educational meeting.

- If an employee is found to have violated the university’s policy prohibiting sexual harassment, appropriate sanctions are imposed following the appropriate disciplinary procedures affording parties required due process. Sanctions may range from a letter of clarification up to and including termination for cause.

For more information regarding the student conduct process, contact the Office of Student Conduct and Community Standards at 541-346-1140. To file a complaint about a student’s behaviors, fill out an online report at https://oregon-advocate.symplicity.com/public_report.

For more information regarding grievance processes for addressing behavior by University employees, contact the Office of Affirmative Action & Equal Opportunity at 541-346-3123.

- Suspicious Activity

Any suspicious persons or activity observed in the parking lots or around vehicles, inside of residence halls or buildings should be reported to UODPS by calling 541-346-2919, unless a life-threatening situation occurs, then dial 9-1-1.

- Criminal Activity

Any crime, no matter how small, is important to UODPS. The University of Oregon Department of Public Safety encourages all campus community members to promptly report crimes, which assists in the investigation and the apprehension of the perpetrator(s), aids in providing timely warning notices to the community when appropriate, may aid in the prevention of similar crimes, and ensures inclusion in annual crime statistics.

- Crime Awareness

Students and employees should be aware of crime in order to take the necessary precautions to avoid becoming a victim. UODPS informs the campus community of crimes that occur on or near campus via e-mail, crime alerts posted on the UODPS website, UODPS Facebook and Twitter, the local media and/or The Oregon Daily Emerald, an independent student newspaper. A campus crime log is available in the UODPS West office for public viewing during business hours or may be viewed on the UODPS website.

- To report a crime at other University of Oregon locations please see: Procedures for Accurate and Prompt Crime Reporting (below).

**PROCEDURES FOR ACCURATE AND PROMPT CRIME REPORTING**

Community members, students, faculty, staff and guests should report all crimes and public safety related incidents to the University of Oregon Department of Public Safety (UODPS) in a timely manner. Prompt reporting assists in the
investigation and the apprehension of the perpetrator(s), aids in providing timely warning notices to the community when appropriate, may aid in the prevention of similar crimes, and ensures inclusion in annual crime statistics.

UODPS will investigate a report when it is deemed appropriate, and may forward reports to the Office of the Dean of Students for review and potential action.

If assistance is required from other agencies, UODPS will contact the appropriate unit. If a sexual assault should occur, staff on the scene, including UODPS, will offer the victim a wide variety of services. The University of Oregon has access to sexual assault support services available to assist a victim twenty-four hours a day.

Eugene Campus

To report a life-threatening emergency on or off campus, call 9-1-1.

All Other Locations

Crimes that occur in UO facilities and property or to UO faculty, staff or students at off-campus locations should be reported to the local law enforcement agency where the crime occurs. UODPS should also be notified so that UODPS can monitor and track crime, provide any needed support services and perform follow-up.
CONFIDENTIAL REPORTING PROCEDURES

As a result of the negotiated rulemaking process, which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Pastoral Counselors” and Campus “Professional Counselors,” when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

The rulemaking committee defines counselors as:

Pastoral Counselor
An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor
An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Other persons who have significant responsibility for campus and student activities and counsel or advise students and employees are not exempt from reporting, even if the counseling is confidential.

VOLUNTARY CONFIDENTIAL REPORTING

A victim of a crime who does not want to pursue action within the criminal justice system or through the University of Oregon, may still consider making a confidential report. The purpose of a confidential report is to comply with a victim's wish to keep the matter confidential, while taking steps to ensure the future safety of those involved and others. With such information, the university can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed to the Department of Education in the annual crimes statistics for the institution.

UODPS has two methods to file an anonymous report.

- The Silent Watch program allows persons to report any crime in a confidential manner online, twenty-four hours a day. The Silent Watch website is located at: https://police.uoregon.edu/silent-watch.

- UODPS operates an anonymous tip line, 541-346-2974, to allow persons to anonymously and confidentially report security and safety related concerns and to provide UODPS with “tips” about criminal incidents or suspicious behavior on campus. The anonymous tip line is checked daily.

TIMELY WARNINGS

The university may send out two types of alerts that satisfy Clery Act requirements to keep the campus informed about safety and security threats: “emergency notifications,” and “timely warnings.”

“Emergency notifications” are used to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The process for the university's emergency notifications, as well as for emergency evacuations and response, can be found in the following section.

“Timely warning” notices are usually distributed for Clery reportable crimes: Criminal Homicide, Sexual Assault, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson and Hate Crimes. The list above is not inclusive and warnings may be issued for any serious or continuing threat to person, property or campus safety. Each incident is considered on a

case-by-case basis, depending on the facts of the case and the information known by UODPS. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to other campus community members and a timely warning notice would not be distributed. The UODPS chief or designee reviews all reports to determine if there is an ongoing threat to the campus community, and if the distribution of a timely warning notice is warranted.

Timely warnings are developed and activated by the UODPS executive director/chief or a designee. They are sent via mass (or “blast”) e-mail to the “uoregon.edu” e-mail accounts of all employees and students, and may also be posted to the UODPS Facebook and Twitter accounts, to be immediately received by individuals who follow or subscribe to those accounts. Timely warnings are also posted on the UODPS website and may be distributed by other social media channels. Timely warnings are sent as soon as pertinent information is available. Follow-up information may be distributed later, such as if a suspect responsible for a series of campus crimes has been apprehended. Timely warnings will include information that will aid in the prevention of similar crimes.

The timely warning development process: a UODPS dispatcher or crime analyst takes a report directly or from a campus security authority, or sees a partner law enforcement report of a Clery Act crime or similar incident on campus, and refers the incident to the executive director/chief or designee. Each such incident is considered on a case-by-case basis, depending on the facts of the incident and the information available to UODPS, and evaluated as to the immediate or ongoing threat to campus. If a timely warning is indicated, a UODPS staff member (usually the criminal intelligence analyst/law enforcement planner and/or the communications director/public information officer) drafts a notice, and verifies facts and exempt information with relevant law enforcement personnel. The executive director/chief or designee reviews and approves the notice, and shares it with the university Office of Communications, and with university leadership through the Office of the Vice President for Finance and Administration, prior to release to the campus. Timely warning notices are usually distributed and posted by the communications director/public information officer. Staff members in the university's Office of Communications may also activate the timely warning e-mails, including the senior director of communications, the assistant director for media relations, or other department staff as necessary. Other UODPS staff may be involved in or execute the timely warning process as necessary or as directed by the UODPS executive director/chief or designee.

When Clery Act crimes, or other incidents that represent a serious or continuing threat to person, property or campus safety, occur near UO property, UODPS works closely with local law enforcement to ensure that the campus community is notified in a timely manner by distributing timely warnings or posting law enforcement media releases to the UODPS website.

EMERGENCY RESPONSE AND EVACUATION POLICY

The University of Oregon has developed a comprehensive emergency notification system that allows for the use of text messaging, e-mails, website homepage alerts, classroom alerts, and/or local media to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff.

Emergency Response

An emergency is an event, expected or unexpected, that poses an immediate threat to the health and safety of students, faculty and staff.

University faculty, staff, and students are instructed through both the emergency procedures flipchart and website to call 9-1-1 to report life threatening emergencies and the Department of Public Safety (541-346-2919) for other emergency assistance.

Confirmation of an emergency is determined when an incident commander (per the University's Emergency Operations Plan), public safety officer, fire official or local law enforcement agencies have assessed the situation to confirm that there is an emergency. That confirmation will be communicated to at least one of the following: UODPS watch commanders, UODPS Communication and Emergency Response Center dispatchers, UO Emergency Management and Continuity, or the Office of Communications.

The University of Oregon’s Emergency Operations Plan (EOP) is designed to provide the University of Oregon with a management tool to facilitate a timely, effective, efficient, and coordinated emergency response. The EOP establishes a
Campus Incident Management Team that utilizes the National Incident Management System-Incident Command System (NIMS ICS) for managing response to emergencies and disaster events and is intended to be fully NIMS compliant.

Emergency Communication Systems

The university uses the UO Alert! system to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

The incident commander, in consultation with the Office of Communications, will determine the appropriate segment(s) of the campus community to notify.

