PREFACE AND APPLICABILITY
Some of the policies in this manual, or portions of them, apply only to police officers who are authorized to be carrying firearms on duty (for example, Policy 310 - Officer-Involved Shootings). Employees with questions or concerns as to a policy's application, should contact their immediate supervisor, or if not available and the need for clarification is urgent, may contact any command officer.

The policies contained in this manual control University of Oregon Police Department operations to the extent that the policies are not inconsistent with applicable federal law, state law, Oregon Administrative Rules pertaining to the Oregon University System and the University of Oregon and relevant collective bargaining agreements.
CRIMINAL JUSTICE CODE OF ETHICS
As a criminal justice officer, my fundamental duty is to serve humankind; to safeguard lives and property; to protect all persons against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all people to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. Without compromise and with relentlessness, I will uphold the laws affecting the duties of my profession courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence, and never accepting gratuities.

I recognize my position as a symbol of public faith, and I accept it, as a public trust to be held so long as I am true to the ethics of The Criminal Justice System. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession.

Disaster Plan

206.1 PURPOSE AND SCOPE
The University has prepared an Emergency Operations Plan for use by all employees in the event of a major disaster or other emergency event. The manual provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated (ORS 401.305).

The Emergency Plan is coordinated by the University of Oregon Office of Emergency Management and Continuity (UOEMC) and is available online. All supervisors should familiarize themselves with the Emergency Operations Plan and what roles police personnel will play when the plan is implemented.

206.2 ACTIVATING THE EMERGENCY PLAN
In the event that the Emergency Operations Plan is activated, all employees of the University of Oregon Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

To facilitate emergency recall, employees are required to provide and maintain current information on their address and phone number (may be a cell phone that is carried with the employee) with the Department. Employees are required to notify the Department within 24-hours of any change in residence address or home phone number, and to provide accurate and reasonably reliable means or methods for contact.

206.3 BUILDING EVACUATION PLAN

UOPD Watch Commanders are responsible for informing the UO Weather Group, which is charged with making recommendations for closure or delayed opening. UO-EMC will call the Watch Commander for updates in situations where they are monitoring potential severe weather. If a situation arises that was not anticipated, the Watch Commander is responsible for notifying UO-EMC via established protocol no later than 0430 hrs., if possible.
UOPD Chief of Police or designee participates as a member of the UO Weather Group.
Electronic Mail

212.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (e-mail) system by employees of this Department. E-mail is a communication tool available to Department employees to enhance the efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law, such as the Oregon Public Records Law set forth in Oregon Revised Statutes 192.420. Messages transmitted over the e-mail system must only be those that involve University and/or Department business activities or contain information essential to Department employees for the accomplishment of business-related tasks, and/or communication directly related to Department business, administration or practices.

212.2 E-MAIL RIGHT OF PRIVACY
All e-mail messages, including any attachments, that are transmitted over department networks are expected to be relevant to University or Department business. The University reserves the right to access, or audit, for troubleshooting or maintenance, any message including any attachment that is transmitted over its e-mail system or that is stored on any department system. If there is reasonable suspicion of misuse, the Department reserves the right to access any personal folders to assure compliance with policy. Employees using the department e-mail system shall have no expectation of privacy concerning communications transmitted over the system. The evaluation of whether a particular email is a Public Record will be made on a case-by-case basis.

Even though e-mail is considered confidential from a CJIS point of view, the system is not confidential and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used.

Employees should not use personal accounts to exchange e-mail or other information that is related to the official business of the Department.

212.3 PROHIBITED USE OF E-MAIL
Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing, or any other inappropriate messages on the e-mail system is prohibited and may result in discipline.

E-mail messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or his/her designee. Personal advertisements are not acceptable.

It is a violation of this policy to view another user's email or transmit a message under another user's name without the consent of the user. An exception to viewing another user's email would be when it is done at the direction of the Chief for business purposes. Users are strongly encouraged to log off the network or lock their computer when their computer is unattended. This added security measure would minimize the misuse of an individual's e-mail, name and/or password by others.
Administrative Communications

214.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members with the protocols and forms to be used for internal administrative communications. Administrative communications of this department are governed by the following policies.

214.2 DEPARTMENT E-MAIL
Department E-mail may be issued periodically by the Chief of Police or his/her designated representative to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

214.3 CORRESPONDENCE
In order to ensure that the letterhead and name of the Department are not misused, all external correspondence shall be on Department letterhead. Personnel should use Department letterhead only for official business and with approval of their supervisor.

214.4 INFORMATIONAL MEMOS
The Chief of Police may issue memoranda to department personnel from time to time for the purpose of disseminating information to the members.
Staffing Levels

216.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that proper staffing is available for all shifts. The Department intends to balance the employee’s needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the Department’s need to meet operational requirements.

216.2 MINIMUM STAFFING LEVELS
Only Watch Commanders may approve time-off requests that bring the staffing below this level. Unforeseen circumstances, such as employees who call in sick, will generally result in staffing the watch with hold-over or call-in.

Supervisors will generally not be included for computing staffing levels.

Watch Commanders will ensure that at least one field supervisor is deployed during each watch.
Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS
Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or serious physical injury.

Force - The application of physical techniques or tactics, chemical agents, OC Spray or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained, unless the application is reportable to a supervisor under section 300.5.1.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another officer use force that exceeds the degree of force permitted by law or policy should promptly report these observations to a supervisor.

300.3 USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that
Use of Force

officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

(a) Immediacy and severity of the threat to officers or others.
(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The effects of drugs or alcohol.
(e) Subject's mental state or capacity.
(f) Proximity of weapons or dangerous improvised devices.
(g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
(h) The availability of other options and their possible effectiveness.
(i) Seriousness of the suspected offense or reason for contact with the individual.
(j) Training and experience of the officer.
(k) Potential for injury to officers, suspects and others.
(l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
Use of Force

(m) The risk and reasonably foreseeable consequences of escape.
(n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
(o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
(p) Prior contacts with the subject or awareness of any propensity for violence.
(q) Any other exigent circumstances.

300.3.2 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a static or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.
(b) Whether the person can comply with the direction or orders of the officer.
(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.3 CAROTID CONTROL HOLD
UOPD does not approve the use of the Carotid Control Hold.

300.4 DEADLY FORCE APPLICATIONS
Use of deadly force is justified in the following circumstances:

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.

(b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
Use of Force

2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective. If possible, officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at occupants of a moving vehicle when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others. Officers should keep in mind that shooting the driver of a moving vehicle may relegate the vehicle to be moving in an uncontrolled fashion and becoming more of a danger.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE
Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report (to include photographs of injuries, scene, etc), depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

300.5.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused an injury.
(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of a restraint device other than handcuffs, shackles or belly chains.
(f) The individual subjected to the force was rendered unconscious.
(g) An individual was struck or kicked.
(h) An individual alleges any of the above has occurred.

300.6 MEDICAL CONSIDERATION
Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained an injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.
Use of Force

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor, or if not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies and consideration given to staging medical personnel.

300.7 SUPERVISOR RESPONSIBILITY
When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her Miranda rights, the following shall apply:

1. The content of the interview should not be summarized or included in any related criminal charges.

2. The fact that a recorded interview was conducted should be documented in a property or other report.

3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas (photos before and after treatment are desirable). These photographs should be retained until all potential for civil litigation has expired.
Use of Force

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Evaluate the circumstances surrounding the incident. When the subject is injured, or the
complains of injury, prepare a written synopsis of the event and the supervisor’s evaluation
of whether the use of force was within policy. This synopsis and evaluation shall be routed
to the Police Operations Captain via the Chain of Command.

(h) If there is any indication that the subject may pursue civil litigation, the supervisor should
complete and route a notification of a potential claim to the Police Operations Captain and
Lieutenant - Professional Standards and Training through the Chain of Command.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported
application of force, the supervisor is still expected to complete as many of the above items as
circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY

Upon receipt of a Supervisor's use of force evaluation, each level in the Chain of Command up to
the Police Operations Captain will comment on the evaluation either on the original supervisor's
evaluation or on a separate addendum. The Police Operations Captain shall review each use of
force evaluation and make a determination regarding compliance with this policy and to address
any training issues. If the Police Operations Captain reasonably believes that a violation of policy
or law has occurred, the file will be transferred to the Lieutenant of Professional Standards and
Training for investigation.
Use of Force Review Boards

302.1 PURPOSE AND SCOPE
This policy establishes a process for the University of Oregon Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY
The University of Oregon Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or serious physical injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment or leave in any case unless mandated by law.

302.4 REVIEW BOARD
The Use of Force Review Board will be convened when the use of force by a member results in serious physical injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a department owned firearm, whether the employee was on- or off-duty, excluding training.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Chief will convene the Use of Force Review Board as necessary. The Lieutenant - Professional Standards and Training will ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD
The Chief will generally select three Use of Force Review Board members from the following, as appropriate, who will become voting members:

- Command officer in the involved member's chain of command
- Lieutenant - Professional Standards and Training
- Involved officer's Sergeant
Use of Force Review Boards

- A non-administrative Sergeant or Lieutenant
- A sworn peace Supervisor or Manager from an outside law enforcement agency

Department instructor(s) for the type of weapon, device or technique used and other officers may participate in the board deliberations as resources for the board based upon their expertise or assignment. However, they will not be voting members.

The senior ranking command representative will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, the decision regarding criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the applicable collective bargaining agreement, if any, and any applicable state or federal law.

The board shall make one of the following recommended findings:

(a) The employee's actions were within department policy and procedure.

(b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. Board members may include a minority report if there are substantive issues they felt need to be considered by the Chief of Police. The board chairperson will prepare and submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional
Use of Force Review Boards

actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Captain for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Lieutenant - Professional Standards and Training.
Handcuffing and Restraints

306.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY
The University of Oregon Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force. Restraints should be used in the least restrictive manner that is effective for officer safety.

306.3 USE OF RESTRAINTS
Only members who have successfully completed University of Oregon Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

• The circumstances or crime leading to the arrest.
• The demeanor and behavior of the arrested person.
• The age and health of the person.
• Whether the person is known to be pregnant.
• Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
• Whether the person has any other apparent disability.

Normally, arrestees will be transported in the back seat of a patrol vehicle that is equipped with a cage and their hands cuffed behind their back.

306.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain an individual (based upon observable, objective and articulable officer safety concerns) who, after brief investigation, may be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.
306.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No person who is in labor shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury.

306.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail what restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety. In extraordinary circumstances where cuffs are used to secure other body parts, such as feet, they become restraints and the use is governed by other policy sections.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. Officers should check for proper tightness of handcuffs prior to transport. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists. Detention facility policy may mandate that hands must be cuffed behind the back as a condition of acceptance into the facility.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Persons who have been handcuffed should be monitored by an officer or supervisor at all times until the removal of cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.
Handcuffing and Restraints

306.5 APPLICATION OF SPIHODS/MASKS/SOCKS
Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been exposed to chemical irritants or agents should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

(b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
Handcuffing and Restraints

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION
If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints. The documentation should be by sufficient CAD entry comments, FI card, or a report depending on the situation. See Policy 300 Use of Force regarding handcuffing and restraints as a use of force and further reporting requirements.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

(a) The amount of time the suspect was restrained.

(b) How the suspect was transported and the position of the suspect.

(c) Observations of the suspect’s behavior and any signs of physiological problems.

(d) Any known or suspected drug use or other medical problems.
Control Devices and Techniques

308.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the University of Oregon Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

Separate policy may be developed for specific devices or techniques.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief or designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 WATCH COMMANDER RESPONSIBILITIES
The Police Operations Captain may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER RESPONSIBILITIES
The Rangemaster or Quartermaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster, Quartermaster or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster or Quartermaster for disposition. Written documentation shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 OLEORESIN CAPSICUM (OC) GUIDELINES

308.6.1 OC SPRAY
As with other control devices, oleoresin capsicum (OC) spray may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.6.2 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas, in accordance with department approved training. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.7 POST-APPLICATION NOTICE
Whenever chemical irritants or agents have been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. In the situation where University property is affected, EH&S shall be notified and will coordinate the cleanup. If private property is involved, such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

As with any damage associated with UOPD actions, if there is property damage in excess of $100, UO Office of Risk Management shall be notified.
Control Devices and Techniques

308.8 TRAINING FOR CONTROL DEVICES
The Lieutenant - Professional Standards and Training shall ensure that all personnel who are authorized to carry a control device have been properly trained to carry the specific control device and are retrained as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer's training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.9 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

308.10 POST-APPLICATION NOTICE
Any time chemical irritants or agents are deployed by any law enforcement agency and affects the conditions inside University property or requires efforts to clean up or mitigate the effects on occupants, EHS&C shall be notified.

Any time there is property damage in excess of $100, regardless of who is responsible, UO Office of Risk Management shall be notified.
Officer-Involved Shooting

310.1 PURPOSE AND SCOPE
This policy will be implemented should the Department be authorized to be armed.

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured as the result of an officer-involved shooting. The intent of this policy is to ensure that such incidents be investigated in a fair and impartial manner. Certain elements of this policy are dictated by ORS and/or the Lane County Deadly Force Plan.

310.2 TYPES OF INVESTIGATIONS
Officer-involved shootings involve several separate investigations. The investigations may include:

(a) A criminal investigation of the incident (not the shooting) by the agency having jurisdiction where the incident occurred. This department may relinquish its criminal investigation to an outside agency or interagency team with the approval of the Chief of Police.

(b) A criminal investigation of the involved officers conducted by the Interagency Deadly Force Investigation Team (IDFIT).

(c) A civil investigation to determine potential liability conducted by the involved officer's agency.

(d) An administrative investigation conducted by the involved officer's agency, to determine if there were any violations of department policy.

310.3 JURISDICTION
Jurisdiction is determined by the location of the shooting and the agency employing the involved officers. The following matrix outlines the jurisdictional responsibilities for investigating officer-involved shootings:

310.3.1 INVESTIGATION RESPONSIBILITY MATRIX
The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings:

310.4.2 WATCH COMMANDER DUTIES
Upon learning of an officer-involved shooting, the Watch Commander shall be responsible for coordinating all aspects of the incident until relieved by a command officer of higher rank.

310.4.3 NOTIFICATIONS
The following person(s) shall be notified as soon as practical:

- Chief of Police
- District Attorney
- IDFIT
- Police Operations Captain
- Lieutenant - Professional Standards and Training Unit
- Psychological/Peer support personnel
- Officer representative (if requested)
- UO- Incident Management Team through established procedures in the UO Internal Incident Notification Policy.

310.4.4 MEDIA RELATIONS
Press releases and other required information releases, such as Clery Act, shall be prepared with input and concurrence from the supervisor and agency representative responsible for each phase of the investigation in consultation with the UO Media Relations Office. Releases will be available to the Watch Commander, Command Staff and Public Information Officer in the event of inquiries from the media.

It is the policy of this department to not release the identities of involved officers absent their consent or as required by law. Moreover, no involved officer shall be subjected to contact from the media and no involved officer shall make any comments to the press unless authorized by the Chief of Police or designee.

Law enforcement officials receiving inquiries regarding incidents occurring in other agency jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.4.5 INVOLVED OFFICERS
Once the involved officers have arrived at the station, the Watch Commander should admonish each officer that the incident shall not be discussed except with authorized personnel or representatives. The following shall be considered for the involved officers (ORS 181.789):
(a) Any request for legal or union representation, of their choosing, will be accommodated. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to providing a formal interview or report.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communication.

(c) Discussions with department representatives (e.g., employee association) will be privileged only as to the discussion of non-criminal information.

(d) At least two sessions with a mental health professional shall be provided by the Department to each involved officer within six months after the incident. An involved officer must attend at least one such session (ORS 181.789).

   1. Interviews with a mental health professional will be considered privileged and will not be disclosed except to the extent that the officer is or is not fit for return to duty.

   2. An interview or session with a mental health professional may take place prior to the involved officer providing a formal interview or report, but the involved officers shall not be permitted to consult or meet collectively or in a group with a mental health professional prior to providing a formal interview or report.

(e) Communications with peer counselors are generally confidential to the extent authorized by ORS 181.860 (which also includes exceptions) and may not be disclosed by any person participating in the peer support counseling session. To be considered confidential communications under the statute, the peer counselor must:

   1. Have been designated by a law enforcement agency or employee assistance program to act as a peer counselor, and

   2. Have received training in counseling and in providing emotional and moral support to public safety personnel or emergency services personnel who have been involved in emotionally traumatic incidents by reason of their employment.

Care should be taken to preserve the integrity of any physical evidence present on the officer's, equipment and clothing (e.g., blood, fingerprints) until investigators or lab personnel can properly retrieve it.

Detectives shall make reasonable accommodations to the officer's physical and emotional needs.

Each involved officer shall be given reasonable paid administrative leave following an officer-involved shooting. An officer who uses deadly force that results in the death of a person shall not be returned to a duty assignment that might place him/her in a situation in which he/she has to use deadly force until at least 72 hours immediately following the incident (ORS 181.789). It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.
Formal interviews of involved officers will conducted by IDFIT investigators and will take place no sooner than 48 hours after the incident (consideration is made for the physical and emotional needs of the officers). (Lane County Deadly Force Plan)

The Lane County District Attorney's Office has determined that involved officers will not be allowed to review video tapes of, or relating to, the incident prior to making a formal statement.

**310.5 THE SHOOTING INCIDENT CRIMINAL INVESTIGATION**

**310.5.1 DETECTIVE PERSONNEL**

Once notified of an officer-involved shooting, it shall be the responsibility of the Detective Sergeant to assign appropriate detective personnel to handle the investigation of related crimes in compliance with the Lane County Deadly Force Plan. Detectives will be assigned to work with the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated under the direction of the District Attorney's Office.

All related departmental reports except administrative and/or privileged reports will be forwarded to the designated detective supervisor for approval. Privileged reports shall be maintained exclusively by those personnel authorized such access. Administrative reports will be forwarded to the Lieutenant - Professional Standards and Training.

**310.5.2 CRIMINAL INVESTIGATION**

It shall be the policy of this department to utilize the District Attorney's Office to provide guidance in a criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, detective personnel from this department may be assigned to "partner" with investigators from IDFIT so as to not duplicate efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators will be given the next opportunity to interview involved officers in order to provide them with an opportunity to give a voluntary statement. The following shall be considered for the involved officer:

(a) Supervisors and Professional Standards and Training Unit personnel should not participate directly in any voluntary interview of officers. This will not prohibit such personnel from monitoring such interviews or indirectly providing areas for inquiry. Care should be taken in monitoring because the mere presence of a supervisor may be considered "coercive" and have implications on the statement provided.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney, prior to speaking with criminal investigators. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(c) Any voluntary statement provided by the officer will be made available for inclusion in the administrative or other related investigations.
(d) Absent consent from the involved officer or as required by law, no administratively coerced statements will be provided to any criminal investigators.

310.5.3 REPORTS BY INVOLVED OFFICERS
In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved officer may write the report, it is generally recommended that such reports be completed by assigned investigators who should interview involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should include evidence to establish the elements of criminal activities by involved suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures, but should also be included for reference in the investigation of the officer-involved shooting.

310.5.4 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or other major incident may be lost or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identify all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure and document the reason for their departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.
   1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
2. Witnesses generally will not be allowed to view video recordings of the incident prior to making a statement.

(c) Available personnel should be assigned to promptly contact the suspect's family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to contact with officers.

310.6 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved shooting, this department will conduct an internal administrative investigation to determine conformance with department policy. This investigation will be conducted under the supervision of the Lieutenant - Professional Standards and Training and will be considered a confidential peace officer personnel file.

(a) Any officer involved in a shooting may be administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his or her prior statement before proceeding with any subsequent interviews.

2. The investigator may allow the officer to review video recordings related to the incident if they feel that it will assist in furthering the investigation.

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, or if there are additional issues that were not covered in the criminal investigation, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.

2. Any officer in a classified position shall be advised of their right to have a union representative present during the interview if there is reasonable belief that disciplinary action is likely to result from the interview (Weingarten)

3. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult
or meet with a representative or attorney collectively or in groups prior to being interviewed.

4. The officer will not be allowed to view video recordings of, or related to, the incident until after a statement has been made.
   
   (a) Once a statement has been completed, the investigator may allow the officer to view video recordings if it will assist in furthering the investigation.

5. Administrative interviews should be recorded by the investigator (the officer may also record the interview.

6. The officer can be given an administrative order to provide full and truthful answers to all questions. The officer shall be informed, however, that the interview will be for administrative purposes only and that the statement cannot be used criminally (The Garrity admonishment).

7. The administrative interview shall be considered part of the officer’s confidential peace officer personnel file.

8. The Professional Standards and Training Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

9. The completed administrative investigation shall be submitted to the Use of Deadly Force Review Board, which will restrict its findings as to whether there was compliance with the Department use of deadly force policy.

10. Any findings of other potential policy violations shall be processed accordance with department disciplinary procedures.
Firearms and Qualification

312.1 PURPOSE AND SCOPE
This policy establishes procedures for the acquisition, use, and documentation of training in the use of firearms.

UOPD Officers are authorized to carry firearms.

312.2 AUTHORIZED WEAPONS
The Chief of Police, or designee, shall approve all department firearms before they are acquired and utilized by any member of this department.

No firearms will be carried that have not been thoroughly inspected by the Armorer.

312.2.1 AMMUNITION
Officers shall carry only department-authorized ammunition. Replacements for unserviceable or depleted ammunition issued by the department shall be dispensed by the Rangemaster or designee when needed in accordance with established practice.

312.2.2 ALCOHOL AND DRUGS
Refer to Policy 1012. If an off-duty officer cannot report for duty under the prohibitions of Policy 1012, they are not allowed to carry firearms off-duty under the authority of the department.

312.2.3 BACKUP FIREARMS
(a) All backup firearms must be of a standard caliber (.357, .380, 9mm, .40, .45 - not all inclusive). All backup firearms are subject to approval by the Chief of Police or designee and the department armorer. Backup firearms and ammunition, unless previously approved, will not be supplied by the department. Individual officers must purchase and maintain their own.

(b) Any officer that chooses to carry a backup firearm must carry it in a concealed manner. The backup firearm should not draw undue attention, but should be easily accessible by the officer. The holster should be of a design that retains the firearm through strenuous activity. The holster should be secured to the body in a similar manner.

312.3 SAFE HANDLING OF FIREARMS
The intent of this section is to promote proper firearm safety on and off duty. Employees shall maintain the highest level of safety when handling firearms and shall consider the following:

312.3.1 SAFETY CONSIDERATIONS
(a) Officers shall not unnecessarily display or handle any department firearm.

(b) Officers shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster.
312.3.2 STORAGE OF FIREARMS AT HOME
Officers shall ensure that all department firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control in a manner that will keep them inaccessible to children and non-certified law enforcement personnel.

312.3.3 STORAGE OF FIREARMS AT STATION
All department owned firearms that have not been issued to an officer will be stored in a secure vault located at the UOPD Station.

(a) Access to the vault will be limited to those employees designated by the Chief, or designee. The list will be maintained by a designated Vault Administrator.

(b) Access is for official purposes and only related to a training, inventory, Rangemaster, Armorer or quartermaster need. In the event of some unforeseen need, authorization must be acquired from the Chief, or designee, prior to the removal of any firearms.

(c) Each designated employee will have controlled access to the vault.

(d) The vault has an internal electronic audit capacity which records each access.

(f) Quarterly audits of the contents of the vault, and the manual and electronic logs, will be conducted and recorded by an employee assigned by the Chief, or designee. This person will be independent of any employees designated with access to the vault. Any discrepancies noted will be made known immediately to the Chief, or designee. The vault's internal audit system associated with the time in question concerning the discrepancy will be immediately collected and stored for reference purposes by submitting a request with the Lieutenant Professional Standards and Training.

(h) Any unusual circumstances involving the vault and its contents are to be immediately reported to the Chief, or designee, for informational purposes and any follow-up activity deemed appropriate by the Chief, or designee.

312.4 FIREARMS QUALIFICATIONS
All sworn personnel are required to qualify with their duty weapon on an approved range course at designated intervals. The Rangemaster and Lieutenant Professional Standards and Training shall
keep accurate records of qualifications and training. The Armorer will keep accurate records of repairs and maintenance. At least annually, all personnel carrying a firearm will receive training on, and demonstrate their knowledge and understanding of the department Use of Force policy.

All firearms proficiency training and qualification courses shall be conducted under the supervision of currently certified firearms instructors.

312.4.1 NON QUALIFICATION
If any officer is unable to qualify for any reason, including injury, illness, duty status, or scheduling conflict, that officer shall notify his or her immediate supervisor in writing, explaining the circumstances.

Officers who repeatedly fail to qualify will be relieved from field assignment and appropriate disciplinary action may follow.

Officers who fail to qualify on their first qualification attempt shall be provided remedial training until proficiency is demonstrated.

Additional range assignments may be required until the Officer qualifies.

312.5 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the officer reasonably believes that they appear necessary, effective and reasonably safe.

312.6 DESTRUCTION OF ANIMALS
Officers are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances in which officers have sufficient advance notice that a potentially dangerous animal may be encountered, officers should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any officer from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

Officers will contact UO Facilities for disposal of the animal. If the animal is licensed or appears to be a pet or service animal, Eugene Animal Control officers will be notified for possible identification of the owner.

312.6.1 INJURED ANIMALS
With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Officers will contact UO Facilities for disposal of the animal. If the situation dictates, the City of Eugene Street Maintenance Division may be contacted through Central Lane Communications.
If the animal is licensed or appears to be a pet or service animal, Eugene Animal Control officers will be notified for possible identification of the owner.

312.7 REPORT OF FIREARM DISCHARGE
Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shooting Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:
(a) If on-duty at the time of the incident, the member shall file a written report with his/her Director or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
(b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.8 RANGEMASTER DUTIES
Any person serving in the capacity as a Rangemaster for the University of Oregon Police Department must be currently certified as a firearms instructor. The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Lieutenant - Professional Standards and Training after each range date. Failure of any officer to sign in and out with the Rangemaster may result in non-qualification.

The Armorer has the responsibility of making periodic inspection, at least once a year, of all duty weapons carried by officers of this department to verify proper operation. The Armorer has the authority to deem any privately owned weapon unfit for service. The officer will be responsible for all repairs to his or her personal weapon and it will not be returned to service until inspected by the Armorer.

312.9 MAINTENANCE AND REPAIR
Firearms carried on duty shall be maintained in a clean, serviceable condition by the assigned officer.

312.9.1 REPAIR OR MODIFICATIONS OF DUTY WEAPONS
The department Armorer shall be the only person authorized to repair or modify any department-owned weapon. All repairs and/or modifications of department issued weapons not performed by
the Armorer must be approved in advance by the Armorer and accomplished by a department approved gunsmith.

312.10 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft in an official capacity. The requirements apply to personnel who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 Code of Federal Regulations 1544.217). Officers who travel by air in an official capacity are responsible for knowing and complying with all applicable regulations.

312.11 CARRYING FIREARMS OUT OF STATE
Qualified active full-time officers and qualified retired officers (see Policy Manual § 220) of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC 926B and C):

(a) The officer shall carry his/her Department identification whenever carrying such weapon.

(b) Qualified retired officers shall also carry certification of having met firearms qualification within the past 12 months.

(c) The officer is not the subject of any current disciplinary action.

(d) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(e) The officer will remain subject to this and all other Department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authorities may not shield an officer from arrest and prosecution in such locally restricted areas.

Visiting active and retired peace officers from other states are subject to all requirements set forth in 18 USC 926B and C.
Vehicle Pursuits

314.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing suspects to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuit situations are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are self-discipline and sound judgment. Officers’ conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances.

314.1.1 POLICE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect who is attempting to avoid arrest while operating a motor vehicle by using high speed driving or other evasive tactics.

314.2 OFFICER RESPONSIBILITIES
While engaging in a vehicle pursuit Officers must drive with due regard for the safety of all other persons. However, while engaging in a vehicle pursuit, officers are generally not required to follow the rules of the road (Oregon Revised Statutes 820.300). This exemption only applies to emergency vehicles using emergency lights, and sirens (Oregon Revised Statutes 820.300; Oregon Revised Statutes 820.320). This policy is established to provide Officers with guidelines for driving with due regard and caution for the safety of all persons, as required by Oregon Revised Statutes 820.300(2).

314.7.2 DEFINITIONS
314.7.3 USE OF FIREARMS

314.7.4 INTERVENTION STANDARDS

(a)
314.8 REPORTING REQUIREMENTS
The following reports should be completed to comply with appropriate local and state regulations:
Vehicle Pursuits

(a) The primary officer shall complete appropriate crime/arrest reports

(b) The supervisor that managed the pursuit shall complete a memorandum to the Police Operations Captain summarizing and evaluating the pursuit in terms of Department policy. The memo shall minimally contain the following information:

1. Date and time of pursuit
2. Length of pursuit
3. Involved units and officers
4. Initial reason for pursuit
5. Starting and termination points
6. Disposition: arrest, citation, etc. Arrestee information should be provided if applicable.
7. Injuries and/or property damage
8. Medical treatment
9. A preliminary determination of whether the pursuit appears to be in compliance with this policy.
   (a) If the pursuit is not within policy, the supervisor will discuss details and analysis of the issues involved
10. Recommendation regarding the need for any additional review and/or follow up.

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary training on pursuits, all sworn members of this department will participate in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

314.8.2 POLICY REVIEW
Each member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

314.8.3 ANNUAL REVIEW
During the first quarter of each calendar year, Police Operations Captain will ensure that an annual review of all vehicle pursuit incidents for the previous calendar year is conducted. The analysis will focus on the effectiveness and trends in the use of vehicle pursuits that might suggest training or equipment needs, or policy modification. Specific detail including items such as officer names, case numbers, location of occurrence are not needed for this purpose and therefore will not be part of this process.
Officer Response to Calls

316.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.2 RESPONSE TO CALLS
Officers shall proceed immediately to calls that are of an emergency nature. A code 3 response should be considered when available information reasonably indicates that a person is threatened with injury or death, a felony property crime is in progress, or serious property damage is imminent and a more immediate law enforcement response is needed to mitigate injury, property loss, or to apprehend the suspect(s).

Officers responding Code 3 shall operate emergency lights and siren as is reasonably necessary pursuant to ORS 820.300 and ORS 820.320. Officers shall only use the wail and yelp function of the siren as an emergency sound. The hi-lo function of the siren is not considered an emergency sound pursuant to OAR 735-110-0000(8) and OAR 735-110-0010(1-3).

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons.

ORS 820.320(2) allows officers to omit the use of emergency lights and siren if it reasonably appears that the use of either or both would prevent or hamper the apprehension or detection of a violator. Except as stated in the previous sentence, Officers who fail to use appropriate warning equipment, are not exempt from following the rules of the road (ORS 820.300).

Officers responding to non-emergency calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Communications and Emergency Response Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required
316.3.1 NUMBER OF UNITS ASSIGNED
Watch Commanders and field supervisors will manage the number of units responding Code 3 to a call.

316.4 INITIATING CODE 3 RESPONSE
If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify Communications and Emergency Response Center and state the location where they are responding from. Other officers who believe a Code-3 response is appropriate, shall announce their Code 3 response and location on the radio. The Watch Commander or field supervisor will make a determination as to how many units driving Code-3 is appropriate.

316.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections as may be necessary for safe operation.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify Communications and Emergency Response Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

If a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

If an officer is advised by the Watch Commander or field supervisor not to respond Code 3, they will immediately turn off all emergency equipment and will conform to all traffic regulations.

316.6 COMMUNICATIONS RESPONSIBILITIES
When Officers announce they are responding Code 3 to a call, the dispatcher shall:

(a) Confirm the location from which the unit is responding
(b) Notify and coordinate allied emergency services (e.g., fire and ambulance)
(c) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
(d) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

316.7 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

(a) The proper response has been initiated
Officer Response to Calls

(b) No more than those units reasonably necessary under the circumstances are involved in the response

(c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

• The type of call
• The necessity of a timely response
• Traffic and roadway conditions
• The location of the responding units

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or Communications and Emergency Response Center of the equipment failure so that another unit may be assigned to the emergency response.
Medical Transports and Services

317.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a procedure for requesting medical transportation for persons seeking or requiring medical treatment with non-life threatening or serious medical conditions.

317.2 POLICY
It is the policy of the University of Oregon Police Department (UOPD) to refer persons who are in need of medical treatment for non-life threatening conditions to obtain transport services through alternative transportation services. In life-threatening or serious medical conditions, emergency ambulatory transportation will be summoned.

317.3 PROCEDURE
A. UOPD dispatcher receiving a call for medical assistance will evaluate the caller's information and upon determination the caller's condition is not life threatening or a serious medical condition, direct to the scene First Aid/AED trained UOPD officers.

B. UOPD officers who respond to the location of an injured or ill person will make a preliminary assessment of the individual's condition and determine whether immediate medical assistance is required.

1. Persons determined to have a serious or life threatening medical condition, the officer will advise the dispatcher to immediately notify the 911 Center and request paramedics. The ill or injured person will be transported to an appropriate medical facility by emergency ambulance services.

2. Persons with non-life threatening conditions or injuries will be referred to alternative transportation services. For first aid assistance, UOPD may contact a local non-emergency medical unit for on-site treatment or transport to a medical facility.

C. Alternative Transportation Services

1. MedExpress: The University has contracted with MedExpress, a first aid and non-emergency transportation service. For University employees, the service is available for work-related injuries or conditions. Students on campus are eligible for this service at any time. MedExpress units are staffed with Emergency Medical Technicians and Paramedics who are trained to assess and treat injuries requiring first aid. If an injury requires evaluation and/or treatment by a physician, MedExpress will transport the employee to Cascade Health Solutions Occupational Medicine Clinic or another medical facility.

a. An employee, who needs non-emergency evaluation or treatment for an injury or condition unrelated to work, should contact a family member or friend if transportation assistance is necessary while at work.
Medical Transports and Services

b. Student employees and GTF's can use MedExpress. However, student employees and GTF's are usually eligible for treatment at the University Health Center and MedExpress services may not be necessary.