The system utilized to communicate with the campus community during a crisis or emergency includes nine modes that can reach the campus and larger community as well as parents:

- **UO Alert! – Mass Text** (http://em.uoregon.edu/content/sign-uo-alert)
The UO Alert! text notification system, provided by Blackboard Connect-Ed, allows the university to send emergency text messages to students, faculty and staff through their registered personal cellular devices. This system is an ‘opt-in’ system.

- **UO Alert! – E-mail Notification**
The University of Oregon has the ability to send mass distribution e-mails to students, faculty and staff members with uoregon.edu e-mail addresses. Uoregon.edu e-mail addresses are automatically added to the system and cannot be opted out.

- **Alerts – Website** (http://alerts.uoregon.edu/)
The ALERTS page is used to provide emergency related information to the campus community. The ALERTS webpage can be altered to provide incident specific information or simple alerts. The ALERTS page allows the university to disseminate information beyond those individuals and groups directly associated with the university.

- **UO Homepage Alerts** (www.uoregon.edu/)
The University of Oregon’s Office of Communications and UO Emergency Management and Continuity staff have the ability to post emergency alerts on the UO home page from any Internet-connected computer. This home page alert icon can be linked to additional details located on the ALERTS page.

- **UOEM Homepage** (http://em.uoregon.edu/)
UO Emergency Management and Continuity’s website is a central location for the community to receive information about incidents affecting the UO campus and community, emergency response procedures for departments or individuals, training opportunities, and preparedness measures for the work or home environment. The UOEM website also provides access to the university’s disaster mitigation plan, business continuity plan, emergency operations plan, and pandemic response plan as well as the university emergency procedures manual.

- **Smart Classroom Alerts**
Approximately 44% of classrooms on campus are considered “smart classrooms” in that they have display panels that control all of the technology in the room from computers, projectors, televisions, DVD players, and the lights. The control panels in the rooms can display emergency alert information that can be used in conjunction with UO Alert! messages to make sure that faculty and students in classrooms can be alerted that a UO Alert! message has been sent.

- **UO Parent and Family Association e-mail list** (www.uoregon.edu/parents)
The Office of the Dean of Students maintains an e-mail list of members of the UO Parents Association, who have children who are undergraduates at the UO. This mode allows the university to disseminate information beyond those directly associated with the university. UO Alert e-mail messages are forwarded to UO Parent and Family Association members by Student Affairs staff.

- **Neighborhood Impact Parties List** (http://gcr.uoregon.edu/)
Community Relations maintains this e-mail list that includes representatives from the following groups: neighborhood leaders near UO facilities, interested neighbors, City of Eugene Neighborhood Services and Planning staff, local legislative representatives, and residents of east campus student housing. This list can be
utilized to provide crisis and emergency information to some of the university's external stakeholders. This mode allows the university to disseminate information beyond those directly associated with the university.

- **Local Media outlets.**
  Local media includes the University of Oregon’s on-campus FM radio station (KWVA 88.1) as well as other local print, online, radio and television media outlets.

Incident commanders, UODPS watch commanders, and staff from the Office of Communication and Emergency Management and Continuity are authorized to launch, without further approval, a UO Alert! when an emergency (e.g. an event, expected or unexpected, that poses an immediate threat to the health and safety of students, faculty and staff) has been confirmed and timely notification is necessary and requires immediate action.

Scripts have been developed for the likely scenarios that would require immediate notification. If an appropriate script does not exist, the incident commander would determine the content of the notification. The Office of Communications or UO Emergency Management and Continuity staff would initiate the notification system and the Office of Communications would initiate any follow up notifications.

Potential incident commanders include the following departments/units: Department of Public Safety, Enterprise Risk Services, Vice President for Finance and Administration, Campus Operations, and Student Affairs.

The policy guiding the system confirms that the University of Oregon will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

**How to Sign Up for Emergency Notification**

To participate in UO Alert!, students, faculty or staff can follow the instructions below.

1. Log into DuckWeb ([http://duckweb.uoregon.edu](http://duckweb.uoregon.edu))
2. Select the “Personal Information” menu
3. Select the “Enter/Update Emergency Alert Phone” link
4. Enter the text-enabled cell phone number, including area code and then hit “Submit”

**Communication with the Larger Community**

Some or all of the following methods will be used to disseminate emergency information to the larger community:

- UO homepage alerts ([www.uoregon.edu](http://www.uoregon.edu))
- UOEM homepage alerts ([http://em.uoregon.edu](http://em.uoregon.edu))
- UOAlert! Webpage ([http://alerts.uoregon.edu/](http://alerts.uoregon.edu/))
- UO Parents Association e-mail list ([www.uoregon.edu/parents](http://www.uoregon.edu/parents))
- Campus Community Contact e-mail list ([http://gcr.uoregon.edu/](http://gcr.uoregon.edu/))
- Local Media

**Emergency and Evacuation Procedures**

The university publicizes general emergency response and evacuation procedures to the broad campus community through emergency procedures flip charts and posters. [Emergency Management Program and Continuity's website](http://www.uoregon.edu) and flipchart include information on how to respond to 13 different hazards/threats and also includes general information about evacuation, evacuation for persons with disabilities, and emergency planning. The poster is a simplified version of the flipchart that covers 6 hazard/threats and includes general information on preparedness and evacuation. Additionally evacuation maps are posted in every on campus residence hall housing facility. Evacuation drills occur at the beginning of each term and are audited for compliance.

The information in the Emergency Procedures Flipchart and Poster are written for use by all University of Oregon facilities including those distant from the Eugene campus (including OIMB and UO in Portland). The telephone numbers listed in the flipchart, with the exception of 9-1-1, are telephone numbers for resources located on the Eugene campus. In 2011, the UO Portland facility developed a site specific Emergency Procedures poster and manual that includes local numbers. The Emergency Procedures Flipchart and Poster are distributed to the community in many ways including via Building 17, 2012 Annual Campus Security and Fire Safety Report.
Managers, Environmental Health and Safety staff, at outreach events, and at any time upon request. Additionally, the information contained on both the poster and flip chart is always available on-line at Emergency Management and Continuity’s website. Evacuation information is provided for emergency evacuation, non-emergency evacuation, shelter-in-place situations, and evacuation for persons with disabilities. Environmental Health & Safety is responsible for identifying evacuation routes and assembly points, and disseminating that information on campus. According to university policy, each department and unit is responsible for developing and testing their evacuation procedures specific to their building and location.

**Testing and Exercises**

Emergency Management and Continuity is guided by seven objectives related to preparedness, response, recovery and mitigation activities at the university. Testing and exercises are addressed through Objective 5 in the UO five-year business plan: *Objective 5 - Enhance disaster preparedness capabilities through preparing, training, and exercising.*

Tests and exercises provide opportunities to evaluate the university’s emergency response training and its ability to respond effectively to an emergency. They allow the university to identify weaknesses in policies, plans, procedures, facilities, equipment, training, and performance. Action items identified during post-exercise and post-test evaluations are recorded for potential incorporation into emergency plans, procedures, and training, as appropriate. UO Emergency Management and Continuity has overall responsibility for coordinating emergency tests and exercises on campus.

**Emergency Notification System**

The university’s emergency notification system is tested on at least an annual basis. The test is an opportunity to remind the campus community about established evacuation procedures. Each test is documented and includes the date, time, and whether the test was announced or unannounced. The university’s emergency notification system was tested or used five times in 2011. The following is a summary of the tests and uses.

**Unannounced tests / uses**

**Evacuation and Emergency Response Drill**

Each year, UO Emergency Management and Continuity conducts at least one table-top exercise. These exercises are considered an opportunity for specialized training related to the threats confronting campus or for anticipated scenarios such as athletic events or hazardous material incidents. Additionally, exercises bring together internal and external partners to enhance interoperability and provide opportunities to test the emergency notification system on campus. All
exercises include an after action report that evaluate response plans, efficacy of implementation, and opportunities for improvement.

The university's evacuation procedures were tested two times in 2011. The following is a summary of those tests:

- March 11, 2011, 0500 hours – unplanned evacuation of the Oregon Institute of Marine Biology (Tsunami warning)
- February 24, 2011, 0810 hours – Annual Fire Drill of the University Health Center

The university’s emergency response protocols were tested three times in 2011. The following is a summary of those tests:

- March 22, 2011 – Full Scale hazardous material exercise with internal responders and external partners as observers.
- August 23, 2011 – Tabletop exercise regarding football and including internal and external partners (local, regional, state) to test response roles and responsibilities.
- August 17, 2011 – Full scale exercise of the Oregon National Guard Civil Support Team on campus; UO staff participated as observers.
- December 16, 2011 – Tabletop exercise regarding the U.S. Olympic Track and Field Trials and including internal and external partners (local, regional, state and federal)

SEXUAL ASSAULT PREVENTION AND RESPONSE

Prevention

Educational Programs

The University of Oregon offers the following educational programs and training to promote awareness of all forms of sexual harassment, including sexual assault, intimate partner violence, and stalking:

- A mandatory, Sexual Assault Edu online course for all incoming students under the age of 21 prior to the beginning classes at the UO.
- During summer orientation sessions (IntroDUCKtion), incoming students attend an hour-long theater-style performance by the UO Sexual Wellness Advocacy Team (SWAT) regarding sexual assault and other forms of sexual harassment, entitled, "It Can't Be Rape." SWAT consists of a group of students committed to ending sexual assault, relationship violence and stalking at the University of Oregon. In addition to its training at IntroDUCKtion, SWAT creates and facilitates workshops on consent, relationships, dating violence and intervening with friends.
- Regular training is provided for employees most directly involved in receiving student complaints regarding sexual misconduct. All new employees are informed about the University of Oregon policy prohibiting discrimination and discriminatory harassment, including sexual harassment. Training on sexual harassment is available on a quarterly basis for UO employees.
- SWAT offers workshops and seminars to campus groups and living organizations on sexual assault prevention, bystander intervention, supporting a friend who has been sexually assaulted, and responding to assault survivors.
- Sexual harassment prevention (including sexual assault, partner violence, stalking) training is provided by SWAT to international students.
- The UO Director of Sexual Violence Prevention and Education and staff members also engage students in interactive community engagement projects and media campaigns for the campus each year.
- The ASUO Women’s Center provides trainings and workshops on topics ranging from self-defense to sexual assault, power and oppression. They partner with Sexual Assault Support Services (SASS), a community organization, to organize Take Back the Night. They also partner with other campus and community partners to offer programs during Domestic Violence Awareness Month in October.
- The Alliance for Sexual Assault Prevention (ASAP) offers programs during the month of April, nationally recognized as Sexual Assault Awareness Month, and throughout the academic year.
- Effective winter 2013, UODPS will be offering Rape Aggression Defense System (RAD) training to students and employees. It is a comprehensive course that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. Certified UODPS RAD instructors will teach the courses provided.
Response

The UO is committed to providing a safe environment for its students. In support of that commitment, the UO has established processes for reporting concerns regarding sexual assault and for providing support to any member of the UO community who has experienced sexual assault.

Reporting

Any member of the UO community who has experienced or who has knowledge about unwanted sexual behavior, including sexual assault, intimate partner violence and stalking, is encouraged to file a report as soon as possible with UO Department of Public Safety (UODPS) at 541-346-2919 or the Eugene Police Department (EPD) at 541-682-5111. Victims or witnesses may call 9-1-1 for emergency assistance. If assistance is needed in notifying authorities, University personnel will assist with the process.

The University of Oregon takes seriously all reports of sexual harassment, including sexual assault. Consistent with its obligations under Title IX, the university investigates incidents of sexual harassment to the extent possible based on available information, takes steps to stop any inappropriate behavior and to remediate the effects of inappropriate behavior, and takes steps reasonably calculated to prevent any future inappropriate behavior. Any member of the UO community who has questions about Title IX or wishes to report a concern is invited to contact the UO Title IX Coordinator at 541-346-3123. Incidents of alleged sexual harassment by and/or against UO students can be reported directly to the Office of the Dean of Students at 541-346-3216. Incidents of alleged sexual harassment by UO employees can be reported directly to the Office of Affirmative Action & Equal Opportunity at 541-346-3123.

University employees who become aware of issues of possible sexual harassment, including sexual assault, are required to notify appropriate UO officials as follows:

- the Office of the Dean of Students at 541-346-3216 for incidents involving behavior by students;
- the Office of Affirmative Action & Equal Opportunity for incidents involving behavior by University employees.

When the university is aware of an incident of sexual harassment, it is required to investigate the concern, stop the inappropriate behavior, remedy the effects of inappropriate behavior and take steps reasonably calculated to stop future inappropriate behavior. When a sexual assault is committed, the first concern is the safety and wellbeing of the survivor. The university proceeds in a manner that is sensitive to the needs and impact on a survivor while also ensuring the ongoing safety of the community.

Notice to UODPS and other UO employees, except those with a narrowly defined privilege under the law, puts the University on notice of an incident of possible sexual harassment, and triggers a duty to investigate and stop inappropriate behavior.

Students and employees who wish to seek counsel and/or resources without informing law enforcement or triggering a duty to investigate by the University have options that are more confidential, while still complying with federal and state law. Those include the following:

- **The University Counseling and Testing Center (UCTC) 541-346-3227**
  
  [http://counseling.uoregon.edu/dnn/](http://counseling.uoregon.edu/dnn/)
  
  Counseling professionals in the University Counseling and Testing Center (UCTC) can provide crisis intervention and support. UCTC professional staff can assist students with integrated and coordinated services on the campus and in the greater community. The UCTC has a 24-hour crisis line: 541-346-3227.

- **The University Health Center, 541-346-2770 [http://healthcenter.uoregon.edu/](http://healthcenter.uoregon.edu/)**
  
  The University Health Center offers support, evaluation and treatment for victims of sexual assault during clinic hours. Students who have experienced sexual assault or intimate partner violence are encouraged to get medical attention as soon as possible.

  Medication to prevent pregnancy and sexually transmitted infections is available. A medical sexual assault forensic exam may be completed within eighty-four hours to collect evidence in case the victim decides to report the assault at a later date. Partial evidence may also be collected within one week. To preserve evidence, students who have experienced sexual assault are advised to not shower, bathe or wash. Clothes, sheets, blanket or other items of possible evidentiary value should be placed in a paper bag.
If the University Health Center is closed, a local hospital can be contacted (see Campus and Community Resource section for a list of local hospitals and services).

- **Sexual Assault Support Services (SASS) 541-343-7277 or 1-800-788-4727** [http://sass-lane.org/](http://sass-lane.org/)  SASS is a non-profit organization providing community education, outreach, advocacy and support to survivors of sexual violence and their partners, families, and friends throughout Eugene-Springfield and Lane County. SASS maintains a 24-hour crisis and support line and 24-hour advocacy for survivors of sexual assault and sexual abuse.

**Support System**

The University has developed a support system that connects persons who have experienced any form of sexual harassment, including sexual assault, intimate partner violence and stalking, to a complement of services. That support system is a critical component of ensuring a safe environment, as is holding accountable those individuals who engage in inappropriate behavior. The coordinated response includes:

- Utilization of a response network and formal sexual harassment protocols in response to reports of sexual harassment
- Close coordination between responsible offices to ensure that:
  - students receive support and
  - inappropriate behavior is addressed through appropriate channels

The Office of the Dean of the Students serves as the initial point of contact for UO offices and personnel reporting incidents of student-on-student sexual harassment. The Office of the Dean of Students provides the following support:

- provides initial crisis intervention,
- informs students of available services on campus and in the community and what to expect with respect to the services,
- advises students of the university’s obligation to look into concerns regarding alleged sexual harassment, and to take steps to end inappropriate behavior and keep it from recurring,
- coordinates efforts to remedy the effect of inappropriate sexual behavior, such as arranging appropriate academic accommodations, changes in on-campus living arrangements, referral to on- and off-campus resources for counseling, health care and/or advocacy services, and assistance with student financial aid, employment or other issues.