2. Private Taxi Service: This service is available to students, staff or faculty who are deemed to be in need of basic transportation to a local medical facility or office to access medical services.

3. CAHOOTS: CAHOOTS is a mobile crisis intervention team integrated into the City of Eugene's Public Safety system. Free response is available for a broad range of non-criminal crises including intoxication, disorientation, substance abuse and mental illness problems, dispute resolution and street facilitation. The CAHOOTS van can be dispatched through the City's 911 department. Transport to treatment is also provided. The service is confidential and voluntary. It is staffed and managed by White Bird Clinic.

4. UOPD: This service is only available upon a case-by case basis and must be pre-approved by the Watch Commander on duty at the time of the incident. This mode of transportation is discouraged due to the liability and risk in transporting ill or injured persons whose medical condition can worsen during the transport.

D. UOPD will notify EHS and U of O Risk Management within 2 hours if any University employee is transported to medical facilities for treatment. EHS will make OR-OSHA notifications if necessary and begin appropriate investigation of the situation.
Domestic Violence

320.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

320.2 POLICY
The University of Oregon Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims and offenders access to appropriate information regarding civil remedies as well as university and community resources.

320.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS
The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence, and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
When practicable and legally permitted, video or audio record all significant statements and observations.

All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigations Unit in the event that the injuries later become visible.

Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.

When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.
320.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.

(b) Refer the victim to the Lane County Jail website in order to register on the Victim Information and Notification Everyday (VINE) website for notification of suspect release. If VINE is down or the victim does not have access to VINE, notify the jail staff so they can put release notation information in the suspect's computer file.

(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:

1. Voluntary separation of the parties.

2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(b) Document the investigation and resolution in a report.

320.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:

(a) Recognize that a victim's behavior and actions may be affected.

(b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime (ORS 133.055).

(c) Alert the victim to any available victim advocates, shelters and community resources.

(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.

(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.
Domestic Violence

320.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

320.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.

(b) Check available records or databases that may show the status or conditions of the order.

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.8.1 SERVICE OF COURT ORDERS
Officers should, if requested and practicable, serve any unserved restraining order when called to the scene of a disturbance. Any officer serving such a restraining order shall ensure that a copy of proof of service is returned to the Sheriff for entry into the Law Enforcement Data System (LEDS) and the National Crime Information Center (NCIC) system (ORS 107.720).
Domestic Violence

320.9 STANDARDS FOR ARREST
(a) Officers who respond to an incident of domestic disturbance and have probable cause to believe an assault has occurred between family or household members as defined in ORS 107.705, or who believe that one such person has created in the other a fear of imminent serious physical injury, shall arrest and take into custody the alleged assailant or potential assailant (ORS 133.055).

(b) Dual arrests are not required (ORS 133.055). Officers shall make reasonable efforts to identify and arrest the primary assailant in any incident. In identifying the primary assailant, an officer shall consider:
   1. The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury.
   2. If reasonably ascertainable, the history of domestic violence between the persons involved.
   3. Whether any alleged crime was committed in self-defense.
   4. The potential for future assaults.

(c) Once a suspect has been arrested under the provisions of ORS 133.055, the suspect shall be taken to jail. Officers have no authority to release the arrested person.

(d) Officers shall arrest and take a suspect into custody when the officer has probable cause to believe that a restraining order has been issued, a copy of the order and proof of service on the suspect have been filed, and the suspect has violated the terms of the order (ORS 133.310).

320.10 REPORTS AND NOTIFICATIONS
Officers should document in their report that they provided each domestic violence victim with a copy of the department's domestic violence victim information handout (Oregon Revised Statutes 133.055).

Reporting officers should also provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.
Search and Seizure

322.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for University of Oregon Police Department personnel to consider when dealing with search and seizure issues.

322.2 POLICY
It is the policy of the University of Oregon Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
322.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation; the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.
(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
   1. Another officer or a supervisor should witness the search.
   2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.
(f) Officers should not search persons, vehicles or rooms without a cover officer present unless they reasonably determine that a delay in the search would present a greater safety risk. The cover officer should not be involved in the search, and will maintain a position where they can act as the safety officer during the search.
(g) Officers often are required to transport witnesses in a police vehicle (for example, to a location of a stop in order to identify a criminal suspect). Generally, the witness is transported in the front seat of the officer's car. Officers may request to search a witness if, in their assessment, a search is reasonable. Such a search will only be done if the witnesses consents. Officers will consider the following when deciding whether to request to search a witness:
   1. Nature of the crime
   2. Involvement of the witness in the crime
   3. Other factors of the immediate situation

322.5 DOCUMENTATION
Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:
Search and Seizure

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Documentation will take place in a police report, FI card or CAD entry. If a police report is already being written, documentation shall be in that report. If a police report is not normally written, an officer may document the search on an "Information Report", FI card or CAD entry, whichever provides the best record. Supervisors shall review reports and other documentation to ensure that the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.
Juveniles - Temporary Custody and Interviewing

324.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the University of Oregon Police Department (42 USC § 5633).

Guidance regarding contacting juveniles at schools or those who may be victims is provided in the Child Abuse Policy. Additional guidelines are provided for the interviewing of juveniles that UOPD officers encounter so that interviews are both legal and consistent with limitations in maturity and emotional development characteristic of juveniles.

324.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This includes a juvenile taken into protective custody when conditions or surroundings reasonably appear to jeopardize the juvenile's welfare or when it reasonably appears that the child has run away from home (ORS 419B.150). This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

**Juvenile offender** - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes a juvenile who possesses a handgun in violation of ORS 166.250 (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

(d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
Juveniles - Temporary Custody and Interviewing

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

Sight and sound separation - Located or arranged to prevent physical, visual or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

324.2 POLICY
The University of Oregon Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the University of Oregon Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

Juveniles will NOT be held in secure custody at any UOPD facility. Juveniles needing secure custody should be immediately transported to the Lane County Juvenile Detention Facility.

324.3 JUVENILES WHO SHOULD NOT BE HELD
Juveniles who exhibit any of the following conditions should not be held at the University of Oregon Police Department:
(a) Unconscious
(b) Seriously injured
(c) A known suicide risk or obviously severely emotionally disturbed
(d) Significantly intoxicated
(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

324.4 CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the University of Oregon Police Department only when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.
No juvenile should be held in temporary custody at the University of Oregon Police Department without authorization of the arresting officer's supervisor or the Watch Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond five hours from the time of his/her entry into the University of Oregon Police Department (ORS 419B.160; ORS 419C.130).

Juveniles will be accompanied at all times during detention. They will not be detained in a manner that would be considered "Secure Custody" as defined in 324.1.1. A written report will document the time that the juvenile was brought to the facility and the time that they were released, as well as any unusual occurrences at the facility. It is the responsibility of the officer to closely monitor the custody of the juvenile and to prepare the necessary paperwork to process the juvenile for release to a parent, guardian, or the appropriate juvenile custody facility. The Watch Commander, or his/her designee, shall be responsible for ensure that monitoring of the juvenile is adequate, and that appropriate paperwork is prepared to process the juvenile out of the custody of this department.

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the University of Oregon Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (42 USC § 5633).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (42 USC § 5633).

324.4.3 CUSTODY OF JUVENILE OFFENDERS
Generally, a juvenile offender may be taken into custody:

(a) When it reasonably appears that the juvenile is a fugitive from another state (ORS 419C.145).

(b) When there is a court order endorsed as provided in ORS 419C.306 and directing that the juvenile be taken into custody (ORS 419C.080).

(c) When, if the juvenile were an adult, he/she could be arrested without a warrant (ORS 419C.080).

An officer shall take a juvenile into custody when the officer has probable cause to believe the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or a destructive device (ORS 419C.080).
Generally, an officer may issue a citation in lieu of taking the juvenile into custody if a citation may be issued for the same offense and under the same circumstances to an adult. If a citation in lieu of custody is issued, a copy of the citation shall be sent to the District Attorney (ORS 419C.085).

324.4.4 EXCEPTIONS TO RELEASE OF JUVENILE OFFENDERS
A juvenile offender shall be released to the custody of the juvenile’s parent, guardian or other responsible person, except in any of the following circumstances (ORS 419C.100):

(a) The court has issued a warrant of arrest for the juvenile.
(b) The officer has probable cause to believe that release of the juvenile may endanger the welfare of the juvenile, the victim or others.
(c) When the officer has probable cause to believe that the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or destructive device.

If a juvenile offender is not released to the parent, guardian or other responsible person, or to a person identified by the juvenile court, the officer shall take the juvenile to the county juvenile detention facility or appropriate shelter (ORS 419C.103).

324.5 NOTIFICATION TO PARENT OR GUARDIAN
As soon as practicable after a juvenile is taken into custody, the officer taking the juvenile into custody shall notify the juvenile’s parent, guardian or other person responsible for the juvenile of the following (ORS 419B.160; ORS 419C.097):

(a) Reason the juvenile was taken into custody
(b) Location where the juvenile is being temporarily detained
(c) Intended disposition
(d) Time and place of any hearing

324.5.1 COLLEGE OR UNIVERSITY RECORDS
If the juvenile is enrolled at any college or university at the time of the temporary custody, disclosure of his/her educational records are subject to the regulations set forth in the Family Educational Rights and Privacy Act of 1974 (FERPA).

324.6 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (42 USC § 5633). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the University of Oregon Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.
324.7 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the University of Oregon Police Department shall ensure the following:

(a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the University of Oregon Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the University of Oregon Police Department more than five hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.

(d) Juveniles shall have reasonable access to toilets and wash basins.

(e) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.

(f) Juveniles shall have reasonable access to a drinking fountain or water.

(g) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(h) Juveniles should have privacy during family, guardian and/or lawyer visits.

(i) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.

(j) Blankets should be provided as reasonably necessary.

(k) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.

(l) Juveniles shall have adequate furnishings, including suitable chairs or benches.

(m) Juveniles shall have the right to the same number of telephone calls as an adult in custody.

(n) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

324.7.1 JUVENILE CONTACTS AT SCHOOL FACILITIES

Absent exigent circumstances, officers shall notify responsible school officials prior to contacting a student on campus while school is in session.

(a) Reasonable efforts should be taken to coordinate with school officials to minimize disruption of school functions and maintain a low profile police presence when contacting a student.
Whenever circumstances warrant the temporary detention or formal interview of a juvenile student on campus, the officer should:

1. When practical and when it would not unreasonably interfere with the investigation, take reasonable steps to notify a parent, guardian, or responsible adult, including those phone numbers listed on any contact card on file with the school or provided by the student. All efforts to make contact with parents and/or reasons contact was not attempted should be documented.

2. If efforts to contact a parent, guardian, or responsible adult are unsuccessful or not attempted, a formal interview with the juvenile may proceed without them. Upon the request of the juvenile, a school official may be present during the interview in lieu of a parent.

3. If contacted, the selected parent, other responsible adult, or school official may be permitted to be present during any interview.
   
   (a) An adult suspected of child abuse or other criminal activity involving the juvenile, or an adult, who in the opinion of the officer appears to be under the influence or otherwise unable or incompetent to exercise parental rights on behalf of the juvenile, will not be permitted to be present.

   (b) If the officer reasonably believes that exigent circumstances exist which would materially interfere with the officer's ability to immediately interview the juvenile, the interview may proceed without the parent or other responsible adult. In such circumstances, the exigent circumstances should be set forth in a related report.

(c) Any juvenile student who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of school staff to be present. The purpose of the staff member's presence is to provide comfort and support and such staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship.

Absent exigent circumstances or authority of a court order, officers should not involuntarily detain a juvenile who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian. In all such cases officers should adhere to guidelines and requirements set forth in Policy 330 Child Abuse Reporting.

324.7.2 GENERAL GUIDELINES

(a) Create an interview plan. Develop strategies for establishing rapport. Consider age-appropriate questions; juvenile's prior experience with police; maturity and sophistication; and seriousness of the offense in question.

(b) Determine the appropriate location and setting for the interview or interrogation based on the foregoing factors and other circumstances surrounding the case.
(c) Where possible, audiotape and videotape the interview.

(d) Limit the number of persons present at the interview to as few as possible. Designate one person to serve as the primary interviewer/interrogator.

324.7.3 NON-CUSTODIAL INTERVIEWS

(a) When reasonably possible, the juvenile's parent or legal guardian should be contacted. Officers should wait a reasonable amount of time before continuing with the interview without a parent or legal guardian.

(b) The interview should be limited in time and reasonable breaks provided before subsequent questioning.

324.7.4 CUSTODIAL INTERVIEWS

In order for statements or confessions obtained during an interrogation to be admissible, they must be made knowingly, intelligently, and voluntarily as determined by examining the totality of the circumstances. When dealing with juveniles, the totality-of-the-circumstances test takes into account the methods employed in obtaining the statement; the suspect's mental and physical condition; the length of time over which the questioning took place; and the suspect's age, education, and any previous experience with law enforcement.

(a) Miranda warnings are required and shall be administered prior to custodial interviews. Where information suggests that the juvenile suspect may not understand Miranda warnings, age-appropriate clarifications should be used. Examples of clarification includes, but are not limited to:

- You have the right to remain silent. That means you do not have to say anything.
- Anything you say can be used against you in court.
- You have the right to get help from a lawyer right now.

326.1.1 POLICY
It is the policy of the University of Oregon Police Department to treat reports of violence against elderly persons as a high priority criminal activity. This department will investigate all allegations of abuse of elderly persons and persons with disabilities and will work cooperatively with the appropriate agencies and resources to reduce the incidence of abuse. Each incident will be fully investigated and documented in a written report, regardless of the relationship between the victim and the suspect. All cases of suspected elder abuse reported to and/or investigated by the University of Oregon Police Department will follow the countywide protocol established by the District Attorney's multi-disciplinary elder abuse team, if applicable (ORS 430.731).

326.2 DEFINITIONS
For purposes of this policy, the following definitions are provided:

Abuse of an Elder or Dependent Adult -

(a) Any physical injury caused by other than accidental means, or which appears to be at variance with the explanation of the injury.

(b) Neglect or failure to provide basic care which leads to physical harm through withholding of services necessary to maintain health and well being.

(c) Abandonment, including desertion or willful forsaking of an elderly or dependent person or the withdrawal or neglect of duties and obligations owed an elderly or dependent person by a caretaker or other person.

(d) Unlawful sexual contact.

(e) Financial exploitation, fraud or the illegal or improper use of a resident's resources for the personal profit or gain of another person.

Elder Abuse

For purposes of Criminal Mistreatment statutes, the following definitions are provided (Oregon Revised Statutes 163.205(2)).

**Dependent Person** - A person who, because of age or a physical or mental disability, is dependent upon another to provide for the person's physical needs.

**Elderly Person** - Any person 65 years of age or older.

**Legal Duty** - Includes, but is not limited to a duty created by family relationship, court order, contractual agreement, or statutory or case law.

326.3 MANDATORY REPORTING REQUIREMENTS
Officers are required to report suspected abuse of elders and residents of long-term care facilities. With respect to elders, any public or private official having reasonable cause to believe that any person 65 years of age or older with whom the official comes in contact, while acting in an official capacity, has suffered abuse, or that any person with whom the official comes in contact while acting in an official capacity has abused a person 65 years of age or older shall report or cause a report to be made as required in Oregon Revised Statutes 124.065 (Oregon Revised Statutes 124.060 and 441.640).

With respect to residents of long-term care facilities, the officer must also make a report as specified above (Oregon Revised Statutes 441.640).

326.4 OFFICER'S RESPONSE
All incidents involving actual or suspected elder and dependent abuse shall be fully investigated and appropriately documented.

326.4.1 INITIAL RESPONSE
Officers may be called upon to effect a forced entry as the first responder to the scene of a suspected elder abuse. Entry should be immediate when it appears reasonably necessary to protect life or property. When the need for an emergency entry is not evident, officers should seek supervisory approval. Officers must be prepared to provide emergency care pending the arrival of medical personnel, if not already present.

326.4.2 STABILIZE THE SITUATION
Officers must quickly assess the situation in an effort to ensure the immediate safety of all persons. Officers shall also consider the following:

(a) Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately when possible. Frequently it is wrongfully assumed that elderly persons are incapable of accurately reporting the incident. Do not automatically discount the statement of an elderly person.

(b) Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence such as injuries that may change in appearance should be photographed immediately.
Elder Abuse

- Department of Human Services, Seniors and People with Disability Division

326.4.4 ENFORCEMENT ACTION
Based on the results of the investigation and considering the safety of the abuse victim, officers may make on-scene arrests when appropriate. Immediate arrest of an abuser (especially when the abuser is a family member or caretaker) may leave the elderly victim without necessary support and could result in institutionalization. The effect of an arrest on the victim should be considered and weighed against the assessed risk and the competent victim's desires. The present and future safety of the victim is of utmost importance.

Relevant statutes may include, but are not limited to, Criminal Mistreatment 1st or 2nd Degree, assault, sex offenses, or any statutes relating to theft or fraud.

326.5 ELDER ABUSE REPORTING
Every allegation of elder abuse shall be documented. When documenting elder/dependent abuse cases the following information should also be included in the report:

- Current location of the victim.
- Victim's condition/nature and extent of injuries, neglect or loss.
- Names of agencies and personnel requested and on scene.
- If the investigation finds reasonable cause to believe that abuse has occurred, the officer will notify the appropriate local office of the Department of Human Services and ensure a copy of the report is routed to that office.

Reporting of cases of elder/dependent abuse is confidential and will only be released as per Policy Manual § 810.

The Oregon Long-Term Care Ombudsman shall also be notified if the abuse is in a long-term care facility.
Discriminatory Harassment

328.1 PURPOSE AND SCOPE
This policy is intended to prevent department members from being subjected to discrimination or sexual harassment.

328.2 POLICY
The University of Oregon Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive, corrective and disciplinary action to address any behavior that violates this policy or the rights it is designed to protect.

Department employees should also refer to the relevant Oregon Administrative Rules regarding Oregon University System and the University of Oregon. The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DISCRIMINATION PROHIBITED

328.3.1 DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by an employee that adversely affects an applicant or employee and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks, making slurs or off-color jokes, stereotyping, engaging in threatening acts, making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact, or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to the department commitment to a discrimination free work environment.

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.
Discriminatory Harassment

328.3.2 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or an employee because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission (EEOC) and ORS 659A.030(1)(a)

(b) Bona fide requests or demands by a supervisor that an employee improve his/her work quality or output, that the employee report to the job site on time, that the employee comply with University or department rules or regulations, or any other appropriate work-related communication between supervisor and employee.

328.4 RESPONSIBILITIES
This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are mandatory reporters by state law and shall promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the UO Office of Affirmative Action and Equal Opportunity, the Associate Vice President of Human Resources or the Vice President of Finance and Administration.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, or subjected to retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.
Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITY
Each supervisor and manager shall:

(a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including sexual harassment or retaliation.

(b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.

(c) Ensure their subordinates understand their responsibilities under this policy.

(d) Ensure that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Notify the Chief of Police or Associate Vice President of Human Resources in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

328.4.2 SUPERVISOR'S ROLE
Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

(a) Behavior of supervisors and managers should represent the values of our Department and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

(c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.

(d) Supervisors and managers shall make a timely determination regarding the substance of any allegations based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling employees or issuing discipline, in a manner that is consistent with established procedures.

328.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all
Discriminatory Harassment

complaints of discrimination or harassment shall be fully documented and promptly and thoroughly investigated. The participating or opposing member should be protected against retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

328.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not solve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The employee assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation (ORS 659A.199).

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the UO Office of Affirmative Action and Equal Opportunity, the Associate Vice President of Human Resources or the Vice President of Finance and Administration.

328.5.3 EQUAL OPPORTUNITY EMPLOYMENT COMPLAINTS
No provision of this policy shall be construed to prevent any employee from seeking legal redress outside the Department. Employees who believe that they have been harassed or discriminated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Employees are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

328.6 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and actions taken to remedy the complaint.
328.7 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police or the Vice President of Finance and Administration or the Associate Vice President of Human Resources if more appropriate.
- Maintained for the period established in the department's records retention schedule.

328.8 TRAINING
All new employees shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new employee. The employee shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term of employment.

All employees shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

328.8.1 QUESTIONS REGARDING DISCRIMINATION OR SEXUAL HARASSMENT
Members with questions regarding discrimination or sexual harassment are encouraged to contact a supervisor, manager, the Chief of Police, the UO Office of Affirmative Action and Equal Opportunity, the Associate Vice President of Human Resources or the Vice President of Finance and Administration, or they may contact the Bureau of Labor and Industries (BOLI) at their various field offices or by visiting their web site at www.boli.state.or.us.
Child Abuse Reporting

330.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when University of Oregon Police Department members are required to notify the Department of Human Services (DHS) of suspected child abuse.

330.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

330.3 MANDATORY NOTIFICATION

This obligation applies at all times, not just when working. Obligation to report applies to all faculty and staff, student workers, graduate teaching fellows and temporary employees. It is likely they would contact UOPD to convey information that they need to share. Department members who receive such information shall take timely and affirmative steps to meet their obligation under the law. Affirmative steps include, but are not limited to:

• Notifying DHS or a law enforcement agency that might have jurisdiction, if it isn't UOPD (see Policy 330.3.1)
• Writing a police report, or
• Simply referring the person reporting the abuse to DHS and/or a law enforcement agency that has jurisdiction is not adequate. In addition to a referral, Department members will also make verbal notification consistent with Policy 330.3.1

For purposes of notification, a child is an unmarried person under 18 years of age (ORS 419B.005(2)).

For purposes of notification, abuse of a child includes, but is not limited to:

330.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (OAR 413-015-0305):

(a) Verbal notification to DHS shall be made immediately when the officer determines that the report of alleged abuse or neglect requires an immediate joint response (for example, if it appears that the child must be removed from the home).

(b) Electronic transmission or hand-delivered notification to DHS of all other reports of child abuse or neglect shall be made by the end of the next business day.

1. The Investigations Sergeant will coordinate the notification process and develop the necessary procedures to ensure timely notification and coordination of investigations.

2. The name, address and age of the child.
3. The name and address of the child's parents or other person who is responsible for care of the child.
4. The nature and extent of the abuse or neglect, including any evidence of previous abuse or neglect.

When the abuse occurs at a facility or by a person from a facility that requires a state license from the Oregon Employment Department, Child Care Division (e.g., child care facility), notification shall also be made to that agency (ORS 419B.020).

330.4 QUALIFIED INVESTIGATORS
Qualified investigators are available for child abuse investigations and should be called upon for follow-up investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.
(b) Be familiar with forensic interview techniques specific to child abuse investigations.
(c) Present all cases of alleged child abuse to the prosecutor for review.
(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 418.747).

330.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written, regardless of whether UOPD will have investigative jurisdiction. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
(c) Any relevant statements the child may have made and to whom he/she made the statements.
(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
Child Abuse Reporting

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.5.1 KARLY’S LAW
In all cases of suspicious physical injury to a child, the investigating officer shall, in accordance with any relevant county multidisciplinary team protocols, (ORS 419B.023):

(a) Immediately photograph or caused to be photographed any visible injuries or any injuries identified by the child if practicable, and in the manner described in ORS 419B.028.

(b) Ensure that photographs of the injuries are distributed to the designated medical professional and placed in any relevant files by the end of the next regular business day or within 48 hours, whichever occurs later (ORS 419B.028(2)).

(c) Ensure that a designated medical professional conducts a medical assessment of the child within 48 hours or sooner, according to the child's medical needs. If a designated medical professional is unavailable for the assessment, the investigating officer must ensure that the child is evaluated by an available physician.

330.5.2 INVESTIGATIONS ON PUBLIC SCHOOL PREMISES
When an investigation of child abuse is conducted on public school premises, the investigating officer shall first notify the school administrator of the investigation, unless the school administrator is a subject of the investigation. At the investigator's discretion, the school administrator or a school staff member designated by the school administrator may be present to facilitate the investigation. Prior to any interview with the affected child, the investigating officer shall be advised of the child's disabling conditions, if any (ORS 419B.045).

330.6 PROTECTIVE CUSTODY
Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.
Child Abuse Reporting

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORS 415B.150):

(a) When the child's condition or surroundings reasonably appear to jeopardize the child's welfare.

(b) When the juvenile court has issued a valid order that the child is to be taken into protective custody.

(c) When it reasonably appears that the child has run away from home.

330.6.1 NOTICE TO PARENTS
When an officer takes a child into protective custody, if possible, the officer shall:

(a) Make reasonable efforts to immediately notify the child's parents or guardian, regardless of the time of day.

(b) Advise the reason the child has been taken into custody.

(c) Provide general information about the child's placement and the telephone number of the local DHS office, including any after-hours telephone numbers (ORS 419B.020).

330.6.2 SAFE HAVEN PROVISION
A parent may leave an infant who is not more than 30 days old at an authorized facility, including this department, as long as the child has no evidence of abuse (ORS 418.017).

When an infant is surrendered to this department, members of University of Oregon Police Department shall follow the provisions set forth in ORS 418.017.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained
in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
   2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

In such circumstances, the Watch Commander will be notified prior to detaining the child and attempts will be made to notify DHS.

330.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should ensure all reports and notifications are made, during which consider will be given to obtaining a court order for such an examination.

330.8.1 COURT ORDERS FOR PRESERVATION OF EVIDENCE
When an officer is taking a child into protective custody and has reasonable cause to believe that the child has been affected by sexual abuse and rape, and that physical evidence of the abuse exists and is likely to disappear, the court may authorize a physical examination for the purpose of preserving evidence, if such examination is in the best interest of the child (ORS 419B.020).

330.9 DRUG-ENDEANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.
Child Abuse Reporting

330.9.1 SUPERVISOR RESPONSIBILITIES

This includes the National Crime Information Center (NCIC), the Oregon Law Enforcement Data System (LEDS) and the Oregon State Police Missing Children Clearinghouse.

**332.2 POLICY**
The University of Oregon Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The University of Oregon Police Department gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

**332.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS**
The Investigation Unit Supervisor shall ensure the following forms and kits are developed and available:

- Missing person report form

**332.4 ACCEPTANCE OF REPORTS**

Those members who do not take such reports or who are unable to give immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any question of jurisdiction.

   4. Any other evidence that may assist in the investigation, including personal electronic devices (e.g., cell phones, computers).
(h) Contact the appropriate agency if the report relates to a missing person report previously made to another agency and that agency is actively investigating the report. When this is not practicable, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.
(i) Consideration should be given to the use of other governmental employees with radios and vehicles, such as parks, public works, campus operations, waste management, or other related personnel to help locate the missing person.
In cases where the missing person resides in on-campus housing, the following steps will be taken as soon as it is practical to do so once the person is determined to be missing, and in no case later than 24 hours after the student is reported to have been missing:

An AMBER Alert should not be used if the child is a runaway or has been abducted as a result of a child custody situation, unless the child may be in danger of serious bodily harm or death.

334.3.2 PROCEDURE
The AMBER Alert Web Portal is used to post the appropriate alert information.

Prior to posting the AMBER Alert message, consideration should be given to ensuring adequate staffing for the tip line, 9-1-1 lines and any media line. The suspect's name, if known, should be entered in the "AKA" moniker field. The child's name and other critical data elements, including the child abduction (CA) and AMBER Alert (AA) flags, must be entered into the NCIC system in order to trigger the resources of the National Center for Missing and Exploited Children (NCMEC) and the FBI.

(c) The Law Enforcement Records Unit will send a statewide Administrative Message (AM) via LEDS with the information. The text of the message will begin with the words, "Oregon AMBER Alert."

(b) When forwarding any written recommendation to the Chief of Police, the Director shall include all relevant materials supporting the recommendation. Actual copies of an employee's existing personnel file need not be provided and may be incorporated by reference.

340.4.2 RESPONSIBILITIES OF THE CHIEF OF POLICE

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials.

The Chief of Police may modify any recommendations and/or may return the file to the Director for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall make a recommendation to the appropriate University appointing authority regarding the amount of discipline, if any, to be imposed.

In the event disciplinary action is recommended, the Chief of Police shall provide the employee with written notice of the following information:

(a) Specific charges set forth in separate counts, describing the conduct underlying each count.

(b) A separate recommendation of proposed discipline for each charge.

(c) A statement that the employee has been provided with or given access to all of the materials considered by the Chief of Police in recommending the proposed discipline.

(d) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

1. Upon a showing of good cause by the employee, the Chief of Police may grant a reasonable extension of time for the employee to respond.

2. If the employee elects to respond orally, the presentation shall be recorded by the Department. Upon request, the employee shall be provided with a copy of the recording.

340.5 EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) This response is not intended to be an adversarial or formal hearing.
Disciplinary Policy

(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.

c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.

d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results of such subsequent investigation prior to the imposition of any discipline.

e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issue(s) of information raised in any subsequent materials.

(f) Once the employee has completed his/her response or, if the employee has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall thereafter render a timely written decision to the employee imposing, modifying or rejecting the recommended discipline. In the event of a termination, the final notice of discipline shall also inform the employee of the reason(s) for termination and the process to receive all remaining fringe and retirement benefits.

g) Once the Chief of Police has issued a written decision, the discipline shall become effective.

340.6 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that an employee tenders a written retirement or resignation prior to the imposition of discipline, it shall be noted in the file.

The tender of a retirement or resignation by itself shall not serve as grounds for the termination of pending discipline.

340.7 POST RESPONSE PROCEDURE
In situations resulting in the imposition of a reprimand, pay sanction, or termination of a non-probationary employee, the employee shall have the right to an evidentiary appeal of the imposition of discipline by the Chief of Police pursuant to the operative Collective Bargaining Agreement and personnel rules.

340.8 DISCIPLINARY ACTION AGAINST PROBATIONARY EMPLOYEES
In the event that a trial-service employee is terminated solely for unsatisfactory performance or the failure to meet department standards, the employee shall have no right to appeal and the following shall be considered:

(a) Termination of a trial-service employee for such failure to pass trial service shall be so reflected in the employee's personnel file.
Disciplinary Policy

(b) At all times during any investigation of allegations of misconduct involving a trial-service employee, such employee shall be afforded all procedural rights set forth in Department policies.

(c) A trial-service employee's appeal of disciplinary action shall be limited to an opportunity for the employee to attempt to establish that the underlying allegations should not be sustained. Nothing in this policy or procedure, however, should be construed to establish any sort of property interest in or right to the employee's continuation of employment.

(d) The burden of proof for any trial-service employee's appeal of disciplinary action shall rest with the employee and will require proof by a preponderance of the evidence.

(e) In the event that a trial-service employee meets his or her burden of proof in such a disciplinary appeal, the Department shall remove all reference to the underlying allegations of misconduct from the employee's personnel file.

(f) In the event that a trial-service employee fails to meet his or her burden of proof in such a disciplinary appeal, the employee shall have no further right to appeal.
Department Technology Use

342.1 PURPOSE AND SCOPE
This policy describes the use of department computers, software and systems.

Pursuant to the University of Oregon Acceptable Use of Computing Resources Policy and the corresponding Addendum(s), all computers, software and systems supplied by the UOPD are for administrative and law enforcement purposes only, and their use is strictly limited to the conduct of Department business. 342.1.1 PRIVACY POLICY
Any employee utilizing any computer, electronic storage device or media, internet service, phone service, information conduit, system or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communication utilizing such service might otherwise have, including as to the content of any such communication. The Department also expressly reserves the right to access and audit any and all communications (including content) sent, received and/or stored through the use of such service.

342.2 DEFINITIONS

Department Technology Use

when such inspection or review is in the ordinary course of department management, or based on cause. All other requests must be approved by the Chief.

When requested by an employee’s supervisor, or during the course of regular duties requiring such information, the UOPD IT staff may be authorized to extract, download, or otherwise obtain any and all temporary or permanent files residing in or located in or on the system.

Reasons for inspection or review may include, but are not limited to, a lawsuit against the agency involving the employee or related to the employee's duties, an alleged or suspected violation of a department policy, or a need to perform or provide a service or information when the employee is unavailable.

UOPD IT staff may access the system with regard to system malfunctions and maintenance without the Chief's prior approval.

342.4 AGENCY PROPERTY
All information, data, documents, communications, and other entries initiated on, sent to or from, or accessed on any department computer, or through the department computer system on any other computer, whether downloaded or transferred from the original department computer, shall remain the exclusive property of the Department and shall not be available for personal or non-departmental use without the expressed authorization of an employee’s supervisor.

342.5 UNAUTHORIZED USE OF SOFTWARE
Employees shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes in accordance with the software company’s copyright and license agreement. To reduce the risk of computer virus or malicious software infection, employees shall not install any unlicensed or unauthorized software on any department computer.

Employees shall not install personal copies of any software onto any department computer. Any files or software that an employee finds necessary to upload onto a department computer or network shall be done so only with the approval of the UOPD IT staff and only after being properly scanned for malicious attachments.

No employee shall knowingly make, acquire or use unauthorized copies of computer software not licensed to the agency while on agency premises or on an agency computer system. Such unauthorized use of software exposes the agency and involved employees to severe civil and criminal penalties.

342.6 PROHIBITED AND INAPPROPRIATE USE
Access to department technology resources including Internet access provided by or through the Department shall be strictly limited to department-related business activities with the limited exception of brief personal use during authorized work breaks, or minimal personal business that contributes to the efficiency and effectiveness of the employee (for example, making child-care

arrangements). Personal use shall not interfere with the employee's ability to accomplish their assigned responsibilities.

Access to department technology resources including Internet access provided by or through the Department shall be strictly limited to department-related business activities. Data stored on, or available through department systems shall only be accessed by authorized employees for department business related purposes. Some databases (for example, LEDS, NCIC, etc.) may only be accessed by authorized employees who are engaged in an active investigation, assisting in an active investigation, or who otherwise have a legitimate law enforcement related purpose to access such data.

An Internet site containing information that is not appropriate or applicable to departmental use and which shall not be intentionally accessed include, but are not limited to, social networking sites (for example, MySpace, FaceBook, blogs, etc.), adult forums, pornography, chat rooms and similar or related web sites.

(a) Personnel who have an official purpose to access a social networking site are required to obtain prior written approval from their immediate supervisor with specified dates, times and purpose(s) for the access. Official purposes include investigative and intelligence collecting activities.

(c) Upon authorization, personnel must use a computer which has been prearranged for this purpose by the UOPD IT Staff.

(d) Authorized personnel will maintain a log of the accessed websites, times, and operational purpose(s). Upon completion of approved activities, the employee will provide the UOPD IT staff and the authorizing supervisor with a copy of the log.

Downloaded information shall be limited to messages, mail and data files which shall be subject to audit and review by the Department without notice. No copyrighted and/or unlicensed software program files may be downloaded.

Employees shall report any unauthorized access to the system or suspected intrusion from outside sources (including the Internet) to a supervisor.

342.7 PROTECTION OF AGENCY SYSTEMS AND FILES
All employees have a duty to protect the system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the system.
Agency approved anti-virus software will be running on all computers that are connected to
the Internet, in order to check downloaded files, e-mail and attachments for embedded viruses.  
Suspected problems with any security or anti-virus protections shall be promptly reported.

It is expressly prohibited for an employee to allow an unauthorized user to access the system at
any time or for any reason.

342.7.1 NETWORK SECURITY
Network security protocols are established to ensure the integrity and security of the network
systems. Employees shall not attempt to circumvent these protocols and shall observe the
following:

(a) Access to the network server and peripherals is locked and access is strictly limited to
authorized personnel.

(b) The network shall not be connected to any external network without a firewall in place.

without additional authentication techniques beyond login name and password.

342.7.2 SYSTEM BACK-UP
UOPD IT staff shall be responsible for establishing regularly scheduled network system back-
up protocols. Retention of all system back-ups should be managed in a manner consistent with
applicable provisions of the Oregon Revised Statutes and Oregon Administrative Rules.
Report Preparation

344.1 PURPOSE AND SCOPE
Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

344.1.1 REPORT PREPARATION
Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

344.2 REQUIRED REPORTING
Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

344.2.1 CRIMINAL ACTIVITY REPORTING
When an employee responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the employee is required to document the activity. The fact that a victim is not desirous of prosecution is not an exception to documenting a report. The following are examples of required documentation:

(a) In every instance where a felony has occurred, the documentation shall take the form of a written crime report.

(b) In every instance where a misdemeanor crime has occurred and the victim desires a report, the documentation shall take the form of a written crime report. If the victim does not desire a report, the incident will be recorded in CAD.

(c) In every case where any force is used against any person by police personnel.
Report Preparation

(d) All incidents involving domestic violence, child abuse or endangerment, elder abuse or other situation where department employees are mandatory reporters.

(e) All arrests.

(f) Non-felony incidents involving threats or stalking behavior

(g) Situations covered by separate policy

344.2.2 NON-CRIMINAL ACTIVITY
The following incidents shall be documented using the appropriate approved report:

(e) Any found property or found evidence

(f) Any traffic collisions above the minimum reporting level (see the Traffic Collision Reporting Policy)

(g) Suspicious incidents that may indicate a potential for crimes against children or that a child's safety is in jeopardy

(h) All protective custody detentions

(i) Suspicious incidents that may place the public or others at risk

(j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor

(k) The University may require reports for other incidents in order to facilitate effective information exchange and service delivery

344.2.3 DEATH CASES
Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with Policy § 360. An officer handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

(a) Sudden or accidental deaths.

(b) Suicides

(c) Homicide or suspected homicide.
(d) Unattended deaths (No physician or qualified hospice care during the period immediately preceding death).
(e) Found dead bodies or body parts.

344.2.4 INJURY OR DAMAGE BY UNIVERSITY PERSONNEL
Reports shall be taken if an injury occurs that is a result of an act of a University employee. Additionally, reports shall be taken involving damage to University property or University equipment.

344.2.5 MISCELLANEOUS INJURIES
Any injury that is reported to this department shall require a report when:
(a) The injury is a result of drug overdose.
(b) Attempted suicide.
(c) The injury is major/serious, whereas death could result.
(d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. The University may require, or a supervisor may direct an employee to document any incident or type of incident.

344.2.6 ALTERNATE REPORTING FOR VICTIMS
Reports that may be submitted by the public via online or other self-completed reporting processes include:
(a) Lost property.
(b) Misdemeanor thefts of property, other than firearms or materials that threaten public safety, when there is no suspect information, serial number or ability to trace the item.

(c) Misdemeanor vandalism with no suspect information and no hate crime implications.
(d) Vehicle burglaries with no suspect information or evidence.
(e) Stolen vehicle attempts with no suspect information or evidence.
(f) Annoying telephone calls with no suspect information.
(g) Identity theft without an identifiable suspect.
(h) Online or email fraud solicitations without an identifiable suspect and if the financial loss classifies the crime as a misdemeanor.
(i) Hit-and-run vehicle collisions with no suspect or suspect vehicle.
(j) Supplemental property lists.
Members at the scene of one of the above incidents should not refer the reporting party to an alternate means of reporting without authorization from a supervisor. Members may refer victims to online victim assistance programs (e.g., Federal Communications Commission (FCC) website for identity theft, Internet Crime Complaint Center (IC3) website for computer crimes).

344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING
In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

The following reports must be submitted before the reporting officer goes off duty:

- Hate (Bias) Crimes
- Crimes or incidents where a media release has been issued
- Custody report where the suspect is incarcerated, or, in the case of a citation in lieu of custody, will be arraigned before the officers next scheduled shift
- Crimes where immediate follow-up is necessary
- Crimes requiring immediate data entry (for example, Unauthorized Use of Motor Vehicle)
- Any report prior to officers regular days off or any other period of multiple days off
- Any situation when a supervisor deems it necessary

344.4 REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, and the officer is available to fix the report immediately, the supervisor shall facilitate the corrections. In cases where the officer is not available to make the changes until later, the reviewing supervisor should send an email to the officer and the Report Dropbox stating the particular items needing correction. This notification will serve as the official directive to the officer to correct the report, and notice to the Police Records staff that:

(a) The original report submission will be delayed, and
(b) The submitted report contains errors and should be considered a "draft" version.

344.5 REPORT CHANGES OR ALTERATIONS
Reports that have been approved by a supervisor and submitted to the Law Enforcement Records Unit for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Law Enforcement Records Unit may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor.
News Media Relations

346.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

346.2 RESPONSIBILITIES
The ultimate authority and responsibility for the release of information to the media rests with the University of Oregon President, or designee. In situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Captains, Directors, Watch Commanders and designated Public Information Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law. In all cases, the University of Oregon Media Relations office will be consulted unless prior arrangements or agreements have been made (for example, traffic advisories).

346.2.1 MEDIA REQUEST
Any media request for information or access to a law enforcement situation shall be referred to the Public Information Officer, or if unavailable, to an available supervisor. Prior to releasing any information to the media, employees shall consider the following:

(a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.

(b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.

(c) Under no circumstance should any member of this department make any comment(s) to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

346.3 MEDIA ACCESS
Media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities are subject to the following conditions:

(a) Oregon has no standards for media credentials, therefore, credential should not be relied upon for the determination of access to scenes. Consequently, media will not have access beyond public access.

(b) Media representatives will not be allowed to enter the inner perimeter of any crime scene.

(c) Media representatives will not be allowed to accompany officers on to private property, or property where the occupants have a legal expectation of privacy. For example, they may not accompany officers on or in to private property during the execution of a search warrant.
News Media Relations

(d) Media representatives may be prevented from interfering with emergency operations and criminal investigations.

1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the department Public Information Officer or other designated spokesperson.

2. Whenever the presence of media aircraft poses a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for TFRs should be routed through the Watch Commander. The TFR should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR § 91.137).

(e) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee.

(f) Media interviews with individuals who are in custody shall not be permitted.

(g) Tactical operations should be handled in the same manner as a crime scene, except that the news media may be permitted within the outer perimeter of the scene, subject to any restrictions as set forth by the supervisor in charge.

1. Department members shall not jeopardize a tactical operation in order to accommodate the news media.

2. Media representatives that are not compliant with restrictions established by the supervisor in charge, may not interfere with police operations (subject to arrest).

3. Media representatives who proceed to areas where they are not unlawfully interfering with police operations, should be warned about their own safety being in danger (if such warning can be delivered in a safe and reasonable manner), and may proceed at their own risk.

346.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.
346.4 INFORMATION SUBJECT TO RELEASE
The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Watch Commander. This log will generally contain the following information:

(a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Information pertaining to a juvenile arrestee, victim, or witness shall only be released as articulated in Policy Manual § 810.43.

Identifying information concerning victims of sex crimes shall not be included in the log.

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Medical Examiner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of this policy.

346.4.1 SCOPE OF INFORMATION SUBJECT TO RELEASE
The release and inspection of public records is controlled by Policy Manual § 810 and Oregon Revised Statutes 192.410 through 192.505.

The record of an arrest or the report of a crime shall be disclosed unless there is a clear need to delay disclosure in the course of a specific investigation, including the need to protect the complaining party or the victim. Once the clear need to delay release is no longer present, the following information must be released.

For purposes of this subsection, the record of an arrest or the report of a crime includes:

(a) The arrested person's name, age, residence, employment, marital status and similar biographical information.

(a) Restricted information is outlined in detail in Policy Manual § 810.

(b) Any specific operational or contingency plans in connection with an anticipated threat to individual or public safety for deployment and use of personnel and equipment prepared or used by a public body, if public disclosure of the plans would endanger an individual's life or physical safety or jeopardize a law enforcement activity. Oregon Revised Statutes 192.501(18).

(c) Criminal history information.

(d) Information pertaining to pending litigation involving this department.

(e) Information obtained in confidence.

(f) Any information that is otherwise privileged or restricted under state or federal law.

1. The identities of officers involved in shootings or other major incidents may only be released to the media pursuant to consent of the involved officer or upon a formal request filed and processed in accordance with the Public Records Act (Oregon Revised Statutes 192.502).

(h) Information that would tend to endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(i) Investigative information other than as listed above, without the expressed authorization of the Detective Supervisor in charge of an investigation.
Court Appearance & Subpoenas

348.1 PURPOSE AND SCOPE
This procedure has been established in compliance with Oregon Revised Statutes 136.595 to provide for the acceptance of subpoenas and to ensure that employees appear when subpoenaed, or are available to appear in court when requested and present a professional appearance.

348.1.1 DEFINITIONS
On-Call - When an employee has appeared in court, or is at the time on-duty, and has been told by a member of the court that he/she is free to leave the court or return to duty, subject to being available by phone or pager if called back.

Standby - When an employee receives a subpoena of a type which allows him or her to not appear in court, but remain available by phone or pager so that he or she may be directed to appear in court within a reasonable amount of time.

Trailing Status - When an employee remains on standby status for additional court sessions until notified otherwise.

Mandatory Appearance - Subpoenas marked as mandatory appearance require an employee's physical appearance in the specified court. Failure to timely appear in the specified court, either intentionally or by negligence, may result in disciplinary action.

348.2 COURT SUBPOENAS
Employees who receive subpoenas related to their employment with this department are subject to the provisions of this policy. Employees should be aware that their compliance is mandatory on all cases for which they have been properly subpoenaed, or properly notified. This policy applies to civil and criminal subpoenas. Employees are expected to cooperate with the prosecution to ensure the successful conclusion of a case.

348.2.1 SERVICE OF SUBPOENA
Generally, a subpoena is served by delivering a copy to the witness personally. Proof of service is made in the same manner as in the service of a summons.

(a) In accordance with ORS 136.595(2) and ORCP 55, this department shall accept subpoenas on behalf of currently employed peace officers who are within the state at the time of service, provided the following conditions are met:

1. The peace officer's attendance at trial is related to work he/she performed in the course of employment as a peace officer.

2. The subpoena is delivered to the Communications and Emergency Response Manager or to the Watch Commander at least 10 days prior to the appearance date shown on the subpoena.
Court Appearance & Subpoenas

(b) The subpoena clerk shall make a good faith effort to notify the subpoenaed employee of the date, time and location of the court appearance. If the employee cannot be notified, the subpoena clerk will contact the court and advise them of the inability to contact the employee.

348.2.2 VALID SUBPOENAS
No subpoena shall be accepted for an employee of this department unless it has been properly served and verified to have originated from a recognized legal authority.

348.2.3 ACCEPTANCE OF SUBPOENA
(a) Only the employee named in a subpoena, his/her immediate supervisor or the department subpoena clerk shall be authorized to accept service of a subpoena. Any authorized employee accepting a subpoena shall immediately provide a copy of the subpoena to the department subpoena clerk. The subpoena clerk shall maintain a chronological log of all department subpoenas and provide a copy of the subpoena to each involved employee.
(b) Any supervisor or other authorized individual accepting a subpoena on behalf of another employee shall immediately check available schedules to determine the availability of the named employee for the date listed on the subpoena.

348.2.4 COURT STANDBY
To facilitate court standby agreements with the courts, employees are required to provide and maintain current information on their address and phone number, and to provide accurate and reasonably reliable means or methods for contact.

If an employee on standby is not at their residence, is unable to answer the documented phone number, or changes his/her location during the day, the employee shall notify the subpoena clerk of how he/she can be reached by telephone. Employees are required to remain on standby each day the case is trailing. In a criminal case the Deputy District Attorney handling the case is the only person authorized to excuse an employee from standby status.

348.2.5 OFF-DUTY RELATED SUBPOENAS
Employees receiving subpoenas for off-duty actions not related to their employment with the UOPD shall comply with the requirements of the subpoena. Employees receiving these subpoenas are not compensated for their appearance and arrangements for time off shall be coordinated through their immediate supervisor.

348.2.6 FAILURE TO APPEAR OR REFUSAL
Any employee who fails to accept or comply with the terms of any valid and properly served subpoena may be subject to discipline as well as court imposed civil and/or criminal sanctions.

Understanding or relevant Collective Bargaining Agreement. In such situations, the Department will also reimburse any officer for reasonable and necessary travel expenses.

The Department will receive reimbursement for the officer's compensation through the civil attorney of record who subpoenaed the officer.

348.3.1 PROCEDURE
To ensure that the officer is able to appear when required, that the officer is compensated for such appearance, and to protect the Department's right to reimbursement, officers shall follow the established procedures for the receipt of a civil subpoena.

348.3.2 CIVIL SUBPOENA ACCEPTANCE

348.4 OVERTIME APPEARANCES
If the officer appeared on his/her off-duty time, he/she will be compensated in accordance with the current employee Collective Bargaining Agreement.

The overtime on such appearance will be paid from the time the officer left his/her residence until he/she returned.

Employees shall observe all rules of the court in which they are appearing, refrain from smoking or chewing gum in the courtroom, and shall remain alert to changes in the assigned courtroom where their matter is to be heard.
348.7 TESTIFYING AGAINST THE INTEREST OF THE PEOPLE OF THE STATE
Any member of this department who is subpoenaed to testify, who has agreed to testify, or who anticipates testifying or providing information on behalf of or at the request of any party other than the People of the State of Oregon, the University of Oregon, any county, any city, or any of their officers and employees in which any of those entities are parties, will notify their immediate supervisor without delay. The supervisor will then notify the Chief of Police, University of Oregon General Counsel and, if it is a criminal case, the District Attorney's Office.

Reserve Officers

350.1 PURPOSE AND SCOPE
The University of Oregon Police Department Reserve Unit was established to supplement and assist regular sworn police officers in their duties. This unit provides professional, sworn volunteer reserve officers who can augment regular staffing levels.

350.2 SELECTION AND APPOINTMENT OF POLICE RESERVE OFFICERS
The University of Oregon Police Department shall endeavor to recruit and appoint to the Reserve Unit only those applicants who meet the high ethical, moral and professional standards set forth by this department. The minimum criteria for selection and appointment of reserve officers shall be the same as is required of regular full-time officers.

350.2.1 PROCEDURE
All applicants shall be required to meet and pass the same pre-employment procedures as regular police officers before appointment.

Upon appointment to the Police Reserve Unit, an applicant must have completed, or be in the process of completing, a basic reserve academy within 18 months of the date of appointment, be eligible to be certified, or be eligible to complete a DPSST Police Career Officer Development (PCOD) course based on previous law enforcement experience.

350.2.2 APPOINTMENT

350.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS
Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g. a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the UO Office of Human Resources prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

350.3 DUTIES OF RESERVE OFFICERS
Reserve officers assist regular officers in the enforcement of laws and in maintaining peace and order within the community. Assignments of reserve officers will usually be to augment the Police

Operations Division. Reserve officers may be assigned to other areas within the Department as needed. Reserve officers are required to work a minimum of 20 hours per month.

350.3.1 POLICY COMPLIANCE
Police reserve officers shall be required to adhere to all departmental policies and procedures. A copy of the policies and procedures will be made available to each reserve officer upon appointment and he/she shall become thoroughly familiar with these policies.

350.3.2 RESERVE OFFICER ASSIGNMENTS
All reserve officers will be assigned to duties by the Reserve Coordinator or his/her designee.

350.3.3 RESERVE COORDINATOR
The Chief of Police shall delegate the responsibility for administering the Reserve Officer Program to a Reserve Coordinator.

The Reserve Coordinator shall have the responsibility of, but not be limited to the following:

(a) Assignment of reserve personnel.

(c) Establishing and maintaining a reserve call-out roster.
(d) Maintaining and ensuring performance evaluations are completed.
(e) Monitoring individual reserve officer performance.
(f) Monitoring overall Reserve Program.
(g) Maintaining liaison with other agency Reserve Coordinators.

350.3.4 RESERVE LEVELS
Reserve officers become eligible to perform at different levels in the organization based on their training and experience. The training and experience required for each level and the types of duties each is eligible to perform are listed below: Level I - Recruit Reserve Officer. Level I Reserves are newly appointed and are beginning their training. They do not wear a police uniform and are not permitted to carry weapons. Level I Reserves may ride with regular officers on patrol wearing civilian clothes. They perform no law enforcement functions Level II - Reserve Officer. Level II Reserves have successfully completed the Reserve Academy including qualification with duty weapons, defensive tactics, use of force, criminal law and traffic code. Level II reserves may perform their duties in uniform, carry weapons and perform law enforcement functions under the direct supervision of a Training Officer. Level III - Reserve Officer. Level III Reserves have successfully completed the Reserve Academy, all three phases of the Reserve Field Training Program for a total of 484 hours of Field Training. Level III Reserves are authorized to perform law enforcement functions without direct supervision of a training officer and to operate in a solo patrol.
assignment. Level III Reserve Officer requirements can be satisfactorily met if the Level III Reserve Officer is eligible to complete a DPSST Police Career Officer Development (PCOD) course based on previous law enforcement experience and the Reserve Officer successfully completes a DPSST Field Training and Evaluation Program (FTEP) manual or completes an FTEP waiver process.

350.4  FIELD TRAINING
The field training program shall consist of the completion of three training phases to be completed under the supervision of a Primary Training Officer, with the assistance of other training officers, as assigned by the department. During the field training period the reserve officer must complete the standard DPSST Field Training Manual as described in Policy Manual § 350.4.3.

350.4.1   TRAINING OFFICERS
Officers of this department, who demonstrate a desire and ability to train reserve officers, may train the reserves during Phase II, subject to Watch Commander approval.

350.4.2   PRIMARY TRAINING OFFICER
Upon completion of the Academy, reserve officers will be assigned to a primary training officer. The primary training officer will be selected from members of the Field Training Officer (FTO) cadre. The reserve officer will be assigned to work with his/her primary training officer during the first 160 hours of training. This time shall be known as Phase I Training.

350.4.3   FIELD TRAINING MANUAL
Each new reserve officer will be issued a Field Training Manual at the beginning of Phase I Training. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the University of Oregon Police Department. Each section of the manual must be signed-off by both the Primary Training Officer and any other officer observing the performance. The completed manual will be submitted to the department Lieutenant - Professional Standards and Training and it shall become part of the reserve officer's training file. The reserve officer shall become knowledgeable of the subject matter as outlined and proficient with those skills as set forth in the manual.

350.4.4   COMPLETION OF THE PRIMARY TRAINING PHASE
At the completion of Phase I Training the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officer in training.

If the reserve officer has progressed satisfactorily, he/she will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

350.4.5   SECONDARY TRAINING PHASE
Phase II Training shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with his/her primary training officer. The reserve officer may now ride with any officer designated by the Watch Commander.
During Phase II of training, as with Phase I, the reserve officer's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Officer's Field Training Manual. At the completion of Phase II of training, the reserve officer will return to his/her primary training officer for Phase III of the training.

350.4.6 THIRD TRAINING PHASE
Phase III Training shall consist of 24 hours of additional on-duty training. For this training phase, the reserve officer will return to his/her original primary training officer. During this phase, the training officer will evaluate the reserve officer for suitability to graduate from the formal training program.

At the completion of Phase III Training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve officer's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve officer has satisfactorily completed his/her formal training. If the reserve officer has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

350.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS
When a reserve officer has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a reserve training officer. The reserve officer may now be assigned to ride with any officer for the remaining 200-hour requirement for a total of 484 hours before being considered for relief of immediate supervision. Level III Reserves who meet the aforementioned PCOD course and FTEP manual completion or FTEP waiver process are exempt from the 484 hour requirement.

350.5 SUPERVISION OF RESERVE OFFICERS
Level II reserve officers should be under the immediate supervision of a regular sworn officer. Although a reserve officer may have attained the status of a Level II reserve officer, these provisions shall continue to apply unless special authorization is received which relieves the immediate supervision requirement.

350.5.1 SPECIAL AUTHORIZATION REQUIREMENTS
Reserve officers certified as Level II may, with prior authorization of the Reserve Coordinator and on approval of the Director, be relieved of the "immediate supervision" requirement. Level II reserve officers may function under this authorization only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Director, the Watch Commander may assign a certified Level II reserve officer to function as above for specific purposes and duration.
Reserve Officers

350.5.2  RESERVE OFFICER MEETINGS
All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

350.5.3  IDENTIFICATION OF RESERVE OFFICERS
All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

350.5.4  UNIFORM
Reserve officers shall conform to all uniform regulation and appearance standards of this department.

350.5.5  INVESTIGATIONS AND COMPLAINTS
If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator in coordination with the Lieutenant - Professional Standards and Training, at the discretion of the Police Operations Director.

Reserve officers are considered at-will employees.

350.5.6  RESERVE OFFICER EVALUATIONS
While in training reserve officers will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed. Reserves having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve officer.

350.6  FIREARMS REQUIREMENTS
Reserve officers have peace officer powers during their assigned tour of duty.

350.6.1  CARRYING WEAPON ON DUTY
It is the policy of this department to allow level II or III reserve officers to carry firearms only while on duty or to and from duty.

350.6.2  IN-SERVICE TRAINING
Reserve officers are encouraged to attend all in-service training offered to regular officers. Reserve officers are required to attend classes designated as mandatory either at one of the regular in-service sessions or one scheduled specifically for reserves.

350.6.3  CONCEALED FIREARMS PROHIBITED
No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit or meet
concealed firearms carry requirements by qualified law enforcement officers as noted in 18 US Code 926C. An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

350.6.4 RESERVE OFFICER FIREARM TRAINING
All reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers shall comply with all areas of the firearms training consistent with the same standards that apply to full-time sworn UOPD Police Officer personnel as noted in Policy 312.

350.7 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL
The Reserve Coordinator shall develop a plan outlining an emergency call-out procedure for reserve personnel.
Security Assistants (SA)

351.1 PURPOSE AND SCOPE
This policy outlines the Security Assistant (SA) position, its functions, and limitations. SA’s provide a wide variety of services to the Department and the campus community, including select non-emergency call response, prevention/community services and special events and major incident support.

351.1.1 SUPERVISION
SA's operate under the direction of the SA Coordinator, or designee, in the Patrol Division.
During campus assignments, SA's will also be under the operational direction of Patrol Supervisors.

351.2 DISPATCHED CALL RESPONSE
(a) When available for patrol, SA's may respond to calls, where a Public Safety Officer or Police Officer are not required. (For example, safety escorts, building access requests)
(b) SA's are generally assigned to specific beats and will generally respond to calls in their assigned beats.
(c) If a SA is not available for a particular call, Communications will determine whether to send another officer or wait for a SA to become available by exercising their normal discretion and policy for dispatching
(d) SA's will not be dispatched to, or respond to the following types of calls:
   1. calls involving controlled substance issues, disputes, weapons, or any call where a physical confrontation is likely
   2. as a primary unit to calls regarding violations of law where enforcement may be necessary
   3. calls where investigative follow-up will be required, or where the call itself is follow-up, such as location of stolen property

351.3 PREVENTION AND COMMUNITY SERVICES
(a) SA's may be assigned to assist with Crime Prevention efforts as well as community services activities.
(b) SA's may supplement staffing at the University Housing substation.
351.4 SPECIAL EVENTS OR MAJOR INCIDENTS

2. SA’s will not respond in an emergency response mode to any call.

(b) Uniforms and equipment

1. SA’s will wear designated uniforms, which are distinctly different from sworn officer uniforms, when working and will carry all required equipment needed to adequately perform their assigned duties.
Outside Agency Assistance

352.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to officers in the request of or answering the request for assistance involving another law enforcement agency.

It is the policy of this department to provide assistance whenever reasonable, consistent with the applicable laws of arrest and detention policies of this department, when another law enforcement agency requests assistance with an arrest or detention of any person. This department may also request an outside agency to provide assistance.

352.1.1 ASSISTING OUTSIDE AGENCIES

Generally, calls for assistance from other agencies are routed to the Watch Commander's office for approval. When an authorized employee of an outside agency requests the assistance of this department in taking a person into custody, available officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a supervisor. Arrestees may be temporarily detained by our agency until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to other county facilities.

When such assistance is rendered, a case number will be issued to report action taken by University of Oregon Police Department personnel.

352.1.2 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES

If Commissioned UOPD officers require assistance of Sworn officers, they shall first notify a supervisor of their intentions, and the assistance will be provided by on-duty Sworn officers of this department before requesting assistance from another agency. If the assistance is of a nature that cannot be fulfilled by officers of this department, the Supervisor or Watch Commander may approve requesting assistance from another agency, or provide other direction.

The handling officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting officer should secure radio frequencies for use by all involved agencies so that communication can be coordinated as needed. If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.
Registered Offender Information

356.1 PURPOSE AND SCOPE
This policy establishes guidelines by which the University of Oregon Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

356.2 POLICY
It is the policy of the University of Oregon Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

356.3 REGISTRATION
The Investigations Unit Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Oregon State Police in accordance with ORS 181.598.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to report.

356.3.1 CONTENTS OF REGISTRATION
Registrants shall (ORS 181.595):

(a) Provide the information to complete the sex offender registration form and sign it.

(b) Submit to photographs, including photographs of scars, marks or tattoos, when initially reporting and each time the registrant reports annually.

(c) Submit to fingerprinting, if required.

356.4 MONITORING OF REGISTERED OFFENDERS
The Investigations Unit Supervisor should establish a system to periodically, and at least once annually, verify that any registrant in the University jurisdiction remains in compliance with their registration requirements after the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
Registered Offender Information

(b) Review of information on the State of Oregon Sex Offender Inquiry System.
(c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to Oregon State Police.

The Investigations Unit Supervisor and Crime Analyst should also establish a procedure to routinely disseminate information regarding registered offenders to UOPD personnel, including timely updates regarding new or relocated registrants.

356.5 DISSEMINATION OF PUBLIC INFORMATION
Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Sex Offender Inquiry System, http://sexoffenders.oregon.gov/, or the University of Oregon Police Department's website.

The Communications and Emergency Response Manager shall release local registered offender information to residents in accordance with state law and in compliance with Oregon Public Records Law requests (ORS 181.835; ORS 181.540; ORS 181.837; ORS 192.410 through 192.505).

356.5.1 RELEASE NOTIFICATIONS
Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register, who are in compliance with the offender registration laws and who the law permits to be included.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

(d) The information on this website may not reflect the entire criminal history of a registered offender.

(e) Anyone who uses information contained in the registry to harass or discriminate against registrants or commit any crime may be subject to criminal prosecution and/or civil action.
Civil Disturbances and Demonstrations

357.1 PURPOSE AND SCOPE
As an institution of higher education, the University of Oregon fosters an atmosphere that encourages the expression of thoughts and opinions and the exercising of constitutionally granted rights to address grievances.

Proper handling of large public demonstrations and events is important to reduce the possibility of escalation into a situation that involves criminal activity or threatens public safety. The University will respond in a tiered approach in an effort to address any issues that might arise at the lowest engagement possible. Whether there is a police presence, and the profile of any police presence will be determined through an assessment of factors such as the nature of the event and the need to ensure public safety, protect persons and property, and maintain order.

Many strategies may be appropriately employed during demonstrations or large public events that do not include police actions. This policy provides guidelines for UOPD employees when they are involved in dealing with these incidents. The ultimate goal in the management of any event is to mitigate impact on the affected areas and persons, and eventually restore the affected area to the conditions that prevailed before the incident occurred.

357.1.1 DEFINITIONS
**Civil Disturbance:** Public gatherings that involves riots, personal or property damage, threatening individuals or assemblies that have become significantly disruptive, or involve criminal activity.

**Demonstrations:** Visible actions designed to advocate a position on a particular issue or issues. They may include actions that cause inconvenience to the campus community.

357.2 GENERAL GUIDELINES
It is crucial that UOPD personnel remain neutral and impartial in performing their duties. Duties generally include:

- Protect life and prevent personal injury
- Protect the statutory and constitutional rights of all parties
- Protect personal and public property

Effective communication is essential for successful operations. This includes communications with:

- people involved in the incident
- people affected by the incident
- Officers and other employees of UOPD and the University
- UOPD Command personnel, UO Incident Management Team (UO-IMT) and other University administrators involved in the response to such incidents.
Civil Disturbances and Demonstrations

Participant behavior during a demonstration or other public event may span varying levels including lawful, constitutionally protected actions and speech, civil disobedience (typically involving minor criminal acts) and rioting. All of these behaviors may be present during the same event, therefore, it is imperative that police actions are measured and appropriate for the behaviors encountered. This is particularly critical if force is being used. Adaptability of strategies and tactics is essential.

357.3 COMMAND AND COORDINATION
The University's response to these events will be organized in a manner consistent with the National Incident Management System (NIMS), the Incident Command System (ICS) and the University of Oregon Emergency Operations Plan (EOP).

Management of the University response will be handled through activation of the UO-IMT which includes Unified Command involving the UOPD Chief, or designee. The PIO function also becomes part of the PIO Group (See the UO EOP for further details).

If the incident is likely to involve a location outside the campus jurisdiction, or mutual aid is anticipated, representatives of the Eugene Police Department or other involved law enforcement agencies should be part of a Unified Command structure.

When responding to unanticipated events, the Watch Commander, or designee, generally will be the initial Incident Commander in the ICS structure until such time as the EOP is activated and the Watch Commander is relieved. The Watch Commander is initially responsible for:

- establishing a field command post/location and communicating the location to the dispatcher
- establishing an effective communication link to the UOPD representative in the Unified Command
- establishing the necessary mechanism to adequately monitor the situation, including the documentation of unlawful behavior
- updating the Incident Command group in a timely fashion regarding changes in behavior or other information critical to the successful management of the incident

357.4 INITIAL ASSESSMENT
The Department will utilize administrators (such as Student Affairs, University Relations and Finance and Administration) to work with groups first and will also be able to utilize the following resources: Office of Strategic Communications, Neutral Observers program (Student Affairs), and the Bias Response Team (Student Affairs).

UOPD officers will be deployed there is a reasonable expectation of unlawful or disruptive behavior. UOPD personnel may be the first University officials on a scene of an unanticipated event. The initial response should be focused on making an assessment of the situation. This assessment includes, but is not limited to:

- location(s)
Civil Disturbances and Demonstrations

- number of participants
- purpose of the event
- leadership (whether it is apparent and/or whether it is effective)
- any initial indicators of unlawful or disruptive activity
- indicators that lawful use of University facilities, streets or walkways will be impacted
- ability and/or need to continue monitoring the incident

Initial assessment information should be communicated through the Chain of Command to Incident Command.

357.5 ENFORCEMENT ACTIONS

Enforcement of laws generally will only be done when authorized by the Incident Commander, or designee, or when enforcement actions are likely to prevent death or serious bodily injury. Enforcement actions, if deemed appropriate, generally follow adequate warnings and advisements communicated to the participants of the event.

Warnings and advisements may be communicated through established communications links with leaders and/or participants (such as through the Neutral Observer Program), or communicated to the group, en masse. Effectively communicating warnings and advisements to a large group, en masse, is often very difficult and UOPD staff who are designated to issue such communications should use whatever reasonable methods are available to ensure that the messages are clear in content and are heard by the participants.

Often, no leaders are identifiable, or if they are identifiable refuse to self-identify as leaders or act as leaders in working with authorities. This presents challenges in communicating adequately and effectively with participants.

Warnings and advisements should be recorded, if practical, and documentation of evidence that they are heard can be effective in support of enforcement actions, if they become necessary or advisable.

The content of warnings and advisements are sometimes provided by the prosecutor's office in order to form a legal foundation for addressing some behaviors, such as trespassing. Generally, however, they should include:

- police concerns, including identifying what laws are being broken
- what actions people can take to render their behavior legal
- generally, what police actions will take place if the illegal behavior continues
357.6 USE OF FORCE
The use of force in crowd situations should be authorized prior to application, and accomplished in a deliberate, methodical and calculated manner so that the force is applied within departmental guidelines and training, and only on those person's where the force is justified.

Commanders authorizing the use of force should take into consideration that the use of force can result in an escalation of anti-police sentiments and increased unlawful behavior by people involved in mass demonstrations.

357.7 VIDEO RECORDING
This policy does not cover public safety video cameras that are installed for routine surveillance of public spaces for public safety concerns.

Video recording, when appropriate, is a good tool to record situations and events that involve, or may lead to, the need for police action. These recordings support criminal prosecutions, assist in evaluating department performance and better respond to allegations of improper police actions or legal action taken against the department and/or its employees.

Video recording by department personnel will be done in compliance with applicable laws. They will not be made, or retained, for the purpose of collecting or maintaining information about the political, religious, or social views, associations, or activities of any individual, group, association, organization, corporation, business, or partnership unless such information directly relates to an investigation of criminal activities, and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

357.7.1 HANDLING AND RETENTION OF VIDEO RECORDINGS
Video recording media will be submitted as evidence, if it is known to contain evidence of criminal conduct. Otherwise, it will be submitted as property.