A new position in the University Counseling and Testing Center, an interpersonal violence coordinator, will play a critical future role in coordinating integrated resources to remedy the effect of inappropriate sexual behavior and ongoing support for the student.

[Note: the Office of Affirmative Action & Equal Opportunity serves as the initial point of contact for UO offices and personnel reporting incidents of alleged sexual harassment by UO employees.]

**Administrative Process for Addressing Sexual Harassment, including Sexual Assault, by Members of the UO Community**

Issues of alleged sexual harassment, including sexual assault, committed by members of the University of Oregon community, including faculty, staff and students, are taken seriously. The university has internal administrative processes for addressing such issues.

Concerns involving behavior by students are addressed through the Student Conduct Code administered by the Office of Student Conduct and Community Standards. Students, UO employees and community members can file concerns with the Office of Student Conduct and Community Standards.

As part of the Student Conduct Code adjudication process, the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary hearing. Guidelines for cases involving sexual misconduct are detailed in the Student Conduct Code. Additional information concerning the student conduct process can be obtained from the Office of the Dean of Students or SCCS.

Both the accuser and the accused student must be informed of the outcome of any institutional disciplinary proceeding that is brought alleging a sex offense. Compliance with this paragraph does not constitute a violation of the *Family*
Educational Rights and Privacy Act (FERPA). For the purpose of this paragraph, the outcome of a disciplinary proceeding means only the institution’s final determination with respect to the alleged sex offense and any sanction that is imposed against the accused. A student found responsible for violating the Student Conduct Code may be suspended or expelled from the university. The student conduct process does not preclude the case from being criminally prosecuted in the criminal justice system.

Concerns involving behavior by employees (employee behavior toward students and non-students) are addressed through grievance processes administered by the Office of Affirmative Action & Equal Opportunity and other UO administrative offices.

All conduct and grievance processes are conducted in a manner that is consistent with state and federal law and provide required due process to all parties.

In all processes, if a student is found to have violated the Student Conduct Code, or an employee is found to have violated the university’s policy prohibiting sexual harassment, appropriate sanctions are imposed following the appropriate disciplinary procedures affording parties required due process. Sanctions can include the following:

- Students: sanctions may include expulsion, suspension, negative notation on the transcript, disciplinary probation, community service, loss of privileges, conduct reprimand, reflection paper, educational activity, and educational meeting.
- Employees: sanctions may range from a letter of clarification up to and including termination for cause.

For more information regarding the Student Conduct Process, contact the Office of Student Conduct and Community Standards at 541-346-1140. For more information regarding grievance processes for addressing behavior by UO employees, contact the Office of Affirmative Action & Equal Opportunity at 541-346-3123.

Disclosure to Alleged Victims of Violence or Non-Forcible Sex Offenses

The institution will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the institution will provide the results of the disciplinary hearing to the victim’s next of kin.

Procedures for Faculty and Staff Response to Incidents of Sexual Harassment

If a student needs immediate medical attention or there is an imminent danger to the student or others, call 9-1-1.

University employees have a duty to report any incidents involving sexual harassment.

A. Reporting of Incidents Involving Sexual Harassment By University Students

- Report incidents involving alleged incidents of sexual harassment by university students to the Office of the Dean of Students, 541-346-3216.

Additional Assistance

Legislation passed in Oregon in 2003 and 2008 allows victims of sexual assault to obtain a medical and forensic exam at no charge while remaining anonymous and without contacting the police. Most hospitals in Oregon provide this free service (see list of local hospitals at the end of this section).

- **HB 2154 – Forensic Enhancement Bill (Safe Kit):** Eliminates the requirement for law enforcement authorization prior to collection of an Oregon State Police (OSP) SAFE Kit.

This bill amends ORS Chapter 147 so that victims of sexual assault can consent to the collection of an OSP SAFE Kit regardless of whether the victim reports the assault to a law enforcement agency; ensures that collection of the Oregon State Police SAFE Kit is conducted in a manner intended to protect the victim’s identity; and defines the conditions under which the Department of Justice must reimburse medical providers for complete sexual assault medical examinations.

HB 2154 is designed to aid in the preservation of valuable forensic evidence through immediate collection of the OSP SAFE Kit. Law enforcement and prosecutors will have access to fragile and time-sensitive evidence thereby contributing to a successful investigation and prosecution. Likewise, eliminating law enforcement authorization of OSP SAFE Kits will provide victims the option of having evidence collected while giving them time to come forward in the aftermath of a sexual assault.

- **SB 752: Sexual Assault Victims’ Emergency Medical Response Fund (SAVE Fund):** Provides funding for a medical exam and collection of DNA evidence for victims of rape and sexual assault.

At the request of the Attorney General’s Sexual Assault Task Force, the 2003 Legislature created the Sexual Assault Victims’ Emergency Medical Response Fund. The fund contains no general revenue and is comprised of dollars from the Criminal Injuries Compensation Account of the Department of Justice, federal funds and private donations.

This fund will ensure that medical assessments are available to every sexual assault victim in the state, regardless of ability to pay. As of March 1, 2004, when going to a hospital or clinic, sexual assault victims will receive medical care and if requested, medications to prevent sexually transmitted diseases and/or pregnancy. If the victim chooses to report the incident, the appropriate law enforcement agency will be contacted to approve the collection of forensic evidence using the OSP Sexual Assault Forensic Evidence (SAFE) Kit. As is current practice, a law enforcement officer will be on hand to collect the SAFE Kit from medical staff to preserve the chain of custody. What has changed is that the fund will pay the hospital for collecting the evidence and no local law enforcement agency will be billed for these costs.

SB 752 pays for a “Complete Medical Assessment,” which includes a medical examination and the collection of forensic evidence; the Complete Medical Assessment must be conducted within eighty-four hours of the assault. The fund also pays for a “Partial Medical Assessment” which does not include the collection of forensic evidence and must be conducted within seven days of the assault. The Fund will not cover the cost of treatment of injuries. The creation of this fund does not make changes to the child abuse medical assessment statutes; they remain the same.

SEX OFFENDER REGISTRATION INFORMATION

The Campus Sex Crimes Prevention Act (Section 1601 of Public Law 106-386), a federal law enacted on October 28, 2000, provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education or working or volunteering on campus. The act amends the Jacob Wetterling Crimes against Children and Sexually Violent Offender Registration Act to require sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. It requires that state procedures ensure this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions are located and that it is entered into appropriate state records or data systems.

These changes took effect October 28, 2002. The act also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that act, to advise the campus community where to obtain law enforcement agency information provided by a state concerning registered sex offenders. These changes took effect October 28, 2002 and this notice has been a requirement beginning with the annual security report due October 1, 2003.

Oregon law was amended in 2005 (HB 2299) to make these requirements effective January 1, 2006. Under state law, sex-offender information may be obtained through local law enforcement agencies and the Oregon State Police and requestors may access this information using a variety of search criteria, such as name, address, ZIP code, or county. Another law passed in 2005, HB 3486, mandates the posting to a public Internet site of information about predatory sex offenders and dangerous, sexually violent offenders. Oregon sex offender law again changed in 2007 (HB2333), which amended the criteria for sex offender registration for certain crimes that do not qualify for sex offender registration based on the circumstances of the incident. To read the changes, effective January 1, 2008: http://www.oregon.gov/OSP/SOR/whats_new.shtml.

How to Obtain Sex Offender Information

**Oregon State Police:**

- Oregon State Police will provide, upon request, a list (updated monthly) of sex offenders enrolled at, or employed at an institution of higher education. This list can be obtained by calling the Sex Offender Unit at 503-378-3725. In accordance with federal law requirements, this information, as it becomes known, is promptly made available to UODPS. However state law prohibits UODPS from releasing this information to the public.

- A list of offenders, both on and off supervision, including those posted to the public website and those who are not, can be obtained by calling the Oregon State Police at 503-378-3725 Extension 44429 or by e-mailing a request to Sexoffender.Questions@state.or.us. Most requests are processed within 1 week, however, circumstances may require a longer response time.