A copy of the Property or Evidence Report will be forwarded to Law Enforcement Records Specialist, who will be responsible for managing the retention and authorizing the disposition of video recordings made under this policy.

Video recordings submitted as evidence will be retained in accordance with policies and procedures for the retention of criminal evidence.

Video recordings submitted as property will be retained for 30 days if no police action was taken during the event. During that time all internal reviews will be conducted. If police action was taken during the event, the recordings will be retained for 180 days (this corresponds to the time frame in which civil allegations must be formally reported to the department).

If recordings are determined to contain criminal or civil evidence they will be retained in their entirety at the direction of the prosecutor or general counsel. Once legal action is finished, and at the direction of the attorney, the recordings will be erased or destroyed.
Major Incident Notification

358.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

358.2 POLICY
The University of Oregon Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

358.3 MINIMUM CRITERIA FOR NOTIFICATION
Most situations where the media show a strong interest are also of interest to the Chief and the affected Captain/Director and other UO staff via the IIN. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

Incidents involving threats to life/safety:
- Homicides
- Active Shooter
- Mass casualty event
- Aircraft crash

Incidents involving substantial disruption to University operations (academic buildings, research facilities, residency halls, administrative buildings, etc):
- Traffic accidents with fatalities
- Civil disturbance

Incidents involving significant media attention or indirect effect on University operations:
- Officer-involved shooting on- or off-duty (see the Officer-Involved Shooting Policy for special notifications)
- Significant injury or death to an employee on- or off-duty
- Death of a prominent official
- Arrest of department employee or prominent official
- In-custody deaths
- Missing student or faculty/staff member
Major Incident Notification

358.4 WATCH COMMANDER RESPONSIBILITY
The Watch Commander is responsible for making the appropriate notifications. The Watch Commander shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Watch Commander shall attempt to make the notifications as soon as practicable. Notification should be made during off-duty hours by calling the home telephone number first and then by cellular telephone.

The Watch Commander should then follow protocols established in the Internal Incident Notification Policy (IIN), section 5.

358.4.1 STAFF NOTIFICATION
In the event an incident occurs described in Policy Manual § 358.2, the Chief of Police shall be notified along with the affected Director.

358.4.2 DETECTIVE NOTIFICATION
If the incident requires that an investigator respond from home, the Watch Commander shall be contacted who will then contact the appropriate investigator.

358.4.3 PUBLIC INFORMATION OFFICER (PIO)
The Public Information Officer shall be called after members of staff have been notified.
Clery Act - Notifications of Significant Emergencies and Dangerous Situations

359.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure the Department fulfills its obligations to the campus community as outlined in 34CFR 668.46(e), the Jeanne Clery Disclosure of Campus Security Policy (referred to as the Clery Act) and Campus Crime Statistics Act.

The Clery Act and Campus Crime Statistics Act (Clery Act), require that colleges and universities provide timely and relevant information about campus crimes and emergency situations to campus residents and stakeholders, such as students and employees. Moreover, in complying with the Clery Act, it is important that campus police and public safety agencies maintain accurate documents demonstrating the agency's inclusive efforts to inform all appropriate constituencies, actual and potential, of the availability of crime data and reports.

Refer also to Policy 822 - Jeanne Clery Campus Security Act for Departmental and programmatic responsibilities.

359.2 POLICY
It is the policy of the UOPD to comply with the Clery Act and to contribute to the university's fulfillment of Clery Act requirements in regard to two types of alerts that may keep the campus informed about safety and security threats: "emergency notifications" and "timely warnings."

At the UO, "emergency notifications" are known and disseminated as "UO Alerts," as per the UO Emergency Operations Plan. Certain UOPD supervisors and administrators are trained to launch "UO Alerts" when necessary, to immediately notify campus stakeholders by various means of imminent threats to safety.

At the UO, "timely warnings" are known as "Campus Crime Alerts," and are the responsibility of UOPD. "Campus Crime Alerts" are usually created and disseminated when Clery-reportable crimes (such as Criminal Homicide, Sexual Assault, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson and Hate Crimes; see Policy 822.4(a),(b)) are reported on UO-owned and ,"controlled properties. The list of crimes is not inclusive and "Campus Crime Alerts" may be issued for any serious or continuing threat to person, property or campus safety.

359.3 PROCEDURE
UOPD staff will follow the UO Emergency Operations Plan in assessing, creating and disseminating "UO Alerts."

UOPD staff will follow the Department's "Clery Campus Crime Alert Protocol" document to promptly and efficiently analyze incidents, and create and distribute "Campus Crime Alerts" when warranted. Each incident is considered on a case-by-case basis, depending on the facts of the case and the information known by UOPD.
359.3.1 ADMINISTERING ALERTS
The Incident Commander is responsible for approving the content and timing of alerts (in some situations, this responsibility is delegated either by a formally identified Incident Commander, or by the Chief of Police). In addition, the Incident Commander must determine whether an alert hinders either a criminal investigation or emergency operation.

(a) An alert is determined to hinder a criminal investigation when there is clear and convincing evidence that the release of such information would jeopardize an ongoing criminal investigation, jeopardize the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence.

1. If posting an alert will not hinder the investigation, the alert will be issued in the manner described above.

2. If after consulting with appropriate staff it is determined that posting an alert will hinder the investigation, such information will be withheld until that damage is no longer likely to occur from the release of information.

(a) Consideration should be given to notifying crime victims before alerts are issued to the campus community.

359.3.2 ALERT CONTENT AND DISTRIBUTION
Alerts shall contain information on the nature, location and time of incidents that may affect the safety and security of campus constituents. Alerts will also contain instructions or suggestions that may enhance the safety and security of recipients. Care should be taken so that the content or timing of Alerts will not interfere with an emergency response or a criminal investigation, or put the personal safety any civilian or responder at risk.

When necessary, UOPD will work with other local agencies to gather relevant information for alert content, including when incidents occur off of UO-owned or "controlled property.

As a general rule, alerts will be distributed as soon as possible within the guidelines for each type of alert ("UO Alerts" as governed by the UO Emergency Operations Plan and "Campus Crime Alerts" as governed by the "Clery Campus Crime Alert Protocol"). Alerts need not wait until all information has been confirmed.

359.3.3 NOTIFICATION TO THREATENED PERSONS
In all cases of a credible threat to harm another campus student/staff/faculty member, every effort should be made to notify the intended victim through appropriate channels and to provide whatever assistance may be necessary for that person's safety. The officer/employee receiving the threat information is responsible for:

(a) Immediately notifying the Watch Commander/immediate supervisor

(b) Documenting the threat information in a report

The on duty Watch Commander is responsible for:
Clery Act - Notifications of Significant Emergencies and Dangerous Situations

(a) Notifying Command Staff of the incident and threat information
(b) Notifying the intended victim through appropriate channels
(c) Ensuring that the notification procedure is completed
(d) Coordinating with other departments and agencies as required
(e) Ensuring proper UOPD Command Staff are briefed to the threat information

359.3.4 MAINTENANCE OF CRIME ALERTS

(a) All records pertaining to Timely Warnings (crime reports or other notification documents, e-mail correspondence and warnings) are maintained by the Clery Coordinator in electronic and paper format. Timely Warnings are archived on the UOPD website.

(b) Copies or other documentation of the Alert will be forwarded to the Chief of Police, Assistant Chief, Police Operations Captain, Police Operations Lieutenants, Investigation Sergeant and Crime Analyst.
Death Investigation

360.1 PURPOSE AND SCOPE
The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

360.2 INVESTIGATION CONSIDERATIONS
Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (decapitated, decomposed, etc.). Officers are not authorized to pronounce death. A supervisor shall be notified in all death investigations.

360.2.1 MEDICAL EXAMINER NOTIFICATION
Oregon Revised Statutes 146.090 requires that a medical examiner must be notified in the following circumstances. Any death:

(a) Apparently homicidal, suicidal or occurring under suspicious or unknown circumstances
(b) Resulting from the unlawful use of controlled substances or the use or abuse of chemicals or toxic agents
(c) Occurring while incarcerated in any jail, correction facility, or in police custody
(d) Apparently accidental or following an injury
(e) By disease, injury or toxic agent during or arising from employment
(f) While not under the care of a physician during the period immediately previous to death
(g) Related to disease which might constitute a threat to the public health
(h) In which a human body apparently has been disposed of in a manner that is offensive to the generally accepted standards of the community

The body, effects of the deceased, and any instruments or weapons related to the death shall not be disturbed or moved from the position or place of death without permission of the Medical Examiner or Deputy Medical Examiner, and the District Attorney.

A Medical Examiner, Deputy Medical Examiner, or District Attorney, in conjunction with the University of Oregon Police Department and/or the county Major Crime Team, shall take custody of, or exercise control over the body, the effects of the deceased and any weapons, instruments, vehicles, buildings or premises which the medical examiner has reason to believe were involved in the death, in order to preserve evidence related to the cause and manner of death.

The members of the University of Oregon Police Department will work cooperatively with both the Medical Examiner's Office and the District Attorney in all death investigations.
360.2.2 SEARCHING DEAD BODIES
Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased, a receipt shall be obtained. This receipt shall be attached to the death report.

Officers must make a reasonable search of an individual who reasonably appears to be dead or near death for a document of gift or other information identifying the individual as a donor or as an individual who made a donor refusal. If a document of gift or a refusal to make an anatomical gift is located and the individual or deceased individual is taken to a hospital, the officer must alert the hospital staff to the documentation and forward it to the hospital (ORS 97.970). Officers must consider the integrity of the scene and evidence collection issues when deciding whether a search is reasonable.

360.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Medical Examiner’s Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. The notification should be made in the following order:

- spouse or significant other
- parents
- brother or sister
- children
- other

If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Upon identifying the body, investigators shall attempt to locate the next of kin or responsible friends to obtain the designation of a funeral home to which the deceased is to be taken.

In the event that other agencies request the assistance of UOPD in delivering a death notification, the following guidelines should be followed:

(a) Deliver the notification in person, if possible.
(b) Obtain the identity and contact information of officials in the other jurisdiction who will have information for the family.
(c) Obtain the full identity of the deceased, including date of birth and identifying features.
(d) Obtain as much information about the details of the death that the other agency is willing to share. It is generally the responsibility of the investigating agency, or involved Medical
Death Investigation

Examiner, to provide the family with details of the death. Information beyond the scope of the details provided should be released by the agency only.

(e) Notify the other agency once the notification has been made (or if there is a significant delay in notification). Give them specific information about who was contacted and how they, themselves, may contact that person in the future.

360.2.4 UNIDENTIFIED DEAD BODIES
If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner’s office will issue a “John Doe” or “Jane Doe” number for the report.

360.2.5 DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented on the appropriate form.

360.2.6 SUSPECTED HOMICIDE
If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.
Identity Theft

362.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. A person commits the crime of identity theft if the person, with the intent to deceive or to defraud, obtains, possesses, transfers, creates, utters or converts to the person own use the personal identification of another person (Oregon Revised Statutes 165.800). This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING
(a) In an effort to maintain uniformity in reporting, officers presented with the crime of "identity theft" shall initiate a report for victims residing within the jurisdiction of this department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:

1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

(d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

(e) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.
Private Persons Arrests

364.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Oregon Revised Statutes 133.220(3).

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS
A private person may arrest another person for any crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime. A person making such an arrest shall, without unnecessary delay, take the arrested person before a magistrate or deliver the arrested person to a peace officer (Oregon Revised Statutes 133.225).

In making an arrest, a private person may use the amount of force they reasonable believe is necessary to make the arrest or to prevent the arrested person's escape.

364.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person wishing to make an arrest must determine whether or not there is probable cause to believe that such an arrest would be lawful.

(a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.

2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that
Private Persons Arrests

no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

1. Take the individual into physical custody for booking.

2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

364.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must sign the appropriate section of the department report system.

Officers shall complete a narrative report regarding the circumstances and disposition of the incident.
Communications with Persons with Disabilities

370.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS
Definitions related to this policy include:

Auxiliary aids - These are used to communicate with people who are deaf, hard of hearing or have impaired speech. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY), videophones (video relay service or VRS); or use of a qualified interpreter.

Deaf or hard of hearing - An individual who has or is regarded as having substantially limited hearing with or without assistance.

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

370.2 POLICY
It is the policy of the University of Oregon Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
ADA coordination is handled through the UO Office of Affirmative Action and Equal Opportunity (UO AAEO). The Chief of Police may additionally delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107) in the department. The ADA Coordinator shall be appointed by, and directly responsible, to the Police Operations Director or the authorized designee.

The responsibilities of the ADA Coordinator, if one is appointed, shall include, but not be limited to:

(a) Working with the University ADA coordinator regarding the University of Oregon Police Department's efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.
Communications with Persons with Disabilities

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications and Emergency Response Manager. The list should include information regarding the following:
   1. Contact information
   2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

370.4 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.
Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the University of Oregon Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE
University of Oregon Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.
Communications with Persons with Disabilities

370.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:
(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.
370.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

370.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.
Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
(b) Exchange of written notes or communications.
(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.
In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.14.1 INTERPRETER REQUIRED IN ARRESTS
An officer who arrests a person who is deaf, has a physical hearing impairment or physical speaking impairment shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

370.15 ARRESTS AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

370.16 COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department UO AAEO or, if one is appointed, the ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

370.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.
370.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.

(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

The Lieutenant - Professional Standards and Training shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Lieutenant - Professional Standards and Training shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

370.18.1 CALL-TAKER TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.

(b) ASL syntax and accepted abbreviations.

(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.

(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Communications and Emergency Response Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.
Stalking

376.1 PURPOSE AND SCOPE
This policy establishes procedures for the investigation and enforcement of stalking complaints (Oregon Revised Statutes 163.730 to 163.755).

376.1.1 POLICY
Stalking behavior frequently results in serious injury and emotional trauma to victims and it is the policy of the University of Oregon Police Department to ensure that complaints of stalking will be given high priority and that every formal stalking complaint will be thoroughly investigated and forwarded to the District Attorney's Office.

376.2 UNIFORM STALKING COMPLAINT
The Department will make available an Oregon Uniform Stalking Complaint form to any person desiring to file a stalking complaint regardless of where the violation is alleged to have occurred. Officers will provide reasonable assistance as necessary to petitioners to properly complete and sign the form.

Upon receipt of a Uniform Stalking Complaint, officers will review and sign the form and complete a thorough investigation. All stalking incident reports shall be forwarded to the District Attorney's Office, regardless of whether any civil or criminal action was taken, within three days (ORS 163.738(7)).

376.3 UNIFORM STALKING CITATION
The bottom half of the Uniform Stalking Complaint is a Uniform Stalking Citation. The citation is a civil summons for the respondent to appear at a hearing to determine if a Stalking Protective Order will be issued against the respondent. Officers will complete and attempt to serve a Uniform Stalking Citation, with a court date set for three judicial days (business days excluding holidays) from the date the citation was served, on the respondent in every case where:

(a) The officer has received a completed Uniform Stalking Complaint, and
(b) The officer has probable cause to believe that the elements of Oregon Revised Statutes 163.732(1), (Stalking) have occurred.

376.3.1 SERVICE OF STALKING CITATIONS
(a) If the citation is served, the officer is required to advise the respondent of the court date and time and location of appearance. Officers should advise the respondent of the following:

1. Engaging in behavior that alarms or coerces the petitioner may result in their arrest; and

2. The contents of the citation and the state and federal law restrictions contained on the front and back of the respondent's copy of the citation; and
3. If they fail to appear at the hearing a warrant will be issued for their arrest, as well as a Stalking Protective Order.

(b) If a Uniform Stalking Citation is issued, attach the top three copies to the case report. Provide the pink copy to the petitioner (pink) and goldenrod copy to the respondent.

(c) If there is probable cause to issue a citation, but the citation is not served, officers should document attempts to serve the respondent.

(d) If the citation is served on the respondent, the DA's office will initiate the hearing process.

(e) If the citation is served on the respondent, the petitioner should be advised that they must also appear at the hearing or the complaint will be dismissed and the Stalking Protective Order will not be issued.

376.4 ARREST
Officers may arrest or cite a suspect for any criminal offense committed (including stalking) if the statutory elements have been met, as well as issue a (civil) Uniform Stalking Citation; the two actions are not mutually exclusive.

376.4.1 STALKING PROTECTIVE ORDERS
Once the court issues a Stalking Protective Order and it is served on the Respondent, officers may arrest the respondent for violating the terms of the order (Oregon Revised Statutes 163.750).

376.5 RESTRAINING ORDERS
Court stalking orders and restraining orders are different and are not mutually exclusive. Stalking reports may be appropriate even if a valid restraining order is in place.

Chaplains may not accept gratuities for any service or follow-up contact that was provided while functioning as a chaplain for the University of Oregon Police Department.

378.7 CLERGY-PENITENT CONFIDENTIALITY
No person who provides chaplain services to members of the Department may work or volunteer for the University of Oregon Police Department in any capacity other than that of chaplain.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent privilege and shall inform department members when it appears reasonably likely that the member is discussing matters that are not subject to the clergy-penitent privilege. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

A distinct uniform, badge and necessary safety equipment will be provided for the Chaplains. This uniform may be similar to that worn by the personnel of this department.

378.10 TRAINING

The Department will establish a minimum number of training hours and standards for department chaplains. The training may include stress management, death notifications, post-traumatic stress syndrome, burnout for officers and chaplains, legal liability and confidentiality, ethics, responding to crisis situations, the law enforcement family, substance abuse, suicide, officer injury or death, and sensitivity and diversity, as approved by the Lieutenant - Professional Standards and Training.
Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Elder Abuse Policy.

380.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The University of Oregon Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected.

380.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

(a) Inquire about and confirm the location of any children or dependent adults.
(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
380.3.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   2. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(b) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(c) Notify Child Protective Services, if appropriate.

(d) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS
During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.
380.3.3 REPORTING
(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. How, where and with whom or which agency the child was placed

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL
If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES
Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should consider contacting the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

380.5 TRAINING
The Lieutenant - Professional Standards and Training is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.
Service Animals

382.1 PURPOSE AND SCOPE
Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The University of Oregon Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

382.2 SERVICE ANIMALS
The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

382.2.1 STATE LAW
Oregon law expands the definition of a service or assistance animal to include any animal that is trained to assist a person with a physical impairment in one or more daily life activities (ORS 346.680).

382.2.2 USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.
382.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the University of Oregon Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as the result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

382.3.1 SERVICE ANIMALS BELONGING TO ARRESTEES

If the owner of a service animal is arrested, reasonable efforts shall be made to accommodate the owner and the animal. These situations may require creative solutions. Some of the options to consider are:
Service Animals

- Consult with the Lane County Jail as to whether they can accommodate the service animal
- Ask the arrestee if they have a preferred option
- Consult with Eugene Animal Control
- Shelter the service animal, ensuring that the shelter staff are notified that the animal is a service animal and who owns the animal for eventual release (make sure the jail staff know where the animal is sheltered)
Public Safety Camera System

384.1 PURPOSE AND SCOPE
The University of Oregon operates a public safety camera system for the purpose of creating a safer environment for all those who live, work, and visit the University. This policy provides guidelines for the operation of the cameras, the purpose of their use and the storage of captured images.

384.2 POLICY
Cameras are strategically placed throughout the jurisdiction at the direction or with the approval of the University for the purpose of assisting the University of Oregon Police Department to detect and deter crime, to safeguard against potential threats to Homeland Security, to manage emergency response situations to natural and man-made disasters, and to assist other University officials to aid in the enhancement of services provided to the community.

Public safety cameras are a building management and crime prevention tool that can assist with scene reconstruction and evidence gathering. Public safety cameras are also a key resource to assist in securing vulnerable sites by providing real time monitoring and early detection of unusual or criminal activity allowing for a more efficient and timely response by law enforcement and emergency response personnel.

The cameras only record images and do not record sound. Recordings may be used for a variety of purposes including criminal investigations and monitoring of activity. In addition, the public safety camera system helps to provide the following benefits:

(a) Assists in identifying, apprehending and prosecuting offenders.
(b) Assists in gathering evidence for criminal and civil court actions.
(c) Assists emergency services personnel maintain good public order.
(d) Assists in monitoring pedestrian and vehicle traffic activity.
(e) Helps improve the general environment on the public streets.
(f) Assists in providing effective public services.

384.3 PROCEDURE
The following procedures have been established for the effective operation of the public safety camera system.

384.3.1 MONITORING
Video images from the cameras are transmitted to monitors installed in the Communications and Emergency Response Center. When activity warranting further investigation is reported or detected at any camera location the dispatcher may selectively view the appropriate camera and relay any available information to responding units. The Communications and Emergency
Response Center personnel are authorized to make some adjustments to the cameras in order to more effectively view a particular area for any legitimate public safety purpose.

The video feed from cameras may be accessed by other University employees for official business only.

384.3.2 TRAINING
Personnel involved in video monitoring will be appropriately trained and supervised.

384.3.3 PROHIBITED ACTIVITY
Video monitoring will be conducted in a professional, ethical and legal manner. The public safety camera system will not be used to invade the privacy of individuals, or to look into private areas or areas where the reasonable expectation of privacy exists. All reasonable efforts will be taken to protect these privacy rights. Video monitoring shall not be used to harass, intimidate or discriminate against any individual or group.

384.4 MEDIA STORAGE
All media will be stored in a secure area with access restricted to authorized persons only. The system will store the images from every camera which are recorded throughout the twenty-four hour period of every day of the week (recording options are "24 hours" and "Motion Activated"). All of the images from every recording device for a particular 24-hour period, beginning at 12:00 a.m. and ending at 11:59:59 p.m. will be referred to as the "Daily Recording".

The Daily Recording will be stored for a period of not less than 30 days and thereafter may be erased if not otherwise required for any related investigation, claim or other official need (Oregon Administrative Rules 166-200-0100 (68)). The system will be configured to automatically purge and write over any Daily Recordings more than 30 days old.

384.5 RETRIEVAL OF RECORDED INFORMATION
Authorization for UOPD members to research and retrieve recorded information must be received from the Chief of Police or his/her designee.

University staff who have a business need to review any video recordings must submit their request to the UO Office of Public Records.

384.5.1 PUBLIC AND OTHER AGENCY REQUESTS
Requests for recorded video images from other governmental agencies or through the submission of a court order or subpoena will be promptly submitted to the General Counsel. Upon the receipt of any such request, it will also be promptly submitted to the Communications and Emergency Response Manager who will promptly research the request and submit the results of such search through the Chief of Police to the General Counsel's office for further handling. Every reasonable effort should be made to preserve the data requested until the request has been finally processed by the General Counsel's office.
Public and media requests for video images captured by public safety cameras will be made available only to the extent required by law. As provided by Oregon public records law, video footage that is evidence in an ongoing police investigation will generally not be disclosed to the public where a disposition has not been reached, absent such disclosure being compelled by a court or other governmental entity of competent jurisdiction.
Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer, as well as others, at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the University of Oregon Police Department with respect to taking law enforcement action while off-duty.

388.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

388.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms and Qualification Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer’s senses or judgment.

388.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
(b) The inability to communicate with responding units.
(c) The lack of equipment, such as handcuffs, OC or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

388.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an police officer until acknowledged. Official identification should also be displayed.

388.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

388.4.3 NON-SWORN RESPONSIBILITIES
Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

388.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

388.5 REPORTING
Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Patrol Function

400.1 PURPOSE AND SCOPE
The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION
Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of University of Oregon Police Department, respond to citizen calls for assistance, act as a deterrent to crime, enforce local ordinances as well as state laws, and respond to emergencies 24 hours per day seven days per week.

Patrol Supervisors and Watch Commanders are expected to ensure adequate staffing and use various sources of information (crime analysis, criminal intelligence, calls-for-service, traffic accident reports, officer and public observations) in order to determine campus community needs, and communicate with patrol officers and communications officers to maximize problem solving.

Patrol will generally provide the following services within the limits of available resources:
(a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions
1. Strategies include, but are not limited to:
   (a) Fixed Beat - officers are responsible for the entire range of law enforcement activity in a set geographical area
   (b) Focused Beat - focused beats are generally designed around a smaller area where similar problems need to be addressed and are assigned by the Watch Commander
   (c) Special Assignment - a directed patrol to address a specific problem. Generally, officers on Special Assignment are not dispatched to calls for service, except where imminent life or property safety are jeopardized
(b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.
(c) Calls for service, both routine and emergency in nature
(d) Investigation of criminal acts
(e) Investigation of situations that indicate a threat to public safety, health and welfare
(f) The apprehension of criminal offenders
(g) Community Oriented Policing and Problem Oriented Policing activities such as citizen assists and individual citizen contacts of a positive nature
Patrol Function

(h) The sharing of information between the Patrol and other divisions within the Department, as well as other outside governmental agencies

(i) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and Problem Oriented Policing strategies

(j) Traffic direction and control

400.1.2 TERRORISM
It is the goal of the University of Oregon Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Investigations Sergeant and Crime Analyst in a timely fashion.

400.2 PATROL INFORMATION SHARING PROCEDURES
The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the University of Oregon Police Department.

400.2.1 CRIME ANALYSIS UNIT
The Crime Analysis Unit (CAU) will be the central unit for information exchange. Criminal information and intelligence reports can be distributed to all divisions within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS
A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate division for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS
Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol briefings as time permits.

400.2.4 BRIEFING INFORMATION
Patrol briefing information will be kept in the briefing room and will include crime bulletins, patrol checks, logs, memos and directives that may be reviewed by all Department employees. The Crime Analyst and Investigations Sergeant will supply specific bulletins for briefing, including intelligence reports and photographs. Copies of Department Directives will be included in briefing information.
400.3 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Racial- or Bias-Based Profiling

402.1 PURPOSE AND SCOPE
This policy provides guidance to department members and establishes appropriate controls to ensure that employees of the University of Oregon Police Department do not engage in racial- or bias-based profiling or violate any related laws while serving the community.

402.1.1 DEFINITION
Definitions related to this policy include:

**Racial- or bias-based profiling** - An inappropriate reliance on factors such as race, ethnicity, national origin, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group as a factor in deciding whether to take law enforcement action or to provide service.

402.2 POLICY
The University of Oregon Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law.

402.3 RACIAL- OR BIAS-BASED PROFILING PROHIBITED
Racial- or bias-based profiling is strictly prohibited. However, nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).

402.4 MEMBER RESPONSIBILITY
Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any known instances of racial- or bias-based profiling to a supervisor.

402.4.1 REASON FOR DETENTION
Officers detaining a person shall be prepared to articulate sufficient reasonable suspicion to justify a detention, independent of the individual's membership in a protected class.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the detention, as applicable.
Nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.5 SUPERVISOR RESPONSIBILITY
Supervisors shall monitor those individuals under their command for any behavior that may conflict with the purpose of this policy and shall handle any alleged or observed violation of this policy in accordance with the Personnel Complaints Policy.

(a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.

(b) Supervisors should periodically review MAV recordings, MDT data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
   1. Supervisors should document these periodic reviews.
   2. Recordings that capture a potential instance of racial- or bias-based profiling should be appropriately retained for administrative investigation purposes.

(c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.

(d) Supervisors should ensure that no retaliatory action is taken against any member of this department who discloses information concerning racial- or bias-based profiling.

402.6 ADMINISTRATION
The University of Oregon Department of Public Safety will investigate all complaints of alleged biased policing or profiling complaints against its members. Upon receipt of a complaint, the Office of Affirmative Action and Equal Opportunity and the Bias Response Team will be notified. Employees found to be in violation of this policy are subject to discipline in accordance with this department's disciplinary policy.

402.7 TRAINING
Training on racial- or bias-based profiling and review of this policy should be conducted as directed by the Lieutenant - Professional Standards and Training.
Briefing Training

404.1 PURPOSE AND SCOPE
Briefing training is generally conducted before a patrol officer’s assigned shift. Briefing training provides an opportunity for important exchange between employees and supervisors. A supervisor generally conducts Briefing training; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations
(b) Notifying officers of changes in schedules and assignments
(c) Notifying officers of new Departmental Directive or changes in Departmental Directive
(d) Reviewing recent incidents for training purposes
(e) Providing training on a variety of subjects

404.2 PREPARATION OF MATERIALS
The supervisor conducting Briefing training is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.
Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE
The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

406.2 CRIME SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident generally is responsible for the preservation of the scene. Officers shall also consider officer safety and public safety issues, including rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene the officer shall continue until relieved by a supervisor.

406.2.1 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Ensure that no suspects are still within the area.
(b) Broadcast emergency information, including all requests for additional assistance.
(c) Provide first aid to injured parties if it can be done safely.
(d) Secure the inner perimeter with crime scene tape.
(e) Protect items of apparent evidentiary value.
(f) Start a chronological log, noting critical times and personnel allowed access.

406.2.2 MEDIA ACCESS
Media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities within the provisions set forth in Policy 346.

406.2.3 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to execute and enforce lawful orders of the local health officer issued for the purpose of preventing the spread of any contagious, infectious or communicable disease.

406.3 SEARCHES AT CRIME OR DISASTER SCENES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.
Crime and Disaster Scene Integrity

406.3.1 AUTHORITY TO SEARCH
In order to search, officers must have probable cause to believe that a crime has occurred and evidence of the crime will be found at the location. Absent consent, a search warrant is generally required to authorize continued search once a scene is stabilized.

406.3.2 CONSENT
Any person who has an expectation of privacy has standing to object to a search. That may include anyone with a property interest in the location, as well as any resident, tenant, or guest, depending on the circumstances. It may not be possible to identify everyone with standing to object, and from whom consent must be obtained, at the early stages of the investigation. Officers should obtain consent to search from authorized individuals where possible, but should also consider obtaining consent and a search warrant in the case of serious crimes or major investigations.
Ride-Along Policy

410.1 PURPOSE AND SCOPE
The Ride-Along Program provides an opportunity for persons to experience the law enforcement function first hand. This policy provides the requirements, approval process, and hours of operation for the Ride-Along Program.

This policy does not apply to full time UOPD employees who schedule or are assigned to a ride-along for on-going training purposes. The employee's supervisor, or assigned training officer, will approve and facilitate the ride-along with Patrol team supervisors and/or the Watch Commander. The ride-along will occur while on-duty.

This policy does not apply to on-duty Police Officers from other jurisdictions who are accompanying a UOPD officer.

410.1.1 ELIGIBILITY
The UOPD Ride-Along Program is offered to residents, students, applicants with UOPD, police officers of other agencies and those employed within the University. Every attempt will be made to accommodate interested persons however any applicant may be disqualified without cause.

Factors that may be considered in disqualifying an applicant include, but are not limited to, the following:

- Being under the age of 18-years, unless specifically authorized by the Chief of Police
- Prior criminal history and probation/parole status (persons on active probation or parole, or persons who have been convicted of a felony crime are not eligible for ride-along)
- Pending criminal action
- Pending lawsuit against the Department
- Denial by any supervisor
- Evidence of alcohol or drug use

410.1.2 AVAILABILITY
The Ride-Along Program is available on most days of the week, with certain exceptions established by Police Operations staff. The ride-along times are normally up to 4 hour blocks. Exceptions to this schedule may be made as approved by the Watch Commander.

410.1.3 PERSONS WITH DISABILITIES
UOPD will attempt to make reasonable accommodation for a person with a disability who is requesting to ride, taking into consideration such factors as the person's abilities, the potential impact on the safety of the officer and the person requesting to ride, and any adverse impact on the ability of the officer to perform the duties which s/he is expected to perform.
410.2 PROCEDURE TO REQUEST A RIDE-ALONG
Ride-alongs will be scheduled by the Program Coordinator in cooperation with the Watch Commander. The Watch Commander has the final authority to decide whether a person will ride, and may allow short notice ride-alongs.

The Program Coordinator and Watch Commander will consider special requests for specific officers, specific shifts, or officer gender. Operational concerns will take precedence over requests. Absent special requests, female riders will be assigned to female officers when practical and when operational concerns allow.

The Program Coordinator will maintain all records of the program until a ride is completed. Archived files will be the responsibility of the Manager of Police Communications and Records.

- The program records contain sensitive information and therefore any paper or computer files will be maintained in a secure manner.

The participant will complete a ride-along Release and Agreement of Indemnification form.

- If the participant is under 18-years of age, a parent/guardian must authorize the participation.
- A new Indemnification form will be filled out for each ride-along.
- The form will be routed to the Records Section who will conduct the rider's criminal history and verify the date and time run.
- The form will be routed back to the Program Coordinator for determination of the rider's eligibility.

UOPD training ride-alongs will take precedence over other ride-alongs, but a previously scheduled ride-along will not be cancelled to accommodate a training request.

If the ride-along request is denied the Program Coordinator will contact the applicant and advise him/her of the denial.

410.2.1 PROGRAM LIMITATIONS AND REQUIREMENTS
Persons will be allowed to ride no more than once every 6 months. An exception would apply to the following: Cadets, Chaplains, Reserves, police applicants, and others with approval of the Watch Commander.

An effort will be made to ensure that no more than one person will participate in a ride-along during any given time period. Normally, no more than one participant will be allowed in the officer's vehicle at a given time.

Relatives/friends of officers may ride-along, subject to supervisory approval, no more than once every 6 months.

Applicants to UOPD may ride once during each shift per application period.
410.2.2 SUITABLE ATTIRE
Any person approved to ride along must wear clean and neat clothing. No unsafe or inappropriate clothing will be allowed (for example, open-toed shoes, offensive logos or torn clothing).

The rider will wear an "Observer" tag on their outer clothing, in a conspicuous location.

410.2.3 PEACE OFFICER RIDE-ALONGS
Off-duty UOPD officers may not ride off-duty as that is considered a violation of the Fair Labor and Standards Act (FLSA).

Off-duty members of other law enforcement agency may participate in the ride-along program.

- The off-duty officer must be in good standing with their agency and may not be on discipline-related Administrative Leave.
- The off-duty officer shall not represent themselves as a peace officer or participate in any law enforcement activity, except as emergency circumstances may require.

410.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK AND RECORDS
All Ride-along applicants are subject to a criminal history check. The criminal history check will include a local records check, and inquiries to the Oregon Law Enforcement Data System (LEDS), the National Crime Information Center (NCIC), Computerized Criminal History (CCH), and Department of Motor Vehicles (DMV). The printed inquiry responses will be attached to the form and forwarded to the Program Coordinator for approval or disapproval.

Upon completion of the ride-along, the Ride-Along Evaluation Form and the Release and Agreement of Indemnification Form will be forwarded to the Manager of Police Communications and Records for archiving. Criminal History printouts will be destroyed consistent with LEDS requirements.

410.3 OFFICER’S RESPONSIBILITY
The officer shall advise the dispatcher that a rider is present in the vehicle as soon as possible, and supply the dispatcher with the rider's identity, in case of emergency. The officer shall notify the dispatcher when the ride is terminated.

Officers shall consider the safety of the rider at all times.

Officers should use discretion when encountering a potentially dangerous situation, and if feasible, let the rider out of the vehicle in a well-lit and safe place. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the rider at that location. The ride-along may be continued or terminated at this time.

Officers will notify their supervisor of any injury, complaint of injury or property damage to or by the rider.
Upon completion of the ride-along, the officer shall complete the Ride-Along Evaluation Form with any comments or concerns turn the form in to the Watch Commander. The Watch Commander will review, approve and forward the form to the Manager of Police Communications and Records.

410.4 CONTROL OF RIDE-ALONG
The assigned employee shall maintain control over the ride-along at all times and instruct the rider in the conditions that limit participation. These instructions should include:

(a) The rider will follow the directions of the officer.
(b) The rider will not be allowed to attend briefings, unless they are an employee of UOPD or a police officer from another jurisdiction.
   1. Riders who are not employees of UOPD or police officers are not permitted access to sensitive law enforcement records, such as LEDS/AIRS/DMV returns, so reasonable efforts will be made to prevent them from viewing such information (for example, on an MDT).
(c) The rider will not become involved in any enforcement activity, investigation (including accessing crime scenes of serious crimes), handling of evidence, discussions with victims or suspects, or handling any police equipment.
(d) The rider is prohibited from taking photographs, or recordings, at any time without permission.
(e) The rider may terminate the ride at any time.
(f) The officer may return the rider to the station if the rider interferes with the performance of the officer's duties.
(g) The rider may be allowed to continue riding during the transportation and booking process provided this does not jeopardize the rider's safety.
(h) Officers will not allow any rider to be present in any situations that would jeopardize the rider's safety or cause undue stress or embarrassment to any person.
(i) Under no circumstance shall a non-sworn rider be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person.
(j) The rider will not be allowed to operate a patrol vehicle or any other UOPD equipment.
(k) The rider will not approach any vehicle on a traffic stop, or enter other property where the occupant may have a privacy interest without permission from the occupant.
Hazardous Material Response

412.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure. The following is to be the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED
A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed. See Oregon Revised Statutes 453.005(7) for a complete list.

412.2 HAZARDOUS MATERIAL RESPONSE
Initial approach to any known or suspected hazardous material incident should be done with extreme caution so that responders are not adversely affected by the hazardous material, thereby negating their effectiveness in protecting the public safety. Strict adherence to training, safety precautions and protective equipment usage is paramount.

412.2.1 UNIVERSITY PROPERTY
Employees may encounter situations involving suspected hazardous materials, such as containers at Campus Operations, reports of laboratory spills or materials near a garbage enclosure. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and the campus community. The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify type of hazardous substance. (Identification can be determined by looking at lab door signs, asking employees, looking at container labels).
(b) Notify UO-EHS Duty Manager.
(c) Provide first-aid for injured parties if it can be done safely and without contamination; contact EFD for medical response if necessary.
(d) Begin evacuation of immediate and surrounding areas depending upon extent of hazard.

412.2.2 PUBLIC WAYS AND TRANSPORTATION
The following steps should be considered at any scene involving suspected hazardous materials on public ways or involving public transportation:

(a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting).
(b) Notify Fire Department.
(c) Provide first-aid for injured parties if it can be done safely and without contamination.
(d) Begin evacuation of immediate area and surrounding areas dependent on substance.
(e) Notify Environmental Health and Safety Duty Manager if university property or personnel are involved.

412.3 REPORTING EXPOSURE(S)
Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee through their supervisor on a Supervisors Accident Investigation Report that shall be forwarded via chain of command to the Division Commander.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

412.3.1 SUPERVISOR RESPONSIBILITY
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that appropriate action is taken to lessen the exposure and, if necessary, obtain immediate medical treatment.

• In situations where exposure is minimal (for example, an employee enters a spill area and only smells the chemical at a distance) getting immediate medical treatment is unwarranted.
  • In such situations, consult with the Environmental Health and Safety Duty Manager
  • Always err on the side of medical treatment if there is doubt or the level of exposure is unknown

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through UO-EHS.

The employee or employees supervisor if the employee is unable, will complete a Workers Compensation form if medical treatment is sought, or if work time is lost (Oregon Revised Statutes 656.265). If an injury is not apparent but exposure to a hazardous substance is possible, the employee will complete a Supervisor's Accident Investigation Report (SAIR) indicating the circumstances of the event and the potential of an exposure.
Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS
Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY
It is the policy of the University of Oregon Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

Mental Illness Commitments

418.1 PURPOSE AND SCOPE
This procedure describes an officer’s duties when a person is to be committed to a mental health unit pursuant to Oregon Revised Statutes 426.070 to 426.228. The commitment of a person to a treatment facility or other confinement is controlled by Oregon Revised Statutes 426.070 through 426.225. Oregon Revised Statutes 426.228 authorizes peace officers to take mentally ill persons into custody.

418.2 AUTHORITY
An officer may take into custody a person the officer has probable cause to believe is dangerous to him/herself or to any other person and is in need of immediate care, custody or treatment for mental illness. An officer shall also take a person into custody at the direction of the community mental health program director when the director has probable cause to believe the person is imminently dangerous to him/herself or to another person. The director is mandated to prepare a report for the officer to deliver to the treating physician (ORS 426.228).

The officer shall transport the person to the nearest facility approved by the Oregon Health Authority (OHA) or will transfer custody of the person to a mental health representative authorized under ORS 426.233(3). At the facility or upon transfer, the officer shall ensure that a report is prepared and delivered to the treating physician or the person taking custody. The report shall state (ORS 426.228):

(a) The reason for custody.
(b) The date, time and place the person was taken into custody.
(c) The name and phone number of the Community Mental Health Director.

If, upon delivery of the person to the facility, the attending physician finds the person is not in need of emergency care or treatment for mental illness, the person is to be released from custody. The officer or the program director shall return the person to the place where he/she was taken into custody, unless the person declines that service.

418.3 OFFICER CONSIDERATIONS AND RESPONSIBILITIES
Any officer responding to or handling a call involving a suspected or actual mentally disabled individual, a Police Officer Hold or other mental commitment, should consider utilizing the following as time and circumstances reasonably permit:

(a) Any available information which might assist in determining the cause and nature of the mental illness or developmental disabilities, including the Law Enforcement Data System (LEDS) Medical Database.
(b) Conflict resolution and de-escalation techniques.
(c) Language that is appropriate for interacting with a mentally disabled person.
Mental Illness Commitments

(d) If circumstances permit, alternatives to deadly force.

(e) Any available community resources that can assist in dealing with a mentally disabled individual.

418.3.1 TRANSPORTATION
When transporting any individual for a mental illness commitment, the handling officer should have Communications and Emergency Response Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the patient and whether or not any special medical care is needed.

Officers may transport patients in the patrol unit and shall secure them in accordance with the handcuffing policy. Violent patients or those that are medically unstable may be restrained and transported by ambulance and ambulance personnel.

The officer will escort the patient into the facility and place that person in a designated treatment room as directed by a staff member. As soon as a security staff member becomes available, he/she should relieve the officer and physically remain in the treatment room with the patient.

If transportation to an appropriate facility will require more than one hour to accomplish, the transporting officer must obtain, if possible, medical clearance from an attending physician who has examined the person within the last 24 hours who certifies that the person is in need of immediate care or treatment for mental illness and that travel will not be detrimental to the person's physical health (ORS 426.228(3)).

418.3.2 RESTRAINTS
If the patient is violent or potentially violent, the officer will notify the staff of this concern. The staff member in charge will have discretion as to whether soft-restraints will be used. If these restraints are desired, the officer will wait while they are being applied to help provide physical control of the patient, if needed.

418.3.3 MENTAL HEALTH DOCUMENTATION
The officer shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention.

418.3.4 SECURING OF WEAPONS
If a receiving and secured facility prohibits weapons or if an extraordinary event occurs in the treatment facility and officers determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the police unit.

418.4 MENTALLY ILL PERSON CHARGED WITH A CRIME
When practical, any person charged with a crime who also appears to be mentally ill shall be booked at the University of Oregon Police Department before being transported to the authorized facility. If the person has injuries or some other medical condition, he/she may be taken directly to the hospital with the approval of a supervisor.
Mental Illness Commitments

418.5 SEIZING OF FIREARMS
Whenever a person has been detained or apprehended for examination pursuant to ORS 426.228 and is found to have in his/her possession or under his/her direct control, any firearm, the weapon should be taken into temporary custody for safekeeping by the handling officer. Any weapons seized shall be booked into property pending disposition.

The firearm should be seized as evidence if appropriate. Officers shall document the violation in a crime report.

This policy does not provide an officer with the authority or permission to conduct a search for weapons beyond that allowed under the law.

418.5.1 RETURN OF CONFISCATED FIREARMS
Any firearm taken into custody for safekeeping under section 418.5 will be returned to the lawful owner upon request unless the owner is prohibited from possessing firearms by court order, parole or probation terms or pursuant to ORS 166.250.

Prior to releasing any weapon, property personnel shall be required to ensure that the person is lawfully eligible to possess the weapon.

A seized weapon shall be eligible for release to the lawful owner or other authorized individual unless such weapon is evidence in a criminal matter or there is other independent lawful reason to retain custody of the weapon.

418.6 TRAINING
As a part of advanced officer training programs, this agency will endeavor to include DPSST approved training on interaction with mentally disabled persons.
Letters of Trespass

419.1 PURPOSE AND SCOPE
This policy is designed to provide general guidelines for the issuance of Letters of Trespass (LOT) by UOPD officers.

Persons who are not current faculty, staff or students are considered to be visitors to the campus. Campus environs may be used by visitors, subject to conditions. Visitors, while on campus, who violate the laws of the State of Oregon (ORS), University Policies, or Oregon Administrative Rules (OAR), are subject to prohibition for using all or some University buildings or property.

419.2 AUTHORITY
The public buildings and lands of the University are under the care and oversight of the State Board of Higher Education (ORS 351.060). The University of Oregon President is delegated the specific duties of maintaining these public buildings and land (ORS 352.004). The President of the University of Oregon has delegated to the Chief of Police of UOPD the responsibilities of maintaining a safe, peaceful, welcoming and crime-free campus (Policy Statement 8.00 Safety and Security). Officers of UOPD are authorized to act as “Person in Charge” of buildings or property, especially absent a more defined person designated by the University. Further, ORS statutes relating to Trespass constitute the legal criteria for determining a trespass violation.

419.3 GENERAL GUIDELINES FOR ISSUANCE OF LETTER OF TRESPASS
Persons who are subject to being issued a LOT are:

- Persons who commit violations of ORS, OAR or University Rules
- Persons who are using University buildings, facilities or land contrary to its normal use, or special use limitations designated by the University (for example, special events)
- Persons who have been served with a LOT and return to University property under conditions contrary to restrictions may be cited and/or arrested for the appropriate criminal trespass charge

Additional guidelines:

- Persons may be directed to leave a specific area of the campus, even though the rest of the campus remains open to them.
- Persons may be directed to leave, and not return, to any campus property.
- Persons may be banned from certain areas of the University, but have access to others to conduct lawful business if approved by the Chief of Police.
- Members of the University community who fall into the categories discussed above will be handled through the appropriate Dean, department head, or Student Affairs. However, they
may be directed to leave certain areas until such time as normal action can be taken by
the University.

419.4 APPEAL
Persons may appeal their removal from University property by mailing a written appeal to the Chief
of Police within 30 days, but the notice of trespass will be in effect until that process has been
complete and a decision by the Chief has been delivered to them.

The appeal should include the reason(s) why the person was on campus property at the time, the
person's future need to be on University property, and any other information the person wishes
to be considered.

The Chief, or designee, will review the circumstances and decide whether to support the
restrictions imposed by the notice, or modify them. That decision will be delivered to the person
in writing via certified mail, or hand delivered if certified mail is not practical.

The person may appeal the decision to the Vice President of Administration by submitting a written
appeal within 10 days of receiving notice of the Chief's decision. The Chief's decision remains in
effect during the appeal.

419.5 DOCUMENTATION
(a) Upon first issuing a restriction to access University property to a person, officers will hand
deliver a LOT and explain the limitations and appeal process to the person.

(b) Officers will notify communications about the LOT and specifics regarding the recipient and/
or conditions.

(c) The LOT will be submitted to the dispatcher prior to the end of the watch so that the LOT
can be scanned into the appropriate database in order to provide for immediate access to
oncoming shifts. Police Records Unit will attach the LOT to the written report and they will
be submitted in the same manner as an arrest report.

(d) Police Records Unit will ensure that the required data entry is completed so that date of
trespass as well as any special circumstances is available to officers.
Citation Releases

420.1 PURPOSE AND SCOPE
Pursuant to Oregon Revised Statutes 133.055, officers may issue a criminal citation to a person if the officer has probable cause to believe that the person has committed a misdemeanor or has committed a felony that is subject to misdemeanor treatment under Oregon Revised Statutes 161.705.

See also Policy 421-Municipal Citation Authority

420.2 STATUTORY REQUIREMENTS
Officers will cite offenders into the court before which they would appear if arrested. The citations must specify the time, date and court of appearance, and the court date shall not be later than 30 days after the citation was issued (Oregon Revised Statutes 133.055 and 133.060).

420.2.1 DISCRETION TO ARREST
While this department recognizes the statutory power of peace officers to make arrests throughout the state officers are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will generally be made outside the jurisdictional boundaries of the University only in cases of hot and/or fresh pursuit, or while following up on crimes committed within the jurisdictional boundaries of the University, or while assisting another agency, or an Intergovernmental Agreement is reached for enforcement activities beyond the University jurisdiction. On-duty officers who discover criminal activity outside the jurisdiction of the University should consider contacting the agency having primary jurisdiction, when circumstances permit, before attempting an apprehension.

Off-duty officers observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations the involved officers shall clearly identify him/herself as a peace officer. See Policy 388 - Off-Duty Law Enforcement Actions.

420.3 DEPARTMENT PROCEDURE
The following procedure will be followed to comply with this law.

420.3.1 FIELD CITATIONS
Upon obtaining satisfactory identification and verifying that there are no outstanding warrants for the individual, officers may issue citations to a person upon probable cause to believe that the person has committed a misdemeanor or has committed a felony subject to misdemeanor treatment under ORS 161.705, unless there is a disqualifying reason making the person ineligible for citation (ORS 133.055).
420.3.2 FINGERPRINTS AND PHOTOGRAPHS
ORS 181.511 mandates that fingerprints and photographs in the following circumstances, regardless of whether they are released on citation:

- all felonies
- any misdemeanor or other offense that involves criminal sexual conduct
- any crime involving the violation of the Uniform Controlled Substances Act

In certain other cases, it may appropriate to fingerprint and photograph persons prior to citing and releasing them.

When such a person is not going to be booked into jail, the person shall be taken into custody and transported to the department for that purpose, after which, they may be issued a citation and released.

420.3.3 DISQUALIFYING CIRCUMSTANCES
In certain circumstances, cite and release may not be appropriate. Those situations include:

(a) Oregon Revised Statutes 133.055 specifically exempts persons arrested for assault (which includes strangulation) or menacing at the scene of a domestic violence complaint. Those persons must be physically taken into custody and shall be transported and lodged at the jail.

(b) The person has outstanding warrants for his or her arrest.

(c) The person cannot satisfactorily identify themselves.

(d) The investigation or prosecution of the offense or offenses for which the person was arrested, or the investigation or prosecution of any other offense or offenses, would be jeopardized by the immediate release of the person arrested.

(e) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(f) The person has indicated they will not appear or there is other reason to believe that the person would not appear at the time and place specified in the citation. The basis for this determination shall be specifically stated such as:
   1. Previous history of failure to appear is on record.
   2. The person lacks ties to the area, such as a residence, job or family.
   3. The person initially provided a false name or identification or has previously used false names to avoid prosecution.

(g) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others. (Release may occur as soon as this condition no longer exists).

(h) Unusual circumstances lead the officer to conclude that the suspect should be held for further investigation.
420.3.4 INSTRUCTIONS TO CITED PERSON
The citing officer shall call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written obligation to appear.

420.4 CITATION RELEASE ON WARRANTS
If the offense is not excluded under Oregon Revised Statutes 133.055, the court may authorize an officer to issue and serve a criminal citation in lieu of arrest (Oregon Revised Statutes 133.110). Officers should not issue citations under the following circumstances:

(a) The crime cited in the warrant involves violence.
(b) The crime cited in the warrant involves a firearm.
(c) The crime cited in the warrant involves resisting arrest.
(d) The crime cited in the warrant involves giving false information to an officer.
(e) The person arrested is a danger to himself or herself or others due to intoxication or being under the influence of drugs or narcotics.
(f) The person requires medical examination or medical care or was otherwise unable to care for his or her own safety.
(g) The person has other ineligible charges pending against him/her.
(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.
(i) The person indicated they will not appear if released on a citation.
(j) The person cannot provide satisfactory evidence of personal identification.
(k) The warrant of arrest does not indicate that the person is eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this section.

420.5 JUVENILE CITATIONS
Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

• Misdemeanor traffic violations of the Vehicle Code
• Violations of the University codes/rules

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Investigations Sergeant for further action.
Citation Releases

420.6 REQUESTING CASE NUMBERS
Traffic infractions may be issued without case numbers and the necessary information can be documented on the reverse side of the Uniform Traffic Citation. For traffic crimes, local ordinance violations, state misdemeanors and qualified felonies, and all citations subsequent to the service of an arrest warrant, case numbers will be drawn. If the incident involves a citation issued subsequent to the service of a local arrest warrant where a University of Oregon Police Department case number already exists, that case number shall be used.
Municipal Citation Authority

421.1 PURPOSE AND SCOPE
The purpose of this policy is to define the authority for UOPD to issue City of Eugene municipal citations and to identify under what circumstances these citations may be issued.

421.2 POLICY
It is the policy of the University of Oregon Police Department (UOPD) that commissioned Public Safety Officers (PSO) and Police Officers will be authorized to issue City of Eugene municipal citations for specific violations and misdemeanors as provided in the Eugene Code, Section 4.035 (EC 4.035).

Arrest or Detention of Foreign Nationals

422.1 PURPOSE AND SCOPE
Article 36 of the Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate our authorities to notify the consulate upon the person’s detention, regardless of whether the detained person(s) request that his or her consulate be notified. The list of specific countries that the United States is obligated to notify is listed on the US Department of State website.

422.1.1 DEFINITIONS
Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS
Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY
The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.
422.3.1 DIPLOMATIC AGENTS
Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities.

422.3.2 CONSULAR OFFICERS
Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul, and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

422.3.3 HONORARY CONSULS
Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

422.4 IDENTIFICATION
All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer's immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator’s license issued by the state.

422.4.1 VEHICLE REGISTRATION
Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have Oregon license plates with an "honorary consul"
Arrest or Detention of Foreign Nationals

Label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state, if the officer has reason to question the legitimate possession of the license plate.

422.5 ENFORCEMENT PROCEDURES
The following procedures provide a guideline for handling enforcement of foreign nationals:

422.5.1 CITABLE OFFENSES
An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the arresting officer:

(a) Identification documents are to be requested of the claimant
(b) The title and country represented by the claimant are to be recorded on the back of the officer's copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear
(c) The violator shall be provided with the appropriate copy of the notice to appear

422.5.2 IN-CUSTODY ARRESTS
Diplomatic agents and consular officers are immune from arrest or detention (unless they have no identification and the detention is to verify their diplomatic status). Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in Policy Manual § 422.6 of this policy.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim (unless restraint is necessary for the protection of the officer or others.)

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

(a) Identification cards issued by the Department of State, Protocol Office, are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), and Official (green bordered), The Department of State identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.

(b) Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an individual
claims immunity and cannot present satisfactory identification, the officer has reason to
doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement
personnel should use the following numbers in order of preference:

Office of Foreign Missions
San Francisco, CA
(415) 744-2910, Ext. 22 or 23
(415) 744-2913 FAX
(0800-1700 PST)
Office of Foreign Missions
Diplomatic Motor Vehicle Office
Washington D.C.
(202) 895-3521 (Driver License Verification) or
(202) 895-3532 (Registration Verification)
(202) 895-3533 FAX
(0815-1700 EST)

Members of diplomatic or consular missions also may have other forms of identification. These
include identification cards issued by Office of Emergency Services, local law enforcement
agencies, the foreign embassy, or consulate; driver licenses issued by Department of State; and,
Department of State license indicia on the vehicle. All these items are only an indication that the
bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified, but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever possible, however, these tests cannot be compelled. The subject shall not be
permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving Under the Influence (DUI) Arrest-Investigation Report, Arrest-Investigation Report and/or any other relevant Report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued by the command concerned. The Department of State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.

422.6 TRAFFIC COLLISIONS
Persons involved in traffic collisions who possess a Department of State OFM Diplomatic Driver License, issued by the DMVO, shall have "D" coded in the license "class" box of the Traffic Collision Report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country, and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in Policy Manual § 422.5 of this chapter.

422.6.1 VEHICLES
Vehicles, which are owned by subjects with full immunity, may not be searched, stored, or impounded without the owner's permission. (Such permission may be assumed if the vehicle has been stolen.) These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

422.6.2 REPORTS
A photocopy of each traffic collision report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Chief of Police within 48 hours whether or not the claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country, and type of identification presented (if applicable). In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement contact that should be reported to the Department of State for further action. The Watch Commander/Supervisor apprised of the incident/accident shall also send a copy of all documents and reports submitted by the investigating officer along with any supervisor's notes, materials and/or logs to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure that notification of Department of State and all necessary follow-up occur.

422.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY
Officers may only arrest foreign nationals not claiming diplomatic or consular immunity under the following circumstances:

(a) There is a valid warrant issued for the person's arrest.
Arrest or Detention of Foreign Nationals

(b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law, or a local ordinance.

(c) Officers shall not arrest foreign nationals solely for alleged undocumented entry into the United States.

Because undocumented presence is strictly a federal civil violation, it is only enforceable by federal officers therefore officers of this department shall not arrest foreign nationals solely for undocumented presence. Officers shall not stop or detain persons solely for determining immigration status.

422.7.1 ARREST PROCEDURE
Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

This procedure applies to detentions of more than two hours. An inquiry is not required if the individual is detained less than two hours for criminal investigation.

If the individual indicates that he/she is other than a U.S. citizen, the officer shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the officer shall contact Communications and Emergency Response Center as soon as practical and request the appropriate embassy/consulate be notified. Officers shall provide Communications and Emergency Response Center with the following information concerning the individual:

- Country of citizenship
- Full name of individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention if different from the Department itself

If the foreign national claims citizenship of one of the countries listed by the US Department of State as requiring mandatory consular notification, officers shall provide Communications and Emergency Response Center with the information above as soon as practical whether or not the individual desires the embassy/consulate to be notified. This procedure is critical because of treaty obligations with the particular countries. The list of mandatory notification countries and jurisdictions can be found on the US Department of State website.
422.7.2 DOCUMENTATION
Officers shall document on the face page and in the narrative of the appropriate Arrest-Investigation Report the date and time Communications and Emergency Response Center was notified of the foreign national's arrest/detention and his/her claimed nationality.
Rapid Response And Deployment Policy

424.1 PURPOSE AND SCOPE
Violence in schools, workplaces and other locations by any individual or group of individuals presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers as they make decisions in these rapidly unfolding and tense situations.

424.2 POLICY

Nothing in this policy shall preclude the use of necessary force, deadly or otherwise, by members of this department in protecting themselves or others from death or serious injury.

424.3 PROCEDURE
Reporting Police Activity Outside of Jurisdiction

426.1 PURPOSE AND SCOPE
This policy provides general guidelines for reporting police activity while on or off-duty and occurring outside the jurisdiction of University of Oregon Police Department.

426.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE UNIVERSITY
When an officer is on-duty and is requested by an allied agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Watch Commander. If the request is of an emergency nature, the officer shall notify Communications and Emergency Response Center before responding and thereafter notify a supervisor as soon as practical.

426.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE UNIVERSITY
Any on-duty officer, who engages in law enforcement activities of any type outside the immediate jurisdiction of University of Oregon Police Department shall notify his or her supervisor or the Watch Commander at the earliest possible opportunity. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction shall notify the Watch Commander as soon as practical.

The supervisor shall determine if a case report or other documentation of the officer’s activity is required. The report or other documentation shall be forwarded to the Police Operations Captain.
Immigration Violations

428.1 PURPOSE AND SCOPE
The immigration status of individuals alone is generally not a matter for police action. It is incumbent upon all employees of this department to make a personal commitment to equal enforcement of the law and equal service to the public regardless of immigration status. Confidence in this commitment will increase the effectiveness of the Department in protecting and serving the entire community.

428.2 DEPARTMENT POLICY
The U.S. Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8, United States Code dealing with illegal entry. This department does not participate in routine immigration investigation and enforcement activities (Oregon Revised Statutes 181.850).

Should activities of ICE generate circumstances that result in officer safety or community safety matters, or when suspected criminal violations are discovered beyond immigration violations, this department may assist ICE only as necessary to protect lives and property, or to enforce criminal laws other than immigration violations.

428.3 PROCEDURES FOR IMMIGRATION COMPLAINTS
Persons wishing to report immigration violations should be referred to the local office of the U.S. Immigration and Customs Enforcement (ICE). The Employer Sanction Unit of ICE has primary jurisdiction for enforcement of Title 8, United States Code.

428.3.1 BASIS FOR CONTACT
Unless immigration status is relevant to another criminal offense or investigation (e.g., harboring, smuggling, terrorism), the fact that an individual is suspected of being an undocumented alien shall not be the sole basis for contact, detention, or arrest (Oregon Revised Statutes 181.850).

428.3.2 SWEEPS
The University of Oregon Police Department does not conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, ethnicity, age, gender, sexual orientation, religion, socioeconomic status or other group.

The disposition of each contact (e.g., warning, citation, arrest), while discretionary in each case, should not be affected by such factors as race, ethnicity, age, gender, sexual orientation, religion or socioeconomic status.
428.3.3 ICE REQUEST FOR ASSISTANCE
If a specific request is made by ICE, this department will provide available support services, such as traffic control or peacekeeping efforts, during the federal operation only as necessary to provide for the safety of persons and property if not adequately provided by ICE.

Members of this department should not participate in such federal operations as part of any detention team unless it is in direct response to a request for assistance on a temporary basis or for officer safety. Any detention by a member of this department should be based upon the reasonable belief that an individual is involved in criminal activity.

428.3.4 IDENTIFICATION
Whenever any individual is reasonably suspected of an offense (infraction, violation, misdemeanor or felony), the investigating officer should take reasonable steps to establish the person's identity by way of valid identification or other reliable sources.

If an individual would have otherwise been released on a citation for a crime, the person should be taken to the station and given a reasonable opportunity to verify his/her true identity (e.g., telephone calls). If the person's identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

428.3.5 ARREST
Pursuant to Oregon Revised Statutes 181.850, no law enforcement agency of the State of Oregon or of any political subdivision of the state shall use agency moneys, equipment, or personnel for the purpose of detecting or apprehending persons whose only violation of law is that they are persons of foreign citizenship present in the United States in violation of federal immigration laws. However, a law enforcement agency may arrest any person who:

(a) Is charged by the United States with a criminal violation of federal immigration laws under Title II of the Immigration and Nationality Act or 18 United States Code 1015, 1422 to 1429, or 1505; and,

(b) Is subject to arrest for the crime pursuant to a warrant of arrest issued by a federal magistrate

If an officer intends to take enforcement action for any other crime and the individual is unable to reasonably establish his or her true identity, the officer may take the person into custody on the suspected criminal violation (Oregon Revised Statutes 807.570, 133.235, and 133.310), if pertinent to the circumstances). A field supervisor shall approve all such arrests.

428.3.6 BOOKING
If the officer is unable to reasonably establish an arrestee's identity, the individual may, upon approval of a supervisor, be booked into jail for the suspected criminal violation and held for bail.

If a person is detained pursuant to the authority of Oregon Revised Statutes 807.570, that person may be detained for such time as is reasonably necessary to investigate and verify the person's identity.
428.3.7 NOTIFICATION OF IMMIGRATION AND CUSTOMS ENFORCEMENT

If an officer believes that an individual taken into custody for a felony is also an undocumented alien, and the individual is not going to be booked into county jail after he/she is formally booked, the arresting officer shall cause ICE to be notified for consideration of an immigration hold.

If an officer believes that an individual taken into custody for an offense other than a felony is also an undocumented alien and there is no intention to transport the person to the county jail after he/she is formally booked, ICE may be notified for consideration of an immigration hold. In making the determination whether to notify ICE in such circumstances, the officer should, in consultation with a supervisor, consider the totality of circumstances of each case, including, but not limited to:

(a) Seriousness of the offense
(b) Community safety
(c) Potential burden on ICE
(d) Impact on the immigrant community

Generally, officers will not need to notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail on criminal charges and notification will be handled according to jail operation procedures.

428.4 CONSIDERATIONS PRIOR TO REPORTING TO ICE

The University of Oregon Police Department is concerned for the safety of local citizens and thus detection of criminal behavior is of primary interest in dealing with any person. The decision to arrest shall be based upon those factors which establish probable cause and not on arbitrary aspects. Race, ethnicity, age, gender, sexual orientation, religion, and socioeconomic status alone are of no bearing on the decision to arrest.

All individuals, regardless of their immigration status, must feel secure that contacting law enforcement will not make them vulnerable to deportation. Members should not attempt to determine the immigration status of crime victims and witnesses or take enforcement action against them absent exigent circumstances or reasonable cause to believe that a crime victim or witness is involved in violating criminal laws. Generally, if an officer suspects that a victim or witness is an undocumented immigrant, the officer need not report the person to ICE unless circumstances indicate such reporting is reasonably necessary.

Nothing in this policy is intended to restrict officers from exchanging legitimate law enforcement information with any other federal, state or local government entity (Title 8 U.S.C. §1373 and U.S.C. § 1644).

428.4.1 U-VISA/T-VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U and T). A declaration/certification for a U-Visa/T-Visa from the U.S. Citizenship and Immigration Services may be completed on U.S.
DHS Form I-918 or I-914 by law enforcement and must include information on how the individual can assist in a criminal investigation or prosecution in order for a U-Visa/T-Visa to be issued.

Any request for assistance in applying for U-Visa/T-Visa status should be forwarded in a timely manner to the Investigations Sergeant assigned to supervise the handling of any related case. The Investigations Unit Sergeant should do the following:

(a) Consult with the assigned detective to determine the current status of any related case and whether further documentation is warranted.

(b) Review the instructions for completing the declaration/certification if necessary. Instructions for completing Forms I-918/I-914 can be found on the U.S. DHS website at www.uscis.gov/portal/site/uscis.

(c) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the declaration/certification has not already been completed and whether a declaration/certification is warranted.

(d) Address the request and complete the declaration/certification, if appropriate, in a timely manner.

(e) Ensure that any decision to complete or not complete the form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed declaration/certification in the case file.
Aircraft Accidents

434.1 PURPOSE AND SCOPE
This policy describes situations involving aircraft accidents including responsibilities of personnel, making proper notification and documentation. The nature of aircraft crashes are such that multiple jurisdictions are involved in the same incident. The UOPD will coordinate with all involved agencies by establishing an appropriate ICS/Unified Command structure via the UO-Incident Management Team (UO-IMT) as soon as it is practical.

434.2 RESPONSIBILITIES
In the event of an aircraft crash the employee responsibilities are as follows:

434.2.1 OFFICER RESPONSIBILITY
Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

(a) Determine the nature and extent of the accident.
(b) Request additional personnel and other resources to respond as needed.
(c) Provide assistance for the injured parties until the arrival of fire department personnel and/or other emergency personnel.
(d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
(e) Treat all affected areas as a crime scene, taking into consideration inner and outer perimeters.
(f) Provide crowd control and other assistance until directed otherwise by a supervisor.
(g) Ensure that the medical examiner's office is notified if a death occurs.
(h) If there appears to be a large number of fatalities, consider contacting the County Health Department for mass casualty assistance.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

The fire department will be responsible for operations within the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Police are responsible for preserving the scene until relieved by the investigating authority. Scene and
Aircraft Accidents

evidence security must be established in a manner that does not compromise fire, rescue or medical operations.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An airport service worker or the airport manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

434.2.2 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft incident the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, whether or not injuries or deaths have occurred.

If the accident did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an onsite investigation, at the discretion of the pilot or the owner.

434.2.3 COMMUNICATIONS AND EMERGENCY RESPONSE CENTER RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred.

(a) Fire Department
(b) The affected airport tower
(c) Closest military base if a military aircraft is involved
(d) Ambulances or other assistance as required
(e) UO-Internal Incident Notification (UO-IIN) protocols

When an aircraft accident is reported to the Police Department by the airport tower personnel the dispatcher receiving such information should verify that the tower personnel will contact the Federal Aviation Administration (FAA) Flight Standards District Office and the National
Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the FAA and the NTSB.