SECURITY OF AND ACCESS TO FACILITIES

Eugene Campus

During business hours, the University of Oregon and most buildings (excluding certain University Housing facilities) will be open to students, parents, employees, contractors, guests and invitees. During non-business hours, authorized persons may access university facilities by key or electronic card, if issued. In periods of extended closure, only persons with prior written approval will be admitted to university buildings and facilities.

Some university buildings have hours that vary based on specific academic use and other seasonal events. The schedule for these facilities is developed by the designated building manager.

Residence halls are secured twenty-four hours a day with a key or electronic card required for access. In each residence hall, student staff members are on duty 7:00 p.m. to 9:00 a.m. on weekdays and twenty-four hours on weekends. A University Housing residence life coordinator is available to consult on safety concerns in all halls. Student staff members complete at least two sets of building rounds, during which they address safety and behavioral issues with students. When residents are locked out of their rooms, they can check out a spare key from the housing service center daily from 9:00am to 10:00pm, or by contacting the Student Staff on duty from 10:00 p.m. to 9:00 a.m. No door-to-door soliciting or distributing of leaflets is allowed. Over extended breaks, access to these facilities will be restricted and residents may not enter without permission from University Housing.

The university maintains facilities and landscaping in a manner that minimizes unsafe conditions. UODPS regularly patrols campus and officers regularly check for malfunctioning lighting, locks and other unsafe conditions in buildings, bike racks and on walkways. When officers or staff locate a problem it is reported to Campus Operations for correction. All members of the community can report equipment problems to Campus Operations at 541-346-2319. UO Telecom conducts regularly scheduled tests of all emergency phones on campus. UODPS dispatch reports emergency phone maintenance issues to UO Telecom as they occur.

Security surveys will be conducted at the request of individual facility administrators. These surveys examine issues such as physical security, alarms, landscaping, lighting, emergency phones, communication systems and other safety issues. Additionally, during the academic year, Campus Operations, University Housing and UODPS meet regularly to discuss issues of mutual concern.

UO in Portland

During business hours, the University of Oregon in Portland is open to students, parents, employees, contractors, guests and invitees. During non-business hours, authorized persons may access university facilities by key or electronic card, if issued.

The UO in Portland hours vary based on specific academic use and other seasonal events. The schedule for these facilities will be developed by the designated building manager or department responsible.

Emergencies may necessitate changes or alterations to regular building schedules. Security surveys will be conducted on facilities that are problematic. These surveys examine issues such as physical security, alarms, landscaping, lighting, communication systems and other safety issues.

Oregon Institute of Marine Biology

During business hours, the Oregon Institute of Marine Biology is open to students, parents, employees, contractors, guests and invitees. During non-business hours, authorized persons may access facilities by key, if issued.

The Oregon Institute of Marine Biology hours vary based on specific academic use and other seasonal events. The schedule for these facilities will be developed by the designated building manager or department responsible.
Emergencies may necessitate changes or alterations to regular building schedules. Security surveys will be conducted on facilities that are problematic. These surveys examine issues such as physical security, alarms, landscaping, lighting, communication systems and other safety issues.

**CAMPUS POLICE AUTHORITY AND JURISDICTION**

**Eugene Campus**

University of Oregon Department of Public Safety police officers and public safety officers are the primary law enforcement providers on campus. UODPS officers attend training in accordance with standards established by the Oregon Department of Public Safety Standards and Training (DPSST). UODPS police officers must be certified in accordance with DPSST rules; UODPS public safety officers have completed regional reserve police officer academies, in addition to other DPSST-mandated trainings. UODPS police officers operate with full legal police authority under Oregon Revised Statutes (Section 352.383). Under Oregon Revised Statutes (Section 352.385) UODPS public safety officers (known as campus special security officers in the statute) possess stop-and-frisk authority and probable cause arrest authority. In addition, the Eugene Municipal Code (EC 4.035) provides UODPS public safety officers with violation and misdemeanor citation authority. If university students commit minor offenses involving university rules and regulations, UODPS officers may also refer the students to the Office of Student Conduct and Community Standards for possible disciplinary action. Pursuant to ORS 352.383 and SB 405 (enacted into law by the Oregon Legislative Assembly, 2011) the University of Oregon Department of Public Safety is in transition to a sworn police agency.

Police officers and public safety officers deliver law enforcement and first-responder emergency services, provide building security and preventive patrols, unlock doors and perform other public safety functions. Major offenses such as rape, murder, aggravated assault and robbery may include joint investigative efforts between the Eugene Police Department (EPD) and UODPS. The prosecution of all criminal offenses, both felony and misdemeanor, are conducted at either municipal, circuit or federal court. UODPS personnel work closely with local, state and federal law enforcement agencies. All university-owned, -leased or -rented property in outlying areas of the city is patrolled by UODPS.

UODPS maintains a Communications and Emergency Response Center (CERC) staffed with Communications Officers certified to query the Law Enforcement Data System (LEDS), Area Information Records System (AIRS), and National Crime Information Center (NCIC) records. This allows UODPS personnel immediate access to criminal history data, nationwide police records, driver and motor vehicle information, as well as other local, state and federal law enforcement information. UODPS subscribes to the Lane Regional Interoperability Group and the regional Computer Aided Dispatch (CAD) system, which promotes interoperability with countywide services and provides direct radio communication with other area emergency response agencies.

UODPS offers many additional services to the law enforcement and campus communities, such as providing dispatch services for Lane Community College Public Safety, after hours and weekends. Additionally, many services are providing for the UO community such as Live Scan digital fingerprinting services, bicycle and laptop registration, bike and car locks available for purchase, vehicle assistance, safety escorts, online reporting and forms and many other community policing services.

**UO in Portland**

The UO in Portland, through its property management firm, has on-site contracted security service (Pacific Patrol Services 503-595-3440) which provides building and event security as well as interior and exterior (foot and bicycle) patrol services. The contracted security service acts as a liaison with the Portland Police Bureau (503-823-3333 non-emergency). The security service does not have arrest authority. UODPS provides oversight for campus safety and security services at the UO in Portland campus.

**Oregon Institute of Marine Biology (OIMB)**

There are no on-site security services at OIMB, which is located on the Oregon coast, in the jurisdiction of the Coos County Sheriff's Department (541-396-3121 ext. 371 non-emergency). The sheriff's department deputies patrol the area surrounding campus, respond to calls for service on campus, provide emergency services and uphold local and state statutes. UODPS provides oversight for campus safety and security services at the Oregon Institute of Marine Biology.
OFF-CAMPUS CRIMINAL ACTIVITY

Eugene Campus

The Eugene Police Department has primary jurisdiction in all areas off campus within city limits. The Office of the Dean of Students and UODPS members, in particular the Safe Campus Team, enjoy a close working relationship utilizing a cooperative team approach with the Eugene Police Department when violations of local, state or federal laws occur. The Office of the Dean of Students maintains contact with recognized fraternity and sorority organizations through the efforts of the Fraternity and Sorority Life Advisor. UODPS officers do not provide law enforcement services to off-campus residences of recognized fraternity and sorority organizations. Criminal activity at recognized fraternity and sororities residences is monitored and recorded by the Eugene Police Department.

All Other Campuses

Criminal incidents occurring to UO facilities and property or to UO faculty, staff or students at off-campus locations should be reported to the local law enforcement agency where the crime occurs. UODPS should also be notified so that UODPS can monitor and track crime, provide any needed support services and perform follow up.

ALCOHOL AND ILLEGAL DRUGS

The University of Oregon (UO) is concerned about the intellectual, physical and psychological well-being of all students and employees. The UO is fundamentally opposed to the use of illegal drugs and the abuse of alcohol and other harmful substances. It is the policy of the University of Oregon to proactively prevent students and employees from injuring themselves through the use and abuse of drugs and alcohol and the university seeks to engage the members of its academic community in the fight to prevent drug and alcohol abuse.

UO Drug and Alcohol Policy for Employees

For faculty and staff at the University, Human Resources publishes a drug and alcohol policy statement on its website, establishing the UO as a drug-free workplace. A portion of the policy clarifies this as a condition of employment. In addition, UO employees receive a written copy of this policy statement annually. Faculty and staff at UO must abide by the UO drug and alcohol policy and state and federal drug and alcohol laws.