434.2.4 COMMUNICATIONS AND EMERGENCY RESPONSE MANAGER RESPONSIBILITIES
The Communications and Emergency Response Manager is responsible for the following:
(a) Forward and maintain an approved copy of the accident report to the Oregon Department of Aviation
(b) Forward a copy of the report to the Police Operations Director and the manager of the affected airport

434.2.5 PUBLIC INFORMATION OFFICER RESPONSIBILITIES
The Department PIO is part of the UO-IMT Public Information Group that is responsible for the following:
(a) Obtain information for a press release from the on-scene commander or his or her designee
(b) The UO-PIO Group should coordinate with the PIO's of all involved safety agencies as well as the FAA Press Information Officer to prepare a press release for distribution to the Media

434.3 DOCUMENTATION
Any aircraft accident (crash) within the University, regardless of whether injuries or deaths occur, shall be documented in a police report.
Field Training and Evaluation Program

436.1 PURPOSE AND SCOPE
The Field Training and Evaluation Program (FTEP) is intended to provide a standardized program to facilitate the officer's transition from the academic setting to the actual performance of general law enforcement duties of the University of Oregon Police Department.

It is the policy of this department to assign all new police officers to a structured Field Training and Evaluation Program that complies with DPSST training requirements and is designed to prepare the new officer to perform in a patrol assignment possessing all skills needed to operate in a safe, productive and professional manner.

436.2 FIELD TRAINING OFFICER SELECTION AND TRAINING

However, this program will typically consist of a 20 week training period (refer to same training period in Section 436.10, Sample FTEP Program). Based on circumstances, the training period can be extended beyond 20 weeks, as approved by the Chief or designee.

The training period for lateral officers may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of 4 weeks.

To the extent practicable, entry level and lateral officers should be assigned to a variety of Field Training Officers, shifts and geographical areas during their Field Training Program.
436.5.1 FIELD TRAINING MANUAL
Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the University of Oregon Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations enacted by the Department.

Additionally, the Field Training Manual will consist of a check-off style section. This portion of the manual will be completed by the FTO and trainee. Upon completion of this section of the manual it will be reviewed by the FTEP supervisor, FTEP administrator, Patrol Lieutenant and Chief or his/her designee. Upon completion, this document will be maintained in the trainee's training file. A copy of the signed last page will be forwarded to DPSST for their records and retention.

436.6 EVALUATIONS
Evaluations are an important component of the training process and shall be completed as outlined below.

436.6.1 FIELD TRAINING OFFICER
The FTO will be responsible for the following:

(a) Complete and submit a written evaluation (Daily Observation Report) on the performance of his/her assigned trainee to the FTEP supervisor on a daily basis. Review the Daily Observation Report (DORs) with the trainee each day.

(b) Complete a detailed end-of-phase performance evaluation on his/her assigned trainee at the end of each phase of training. Forward this evaluation to the FTO supervisor and then to the FTEP Administrator for review and initial.

(c) Sign off all completed topics contained in the Field Training Manual, noting the method(s) of learning and evaluating the performance of his/her assigned trainee.

436.6.2 FIELD TRAINING ADMINISTRATOR
The FTEP administrator, Lieutenant - Professional Standards and Training, will review, collect, and maintain the DORs provided by the FTEP supervisor in the trainee's training file.

436.6.3 TRAINEE
At the completion of the Field Training Program, the trainee will be encouraged to submit a confidential performance evaluation on each of their FTO's and on the FTEP Program. This performance evaluation will be reviewed by the FETP Supervisor and forwarded to the FTEP Administrator. It will be the responsibility of the administrator to advise if unique training needs exist or something unusual has developed. This will be reported to the Chief or designee.
436.6.4  FTEP SUPERVISOR
Prepare appropriate program modifications in coordination with the FTEP Administrator to the program based upon feedback and observations.
Prepare a quarterly report outlining the status of FTOs, Trainees and the program.

436.7  DOCUMENTATION

(d)  The completed Field Training Manual
(e)  A Certificate of Completion certifying that the trainee has successfully completed the required number of hours of field training

436.8  PATROL REVIEW BOARD
Once a trainee has completed his/her shadow phase, the trainee's FTEP results and supporting documentation will be provided to the Patrol Review Board.
The Board will consist of:

(b)  One or more of the trainee's FTOs
(c)  One Patrol Supervisor (Sergeant or Lieutenant)

The Patrol Review Board will not be a standing committee. Each time the FTEP Supervisor convenes the committee, it will consist of new members as described above, with the exception of the FTEP Supervisor and Administrator.
Based upon the Board's review, a final recommendation will be made to the Chief regarding the trainee. The Chief will make the final decision regarding appropriate actions. The Patrol Review Board can recommend the following actions:
(a)  Release the trainee from the FTEP program to Patrol
(b)  Retain the trainee in the FTEP program for an additional period of time to be determined by the trainee's need

436.11  FTEP ADMINISTRATOR
The administrator will be responsible for oversight of the FTEP program.

436.11.1  FTEP ADMINISTRATOR SELECTION PROCESS
The Lieutenant - Professional Standards and Training will serve as the FTEP administrator.

436.11.2  FTEP ADMINISTRATOR RESPONSIBILITIES
The responsibilities of the FTEP administrator include the following:

(a) Maintain regular contact with the FTEP supervisor.

(b) Assess the FTEP supervisor's performance and include this assessment as part of the supervisor's annual performance evaluation.

(c) Propose to the Chief and Assistant Chief appropriate modifications to the program based upon feedback and observations.

(d) Compose an annual report outlining the program's accomplishments.

436.12  TRAINING COSTS
Whenever statutorily required, an officer who voluntarily leaves employment with his/her original employing governmental agency and is subsequently employed by the UOPD in a position that requires the same training as required for the position with the original employing governmental agency, UOPD shall reimburse the original employing governmental agency for training costs incurred by the original employing governmental agency in accordance with the reimbursement schedule in ORS 181.695(3) if that agency requests. Additionally, when a UOPD officer leaves
Field Training and Evaluation Program

this department in a similar fashion and becomes employed by another governmental agency similarly situated, UOPD may seek reimbursement for its training costs.

The Chief will determine if UOPD will seek reimbursement of its training costs. The UOPD Director of Administrative Services will be responsible for arranging for reimbursement, in either case.
Detentions And Photographing Detainees

440.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for conducting field interviews (FI), pat-down searches and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to them at the time of the detention.

440.2 DEFINITIONS
Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing considered field photographs.

Frisk or Pat-Down Search - This is the normal type of search used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee or others (Oregon Revised Statutes 131.625).

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Stop - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion that the person has committed, or is about to commit a crime. (Oregon Revised Statutes 131.615).

440.3 FIELD INTERVIEWS
Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:
Detentions And Photographing Detainees

(a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.
(b) The actions of the suspect suggest that he/she is engaged in a criminal activity.
(c) The hour of day or night is inappropriate for the suspect's presence in the area.
(d) The suspect's presence in the particular area is suspicious.
(e) The suspect is carrying a suspicious object.
(f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
(g) The suspect is located in proximate time and place to an alleged crime.
(h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

440.3.1 INITIATING A FIELD INTERVIEW
An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the University of Oregon Police Department to strengthen our community involvement, community awareness and problem identification.

440.3.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

(a) Identify all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.
Detentions And Photographing Detainees

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

440.4 FRISK OR PAT-DOWN SEARCHES
A frisk or pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess a dangerous or deadly weapon and presents a danger to the officer or other persons present (ORS 131.625). Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved
(b) Prior knowledge of the suspect's use of force and/or propensity to carry deadly weapons
(c) The appearance and demeanor of the suspect
(d) Visual indications which suggest that the suspect is carrying a firearm or other weapon
(e) Statements made by the suspect, witnesses or other persons

Also, see Policy 902 (Custody Searches)

440.5 FIELD PHOTOGRAPHS
Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

440.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent.

440.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in, or was about to become involved in, criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted and retained in compliance with this policy.
Detentions And Photographing Detainees

440.6 SUPERVISOR RESPONSIBILITY
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

440.7 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled when they are submitted with either an associated FI card (labeled with the dispatch sequence number of the contact) or other report explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the photograph will be submitted with the dispatch sequence number as an identifier. An FI card will be written and will contain the sequence number. The photograph will be purged as described in Policy § 440.7.1.

(a) If the photo and associated FI is relevant to criminal street gang enforcement, the officer will mark the FI appropriately, include the dispatch sequence number for the photo and a copy of the FI will be forwarded to the Gang Unit Supervisor (as defined in Policy 442).

When a photograph is taken in association with a particular case, the detective may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file.

440.7.1 PURGING THE FIELD PHOTO FILE
The Communications and Emergency Response Manager will be responsible for ensuring that photographs retained by the department, accompanied by an FI card, that are more than one year old and no longer serve a law enforcement purpose are periodically purged and destroyed. Photographs that continue to serve a legitimate law enforcement purpose may be retained longer than one year provided that a notation of that fact is added to the file for each additional year that they are retained. Access to the FI photo file shall be strictly limited to law enforcement purposes.

A photograph need not be purged but may be retained as an updated photograph in a prior booking file if the person depicted in the photograph has been booked by the University of Oregon Police Department and the arrest file remains in the Law Enforcement Records Unit.

440.8 PHOTO REVIEW POLICY
Any person who has been the subject of a field photograph or an FI by this agency during any contact other than an arrest may file a written request within 30 days of the contact requesting a review of the status of the photograph/FI. The request shall be directed to the office of the Chief of Police who will ensure that the status of the photograph or FI is properly reviewed according to this policy. Upon a verbal request, the Department will send a request form to the requesting party along with a copy of this policy.
440.8.1 REVIEW PROCESS
Upon receipt of such a written request, the Chief of Police or his or her designee will permit the individual to appear in person (any minor must be accompanied by their parent or legal guardian) for a review of the status of the photograph/FI.

Such a meeting will generally be scheduled during regular business hours within 30 days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police, there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason(s) for the delay.

A meeting for the review of the status of any non-arrest photograph/FI is not intended to be a formal hearing, but simply an informal opportunity for the individual to meet with the Chief of Police or his/her to discuss the matter.

After carefully considering the information available, the Chief of Police or his/her designee will determine, generally within 30 days of the original meeting, whether the photograph/FI was obtained in accordance with existing law and University of Oregon Police Department policy and, even if properly obtained, then whether there is any ongoing legitimate law enforcement interest in retaining the photograph/FI.

If the Chief of Police or his/her designee determines that the photograph/FI was obtained in accordance with existing law and department policy and that there is an ongoing legitimate law enforcement interest in retaining the non-arrest photograph, the photograph/FI shall be retained according to this policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest FI no longer exists or that the original FI was not obtained in accordance with established law or department policy, the original FI may only be destroyed upon the execution of a full and complete waiver of liability by the individual (and guardian if a minor) arising out of that field contact.

If the Chief of Police or his/her designee determines that any involved University of Oregon Police Department personnel violated existing law or department policy, the Chief of Police or designee shall initiate a separate internal investigation which may result in additional training, discipline or other appropriate action for the involved employees.

Within 30 days of the Chief of Police's determination the person photographed/FI'd will be notified in writing whether or not the photograph/FI will be retained. This does not entitle any person to any discovery or access to any law enforcement records not otherwise authorized by law.
Criminal Street Gangs

442.1 PURPOSE AND SCOPE
The University of Oregon Police Department must ensure that organized criminal activity does not victimize our community.

This policy establishes procedures to be used to identify criminal street gangs and gang members or associates, and to properly document gang related contacts and investigate gang related incidents.

442.1.1 POLICY
It is the express policy of the Department to actively seek out, aggressively investigate, and prosecute criminal activities that involve street gangs.

442.2 DEFINITIONS

442.2.1 CRIMINAL GANG
An ongoing organization, association, or group of three or more persons, whether formal or informal, who engage in criminal activity and who identify themselves with a color, number or other identifier.

In addition to the above definition, the members of the gang must meet one of the following sets of criteria:

(a) The members conspire to commit, or have committed, crimes meeting at least one of the following:
1. As part of a pattern of street crimes which advance the suspected criminal gang's interest.
2. To attract attention to the suspected criminal gang or enhance its standing.
3. To benefit the suspected criminal gang.
4. To announce the existence of the suspected criminal gang, its members, or its territorial claim.
5. In response to the race, religion, sexual orientation, national origin, or gang association of the victim.

(b) The members of the suspected criminal gang meet at least three of the following criteria:
1. Admit or assert to the police that they are affiliated with a criminal gang.
2. Participate in a gang initiation ritual or ceremony.
3. Have been identified as participating in a criminal gang by an out of state law enforcement agency.
Criminal Street Gangs

4. Have announced to the police that they are willing to commit assaults, crimes, or make other sacrifices for the suspected criminal gang.

5. Have criminal gang tattoos.

6. Wear clothing or jewelry unique to the suspected criminal gang or use a hand sign or language that, due to context, clearly indicates association as a criminal gang.

442.2.2 GANG MEMBER OR ASSOCIATE

A gang member or associate is an individual who qualifies in one of the following four categories:

(a) A person can be designated as a gang member if there is reasonable suspicion that the subject has conspired to commit, or has committed, a crime in accordance with any one of the following:

1. As a part of a pattern of street crimes facilitated by the efforts of other gang affiliates which advance their interest.

2. To attract the attention of, or enhance his/her standing with, the criminal gang.

3. To benefit the criminal gang.

4. To announce the existence of the suspected criminal gang, its membership or its territorial claim.

5. In response to the race, color, religion, sexual orientation, national origin or gang association of the victim.

(b) Designation as a gang member requires two of the following criteria:

1. Subject has admitted or asserted to the police that he/she is affiliated with a criminal gang.

2. Subject has participated in a criminal gang initiation ritual or ceremony.

3. Subject has been identified as a gang member by an out of state law enforcement agency.

4. Subject has displayed knowledge of the gang’s history, leadership, activities, or rituals in a context that clearly indicates affiliation with the criminal gang.

5. Subject has announced to the police that he/she is willing to commit crimes or make other sacrifices for the criminal gang.

6. Subject has a criminal gang tattoo.

7. Subject repeatedly (twice or more) associates with known gang affiliates.

8. Subject wears clothes or jewelry unique to a gang or uses a hand sign or language that due to content or context clearly indicates affiliation with a criminal gang.

(c) Designation as a gang associate requires that:
1. Based on the training and experience of the officer, there is documented reasonable suspicion to believe the suspect is involved in a criminal gang, however, there is not enough documentation to designate them a gang member. For example, the subject is in a photograph with other people who collectively display criminal gang signs or apparel to exhibit solidarity.

(d) Combined with any other element from the above categories, documented reasonable suspicion based on the training and experience of the officer can be used to designate a subject as a gang member.

442.2.3 GANG INFORMATION OFFICER
Person(s) responsible for gathering and compiling gang information for its submission to the the Eugene Police Department Special Investigations Unit and any statewide program that may exist for the collection and dissemination of gang related information.

442.2.4 GANG UNIT SUPERVISOR
The Investigations Sergeant is responsible for supervising the collection, processing, storage, and sharing of information regarding Criminal Street Gangs, Members or Associates.

442.3 REPORTING CRITERIA
Officers should complete a report, as indicated below, for any of the following:

(a) Any contact with a previously documented gang member or associate based on an Oregon DOJ hit as a gang affiliate.

(b) Any contact with a person who appears to meet the criteria above for documentation as a gang member or associate.

(c) Any criminal activity associated with persons either previously documented, or meeting the criteria for documentation, as a criminal gang member.

(d) Any incident of gang-related activities:
   1. Graffiti
   2. Fights
   3. Thefts, robberies, drug distribution, extortion

(e) Contact with any vehicles believed to be related to gang activity or gang members or associates.

442.3.1 SPECIFIC INFORMATION TO GATHER

(a) Information required to determine eligibility for documentation as indicated in the definitions section, above.

(b) Photograph all graffiti. The photo may be imported to the crime report.

(c) Attempt to photograph new gang related persons contacted, including tattoos if possible.
442.3.2 CONTACT OR INCIDENT REPORTING

(a) For reportable incidents and crimes use normal department procedures utilizing Incident, Custody or other appropriate department forms.

(b) Person contact (no crime/incident): FI card or Information Report.

(c) Non-criminal gang information: FI card or Information Report.

(d) Crime or Information Reports will be processed through normal procedures and copies of reports will be forwarded to the Gang Unit Supervisor.

442.4 DOCUMENTATION PROCEDURE

UOPD participates with all local and regional gang documentation efforts and submits all gang related information to the Eugene Police Department for inclusion in that process.

Oregon Revised Statute 181.575 prohibits the retention of information except when that information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct. Information that is not directly associated with the investigation of a crime will not be retained in the Gang Information Officer's files. Investigative reports may be stored in the normal department records system if the information otherwise meets normal department reporting and records retention criteria.

442.5 GANG INCIDENT INVESTIGATION

The Department will assign investigations in the most effective manner; utilizing the Gang Information Officer(s) and Gang Unit Supervisor where needed to quickly and efficiently investigate gang incidents. Officers who are investigating criminal activity and who have need of information regarding gang activity from other agency files may request the assistance of the Gang Information Officer or Gang Unit Supervisor in retrieving the required information.

442.5.1 SHARING OF INFORMATION

Officers who develop or learn information about documented criminal gangs or gang associates related to potential criminal activity should share the information with other officers through established sharing methods. Information that is shared, must also be documented as per this policy to avoid an inadvertent miscommunication or establishment of gang files/records that do not comply with the criteria of this policy.

The Gang Information Officer and Gang Unit Supervisor will participate with local and regional gang information processes and act as a conduit of information from other agencies to members of UOPD.

442.6 CRIMINAL GANG INTELLIGENCE DATABASES

While this policy does not establish a criminal gang intelligence database or permanent file, as described in OAR 137-090-0080, the Chief of Police may approve one or more criminal gang intelligence databases, such as a statewide repository, for use by members of the gang unit. Any such database should be compliant with 28 CFR 23.20 and OAR 137-090-0000 et seq., regulating
criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the gang unit supervisor's responsibility to determine whether a report or Field Interview (FI) contains information that would qualify for entry into a department-approved criminal gang intelligence database in consultation with the agency in charge of the database if it is not sponsored by UOPD.

Validation and purging of the criminal gang intelligence database authorized for UOPD entry is the responsibility of the gang unit supervisor.

442.6.1 REVIEW AND PURGING OF TEMPORARY CRIMINAL GANG PARTICIPANT FILE
Temporary files shall not be retained longer than one year. At the end of one year, temporary files must be purged if the information does not qualify for entry into a department-approved criminal gang intelligence database.

The gang unit supervisor shall periodically review temporary files to verify that the information was properly obtained and meets the criteria for retention. Validation and purging of temporary criminal gang files is the responsibility of the gang unit supervisor. Retention and purging shall correspond to the department's established records retention guidelines.

The gang unit supervisor should otherwise ensure that temporary criminal gang participant files and "working files" are maintained under the model of OAR 137-090-0080.

442.7 FIELD CONTACTS
Officers who contact individuals who are or may be participants in criminal street gang activity should complete an FI card and document the reasonable suspicion underlying the contact and the exact circumstances leading to the suspicion that the individual is a criminal street gang participant (e.g., subject states he/she is a member of XYZ gang, has XYZ tattoo on right hand near thumb, is wearing a ball cap with the gang name printed in blue or red ink).

Photographing known or suspected criminal street gang participants shall be done in accordance with the provisions of the Detentions, Contacts and Photographing Detainees Policy.

442.8 INQUIRY BY PARENT OR GUARDIAN
When an inquiry is made by a parent or guardian as to whether a juvenile's name is in the temporary criminal street gang participant's file, such information shall be provided by the Gang unit supervisor unless there is good cause to believe that the release of such information may jeopardize an ongoing criminal investigation.

If the inquiry is made by a parent or guardian regarding a non-juvenile, the information may be provided at the discretion of the gang unit supervisor, however, if the subject is a student at the U of O, the supervisor will consult with General Counsel to avoid FERPA issues.

Employees must observe strict compliance with the rules of a department-approved gang intelligence database regarding release of information from that database.
442.9 DISSEMINATIONS OF THE FILE INFORMATION

Information from the temporary criminal street gang participant files may only be furnished to department personnel and other public law enforcement agencies on a need-to-know basis. This means information that may be of use in the prevention of gang-related criminal activity or information concerning the investigation of gang-related crimes shall only be released to members of this department and other law enforcement agencies.

Information from any department-approved gang intelligence file must only be released in compliance with the rules for that particular database.
Mobile Audio Video

446.1 PURPOSE AND SCOPE
The University of Oregon Police Department has equipped department vehicles with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

446.1.1 DEFINITIONS
Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Designated personnel who are certified, trained or have a working knowledge in areas such as; operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, video forensics and evidentiary procedures relating to MAV files.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

446.2 POLICY
It is the policy of the University of Oregon Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

446.3 OFFICER RESPONSIBILITIES
Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. System documentation is accomplished by the officer logging on to the system at the start and logging off at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

At the start of each shift, officers should test the MAV system's on-off-record functions for proper operation.

At the end of the shift, each officer will follow the established procedures for uploading any recordings.

446.3.1 CLASSIFICATION OF UPLOADED RECORDINGS
Officers will classify uploaded recordings as an "incident" if it is anticipated the recording could be used as evidence in a future criminal or administrative proceeding.
Mobile Audio Video

Officers will classify uploaded recordings as a "non-incident" if it is anticipated the recording has no evidentiary value in a future criminal or administrative proceeding.

Recordings classified as "incident" will result in a high definition recording that takes up much more storage room than incidents marked "non-incident." Therefore, it is imperative that recordings are classified appropriately.

446.4 ACTIVATION OF THE MAV
The MAV system is designed to turn on whenever the unit’s emergency lights are activated or upon manual activation by the officer. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate.

When audio is being recorded, the video will also record. Whenever the audio portion is activated, officers should, whenever possible, advise all persons present that they are being recorded in accordance with ORS 165.540(5)(c).

446.4.1 REQUIRED ACTIVATION OF MAV
This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture video of the incident due to placement of the MAV and other various conditions at the scene. Officers should NOT use MAV in situations where only audio is desired (for example, when a contact is outside the area where useful video can be recorded). Department issued Portable Audio recorders should be used in those situations. See Policy 450 Portable Audio/Video Recorders.

The MAV system should be activated in any of the following situations:
(a) All field contacts involving actual or potential criminal conduct within video or audio range:
   1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
   2. Priority responses
   3. Vehicle pursuits
   4. Suspicious vehicles
   5. Arrests
   6. Vehicle searches
   7. Physical or verbal confrontations or use of force
   8. Pedestrian checks
   9. DWI/DUI investigations including field sobriety tests
Mobile Audio Video

10. Consensual encounters
11. Crimes in progress
12. Responding to an in-progress call

(b) All self-initiated activity in which an officer would normally notify Communications and Emergency Response Center.

(c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
   1. Domestic violence calls
   2. Disturbance of peace calls
   3. Offenses involving violence or weapons

(d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording.

(e) Any other circumstance where the officer reasonably believes that a recording of an incident would be appropriate.

446.4.2 CESSATION OF RECORDING
Once activated, the MAV system should remain on until the incident has concluded except as described in 446.4.3. For purposes of this section, conclusion of an incident has occurred when all arrests have been made (if any), arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

446.4.3 WHEN ACTIVATION IS NOT REQUIRED
Deactivation of the MAV system is permitted when exchanging information with other officers or supervisors.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation. Failure to properly notify may be a violation of ORS 165.540.

446.4.4 SUPERVISOR RESPONSIBILITIES
Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Communications and Emergency Response Center.

At reasonable intervals, supervisors should validate that officers are in compliance with this policy.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor
Mobile Audio Video

shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

446.4.5 INADVERTENT RECORDINGS
If an officer inadvertently records any persons conversation without advisement, he/she will follow the process identified in Policy 450.4.2 Portable Audio/Video Recorder.

446.5 REVIEW OF MAV RECORDINGS
All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media or uploaded recordings, they shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. A copy of the original recording shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

(a) For use when preparing reports or statements (See Policy 310 - Officer Involved Shootings for possible exceptions)
(b) By a supervisor investigating officer conduct
(c) By a supervisor to assess officer performance
(d) To assess proper functioning of MAV systems
(e) By a department investigator who is participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
(f) By department personnel, subject to approval of Police Operations Captain
(g) By University personnel with a demonstrable official University need to view the recording, subject to approval by the Chief.
(h) By members who are captured on or referenced in the video or audio data and reviews and who uses such data for any purpose relating to his/her employment
(i) By court personnel through proper process
(j) By the media, consistent with Oregon Public Records law, through proper process
(k) To assess possible training value
(l) Recordings may be shown for training purposes. If an involved member objects to showing a recording, his/her objection will be submitted to the command staff to determine if the training value outweighs the member’s objection
446.6 DOCUMENTING MAV USE
If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

446.7 RECORDING MEDIA STORAGE AND INTEGRITY
Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 180 days and disposed of in compliance with the established records retention schedule.

446.7.1 COPIES OF ORIGINAL RECORDING MEDIA
Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

446.7.2 MAV RECORDINGS AS EVIDENCE
Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the University of Oregon Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

MAV recordings shall be retained as follows:

(a) Recordings used as evidence shall be retained according to the following guidelines:

1. MAV evidence may be released in consultation with the DA's office and the officer or detective assigned to the case, as approved by the Chief.

2. Once a case has been adjudicated or is past the statute of limitations for prosecution, the Law Enforcement Records Manager, or designee, will request a disposition authorization from the DA's office and the assigned officer or detective. Care should be taken to ensure there are no outstanding warrants for suspects or additional defendants for the same case prior to authorizing release.

(b) Recordings used for internal investigations shall be retained in accordance with the Purging of Files protocol in the Personnel Files Policy (1026.7.3).

(c) All other recordings shall be retained for a minimum of six months to ensure the recording is available in the event of litigation.
446.8 SYSTEM OPERATIONAL STANDARDS
(a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer’s recommendations.
(b) The MAV system should be configured to minimally record for 30 seconds of video prior to an event.
(c) The MAV system may not be configured to record audio data occurring prior to activation.
(d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer’s transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
(e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
(f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
(g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
(h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

446.9 MAV TECHNICAL RESPONSIBILITIES
The MAV technicians in the department are responsible for overseeing the MAV program to include ensuring malfunctions are addressed, uploading processes are viable, adequate storage is available and handling special circumstances, for example when hardware must be removed for evidence, and processing court orders.

446.10 TRAINING
All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.
Mobile Data Terminal Use

448.1 PURPOSE AND SCOPE
The Mobile Data Terminal (MDT) accesses confidential records from the Oregon State Police and Department of Motor Vehicles databases. Employees using the MDT shall comply with all appropriate federal and state rules and regulations.

448.2 MDT USE
The MDT shall be used for official police communications only. Messages that are of a sexual, racist, or offensive nature, or otherwise critical of any member of the Department are strictly forbidden. MDT use is also subject to the Department Technology Use Policy.

Messages may be reviewed by supervisors at any time without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline.

All calls dispatched to patrol units should be communicated by voice and MDT unless otherwise authorized by the Watch Commander.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS Rules & Policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.

448.2.1 USE WHILE DRIVING
Use of the MDT by the vehicle operator shall be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

448.2.2 DOCUMENTATION OF ACTIVITY
MDT's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required:

(a) All contacts or activity shall be documented at the time of the contact
(b) Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher
(c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDT
   1. Non voiced activity should be a rare situation, for example logging out at a meeting. At no time should any contact for possible criminal or statute violation not be aired via radio.

448.2.3 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted either verbally over the police radio or through the MDT system.
Mobile Data Terminal Use

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

Other changes in status may be entered by depressing the appropriate keys on the MDT’s.

448.2.4 EMERGENCY ACTIVATION OF MDT
If the emergency button is depressed on the MDT, the dispatcher will call the unit and ask if Code-4. If there is no emergency, then he/she should answer “Code-4” and all units will resume their normal activity. If there is no response or the officer answers in some other way, the dispatcher shall proceed as follows:

(a) If the unit is not on a call, send available units to assist in locating the unit transmitting the emergency. Whenever a location is known, immediately dispatch the nearest available unit Code-3.

(b) Notify the field sergeant and Watch Commander of the incident without delay.

Units not responding to the emergency shall refrain from transmitting on the radio until there is a Code-4, unless they are themselves handling an emergency.

448.3 MDT CONSIDERATIONS

448.3.1 NON-FUNCTIONING MDT
Whenever possible, officers will not use units with malfunctioning MDT’s. Whenever officers must drive a unit in which the MDT is not working, they shall notify Communications and Emergency Response Center. It shall be responsibility of Communications and Emergency Response Center to record all information that will then be transmitted verbally over the police radio.

448.3.2 BOMB CALLS
When investigating reports of possible bombs, officers will turn off their MDT’s. Operating the MDT may cause some devices to detonate.
Portable Audio/Video Recorders

450.1 PURPOSE AND SCOPE
The University of Oregon Police Department provides each of its sworn officers with access to audio and/or video recorders for use while on-duty. These recorders are intended to assist officers in the performance of their duties by providing an accurate audio and/or video record of a contact. This policy does not apply to surreptitious interception of electronic communications for lawful authorized investigative purposes or to mobile audio video recordings (see the Mobile Audio Video Policy).

450.2 OFFICER RESPONSIBILITIES
(a) Only those digital recorders issued by the department are authorized for use by UOPD personnel.
(b) Each officer assigned a digital recorder will maintain the equipment in working order while in their possession.
(c) Uniformed officers shall carry the recorder while on duty, in a manner that is conspicuous and allows for easy operation without impairing equipment capabilities.
(d) Non-uniformed officers may carry an issued portable recorder at any time the member believes that such a device may be useful.
(e) At no time should an officer jeopardize his/her safety in order to activate the recorder.
(f) Officers shall not use the digital recorder for personal use.
(g) A supervisor observing or directing officers need not record the contact unless they become actively involved with the participants in the incident.
(h) Prior to entering service, each digital recorder user will verify the operational capability of their device.
(i) Recordings on the digital recorder should be accompanied by a written report for any criminal investigations. Written reports should state that a recorder was used.

(a) Officers shall not intentionally delete any recordings. Inadvertent deletions must be reported immediately to the officers supervisor.

450.3 PRIVACY
All recordings made by personnel acting in their official capacity as members of this department shall remain the property of the Department and should not be considered private.
450.4 MEMBER RESPONSIBILITIES
Whenever the audio is activated, officers will, if possible, advise all persons present they are being recorded in accordance with ORS165.540(5). Failure to properly advise may be a misdemeanor crime.

450.4.1 INADVERTENT RECORDINGS
If an officer discovers that they inadvertently recorded conversations, they will immediately report the facts and circumstances to their immediate supervisor, and supply the recording.

The supervisor shall determine all of the facts and circumstances around the recording.

If any portion of the recording has evidentiary value (for criminal or administrative purposes):

- Identify, if possible, any and all individuals whose conversations were inadvertently recorded.
- Ensure that each of those identified individuals is contacted, advised of the situation, and, if they request, provide an opportunity for them to review the recording.
- Document, in writing, the relevant facts and results of their actions to the Police Operations Captain (forwarded through their chain of command).
- Retain the recording in the normal method and appropriately marked.

If none of the recording is evidentiary (for criminal or administrative purposes):

- Do not review the recording.
- Forward the recording and pertinent facts to the Police Operations Captain who will determine the appropriate actions and disposition of the recording.

450.5 ACTIVATION OF THE DIGITAL RECORDER
Officers should activate the recorder during all enforcement stops and field interview situations when MAV is not used and any other time the member reasonably believes that a recording of an on-duty contact may be useful. Once started, recordings should continue without interruption until the contact ends, if feasible.

Officers are allowed to de-activate the recorder when exchanging information with other officers and supervisors. Only primary officers are required to record contacts with digital recorders. Secondary or cover officers are not required to record the contact unless they take action or have conversations independent of the primary officer, or the specific circumstances dictate.

450.5.1 SURREPTITIOUS USE OF THE AUDIO RECORDER
Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 165.543.

Members shall not surreptitiously record another department member without a court order or unless lawfully authorized by the Chief of Police or the authorized designee.
**450.6 PROHIBITED USE OF PORTABLE RECORDERS**
Officers are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings. In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

Officers are also prohibited from retaining recordings of activities or information obtained while on-duty. Officers shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

**450.7 RETENTION OF RECORDINGS**
Any time an officer records any portion of a contact that the member reasonably believes constitutes evidence in a criminal case, the officer shall record the related case number and upload the file in accordance with policy 814 - Computers and Digital Evidence and document the existence of the recording in the related case report.

Any time an officer reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the officer should promptly notify a supervisor of the existence of the recording.

Officers should upload the file, in accordance with current procedure for storing digital files, at the end of their shift and any time the storage capacity is nearing its limit.

**450.7.1 RETENTION REQUIREMENTS**
Same as MAV recordings, see Policy 446.

**450.8 REVIEW OF RECORDED MEDIA FILES**
Same as MAV recordings, see Policy 446.
Medical Marijuana

452.1 PURPOSE AND SCOPE

452.2 POLICY
It is the policy of the University of Oregon Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Oregon medical marijuana laws are intended to protect patients and their doctors from criminal and civil penalties that may deter the use of small amounts of marijuana by those suffering from debilitating medical conditions (ORS 475.300). However, Oregon's medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The University of Oregon Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Oregon law and the resources of the Department.

452.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.
(b) Investigations related to patient cardholders.
(c) Investigations related to patient non-cardholders.

452.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

452.3.2 INVESTIGATIONS RELATED TO PATIENT CARDHOLDERS
Officers shall not arrest a cardholder for engaging in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts (ORS 475.306). Officers shall not arrest a caregiver for assisting a patient cardholder in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts (ORS 475.306).

Cardholders are required to possess a RIC when using or transporting marijuana at a location other than the cardholder’s residence. However, officers should treat a person without a RIC in
his/her possession as if it were in his/her possession if the RIC can be verified through an Oregon State Police Law Enforcement Data Systems (LEDS) query or other sources.

452.3.3 INVESTIGATIONS RELATED TO PATIENT NON-CARDHOLDERS
Officers should not arrest a patient who does not have a RIC for possession or production of marijuana, or any other criminal offense in which possession or production of marijuana is an element, if the patient (ORS 475.319):

(a) Is engaged in the medical use of marijuana.
(b) Possesses an amount at or below statutory possession amounts or the amount cultivated is at or below statutory grow site amounts.

Officers should not arrest a person who does not meet the definition of a patient if the person is taking steps to obtain a RIC, possesses at or below statutory possession amounts or below statutory grow site amounts, and the person's medical use claim appears genuine under the circumstances (ORS 475.319).

452.3.4 ADDITIONAL CONSIDERATIONS
Officers should consider the following when investigating an incident involving marijuana possession, delivery, production or use:

(a) Grow sites are regulated in the following manners (ORS 475.304):
   1. The Oregon Health Authority must have issued a marijuana grow site registration card for a site to be valid.
   2. The grow site registration card must be posted for each RIC holder for whom marijuana is being produced at a marijuana grow site.

(b) Officers confiscating excess amounts of marijuana may not confiscate from a RIC holder usable marijuana or plants at or less than the statutory possession amounts that are allowed under the law (ORS 475.324).

(c) Because enforcement of medical marijuana laws can be complex, time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
   1. The suspect has been identified and can be easily located at another time.
   2. The case would benefit from review by a person with expertise in medical marijuana investigations.
   3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
   4. Any other relevant factors, such as available department resources and time constraints.
Medical Marijuana

(d) Before proceeding with enforcement related to grow sites, officers should consider conferring with appropriate legal counsel.

(e) Possession of a RIC pursuant to ORS 475.309 does not alone constitute probable cause to search the person or property of the cardholder or otherwise subject the person or property of the cardholder to inspection (ORS 475.323).

(f) Medicinal marijuana investigations may lead to separate issues related to industrial hemp. Persons or entities who operate under the industrial hemp laws of Oregon must have the required industrial hemp license or agricultural hemp seed production permit issued by the Oregon Department of Agriculture (ORS 571.305). Officers may contact the Department of Agriculture’s Commodity Inspection Division for information about industrial hemp sites and licensing compliance.

452.3.5 EXCEPTIONS
Medical marijuana users are generally not exempt from other criminal laws and officers should enforce criminal laws not specifically covered by the Medical Marijuana Act appropriately. Officers may take enforcement action if the person (ORS 475.316):

(a) Drives under the influence of marijuana as provided in ORS 813.010.

(b) Engages in the medical use of marijuana in a place where the general public has access (ORS 161.015), in public view or in a correctional facility (ORS 162.135(2)), or in a youth correction facility (ORS 162.135(6)).

(c) Delivers marijuana to any individual who the person knows is not in possession of a RIC.

(d) Delivers marijuana for consideration to any individual, even if the individual is in possession of a RIC.

(e) Manufactures or produces marijuana at a place other than a marijuana grow site authorized under ORS 475.304.

452.4 FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

452.5 PROPERTY AND EVIDENCE ROOM SUPERVISOR RESPONSIBILITIES
The Property and Evidence Room Supervisor shall ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed, harmed, neglected or injured. The Property and Evidence Room Supervisor is not responsible for caring for live marijuana plants (ORS 475.323).

Marijuana should not be returned to any person unless authorized by the Investigation Unit Supervisor and upon advice of University counsel. Any court order to return marijuana should be referred to University counsel.
Medical Marijuana

The Property and Evidence Room Supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigation Unit Supervisor.
Foot/Bicycle Pursuits

458.1 PURPOSE AND SCOPE
Foot and bicycle pursuits are inherently dangerous and require common sense, sound tactics and heightened officer safety awareness. This policy sets forth guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot or while riding a patrol bicycle by balancing the objective of apprehending the suspect with the risk of potential injury to anyone.

458.1.1 POLICY
Officers are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot or bicycle pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

458.2 DECISION TO PURSUE
Supervisors may authorize foot or bicycle pursuits when developing operations plans for special situations and as part of carefully considered rules of engagement. Such authorization will be documented in the operations plan, or other sufficient manner.

458.3 GUIDELINES FOR FOOT PURSUIT
458.4 RESPONSIBILITIES IN FOOT PURSUITS

458.4.1 INITIATING OFFICER RESPONSIBILITIES

458.4.2 ASSISTING OFFICER RESPONSIBILITIES
458.4.3 SUPERVISOR RESPONSIBILITY

Upon being notified or becoming aware that a foot or bicycle pursuit is in progress, communication personnel shall, as soon as practical, notify the field supervisor and provide available information. Communication personnel are also responsible for the following:

(a) Clear the radio channel of non-emergency traffic.
(b) Repeat the transmissions of the pursuing officers as needed.
(c) Ensure that a field supervisor is notified of the pursuit.
(d) Relay all pertinent information to responding personnel.
(e) Contact additional resources as directed by a supervisor.
(f) Coordinate response of additional resources to assist with the foot pursuit.

458.4.4 COMMUNICATIONS AND EMERGENCY RESPONSE CENTER RESPONSIBILITIES

Upon being notified or becoming aware that a foot or bicycle pursuit is in progress, communication personnel shall, as soon as practical, notify the field supervisor and provide available information. Communication personnel are also responsible for the following:

(a) Clear the radio channel of non-emergency traffic.
(b) Repeat the transmissions of the pursuing officers as needed.
(c) Ensure that a field supervisor is notified of the pursuit.
(d) Relay all pertinent information to responding personnel.
(e) Contact additional resources as directed by a supervisor.
(f) Coordinate response of additional resources to assist with the foot pursuit.

458.5 REPORTING

The initiating officers shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

(a) The reason for initiating the foot pursuit.
(b) The identity of involved personnel.
(c) The course and approximate distance of the pursuit.
(d) Whether a suspect was apprehended as well as the means and methods used.
Foot/Bicycle Pursuits

1. Any use of force shall be reported and documented in compliance with the Department Use of Force Policy.

   (e) Any injuries or property damage.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

All reports will be routed to the Police Operations Captain for review and annual reporting purposes.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may authorize that the initiating officers need not complete a formal report. In that case, a synopsis of the pursuit aspects of the case will be written to the Police Operations Captain for review and annual reporting purposes.
Bicycle Patrol

460.1 PURPOSE AND SCOPE
The University of Oregon Police Department has determined that bicycle patrol is an efficient and effective strategy for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

460.2 POLICY
Patrol bicycles may be used for regular patrol duty, pedestrian and bicycle enforcement, parking control, or special events. The use of the patrol bicycle will improve officer’s mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Watch Commander.

460.3 SELECTION OF PERSONNEL
Interested sworn personnel, who are off probation, shall submit a change of assignment request to Bicycle Patrol (BP) Coordinator. Qualified applicants will then be invited to an oral interview. The oral board will consist of the BP Coordinator and second person to be selected by the BP Coordinator. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance
(b) Special skills or training as it pertains to the assignment (all prospective Bicycle Patrol Officers must satisfactorily complete the Basic Bicycle Patrol Training Class and must demonstrate proficiency before their assignment is finalized)
(c) Good physical condition
(d) Willingness to perform duties using the bicycle as a mode of transportation on all shifts and during all weather conditions

Final selection will be made by the Police Operations Captain, based upon recommendations by the BP Coordinator.

460.3.1 BICYCLE PATROL UNIT SUPERVISOR
The Bicycle Patrol Coordinator will be selected from the rank of Lieutenant by the Police Operations Captain or his/her designee.

The Bicycle Patrol Coordinator shall have responsibility for the following:

(a) Organizing bicycle patrol training.
(b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
(c) Scheduling maintenance and repairs.
(d) Evaluating performance of bicycle officers.
(e) Coordinating activities with the Watch Commanders.
(f) Other activities as required to maintain the efficient operation of the Bicycle Patrol program.

460.4 TRAINING
Participants in the program have complete an initial department-approved bicycle training course as a condition of being considered for the position. Thereafter bicycle patrol officers should receive in-service training, at least once per year, to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

• Bicycle patrol strategies
• Bicycle safety and accident prevention
• Operational tactics using bicycles

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

460.5 UNIFORMS AND EQUIPMENT
Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

460.6 CARE AND USE OF PATROL BICYCLES
Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in color with a Police decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be
Bicycle Patrol

equipped with front and rear reflectors, and front lights satisfying the requirements of Oregon Revised Statutes § 815.280(2).

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing and issuing citations.

Each bicycle gear bag shall include a first aid kit, repair tool, and security lock.

Each bicycle shall be equipped with a flashing blue warning light that is visible from the front, sides, or rear of the bicycle. Unless the patrol bicycle is equipped with an emergency light and siren meeting the requirements set forth in the Oregon Revised Statutes and Oregon Administrative Rules, it does not qualify as an emergency vehicle and operators are not exempt from the rules of the road.

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly to be performed by a department-approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Except in the event of an emergency officers shall not remove or add components or modify the patrol bicycle without the expressed approval of the bicycle supervisor.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Except when emergency circumstances preclude doing so patrol bicycles should be properly secured when not in the officer's immediate presence.

Patrol Bicycles may not be taken home or used for personal use.

460.7 OFFICER RESPONSIBILITY

• Officers must operate the bicycle in compliance with the Oregon Revised Statutes, University regulations and training guidelines.
Bicycle Patrol

- Officers should generally operate their bicycles in the street as much as possible, unless emergency situations or patrol tactical considerations indicate that it is appropriate to use sidewalks.
- Officers shall never ride anyone as a passenger on a patrol bicycle.
- Officers shall not hold onto, or allow themselves to be towed by a motor vehicle.
- Officers shall use headlights and taillights during low-light hours, unless a tactical situation indicates that it would be reasonable not to do so.
Homeless Persons

464.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The University of Oregon Police Department recognizes that members of the homeless community are often in need of special protection and services. The University of Oregon Police Department will address these needs in balance with the overall missions of this department. Therefore, officers will consider the following policy sections when serving the homeless community.

464.1.1 POLICY
It is the policy of the University of Oregon Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

464.2 HOMELESS COMMUNITY LIAISON
The Chief of Police will designate a member of this department to act as the Homeless Liaison Officer. The responsibilities of the Homeless Liaison Officer include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with Social Services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of those areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include the following:

   1. Proper posting of notices of trespass and clean-up operations.
   2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with Policy Section 804 and other established procedures.

(e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.

(f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.
464.3 FIELD CONTACTS
Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

464.3.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
(b) Document places the homeless person may frequent.
(c) Provide homeless victims with victim/witness resources when appropriate.
(d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
(e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Elder Abuse Policy.
(f) Arrange for transportation for investigation related matters, such as medical exams and court appearances.
(g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

464.4 HOMELESS ENCAMPMENTS
Officers who encounter encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not immediately remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to the Homeless Liaison Officer.
464.4.1 HOMELESS CAMPS ON PUBLIC PROPERTY
Prior to removing homeless individuals from an established campsite on public property, officers shall:

(a) If individuals are present, advise violators that they are camping on public property and such encampments are illegal.

(b) Post the area with a notice in English and Spanish advising the violators to vacate within 24 hours. This same notice shall list a local agency that delivers social services to homeless individuals.

(c) Notify the agency listed on the posting of the campsite's location.

(d) Obtain a case number and prepare a police report documenting the incident.

The 24-hour warning notice requirement is not necessary if officers reasonably believe that illegal activity unrelated to the camping violation is occurring or in the event of an exceptional emergency such as a possible site contamination by hazardous materials, or when there is immediate danger to human life or safety (ORS 203.079).

464.4.2 CAMPING ON PRIVATE PROPERTY
Camping on private property without the owner's permission should be handled as a trespass complaint. Owners of private property may allow individuals to camp, provided they do so in a manner consistent with provisions of the City of Eugene Camping Ordinance or Oregon Administrative Rules.

464.5 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property. Items that have no apparent utility or are in an unsanitary condition may be immediately discarded upon removal of the homeless individual(s) from the camp site (ORS 203.079(d)).

All property collected for safekeeping shall be stored for a minimum of 30 days. The property officer shall ensure that reasonable efforts are made to inform the owner of status of the property and inform him/her of how and when such property may be claimed (ORS 203.079(d)).
Homeless Persons

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer.

464.6 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS
Some homeless persons may have mental disabilities. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention as outlined in Policy 418.

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if the person consents and approved by a supervisor.

464.7 ECOLOGICAL ISSUES
Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT
Several factors are considered in the development of deployment schedules for officers of the University of Oregon Police Department. Information provided by Crime Analysis, Department of Motor Vehicles and Oregon Department of Transportation is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT
Unarmed UOPD employees shall not conduct vehicle stops.

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating an officer's overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Officers attempting to enforce traffic laws shall be in University of Oregon Police Department uniform or shall conspicuously display an official identification card showing the officer's lawful authority (ORS 810.400). Several methods are effective in the reduction of collisions:
500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS
Citations may be issued when an officer believes it is appropriate for violations of ORS or OAR's governing traffic at the University of Oregon. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge.
(b) Court, or other, appearance procedures including the optional or mandatory appearance by the motorist.
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Officers at the scene of a traffic accident and, based upon the officer's personal investigation, having reasonable grounds to believe that a person involved in the accident has committed a traffic offense in connection with the accident, may issue the person a citation for that offense (ORS 810.410(4)).

500.3.3 PHYSICAL ARREST
Officer may arrest or issue a citation to a person for a traffic crime at any place within the state. Generally, physical arrests are limited to major traffic offenses such as:

(a) Driving Under the Influence of Intoxicants.
(b) Hit-and-Run.
(c) Attempting to Elude.
(d) Reckless Driving with extenuating circumstances.
(e) Situations where a violator refuses or cannot satisfactorily identify him/herself and therefore cannot be issued a citation.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES
If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Oregon Revised Statutes 810.410.

Officers should attempt to interview the violator to obtain evidence that the violator knew their license was suspended. Ask if the violator is still living at the address on file with DMV and if not, how long since they moved and why they haven't notified DMV of their new address.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver's license and the traffic violator still has his or her license in possession, the license shall be seized
by the officer and the violator may also be cited for Failure to Return a Suspended License if evidence shows they knew they were suspended (Oregon Revised Statutes 809.500).

500.5 HIGH-VISIBILITY VESTS
The University of Oregon Police Department has provided ANSI Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (23 CFR 634.3).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee.

500.5.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
A high-visibility vest shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Quartermaster should be promptly notified whenever the supply of vests in the equipment room needs replenishing.
Traffic Collision Reporting

502.1 PURPOSE AND SCOPE
The University of Oregon Police Department prepares traffic collision reports in compliance with Oregon Revised Statutes 810.460 relating to reports of traffic accidents to the Oregon Department of Transportation and, as a public service makes traffic collision reports available to the community with some exceptions.

502.2 TRAFFIC COLLISION REPORTING
Traffic collision investigations will be documented using the Oregon Police Traffic Crash Report. The Records Section will be responsible for monthly reports on traffic collision statistics to be forwarded to the Police Operations Captain and Oregon Traffic Safety Commission.

502.3 REPORTING SITUATIONS

502.3.1 TRAFFIC COLLISIONS INVOLVING DEPARTMENT EMPLOYEES
When an employee of this department is involved in a traffic collision within the boundaries of University of Oregon resulting in an injury requiring hospitalization or fatality, the Watch Commander may request another police agency respond for assistance with the investigation.

Enforcement action will not be taken at the time of the investigation and the reports will be forwarded to the appropriate prosecutor for determination of prosecution.

502.3.2 TRAFFIC COLLISIONS ON PRIVATE PROPERTY
Traffic collision reports shall be taken for collisions occurring on property that is not a roadway or highway when there is a death or injury to any person involved, a hit-and-run offense where there is suspect information, a major traffic offense is involved.

502.3.3 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS
Traffic collision reports shall be taken when they occur on a roadway or highway within this jurisdiction in the following cases:

(a) There is a death, or injury to any person involved in the collision.
    1. In the event of a serious injury or death related traffic collision, the Watch Commander may request a Major Collision Investigator to investigate the traffic collision. The OSP Crime Lab may also be requested to assist with a fatal accident.

(b) An officer issues a citation for a violation of the Vehicle Code.

(c) The accident is initially reported by a garage operator who has received a vehicle involved in a serious accident or exhibiting evidence of having been struck by a bullet (Oregon Revised Statutes 822.600).

(d) All hit-and-run violations as defined by Oregon Revised Statutes 811.700 and 811.705.
(e) If a major traffic offense is involved.

If none of these criteria are met, officers at the scene of a collision will assist drivers in exchanging information as required by DMV regulations.

Officers may check driving status of drivers while at the scene and take appropriate action if driving restrictions are discovered. In that instance, a collision report is not necessary if there are no other criteria present that would require one.

502.3.4 TOWING VEHICLES INVOLVED IN TRAFFIC COLLISIONS
Towing of a vehicle from a collision scene at the request of the driver does not require a traffic collision report. In those situations, towing the vehicle shall be done in accordance with Policy 510.
Vehicle Towing

510.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the University of Oregon Police Department.

510.2 RESPONSIBILITIES
The responsibilities of those officers impounding a vehicle are as follows.

510.2.1 VEHICLES CONSTITUTING A HAZARD OR OBSTRUCTION
Officers may take custody of and tow a vehicle that is disabled, abandoned, parked or left standing unattended when it creates a hazard or obstruction. Hazards and obstructions may include vehicles that are (ORS 819.120):

(a) Parked so that any part of the vehicle extends into the paved portion of the travel lane.
(b) Parked so that any part of the vehicle extends into the highway shoulder or bicycle lane of any freeway ORS 819.120 (2)(b).

Officers should use sound judgment in balancing the need to correct a hazardous situation with the potential hardship to a vehicle owner/operator before towing such a vehicle.

Officers impounding a vehicle shall complete a vehicle impound report. A copy is to be given to the tow truck operator and the original is to be submitted along with the incident report to the Law Enforcement Records Unit as soon as practicable after the vehicle is stored.

Records Division personnel shall promptly enter pertinent data from the completed vehicle impound report into the state's Law Enforcement Data Systems (LEDS).

Once a vehicle impound report is approved and forwarded to the Law Enforcement Records Unit, it shall be placed into the auto-file at the front desk to be immediately available for release or for information should inquiries be made.

510.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION
When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the no preference towing company list in Communications and Emergency Response Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call a no preference towing company. The officer will then have the vehicle towed to the tow company's storage lot for safekeeping, and complete a Vehicle Impound form.
510.2.3 DRIVING A NON-UNIVERSITY VEHICLE
Vehicles which have been towed by or at the direction of the Police Department should not be driven by police personnel unless it is necessary to move the vehicle a short distance to eliminate a hazard, to prevent the obstruction of a fire hydrant, or to comply with posted signs.

510.2.4 DISPATCHER'S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

If the request is for no preference towing, the dispatcher shall call the firm whose name appears next on the No Preference Towing Service log and shall make appropriate entries to ensure that the next firm is called on the next request.

510.2.5 NOTICE TO OWNERS
Once the vehicle is impounded, records personnel shall mail a copy of the impound report along with information describing the location of the vehicle and the procedures for its release to the legal and registered owners of the stored vehicle within 48 hours after it has been stored, not including Saturdays, Sundays or holidays, unless the vehicle has been previously released (ORS 819.180). The notice shall include:

(a) That the vehicle has been taken into custody and towed; the identity of the appropriate towing authority and the statute, ordinance or rule under which the vehicle has been taken into custody and towed.

(b) The location of the vehicle, or the telephone number and address of the authority that will provide that information.

(c) That the vehicle is subject to towing and storage charges, the amount of charges that have accrued to the date of the notice and the daily storage charges.

(d) That the vehicle and its contents are subject to a lien for payment of the towing and storage charges and that the vehicle and its contents will be sold to cover the charges if the charges are not paid by a date specified by the appropriate authority.

(e) That the owner, possessor or person having an interest in the vehicle and its contents is entitled to a prompt hearing to contest the validity of taking the vehicle into custody and towing it, and to contest the reasonableness of the charges for towing and storage if a hearing is requested in a timely manner.

(f) The time within which a hearing must be requested and the method for requesting a hearing.

(g) That the vehicle and its contents may be immediately reclaimed by presentation to the appropriate authority of satisfactory proof of ownership or right to possession, and either payment of the towing and storage charges or the deposit of cash security or a bond equal to the charges with the appropriate authority.
Vehicle Towing

510.3 TOWING SERVICES
The University of Oregon periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

(a) When a vehicle is being held as evidence in connection with an investigation
(b) When it is otherwise necessary to impound a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations

Nothing in this policy shall require the Department to tow a vehicle.

510.3.1 NO PREFERENCE TOW SERVICES
Upon proper application, the University may approve qualified towing services to be called when a citizen needs towing but has no preference as to which service to call.

Any complaint alleging a violation of the agreement or other misconduct by a no preference operator shall be referred to the police department for investigation. The department may periodically review the performance of each authorized no preference operator.

The department will assist citizens by calling any towing company desired. If the citizen has no preference and requests towing service, one of the authorized firms shall be called in rotation.

All officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

510.4 IMPOUNDS RELATED TO CRIMINAL INVESTIGATIONS
Officers should impound vehicles that are needed for the furtherance of an investigation or prosecution of a case or are otherwise appropriate for seizure under ORS 133.535. State law requires the impounding officer to take reasonable steps to protect against loss or damage to impounded vehicles and any contents that may have been taken as evidence (ORS 133.537). Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than store it, so long as the vehicle is not needed for evidence.

510.5 IMPOUND AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or storing the arrestee's vehicle subject to the exceptions described below. However, the vehicle shall be stored, subject to applicable laws and warrant requirements, whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine, reasonably suggests that the vehicle should be stored (e.g., the vehicle would present a traffic hazard if not removed or, due to a high crime area, the vehicle would be in jeopardy of theft or damage if left at the scene).
While the Oregon Revised Statutes may authorize the impoundment of a vehicle for issues such as driving with a suspended or revoked license (ORS 809.720), impounds are only authorized if, in such cases, leaving the vehicle would create a hazard, obstruction or a risk of loss.

The following are examples of situations where the arrestee's vehicle should not be stored, provided the vehicle can be legally parked, left in a reasonably secured and safe condition and the vehicle is not needed for the furtherance of an investigation:

- The vehicle is parked on private property on which the registered owner or operator is legally residing, or the property owner does not object to the vehicle being left parked at that location.
- When the arrestee or a passenger is the registered or legal owner of the vehicle and requests that the vehicle be released to a person who is present, willing and able to legally take control of the vehicle.
- Whenever the vehicle is legally parked and otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall inform the arrestee and note in the report that the Department will not be responsible for theft or damages.

510.6 VEHICLE INVENTORIES
The contents of all impounded vehicles shall be inventoried in accordance with the following procedure:

(a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, the glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.

(b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in the following locations:

1. Any other type of unlocked compartments that are a part of the vehicle including, but not limited to, unlocked glove compartments, unlocked vehicle trunks and unlocked car top containers; and

2. Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers, provided the keys are available and are to be released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
Vehicle Towing

(c) Closed containers located either within the vehicle or any of the vehicle’s compartments will not be opened for inventory purposes except for the following, which shall be opened for inventory: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money or small valuables, or closed containers which are designed for hazardous materials.

(d) Other closed containers shall be opened and inventoried if the owner acknowledges they contain cash in excess of $10, valuables or a hazardous material.

(e) Any valuables, to include cash in excess of $10 or property valued at more than $200, located during the inventory process will be listed on a property receipt and stored in this agency’s property/evidence room. A copy of the property receipt will either be left in the vehicle or tendered to the person in control of the vehicle if such person is present.

(f) The inventory is not a search for evidence of a crime, however, officers shall seize evidence or contraband located during the inventory. Items should be scrutinized to the extent necessary to complete the inventory.

(g) Tow truck operators are to receive a copy of the tow report.

These inventory procedures are for the purpose of protecting an owner’s property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.7 VEHICLE SEARCHES

Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. Vehicle searches should be handled according to current training and an officer’s familiarity with relevant case law. Generally, a search warrant should be sought prior to conducting a search of a vehicle.

Because circumstances under which a warrantless search of a vehicle might be permissible are very limited, and because vehicle searches are subject to many restrictions, officers should, whenever possible, seek supervisory approval and/or contact the Police Legal Advisor at the District Attorney’s Office before conducting a warrantless search of a vehicle.

510.8 SECURITY OF VEHICLES AND PROPERTY

After a thorough inventory of the vehicle has been completed and all contraband, evidence and weapons have been removed the officer should make reasonable accommodations to permit a driver or owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions).

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.
510.9  RELEASE CRITERIA
A vehicle impounded under this section shall be released to a person entitled to lawful possession of the vehicle upon compliance with the following:

(a)  Proof that a person with valid driving privileges will be operating the vehicle.

(b)  Proof of compliance with financial responsibility requirements for the vehicle.

(c)  Payment of the University of Oregon Police Department administrative fee, if any, and any towing and storage charges.

(d)  A security interest holder in the vehicle is not required to comply with (a) and (b) and may obtain release by paying the administrative fee, towing and storage fees.
Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings.

512.2 IMPOUND HEARING
When a vehicle is impounded by any member of the University of Oregon Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent.

512.2.1 HEARING PROCEDURES
When requested, a hearing to contest the validity of the impoundment and the reasonableness of the tow will be held as follows (ORS 819.190).

Requests for a hearing on an impounded vehicle shall be submitted in writing to the person designated by the University of Oregon Police Department to receive such requests, within five days of the postmarked date on the notice of impound. The request shall state the grounds upon which the person requesting the hearing believes that the custody and towing of the vehicle was not justified.

An impound hearings officer, designated by this department, will set a time for the hearing within 72 hours of the receipt of the request, excluding Saturdays, Sundays and holidays. The hearings officer will provide notice of the hearing to the person requesting the hearing, to the impounding officer and to any owner, lessor or security interest holder shown in the Oregon Department of Transportation (ODOT) records.

An impound hearings officer, designated by this department, shall consider all information provided and shall determine the validity of the impound based on substantial evidence on the record, according to applicable law and department policy. The hearings officer shall then render a decision. The officer who caused the removal of the vehicle may submit an affidavit to the hearings officer in lieu of a personal appearance.

If the hearings officer decides that the impound was valid, he/she shall order the vehicle held in custody until the cost of the hearing and all reasonable towing and storage costs are paid by the party claiming the vehicle.

If the hearings officer decides that the impound was invalid, he/she shall order the immediate release of the vehicle to the owner or person with right of possession. Such person is not liable for towing or storage charges and shall be reimbursed for such charges if they have already been paid. New storage costs will not start to accrue until more than 24 hours after the time the vehicle is officially released (ORS 819.190).
Vehicle Impound Hearings

If a decision is made that the impound was invalid and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Director for reimbursement by this department to the appropriate party.
Impaired Driving

514.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY
The University of Oregon Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Oregon's impaired driving laws.

514.3 FIELD TESTS
The Department will establish the primary field sobriety tests (FSTs) and any alternate tests for officers to use when investigating violations of DUI laws.

514.4 CHEMICAL TESTS
A person is deemed to have consented to a chemical test or tests under any of the following (ORS 813.100):

(a) The arresting officer has reasonable grounds to believe that the person was DUI.
(b) The person is arrested for DUI and takes a breath test that discloses a blood alcohol content of less than 0.08 percent.
(c) The person is arrested for DUI and was involved in an accident resulting in injury or property damage.
(d) The person is receiving medical care at a health care facility immediately after a motor vehicle accident and the arresting officer has reasonable grounds to believe that the person was DUI.
(e) The officer has probable cause to believe that the person was DUI and that evidence of the offense will be found in the person's blood or urine and the person is unconscious or otherwise in a condition rendering the person incapable of expressly consenting to the test (ORS 813.140).

514.4.1 BREATH SAMPLES
Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the appropriate staff at the location where the equipment is housed.

514.4.2 BLOOD SAMPLES
Only persons authorized by law to withdraw blood shall collect blood samples (ORS 813.160). The withdrawal of the blood sample should be witnessed by the assigned officer. No officer, even if properly certified, should conduct the blood withdrawal.
Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

If an arrestee cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant, he/she shall not be required to take a blood test. Such inability to take a blood test should not be treated as a refusal. However, the person may be required to complete another available and viable test.

514.4.3 URINE SAMPLES
If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

The collection kit shall be marked with the person's name, offense, University of Oregon Police Department case number and the name of the witnessing officer. The collection kit should be refrigerated pending transportation for testing.

514.5 REFUSALS
When a person refuses to provide a chemical sample, officers should:

(a) Advise the person of the requirement to provide a sample (ORS 813.100; ORS 813.131).
(b) Audio-record the admonishment and the response when it is legal and practicable.
(c) Document the refusal in the appropriate report.

514.5.1 STATUTORY NOTIFICATIONS
Upon refusal to submit to a chemical test as required by law, officers shall personally serve the written notice of intent to suspend upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (ORS 813.100). The arresting officer shall also read the person the Department of Transportation form which informs the person of the rights and consequences of a test to determine the alcohol content of the person's blood (ORS 813.130).

514.5.2 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when a search warrant has been obtained.

514.5.3 FORCED BLOOD SAMPLE
If a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
Impaired Driving

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when legal and practicable.

(d) Ensure that the withdrawal is taken in a medically approved manner.

(e) Supervise any use of force and ensure the forced withdrawal is recorded on audio and/or video when practicable.

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.

(f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances.

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.

2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.

(g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

514.6 ARREST AND INVESTIGATION

514.6.1 REPORTING
The Watch Commander shall ensure that the Department complies with all state reporting requirements pursuant to ORS 181.550.

514.6.2 OFFICER RESPONSIBILITIES
If a person refuses to submit to a chemical test or if a test discloses that the person had a prohibited alcohol concentration in the person's blood, the investigating officer shall notify the Police Communications and Records Manager so that the following items will be forwarded to the Driver and Motor Vehicle Services Division of the Department of Transportation (DMV) within 10 days of the arrest (ORS 813.100):

- The completed Implied Consent Form.
- Any confiscated license or permit belonging to the person.
Impaired Driving

- A copy of the written report that complies with ORS 813.120.

An officer confiscating a person's license pursuant to state DUI laws shall provide the person with a temporary driving permit unless (ORS 813.100; 813.110):

- The driving privileges of the person were suspended, revoked or canceled at the time the person was arrested.
- The person whose license was confiscated was operating on an invalid license.
- The person was not entitled to driving privileges at the time of the arrest for any other reason.
- The person holds a license or permit granting driving privileges that was issued by another state or jurisdiction and that is not confiscated.

514.6.3 OFFENSE FOR REFUSAL
If a person refuses to submit to a chemical test, the arresting officer may charge the person with a separate criminal offense (ORS 813.095).

514.6.4 ADDITIONAL TESTING
An officer requesting that a person submit to a chemical test shall also provide the person, upon request, with a reasonable opportunity to have a qualified medical professional of their choosing administer an additional chemical test. The test may be of the person's breath or blood if alcohol concentration is in issue or of the person's blood or urine if the presence of a controlled substance or inhalant in the person's body is in issue. The test is done at the person's own expense (ORS 813.150).

514.6.5 ADDITIONAL REQUIREMENTS FOR URINE SAMPLES
An officer may not request that a person submit to a urine test unless the officer is certified by the Board on Public Safety Standards and Training as having completed the required training in the recognition of drug impaired driving. The officer must also have a reasonable suspicion to believe that the person arrested has been driving under the influence of a controlled substance, an inhalant, or any combination of an inhalant, a controlled substance and intoxicating liquor (ORS 813.131).

The person providing the urine sample shall be given privacy and may not be observed by the officer when providing the sample (ORS 813.131).

514.7 LAW ENFORCEMENT RECORDS UNIT RESPONSIBILITIES
The Communications and Emergency Response Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

514.8 ADMINISTRATIVE HEARINGS
The supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DMV.
Impaired Driving

Any officers who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Officers called to testify at an administrative hearing should document the hearing date and the DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Law Enforcement Records Unit should forward this to the prosecuting attorney as part of the case file.

514.9 TRAINING
The Lieutenant - Professional Standards and Training should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Lieutenant - Professional Standards and Training should confer with the prosecuting attorney’s office and update training topics as needed.
515.1 PURPOSE AND SCOPE
This policy establishes guidelines for enforcement activities related to speeding violations and the deployment of speed measuring devices.

Excessive speed presents a real danger to the safety of the campus community. The University of Oregon Police Department regards willful violation of ORS addressing speed regulations as a serious breach of the law warranting enforcement action. The goal of UOPD enforcement actions is the education of the campus community and to obtain voluntary compliance with speed regulations.

515.2 SPEED ENFORCEMENT
Enforcement in any area of the campus should be based on information obtained through reported accidents, citizen complaints, officers observations, as well as traffic volume and conditions. Based on the analysis of such information, speed enforcement may include the use of speed measuring devices.

Normally, excessive speed is defined as 10 miles per hour above the speed limit, or driving at a speed that is too fast for conditions.

515.3 SPEED MEASURING DEVICES
The use of speed measuring devices in traffic law enforcement has become increasingly widespread in order to ensure that traffic safety objectives are met. Effective regulation of vehicle speed requires accurate and well maintained equipment as well as knowledgeable and well trained personnel. As a result of training (both basic and equipment-specific), law enforcement personnel have an understanding of the basic principles of speed measuring devices, including factors which may limit its use; knowledge of the laws, court rulings, regulations, policies and procedures affecting speed measuring devices, and development of basic skills in testing and operating a speed measuring device as well as preparing and presenting courtroom testimony on the use of speed measuring devices.

In addition to enforcement actions, speed measuring devices may be used effectively in education and demonstration activities that UOPD performs for the campus community.

515.3.1 EQUIPMENT SPECIFICATIONS
All speed measuring devices used by UOPD will meet or exceed the specifications of the U.S. Department of Transportation's National Highway Traffic Safety Administration and the International Association of Chiefs of Police.
515.3.2 OPERATIONAL PROCEDURES

(a) All speed measuring device operators must know how to set up, test, and properly operate and read the speed measuring device that is used. Officers must be able to demonstrate proper testing and operational procedures prior to the use of any speed measuring device. In order to most effectively acquire and accomplish these skills, officers shall complete a prescribed course of training established by DPSST or the UOPD in the absence of established DPSST standards.

(b) All speed measuring devices shall be checked for accuracy at the beginning and end of each work shift. Tests to be performed prior to use shall be in accordance with operating manual for the respective device. Daily operational records shall be maintained on the back of each citation as a means of preserving evidence. All speed measuring devices shall be utilized with proper consideration given to site selection, tracking history and problem identification.