Policy Statement:

The illegal use, possession, or distribution of drugs and alcohol on institutionally-owned or controlled property or as part of any university activity is proscribed conduct (See Oregon Administrative Rule (OAR) 580-22-045(8)). The manufacture of illegal drugs on institutionally-owned or controlled property is a malicious misuse or an unauthorized use of institutional property and is also proscribed conduct (See Oregon Administrative Rule (OAR) 580-22-045(5) and (7).

The university may impose disciplinary sanctions against any student or employee found to have violated this rule, consistent with applicable provisions of state laws and regulations, collective bargaining agreements and university and Oregon State Board of Higher Education administrative rules. The permissible sanctions include, but are not limited to, suspension, without pay, and termination of employment. The university also reserves the right to refer employees' and students' actions to appropriate civil authorities for possible prosecution.

All university employees must agree to abide by the university's rules and policies as a condition of their employment. In addition, all university employees shall receive annually a written copy of this policy statement.

Federal law and this policy require all university employees, as a condition of their employment, to notify the university within five days should they be convicted for violating, while at the workplace, any criminal drug statute. Employees shall give such notification in writing to their immediate supervisor with a copy to the Office of Human Resources. The university is then required to notify the applicable federal agency if the employee is directly or indirectly engaged in the performance of a federal grant or contract. The Office of Human Resources will contact the Office of the Vice President for Research to determine the appropriate notification process. The University's Vice President for Research shall notify the granting or contracting agency (if required) within ten days of receiving notice that a person employed on any of the university's federal grants and contracts was convicted of violating, while at the workplace, a criminal drug statute. The university shall impose an appropriate sanction on and/or shall require satisfactory participation in a drug abuse treatment program by any employee convicted of a criminal drug statute violation as described above. Students and
employees whom the university finds to have violated the university's rules and policies on the use of drugs and alcohol on campus shall be subject to discipline without regard for the activities of other governmental agencies.

The university, through its Office of Human Resources, shall maintain a drug-free awareness program to inform employees about the dangers of drug abuse, and the availability of the Employee Assistance Program, drug counseling, rehabilitation, and other assistance programs. In addition, all employees shall receive descriptions of applicable legal sanctions under local, state, or federal law and health risks associated with the abuse of drugs and alcohol.

The Office of Human Resources and the Chief Student Affairs Officer shall arrange for the distribution of materials mandated by law and this policy to new and existing employees and students respectively. They shall also be responsible for conducting a biennial review of the university program monitoring legislative changes and ensuring that the appropriate offices comply.

**Drug and Alcohol Policy for All Students**

Students attending the UO must abide by the [Student Conduct Code](#), published on the Office of the Dean of Students website. The University of Oregon distinguishes its student disciplinary policies from the laws and functions of the larger society. Students, however, are by no means insulated from the law or relieved of the responsibilities of citizenship. Students must also abide by the UO drug and alcohol policy and state and federal drug and alcohol laws.

When a student violates the Student Conduct Code, the university may initiate disciplinary action, referral for civil prosecution, or both in response to violations of the code. University sanctions are imposed against any student or student organization found in violation. Disciplinary sanctions may include probation, loss of privileges and suspension or expulsion.

**Conduct Code Drug and Alcohol Policy:**

State Sanctions Governing Illegal Drugs and Alcohol

In Oregon, penalties for possession and distribution are determined by the controlled Substance Schedule upon which the drug appears. Examples from the drug schedules appear below. (Note: Most drugs appear on the same federal and state schedule.)

**Schedule I** Heroin, LSD, Marijuana, Peyote, Mescaline, Psilocybin
**Schedule II** Opium, Cocaine, Methamphetamine
**Schedule III** Amphetamine, Depressants, PCP
**Schedule IV** Various prescription drugs
**Schedule V** Other less dangerous prescription drugs and small amounts of certain drugs.

**Marijuana**
- Delivery for consideration (selling, dealing, or bartering)-Class B felony (up to 10 years and up to $100,000 fine, plus twice the value of any resulting gain of property or money).
- Delivery not for consideration (less than 1 oz)-Class A misdemeanor (up to 1 year and up to $2500).
- Delivery not for consideration (less than 5 grams.)-violation (fine of at least $500, but not more than $1000).
- Unlawful Possession (more than 1 oz.)-Class B felony (up to 10 years and up to $100,000 fine, plus twice the value of any resulting gain of property or money).

**Schedule I Drugs**
- Manufacture or distribution (except marijuana)-Class A felony (up to 20 years and up to $100,000 fine, plus twice the value of any resulting gain of property or money).
- Unlawful Possession-Class B felony (up to 10 years and up to $100,000 fine, plus twice the value of any resulting gain of property or money).

**Schedule II Drugs**
- Manufacture or distribution-Class B felony (up to 10 years and up to $100,000 fine, plus twice the value of any resulting gain of property or money).
- Unlawful possession-Class C felony (up to 5 years and up to $100,000 fine, plus twice the value of any resulting gain of property or money).

In addition, the court may order the defendant to pay the cost of prosecution, and the defendant's vehicle used in the crime may be forfeited to the state. Finally, the defendant may forfeit any property used in the crime to the county in which the crime occurred.

Federal Sanctions Governing Illegal Drugs and Alcohol

The federal system establishes sanctions for possession and distribution of controlled substances, based on the schedule of the drug and the amount involved. However, in addition, the statutory sanctions for possession and distribution are
subject to the “Sentencing Guidelines for U.S. Courts.” Imposition of the guidelines may lead to higher offense levels and, thus, stricter penalties than otherwise indicated. Courts must make adjustments in the offense level for victim-related considerations, defendant’s role in the offense, multiple counts, obstruction and acceptance of responsibility. Finally, the guidelines establish sentences for each offense based on the defendant's criminal history. Federal penal sanctions range from: Manufacture, distribution or trafficking of large amounts of heroin, cocaine, PCP, methamphetamine, Schedule I and II hallucinogens, marijuana, hashish, or any of their derivatives (thirty years to life, regardless of the defendant's criminal history) to Possession of any Schedule III-V drug if defendant has lowest level or criminal history (zero-four months).

Further, if serious injury or death results from the crime, minimums of up to ten years (serious injury) and twenty years (death), plus fines of up to $4,000,000 may be added. These penalties may be doubled for defendants with past felony drug convictions. Finally, penal sanctions in the federal system are “real time,” with reductions in sentences only for good behavior.

SUBSTANCE ABUSE PREVENTION AND EDUCATION

The University of Oregon has a long-standing commitment to proactively addressing high-risk drinking and substance abuse on the campus. The UO takes pride in creating a campus that is a celebrative one — a campus not denigrated by the misuse of alcohol and other drugs. At the UO, both harm reduction and primary preventative approaches are used when addressing alcohol issues. Harm reduction is a public health philosophy that seeks to lessen the dangers around alcohol use and risk of harm. Primary prevention works to prevent alcohol and other drug use and abuse. The Substance Abuse Prevention and Student Success program promotes a responsible behavior around alcohol use including awareness, education, and compliance with campus policies and state and federal law. Through the use of best practices, the UO strives to decrease high-risk drinking and its negative consequences among UO students. Our substance abuse prevention programs and services are evidenced-based, comprehensive, and coordinated with campus and community partners.

The following coalitions, departments and community partners work together in a coordinated and comprehensive approach to substance abuse prevention, education and response efforts on campus:

**The Office of the Dean of Students:**

- Serves as a clearinghouse for campus and community members to address substance abuse issues on campus.
- Provides services and programs to assist, support and refer students with issues related to substance use and abuse.
- Provides proactive prevention programs and information related to substance abuse prevention and education.
- Monitors and reviews campus alcohol and drug efforts.
- Coordinates and makes recommendations in developing an overall vision and short-term and long-term goals for the campus regarding substance abuse prevention and education.
- Implements and evaluates assessments to determine substance use and/or abuse, the data guides any work on alcohol and other drug prevention efforts.
- Publishes and distributes the annual Drug Free Schools and Community Act Letter to students each year.
- Provides drug and alcohol education and FAQs on their website.
- Creates educational campaigns to promote campus-wide substance abuse prevention efforts, including late night programming on campus.
- Implements and evaluates AlcoholEdu for College, an online alcohol abuse prevention program for all incoming first year students under the age of twenty-one years old.
- During summer orientation sessions (IntroDUCKtion), incoming students attend an innovative theater production that focuses on sexual assault, interpersonal violence and high-risk drinking.

The Office of the Dean of Students collaborates with the Lane County Prevention Program to work on the Oregon Strategic Prevention Framework State Incentive Grant (SPF SIG) and implement the SPF planning model at both the state and community levels in Oregon: target problem, alcohol abuse or dependence resulting from high-risk drinking among those eighteen to twenty-five years old. The Lane County Prevention Program received grant funding from the Federal Substance Abuse Mental Health Services Administration (SAMSA) in July 2009.

**UO Substance Abuse Prevention Team (SAPT):** The UO Substance Abuse Prevention Team (SAPT) is housed within the Office of the Dean of Students and is comprised of campus and community leaders focused on a comprehensive and environmental approach in addressing alcohol and other drug issues on campus. Students, faculty and community
members are encouraged to become members of the team. Call 541-346-3216 or e-mail the director of substance abuse prevention and student success at jsummers@uoregon.edu for more information.

**CommUniversity Assistant Program** is a program within the Office of the Dean of Students that has been designed to improve the quality of life in the neighborhoods adjacent to the UO. Research-based alcohol prevention strategies effective for the neighborhoods surrounding the UO continue to be explored along with the promotion of student involvement in neighborhood leadership positions, providing information to students on responsible hosting, city ordinances and the rights and responsibilities of becoming a responsible member of the community. Monthly newsletters are distributed to off-campus students and an annual off-campus housing fair provides resources and workshops for students. http://uodos.uoregon.edu/SupportandEducation/OffCampusLiving/tabid/63/Default.aspx

**University Counseling and Testing Center (UCTC):** The University Counseling and Testing Center offers screening, assessment, referral and follow-up, and individual therapy and support classes for students interested in exploring their relationship with alcohol. BASICS: A Brief Alcohol Screening and Intervention for College Students program is one program offered for students referred through the UO conduct process for problems caused by alcohol and drug use. The UCTC also offers a general assessment regarding potential substance abuse issues for any student who is interested simply by calling and scheduling a brief telephone assessment. A New Directions therapy group (typically offered fall and winter terms) is designed to explore addictive behaviors, raise awareness and provide skills to change undesired behavior patterns. The UCTC provides outreach presentation and ongoing substance abuse assessment training to doctoral interns and permanent clinical staff.

**University of Oregon Health Center:** The Health Center's professional staff evaluates students’ substance use and provides medical consultations, cessation advice, support and referral services to students who have a substance abuse problem. The health center works closely with the University Counseling and Testing Center and refers students to them for further assistance as needed. In addition, the health center staff oversees the peer health education program whereby students go out into their communities to provide fellow students with information on various health topics including substance abuse and prevention.

**Substance Abuse Prevention Program (SAPP):** The Substance Abuse Prevention Program (SAPP) is a nationally recognized program designed to provide education and increase awareness of alcohol and drug prevention, intervention, treatment and recovery. All courses are open to community members, students and professionals. Contact SAPP if you are interested in state credentialing opportunities, an area of concentration certificate, or practicum experience.

**Campus Partners:** Campus Partners has been in existence since the 1980s and meets quarterly to discuss problems and opportunities impacting the university and surrounding community. The purpose of the group includes creating and sustaining positive, collaborative campus-community relationships, increasing communication between representatives, improving campus climate around issues of safety, and assisting and supporting students in learning about their rights and responsibilities to the greater Eugene community. The group is comprised of campus and community members. To find out more about the Campus Partners, contact Greg Rikhoff, 541-346-2402, grikhoff@uoregon.edu, or Paul Shang, 541-346-8128, pshang@uoregon.edu.

**Student Conduct and Community Standards:** Using an educational approach, Student Conduct and Community Standards works with students to find solutions to issues around alcohol and drug abuse. University Housing promotes responsible student behavior within the on-campus community. This is accomplished through prevention education, the alcohol and drug policies outlined in the residence hall contract and an extensive calendar of drug-free and alcohol-free events throughout the year. In addition, University Housing has developed emergency protocols for drug and alcohol related emergencies in residence halls.

**Additional Campus Partnerships/ Programs/ Services**

Campus partners along with city leadership coordinate a community welcome initiative that welcomes students in off-campus neighborhood populations and provides information about their rights as students and their responsibilities as community members. Incorporated into the materials that are disseminated is information from the Eugene Police Department, UO Department of Public Safety, UO Government and Community Relations, Office of the Dean of Students and City of Eugene Neighborhood Services.

The UO Good Neighbor Workgroup responds proactively to neighborhood concerns that involve incidents in the neighborhoods surrounding the UO and looks for solutions to change behaviors that are affecting the quality of life of others in the neighborhoods. The Office of the Dean of Students provides a Guide to Off-Campus Living to students who live in off-campus neighborhoods.
The UO Alcohol Policy Group reviews campus social host practices to ensure that safeguards have been identified to minimize high-risk and underage drinking and refines responsible beverage service policies and enforcement of alcohol polices on campus.

The Campus Debrief Group meets weekly and discusses concerns including behavioral indicators, student norms, and cultural attitudes related to high-risk or illegal use of alcohol.

UO sets clear substance use policies and violation sanctions, in accordance with the Drug-Free Schools and Campuses regulations: alcohol policies and disciplinary sanction protocol in place on campus for University Housing, Intercollegiate Athletics, Fraternity and Sorority Life, students, and employees.

The Neighborhood Livability Working Group has been in existence since 2010 and meets monthly to discuss recommendations for improving campus area livability. The Office of the Dean of Students, the Department of Public Safety, and Government and Community Relations are members of the Neighborhood Livability Work Group to address town-gown efforts and issues in the Eugene community including neighborhoods adjacent.

MISSING STUDENT NOTIFICATION POLICY AND PROCEDURES

If a member of the university community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify UODPS at 541-346-2919. UODPS will generate a missing person report and initiate an investigation. At the Oregon Institute of Marine Biology, call Coos County Sheriff at 541-396-3121, Ext. 371. The UO in Portland does not maintain on-campus housing facilities.

After investigating the missing person report, should UODPS determine that the student is missing, UODPS will notify the Eugene Police Department (EPD) and the student’s emergency contact no later than twenty-four hours after the student is determined to be missing. If the missing student is under the age of eighteen and is not an emancipated individual, the University of Oregon will notify the student’s custodial parent, legal guardian and any other designated contact person immediately after UODPS has determined that the student has been missing for more than twenty-four hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by the University of Oregon in the event the student is determined to be missing for more than twenty-four hours. If a student has identified such an individual, the University of Oregon will notify that individual no later than twenty-four hours after the student is determined to be missing.

Students who wish to identify a confidential contact may do so by filling out a confidential missing person form. This form is included in the residence hall application packet sent out to students. When the form is completed and returned, it is then stored in a secure area in the student's residence hall. Only authorized campus officials and law enforcement officers will have access to the confidential missing person form in furtherance of a missing person investigation.

Residence Life Missing Person Procedure:

1. If a student appears to be missing, the University Housing residence life coordinator or the University Housing residence life coordinator on duty is contacted immediately.
2. The roommate of the alleged missing student is asked if he/she has seen the student or knows where the student may be.
3. The University Housing residence life coordinator or the University Housing residence life coordinator on duty will check the meal usage function to see when the last meal was consumed by the alleged missing student.
4. After attempting all of these roles, the University Housing residence life coordinator or the University Housing residence life coordinator on duty shall contact UODPS no more than twenty-four hours after the initial report.
FIRE SAFETY POLICY

University Housing enters into contractual agreements with each student resident. Those agreements include restrictions related to portable electrical appliances, smoking and open flame. Specifically, the residence hall contract language states:

Family housing rental agreement language includes the following:

• Inspection: A fire, safety, and sanitation inspection of each unit will be conducted annually.
• Notification of Fire: In the event of fire, tenant and household members should leave the building and call 9-1-1. The tenant should also notify the Department of Public Safety at 541-346-2919 and the Spencer View Area Office at 541-346-5263.
• Fire Extinguishers: Fire extinguishers must be used for fires only and must not be removed from hanger except to extinguish fires. Expended extinguishers must be reported to the Spencer View Area Office immediately for replacement.
• Smoke Detectors: Tampering with smoke detectors is prohibited and will subject the tenant to a charge of up to $150. Tampering includes, but is not limited to, covering, removing, disconnecting, or otherwise disabling the unit. This also includes removing the battery and not immediately replacing it. • Smoking: Smoking is not allowed in the interior of any residence hall or dining center. Currently the fire safety policies for residence hall contracts and family housing agreements differ. As of September 1, 2012 the University of Oregon is a smoke and tobacco-free university (See Oregon Administrative Rule (OAR) 571-050-0005).

Student Housing Evacuation Policy and Procedures for Residence Halls:

• All students are required to evacuate their residence when a fire alarm sounds. Residence Life staff members are trained to assist in the building evacuation process. Outside assembly areas are identified for each hall, and students are instructed to meet the Residence Life staff in their designated assembly area.
• Residents are not allowed to re-enter the building until advised by staff members.
• Evacuation maps are posted in each hall.
• In the event students do not evacuate from the building, they will be sent through the student conduct process.
• If you have questions about evacuation procedures, please call Environmental Health and Safety at 541-346-3192.

Student Housing Evacuation Policy and Procedures for Family Housing:

• Occupants in all units are expected to evacuate in the event of a fire alarm in the building.
• Spencer View Apartment Complex and Grad Village have onsite emergency managers available to assist residents in the event of a fire alarm or fire.
• Other apartment units and single family dwellings do not have central alarm systems, but are also expected to evacuate their residence in the event of a fire.
• If you have questions about evacuation procedures, please call Environmental Health and Safety at 541-346-3192.

Fire Safety Education and Training

Residence hall students attend a mandatory hall meeting at the beginning of the term where fire safety procedures and expectations are reviewed. Unannounced fire drills to practice those procedures are conducted at the beginning of each term.
In addition, University Housing directs residents to their website for fire safety information. Family housing and apartment residents also receive information in monthly electronic newsletters.

Once each year, inspections are made of each residence (room, apartment or house) by the university fire protection staff. The inspection is intended to identify violations of fire code and contracts. However, the inspection process is also used to educate the resident on fire safety. Any noted violations must be corrected and follow up inspections are conducted by Residence Life or Fire Safety staff members.

University Housing residence life coordinators and Residence Life staff members receive training each fall. Training includes review of fire safety components of their building, expectations of the staff, evacuation procedures and their role, fire safety policies, and emergency assistance procedures. Staff members are also advised of what to expect during the annual fire safety inspection process. Additionally, fire protection staff members are available throughout the year to advise and counsel staff on fire safety issues or concerns.

**Fire Emergency Phone Number**

**Plans for Future Improvement in Fire Safety**

University Housing is currently building a new residence hall. This residence hall will have an NFPA and Oregon Fire Code compliant system for an R-2 occupancy building, including fire sprinklers. Engineering to retrofit an existing residence hall with a 100% fire sprinkler system is occurring during the summer of 2012.

**FIRE STATISTICS**

**Definition of a Fire**

For the purposes of fire safety reporting, the Higher Education Act of 2008 defines a fire as *any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.*

**Fire Statistics 2009 – 2011**

The Department of Education has revised the manner in which fire statistics are to be reported in 2010 and after as compared to prior years and so the tables will appear differently. The changes to 2010 fire reporting requirements include:

- The address of each facility has now been added.
- Value ranges are now required for approximate value of property damage.
- Fire classifications (cause) now fall under three categories:
  - Intentional: A fire that is ignited, or that results from the deliberate action, in circumstances where the person knows there should not be a fire.
  - Unintentional: A fire that does not involve an intentional human act to ignite or spread into an area where the fire should not be.
  - Undetermined: A fire in which the cause cannot be determined.

CLERY DEFINITIONS

Clery Geographic Categories
An institution must report statistics for offenses according to their occurrence in the following locations, or geographic categories:

- **On-campus**
  (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of the definition, that is owned by an institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

- **Residential Facilities**
  This definition is a subset of the locations that are defined under "on-campus." The crime statistics that are reported in this column are also included in the column under "on-campus;" they are not additional incidents.

- **Noncampus**
  (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students and is not within the same reasonably contiguous geographic area of the institution.

- **Public Property**
  All public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. For example, incidents that occurred on the east side of Alder Street between 14th and 18th Avenues would be reported under this column; but incidents that occurred in private housing on the west side of Alder would not be included. If the incident occurred in an off-campus fraternity or sorority, it would be reported under the column "Non-campus building or property."

Clery Crime Categories
Under the Clery Act, UODPS must annually distribute statistics on the reported occurrences of the following offenses:

**Murder and Non-Negligent Manslaughter:** The willful (non-negligent) killing of one human being by another. This includes death or injuries received in a fight, argument, quarrel, assault or commission of a crime.

**Negligent Manslaughter:** The killing of another person through gross negligence.

**Forcible Sex Offense:** Any sexual act directed against another person, forcibly and/or against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent. This includes forcible rape, forcible sodomy, sexual assault with an object, and forcible fondling.

**Non-Forcible Sex Offenses:** Unlawful, non-forcible sexual intercourse. This includes incest and statutory rape.

**Robbery:** The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated Assault:** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

**Burglary:** The unlawful entry of a structure to commit a felony or a theft. This includes unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; and safecracking.

**Motor Vehicle Theft:** The theft or attempted theft of a motor vehicle.
Arson: Any willful or malicious burnings or attempts to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crimes: Defined as any crime that manifests evidence that the victim was selected because of their actual or perceived race; religion; gender; sexual orientation; ethnicity; or physical/mental disabilities. A hate or bias related crime is the commission of a criminal offense which was motivated by the offender's bias. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's race, gender, religion, sexual orientation, ethnicity, or disability, the offense is then classified as a hate/bias crime.

Clery Arrests and Referrals
The Clery Act also requires disclosure of statistics for liquor law violations, drug law violations and weapons offenses. Reports of these violations are made differently, and reflect the total number of individuals arrested or referred for campus disciplinary action, rather than total number of incidents.

Liquor Law Violation: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness. This includes: the manufacture, sale, transporting, furnishing, possessing, etc., of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating still; furnishing liquor to a minor or intemperate person; underage possession; using a vehicle for illegal transportation of liquor; drinking on train or public conveyance; and attempts to commit any of the above.

Drug Law Violation: The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs. The relevant substances include: opium, or cocaine and the derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics – manufactured narcotics which can cause true addiction (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

Illegal Weapons Possession: The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature. This also includes the manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; using, manufacturing, etc., of silencers; furnishing deadly weapons to minors; aliens possessing deadly weapons; and attempts to commit any of the above.

Arrest: Persons processed by arrest, citation or summons. An arrest has occurred when a law enforcement officer detains an adult with the intention or seeking charges against the individual for the specific offense(s) and a record is made of the detention. A juvenile should be counted as “arrested” when the circumstances are such that if the individual were an adult, an arrest would have been counted.

Referred for Disciplinary Action: The referral of any person to any official who initiates a disciplinary action of which a record is kept and which may result in the imposition of a sanction.

CLERY CRIME STATISTICS
The crime statistics shown in the following tables are for the last three calendar years, 2009, 2010 and 2011. Crime statistics shown are for the year in which they are reported and not necessarily in the year they occurred. Reported crimes may involve individuals not associated with the University of Oregon.

The Department of Education allows for presenting hate crime information in either a tabular or in a narrative or descriptive format. In prior years UODPS provided this information in tabular format. This year, UODPS has elected to list hate crime statistics in a descriptive format directly below the crime statistics table for each campus.

The below listed statistics may differ from previous publications of this data from year to year. These differences may be due to revised reporting requirements and updates to the Higher Education Opportunity Act and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. These differences may be noted below each table.