(c) All speed measuring devices shall be maintained in good working order. Any speed measuring device found not to be functioning properly shall be removed from service immediately and submitted to the Sergeant of Operations who will arrange for repair.

(d) The Sergeant of Operations shall maintain calibration and maintenance records for each individual unit. All records shall be kept in the speed measuring devices manual located with the traffic unit. Each unit shall be factory calibrated not less than once per year by authorized speed measuring device technicians.

(e) All speed measuring devices will be housed in a location determined by the Sergeant of Operations, and will be checked out by officers in accordance with established practice. All units will be returned to this location at the end of each shift.
Traffic Citations

516.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES
The Manager of Police Communications and Records shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council. The Law Enforcement Records Unit shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Police Operations Captain. Upon a review of the circumstances involving the issuance of the traffic citation, the Police Operations Captain recommend dismissal of the traffic citation to the court. The citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer will obtain approval from his/her immediate supervisor to dismiss the citation. If approved, the officer will request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the court’s decision and shall complete a memorandum to the Police Operations Captain for review. The Law Enforcement Records Unit will purge the citation from the filing and computer system.

516.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Law Enforcement Records Unit.

516.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a memorandum requesting a specific correction to his/her immediate supervisor. The citation and approved memo shall then be forwarded to the Police Communications and Records Manager who will prepare a letter to court having jurisdiction and to the recipient of the citation explaining the modifications. The letter to the recipient of the citation will be mailed via
Traffic Citations

registered mail, return receipt requested. If the letter is returned as undeliverable, a copy of the letter and envelope will be forwarded to the court.

516.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Law Enforcement Records Unit.

Upon separation from employment with the this department, all employees issued traffic citations books shall return any unused citations to the Law Enforcement Records Unit.
Disabled Vehicles

520.1 PURPOSE AND SCOPE
Public safety, and the University of Oregon Police Department's commitment to service, requires that officers place a high priority on assisting disabled motorists. This policy provides guidelines for achieving that objective.

520.2 OFFICER RESPONSIBILITY
When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS
Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.
72-Hour Parking Violations

524.1 PURPOSE AND SCOPE
This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Oregon Revised Statutes or Oregon Administrative Rules pertaining to the University of Oregon regulating 72-hour parking violations and abandoned vehicles under the authority of Oregon Revised Statutes 819.110.

524.2 MARKING VEHICLES
Vehicles suspected of being in violation of the Oregon Administrative Rules applying to the University of Oregon 72-Hour Parking regulation shall be marked and noted on the University of Oregon Police Department Marked Vehicle Card. No case number is required at this time.

(a) A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. An abandoned Tow "Red Sticker" shall be prominently attached to a window in a manner that does not block a driver's visibility.

(b) All Marked Vehicle Cards shall be submitted to the Traffic Division for computer data entry.

(c) If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Division.

(d) Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

524.2.1 MARKED VEHICLE FILE
The Traffic Division shall be responsible for maintaining a file for all Marked Vehicle Cards.

Parking control officers assigned to the Traffic Division shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Marked Vehicle Cards.

524.2.2 VEHICLE IMPOUND
Any vehicle in violation shall be impounded by the authorized towing service and an Impounded Vehicle Report shall be completed by the officer authorizing the towing of the vehicle.

The Impounded Vehicle Report form shall be submitted to the Law Enforcement Records Unit immediately following the towing of the vehicle. It shall be the responsibility of the Law Enforcement Records Unit to enter the vehicle into LEDS.

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Law Enforcement Records Unit to determine the names and addresses...
72-Hour Parking Violations

of any individuals having an interest in the vehicle through DMV. Records personnel shall mail a copy of the approved Vehicle Impound Report form along with information describing the location of the vehicle, the procedures for its release, and the owner's right to a hearing, to the legal and registered owners of the stored vehicle within 48 hours after it has been impounded, unless the vehicle has been previously released (Oregon Revised Statutes 819.180(1)).

Vehicles Impounded under this section may be subject to hearing procedures outlined in Policy Manual § 512.

524.3 VEHICLE DISPOSAL
If, after 30 days from the custody, the vehicle remains unclaimed and the towing and storage fees have not been paid, and if no request for a vehicle impound hearing has been made, the Department may provide the lien holder storing the vehicle with authorization to dispose of any vehicle which has been appraised at a value of $500 or less.

If the vehicle is appraised at more than $500, the vehicle and contents shall be sold at public auction (Oregon Revised Statutes 819.210).

524.3.1 APPRAISAL
Vehicles disposed of under Policy Manual § 524.3 must be appraised by an appraiser certified by the Department of Transportation (Oregon Revised Statutes 819.215).

524.4 IMPOUND HEARING
When a vehicle is stored under this section by any member of the University of Oregon Police Department, a hearing will be conducted upon the timely request of any person who reasonably appears to have an interest in the vehicle.

Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
When assigned to a case for initial or follow-up investigation, detectives shall proceed with due diligence in evaluating and preparing the case for appropriate clearance or presentation to a prosecutor for filing of criminal charges.

One or more detectives shall be available 24 hours a day for criminal investigations and the processing of crime scenes. The Oregon State Police crime lab is an additional resource for processing of serious and involved crime scenes.

600.2 MODIFICATION OF CHARGES FILED
Employees are not authorized to recommend to the District Attorney, General Counsel, or to any other official of the court that charges on a pending case be altered or the case dismissed. In all cases resulting in court prosecution, any request to modify the charges filed or to recommend dismissal of charges in a pending case shall be made to the District Attorney's Office or General Counsel's Office only as authorized by Police Operations Captain or the Chief of Police.

600.3 POLYGRAPH EXAMINATION OF VICTIMS
Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 to 163.575, may not be required, by a district attorney or other law enforcement officer or investigator involved in the investigation or prosecution of crimes, or any employee thereof, to submit to a polygraph examination as a prerequisite to filing an accusatory pleading (ORS 163.705).

600.4 COLLECTION OR MAINTENANCE OF SPECIFIC INFORMATION
The collection or maintenance of information about the political, religious or social views, associations or activities of any individual, group, association, organization, corporation, business or partnership shall occur only when the information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct (ORS 181.575).

600.5 CUSTODIAL INTERVIEWS
Generally, except where circumstances make it impracticable, custodial interviews regarding felony offenses should be electronically recorded. When such custodial interviews are conducted in a law enforcement facility and in connection with an investigation into aggravated murder, as defined in ORS 163.095, or a crime listed in ORS 137.700 or 137.707, electronic recording of the interview is mandatory absent good cause not to record (ORS 133.400).

If an interviewee expresses an unwillingness to have the custodial interview electronically recorded but agrees to speak to investigators without such recording, the interviewing officer or detective should:
Investigation and Prosecution

(a) Document the refusal in his/her report.
(b) Request that the interviewee sign a written statement or provide a recorded statement of his/her refusal to have the interview recorded.

All electronic recordings of custodial interviews shall follow the requirements set forth in ORS 165.540.

No recording of an interrogation should be destroyed or altered without written authorization from the District Attorney and the Investigations Sergeant. Copies of recorded interrogations or interviews may be made in the same or different format, provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Officers should continue to prepare written summaries of custodial questioning and investigative interviews and continue to obtain written statements from suspects when applicable.

600.6 CONFIDENTIAL OR SENSITIVE INVESTIGATIONS
In the event a University Employee or Official as defined in Policy 806.5.1, are the subject of an investigation, the Chief may request another agency conduct the investigation to address issues of impropriety or conflict of interest.
Confidential Informants

608.1 PURPOSE AND SCOPE
In many instances, a successful investigation cannot be conducted without the use of confidential informants. To protect the integrity of the University of Oregon Police Department and the officers using informants, it is the policy of this department to take appropriate precautions by developing sound informant policies.

608.2 INFORMANT FILE SYSTEM
The Investigations Unit Supervisor or his/her designee shall be responsible for maintaining informant files. A separate file shall be maintained on each confidential informant.

608.2.1 FILE SYSTEM PROCEDURE
Each file shall be coded with an assigned informant control number. An informant history shall be prepared to correspond to each informant file and include the following information:

(a) An informant checklist ensuring that all the required documentation is present.
(b) Informant's confidential number, full name and any aliases.
(c) Date of birth, height, weight, hair color, eye color, race, sex, scars, tattoos or other distinguishing features.
(d) Current home address and telephone numbers.
(e) Current employer(s), position, address(es) and telephone numbers.
(f) Vehicles owned and registration information.
(g) Places frequented.
(h) Informant's photograph, fingerprints and criminal history.

(o) A log of all activity and the expenditure of all confidential funds associated with the informant.
Confidential Informants

(p) Update on active or inactive status of informant.

The informant files shall be maintained in a secure area within the Investigations Unit. These files shall be used to provide a source of background information about the informant, enable review and evaluation of information given by the informant, and minimize incidents that could be used to question the integrity of detectives or the reliability of the confidential informant.

Access to the informant files shall be restricted to the Chief of Police, a Director, the Investigations Unit Supervisor, or their designees.

608.3 USE OF INFORMANTS

Before using an individual as a confidential informant, an officer must receive approval from the Investigations Unit Supervisor. The officer shall compile sufficient information through a background investigation in order to determine the reliability, credibility and suitability, of the individual, including age, maturity and risk of physical harm.

608.3.1 JUVENILE INFORMANTS

The use of juvenile confidential informants is discouraged due to a number of risks. They will only be used when the investigation is of such a nature as to justify the risks. The district attorney should be consulted and a parent or legal guardian's written consent shall be secured. Final approval to use a juvenile confidential informant must be obtained from the Chief of Police.

608.4 GUIDELINES FOR HANDLING CONFIDENTIAL INFORMANTS

All confidential informants are required to sign and abide by the provisions of the departmental Informant Agreement. The officer using the confidential informant shall discuss each of the provisions of the agreement with the confidential informant.

Details of the agreement are to be approved in writing by the unit supervisor before being finalized with the confidential informant.

608.4.1 RELATIONSHIPS WITH CONFIDENTIAL INFORMANTS

No member of the Department shall knowingly maintain a social relationship with a confidential informant while off duty, or otherwise become intimately involved with a confidential informant. Members of the Department shall neither solicit nor accept gratuities nor engage in any private business transaction with a confidential informant.

To maintain officer/informant integrity, the following must be adhered to:

(a) Officers shall not withhold the identity of an informant from their superiors.
(b) Identities of informants shall otherwise be kept confidential.
(c) Criminal activity by informants shall not be condoned.
(d) Informants shall be told they are not acting as police officers, employees or agents of the Department, and that they shall not represent themselves as such.
(e) The relationship between officers and informants shall always be ethical and professional.
Confidential Informants

(f) Social contact shall be avoided unless necessary to conduct an official investigation, and only with prior approval of the Investigations Unit Supervisor.

(g) Officers shall not meet with informants unless accompanied by at least one additional officer unless a request to meet alone has been approved by the Investigations Sergeant.

(h) All exchanges of confidential funds between officers and informants must be witnessed by at least one other officer.

(i) In all instances when Department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
   1. The voucher shall be signed by the informant using either their pseudonym or Informant Number registered with a signature in the informant packet.
   2. The voucher will also include the case number associated with the expenditure.

(j) A description of the benefit obtained (search warrant, arrest, recovered property, etc.) will be entered into the informant's file.

608.5  NARCOTICS INFORMANT PAYMENT PROCEDURES
The potential payment of large sums of money to any confidential informant must be done in a manner respecting public opinion and scrutiny. Additionally, to maintain a good accounting of such funds requires a strict procedure for disbursements.

608.5.1  PAYMENT PROCEDURE
The amount of funds to be paid to any confidential informant will be evaluated against the following criteria:

• The extent of the informant's personal involvement in the case.
• The significance, value or effect on crime.
• The amount of assets seized.
• The quantity of the drugs seized.
• The informant's previous criminal activity.
• The level of risk taken by the informant.

The Investigations Unit Supervisor will discuss the above factors with the Police Operations Director and arrive at a recommended level of payment that will be subject to the approval of the Chief of Police. For the purchase of drugs or property, the amount of payment will generally be based on a percentage of the current market price for the drugs or other contraband being sought, not to exceed 15%.

608.5.2  CASH DISBURSEMENT POLICY
The following establishes a cash disbursement policy for confidential informants. No informant will be told in advance or given an exact amount or percentage for services rendered.
Confidential Informants

(a) When both assets and drugs have been seized, the confidential informant shall receive payment based upon overall value and the purchase price of the drugs seized.

(b) A confidential informant may receive a cash amount for each quantity of drugs seized whether or not assets are also seized.

608.5.3 PAYMENT PROCESS
A check shall be requested, payable to the case agent. The case number shall be recorded justifying the payment. The Chief of Police and the Vice President of Finance and Administration's signatures are required for disbursements over $500. Payments $500 and under may be paid in cash out of the Investigations Unit Buy/Expense Fund. The Investigations Unit Supervisor will be required to sign the cash transfer form for amounts under $200. The Chief of Police must sign transfer amounts over $200.

To complete the transaction with the confidential informant the case agent shall have the confidential informant initial the cash transfer form. The confidential informant will sign the form indicating the amount received, the date, and that the confidential informant is receiving funds in payment for information voluntarily rendered in the case. The University of Oregon Police Department case number shall be recorded on the cash transfer form. A copy of the form will be kept in the confidential informant's file.

If the payment amount exceeds $500, a complete written statement of the confidential informant's involvement in the case shall be placed in the confidential informant's file. This statement shall be signed by the confidential informant verifying the statement as a true summary of his/her actions in the case(s).

Each confidential informant receiving a cash payment shall be informed of his or her responsibility to report the cash to the Internal Revenue Service (IRS) as income.

608.5.4 REPORTING OF PAYMENTS
Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the confidential informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the confidential informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.
Eyewitness Identification

610.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY
This department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES
Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION FORM
The Investigations Supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process and any related forms or reports should provide:

(a) The date, time and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.
Eyewitness Identification

(c) The name of the person administering the identification procedure.
(d) If applicable, the names of all of the individuals present during the identification procedure.
(e) An admonishment that the suspect's photograph may or may not be among those presented and that the witness is not obligated to make an identification.
(f) An admonishment to the witness that the investigation will continue regardless of whether an identification is made by the witness.
(g) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

610.5 EYEWITNESS IDENTIFICATION
Officers are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Officers should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS
When practicable, the person composing the lineup and the person presenting the lineup should not be directly involved in the investigation of the case. When this is not possible, the member presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

When practicable, the employee presenting a lineup to a witness should not know which photograph or person is the suspect.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

The order of the suspect or the photos and the fillers should be randomized before being presented to each witness.
Eyewitness Identification

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the officer should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.
(b) Assess whether a witness should be included in a field identification process by considering:
   1. The length of time the witness observed the suspect.
   2. The distance between the witness and the suspect.
   3. Whether the witness could view the suspect's face.
   4. The quality of the lighting when the suspect was observed by the witness.
   5. Whether there were distracting noises or activity during the observation.
   6. Any other circumstances affecting the witness's opportunity to observe the suspect.
   7. The length of time that has elapsed since the witness observed the suspect.
(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
(d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
(e) A person should not be shown to the same witness more than once.
(f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
(g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
(h) If a witness positively identifies an individual as the perpetrator, officers should not conduct any further field identifications with other witnesses for that suspect. In such instances officers should document the contact information for any additional witnesses for follow up, if necessary.
610.6 DOCUMENTATION
A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.
Brady Material Disclosure

612.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady information") to a prosecuting attorney.

612.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the University of Oregon Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY
The University of Oregon Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the University of Oregon Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files); the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should discuss the issue with the appropriate prosecutor.
612.4 DISCLOSURE OF PERSONAL INFORMATION
The Lieutenant-Professional Standards and Training should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain information that is potentially Brady information. The obligation to provide Brady information is ongoing. If any Brady information is identified, the District Attorney, the Eugene City Attorney and General Counsel should be notified. The officer will also be notified. Appropriate administrative action should be initiated if the prosecuting attorneys conclude that the information is, indeed, Brady information.

The Lieutenant-Professional Standards and Training may discuss with the District Attorney any administrative cases involving potential Brady information prior to the conclusion of the investigation.

If another member of this department is a material witness in a criminal case, the Lieutenant-Professional Standards and Training shall examine the personnel file and/or internal affairs file of the member to determine whether they contain Brady information. If Brady information is located, the following procedure shall apply:

(a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of Brady material in the member's personnel file.

(b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in camera review by the court.

1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.

(c) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection to address any issues or questions raised by the court.

(d) If the court determines that there is relevant Brady material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.

(e) If a court has determined that relevant Brady information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

612.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the
Brady Material Disclosure

Information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING
Department personnel should receive periodic training on the requirements of this policy.
Chapter 7 - Equipment and Facilities
Department Owned and Personal Property

700.1 PURPOSE AND SCOPE
Department employees are expected to utilize only department issued equipment and properly care for department property assigned or entrusted to them. This policy establishes guidelines for requesting alternative or special equipment. Additionally, employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.1.1 PERSONAL, SPECIAL OR ALTERNATIVE EQUIPMENT APPROVAL
The use of any non-issued equipment used in the course of an employee's duties must be approved, in advance, by the Chief of Police, or designee. The authorization form will be submitted to the Chief of Police through the employee's chain of command. This process also allows the authorization of equipment that the department wishes to test for general issuance.

Equipment includes, but is not limited to, audio or video recorders, knives, flashlights, handcuffs, batons, and other equipment specifically designed to facilitate the employee's work.

Property, which does not require prior approval, includes, but is not limited to, watches, eye glasses, etc.

700.2 CARE OF DEPARTMENTAL PROPERTY
Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee's intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

(a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.

(b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

(c) Except when otherwise approved by a supervisor or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.

(e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.
700.3 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee's immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Director, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the UOPD Administrative Services Division.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT
A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER
Officers and other employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, regardless of jurisdiction, shall report it as provided below.

(a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

(b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY
If employees of another jurisdiction cause damage to real or personal property belonging to the University, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. The employee shall submit a written report before going off duty or as otherwise directed by the supervisor.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Director.
Facilities, Security and Access

701.1 PURPOSE AND SCOPE
The purpose of this policy is to establish security philosophy and general guidelines on the restrictions to access to UOPD facilities. Police records, documents, communications and routine business is generally confidential and must be secured from unauthorized viewing or access. Controlling access to the facilities is paramount to ensuring the confidentiality of documents, complying with Criminal Justice Information System (CJIS) regulations, communications and personal safety of the employees and public who access those facilities.

701.1.1 FACILITY SECURITY PROGRAM RESPONSIBILITY
The Communications Emergency Response Center Manager will have overall program responsibilities for security and access control to UOPD facilities (Program Manager). For purposes of this program, the Access Coordinator will report to the CERC Manager.

The Access Coordinator will be responsible for:
• Inventory control of all access control visitor lanyards
  • Audits will be performed periodically, but no less frequently than bi-weekly
• Review and storage of access logs and other program documents
• Investigation and resolution of issues relating to security and access control
• Reporting of significant issues involving facility security or access control to Command staff

701.2 RESTRICTIONS TO ACCESS
Each facility of UOPD has a combination of public access and limited access areas. A barrier (door, gate, etc.) will be located at each entry point where access is limited and clearly marked by signage indicating that access is limited (for example, "Access by Authorized Persons Only").

Any person inside a secure area of a UOPD facility will wear the appropriate ID card, according to their status described below.
• Types of access control cards
  • UOPD ID (as limited by UO access restrictions)
  • V-LE (visiting Law Enforcement personnel)
  • V-SE (visiting Security personnel)
  • V-DI (Visiting professionals, dignitaries or UO personnel with frequent need for access) UNESCORTED ACCESS REQUIRES STATE AND NATIONAL FINGERPRINT BACKGROUND CHECK

ACCESS REQUIRES STATE AND NATIONAL FINGERPRINT BACKGROUND CHECK

• V-ES (Members of the public who will be escorted at all times within the UOPD facility)

701.2.1 UOPD PERSONNEL
UOPD employees will display their Department ID on a lanyard or clip so that it is visible at or above the waist at all times while in a UOPD facility. For convenience, the Department ID card may be included in the same holder as the employee’s prox card.

• Uniformed personnel are not required to display ID cards while in uniform.

701.2.2 VISITING LAW ENFORCEMENT OR SECURITY PERSONNEL
Visiting Law Enforcement or Security personnel are not required to be escorted while in the building, but will display:

• They will be allowed to log in and out on their own (front counter or greeter personnel will assist with this process, if necessary)

701.2.4 CONTRACTORS
Contractors (for example, building contractors, IT contractors) will be processed by Police Records staff in the following manner:

• They will fill out a Contractors Access Agreement prior to their first access
• Police Records staff will run their local record, LEDs and NCIC inquiries and bring any concerns to the attention of the Program Manager who will make a recommendation to the Chief of Police, or designee, whether to allow contractor access to the facility
• Upon approval for access, will be issued a V-CT card that will have an expiration date label attached. The expiration date will be determined by the anticipated length of their needed access, and may be extended as necessary to facilitate their work
• At the end of the access period, the contractor will return the card to Police Records Staff
701.2.5 GENERAL PUBLIC
General public is not afforded un-escorted access to any secure portion of UOPD facilities. Ride-along participants will have been issued an "Observer" tag which will qualify as a V-ES card.

• If a member of the public has an appointment with, or otherwise has a business need to access secure areas, front desk or greeter personnel will:
  • Obtain government issued identification and visually verify that the individual pictured is the one presenting the identification
  • Have the person print and sign the entry log

• When the person with the V-ES card is ready to leave, escorts/front desk/greeter personnel will:
  • Date and time the log under "exit"
  • Obtain the V-ES card and replace it in its normal storage location
Personal Communication Devices

702.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

Pursuant to the University of Oregon Acceptable Use of Computing Resources and the corresponding Addendum(s), all PCDs supplied by the UOPD are for administrative and law enforcement purposes only, and their use is strictly limited to the conduct of Department business.

702.2 POLICY
The University of Oregon Police Department allows employees to utilize department-issued PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations.

Any PCD used on or off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy. Personally owned PCD's used for Department business related purposes may subject the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

The inappropriate use of a PCD while on-duty may impair officer safety. Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY POLICY
Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business.
Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee misconduct and, as practicable, will be done upon request and in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

702.4 DEPARTMENT-ISSUED PCD
Depending on an employee’s assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless an employee is expressly authorized by the Chief of Police, or designee, for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD
Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
(b) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
(c) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications and no department issued PCD is available). Employees will have no expectation of privacy with regard to any department business-related communication.
(d) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
(e) Use of a personally owned PCD for Department business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations.
(f) If the Department determines that the use of a personally owned PCD on-duty for personal business violates the provisions of 702.6 (c) the privilege of carrying or using the PCD on-duty may be revoked.
Except with prior express authorization from their supervisor, employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If an employee is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the employee has prior express authorization from his/her supervisor, the employee may engage in business-related communications. Should employees engage in such approved off-duty communications or work, employees entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Employees who independently document off-duty department-related business activities in any manner may be asked to provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PERSONAL COMMUNICATION DEVICES

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

(b) All PCDs in the workplace should be set to silent or vibrate mode.

(c) PCD’s will not be used to conduct personal business on duty, with the limited exception of brief personal use during authorized work breaks, or minimal personal business that contributes to the efficiency and effectiveness of the employee (for example, making child-care arrangements). Personal use shall not interfere with the employee’s ability to accomplish their assigned responsibilities.

(d) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.

(e) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the or the authorized designee, may result in discipline.

(f) Employees will not access social networking sites for any purpose that is not official department business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.
702.7 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (ORS 811.507). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.8 OFFICIAL USE
Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, employees shall conduct sensitive or private communications on a land-based or other department communications network.

Officers should be aware that the police radio is the primary communication tool, and PCD’s should not supplant radio traffic.

The following situations are examples of when the use of a PCD may be appropriate:

(a) Barricaded suspects
(b) Hostage situations
(c) Mobile Command Post
(d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
(e) Major political or community events
(f) Investigative stakeouts
(g) Emergency contact with an allied agency or allied agency field unit
(h) When immediate communication is needed and the use of the radio is not available or appropriate and other means are not readily available

706.7 MAINTENANCE
Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles.

Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage. It is the assigned member’s responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.

Supervisors shall make, at the minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with policy.

706.7.1 ACCESSORIES AND/OR MODIFICATIONS
No modifications, additions or removal of any equipment or accessories shall be made to the vehicle without written permission from the Director.

706.8 VEHICLE DAMAGE, ABUSE AND MISUSE

When a University-owned vehicle is involved in a traffic collision, or otherwise incurs damage, the involved employee shall promptly notify a supervisor. A traffic collision report shall be filed with the agency having jurisdiction. If mandatory DMV reporting regulations for the collision do not apply, ensure that the report is marked “Do Not Send to DMV.”

When a collision involves a department vehicle or when a member of this department is an involved driver in a collision that occurs in this jurisdiction, and the collision results in serious injury or death, the supervisor should request that an outside law enforcement agency should be summoned to investigate the collision.

The employee involved in the collision shall complete the University's vehicle accident form. If the employee is incapable, the supervisor shall complete the form.

Any damage to a vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in a memorandum and forwarded to the watch commander.

An administrative investigation will be conducted to determine indications of vehicle abuse, misuse, or “at-fault” driving. If it is determined that misuse, abuse or “at-fault” driving was a factor appropriate disciplinary action may result.
No person will be initially cited if the collision was the result of a violation of Oregon Motor Vehicle Code. In that case, the collision report(s) will be forwarded to the appropriate prosecutor's office for determination of whether citations should be issued in this particular case.

Chapter 8 - Support Services
Crime Analysis

800.1 PURPOSE AND SCOPE
Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interviews and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES
Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data
- Oregon Department of Transportation
- Oregon Traffic Safety Commission
- Information obtained from participation in local and regional crime sharing meetings

800.3 CRIME ANALYSIS FACTORS
The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION
For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the
Crime Analysis

Development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.
Communications and Emergency Response Center (CERC)

802.1 PURPOSE AND SCOPE
The basic function of the communications system is to satisfy the immediate information needs of the law enforcement agency in the course of its normal daily activities and during emergencies. The latter situation places the greatest demands upon the communications system and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any department, large or small, uses available information technology in fulfillment of its missions.

802.1.1 FCC COMPLIANCE
University of Oregon Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and guidelines.

802.1.2 CODE OF ETHICS
All communication personnel at the University of Oregon Police Department shall conduct themselves in accordance with the tenets of the Public Safety Telecommunicator's Code of Ethics. The Communications and Emergency Response Manager shall ensure that newly hired Communications Officers working under their supervision read and sign a copy of the Code of Ethics during their initial training and orientation period. The signed copy shall be retained in the employee's personnel record.

802.2 COMMUNICATIONS GUIDELINES
This department provides 24-hour telephone service to the public for information or assistance that may be needed in emergencies. The ability of citizens to telephone quickly and easily for emergency service is critical. This department maintains direct contact with Central Lane Communications and promotes the use of the 9-1-1 system for a single emergency telephone number. This department has two-way radio capability providing continuous communication between the Communications and Emergency Response Center and officers.

802.2.1 STRUCTURE
Director - The Director is responsible for directing the overall operations of the Communications and Emergency Response Center including establishing policies and procedures, budgeting and fiscal planning, managing human resources, evaluating programs and services, and the overall maintenance of all Center equipment.

Supervisors - All Communications and Emergency Response Managers are responsible for the operations of their particular shift and, in coordination with other supervisors, the efficient and effective operation of the Center on a day-to-day basis. Each Communications and Emergency Response Manager is also responsible for the supervision, training and evaluation of personnel assigned to their shift; scheduling; compliance to established policies; reviewing requests for
copies of information for release; maintaining time records; and maintenance of CAD and Master Street Address Guide files. All Communications and Emergency Response Managers report to the Director.

**Communication Officers** - Communications Officers are responsible for the receipt and handling of all incoming and transmitted communications, including but not limited to emergency lines; normal business phone lines; TTY devices, and radio communications with fire, EMS, and law enforcement units. Communications Officers are also responsible for entering of CAD data for all field activities of fire, EMS, and law enforcement units and making inquiries through outside data bases (i.e. LEDS, NCIC, DMV, etc.) in support of those field units. Communications Specialists report to their respective Communications and Emergency Response Manager.

802.2.2 SCHEDULING
Scheduling in Communications and Emergency Response Center shall consist of at least three shifts. The Communications and Emergency Response Manager in charge of each shift shall report to the Director. Minimum staffing levels requires that there will always be at least two personnel on duty at any given time, one of which may be a Communications and Emergency Response Manager. It is the responsibility of the Communications and Emergency Response Managers to establish a balanced work schedule for their respective shifts to ensure adequate coverage based upon anticipated activity levels and a balance of experience and specialization available. The Communications and Emergency Response Managers will post a copy of the work schedule for employee's reference and coordinate requested time off and provide for unexpected absences such as sick time.

802.2.3 CONFIDENTIALITY
Information that becomes available through Communications and Emergency Response Center may be confidential or sensitive in nature. All communications personnel are to treat information that becomes known to them as confidential and release that information only to duly authorized personnel.

Automated data, such as Department of Motor Vehicle records, warrants, criminal history information, records of internal police files, or medical information such as a data reference to "Use Universal Precautions" shall only be communicated to authorized criminal justice personnel and, when transmitting via the radio, an admonishment that confidential information is about to be transmitted. Whenever possible, confidential information will be transmitted via a secure encrypted radio channel.

When a citizen calls Central Lane Communications using an enhanced 9-1-1 line, the ANI/ALI will display the subscriber's name, address and telephone number. All identifications received from E9-1-1 are confidential and shall not be subject to public disclosure by Communications and Emergency Response Center per ORS 403.135(2).

When a caller calls E9-1-1 from a non-published or non-listed telephone number, ANI/ALI will display "(NP)" in front of the subscriber's name. Absent the permission of the subscriber this information shall not be reproduced from CAD or included in any official report except as necessary
to respond to a 9-1-1 call or notify the public of an emergency via an automated system (ORS 403.135(3)).

802.2.4 RECORDINGS
Each console is equipped with an instant playback recording system. This system provides the capability of instant replay of all recent radio communications.

System-wide recording devices are also installed to record all radio and telephone conversations coming into Communications and Emergency Response Center. The recordings are stored and retained by an assigned Communications and Emergency Response Manager for a minimum of six months.

802.2.5 SECURITY
The communications function is vital and central to all emergency service operations. The safety and security of Communications and Emergency Response Center, its personnel, and equipment must be a high priority.

Access to Communications facilities may be restricted by the Department, as necessary.

802.2.6 CALLS FOR SERVICE
Emergency calls for service may be received directly by the Communications and Emergency Response Center. Calls for service may also be transferred from Central Lane Communications. The Center will also have business lines available for non-emergency calls for service and information. The non-emergency phone number will be listed in a public telephone directory and all published material will encourage callers to utilize 9-1-1 for emergencies.

(a) Emergency Calls - An emergency call is considered as any call received via telephone or radio where there is an immediate or potential threat to life or serious property damage, and time of arrival is of the utmost importance. All incoming calls on an emergency line will be answered with "University Police. Do you have an emergency?"

1. Some incoming calls will display caller ID of the account holder.
2. Verify the phone number and address; never assume the caller ID information is correct.
3. Verify where units should respond. It may be a different location than the call is being made from.
4. Bring information into CAD and complete the CAD entry.
5. Emergency calls will be dispatched immediately.
6. A citizen reporting an emergency will never be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding units and the public.
Communications and Emergency Response Center (CERC)

(b) **Non-Emergency Calls** - Non-emergency calls are considered as any call received via telephone or radio where there is no immediate or potential threat to life or property. Incoming calls received on the business line will be answered using the agency name and, if appropriate, unit or division

1. Enter information into the CAD system and dispatch or transfer to the appropriate dispatcher.

2. Calls for other university departments may be transferred or information taken for after-hours notifications, as appropriate.

3. Citizens reporting non-emergencies may be put on hold if necessary to take higher priority calls.

4. Advise the citizen if there will be a delay in the dispatcher coming back onto the line or if the field unit advises there will be a delay in his response.

802.2.7 TELEPHONE REPORTS

Certain non-emergency complaints may be handled by the field unit by phone provided that:

(a) There is no physical evidence to be collected such as latent fingerprints

(b) The suspect is no longer at the scene

(c) No on-scene investigation is needed

(d) The caller agrees to telephone contact from the field unit

(e) When taking a call for service that may be handled by telephone contact, ask the caller if the call can be handled by this method. If the caller agrees, advise the field unit. The field unit receiving the dispatch has the ultimate decision whether to handle the call by phone or in person

802.2.8 EMERGENCY MESSAGES

When a call is received requesting an emergency message be delivered, take the information on the call entry screen as with any other call for service. Attempt to dispatch the appropriate field unit by telephone, MDT (when available), or in person. Radio dispatch may be used if other means are not possible.

Communications Officers will not deliver emergency messages to the ultimate recipient by any means.

802.2.9 COLLECT CALLS

Collect calls will not be accepted by Communications and Emergency Response Center unless the dispatcher believes the call would be justified in serving the university community or public.

802.3 RADIO COMMUNICATIONS

Communications radios are for official use only, to be used by personnel of Communications and Emergency Response Center to communicate with the user agencies.
Employees of Communications and Emergency Response Center shall identify themselves on the radio with the appropriate station identifier, and identify the field unit with the officer identification number as assigned by their department. All transmissions shall be in accordance with Federal Communications Commission (FCC) procedures and requirements. All transmissions shall be professional and made in a calm, business-like manner. Slang terms and personal acronyms shall not be used.

802.3.1 AUTHORIZED CODES
Radio Codes employed by Communications and Emergency Response Center and all users will operate a plain language radio system except for the following authorized codes:

(a) Code 0 - Officer needs immediate assistance highest priority call
(b) Code 1 - Non-emergency cover requested
(c) Code 2 - Rapid cover requested (silent approach)
(d) Code 3 - Response is with emergency lights and siren
(e) Code 4 - Situation is under control
(f) Code 5 - Wanted subject
(g) Code 5 Information - Confidential or Officer Safety information
(h) Code 6 - Conducting an investigation
(j) Code 8 - Communicable disease (do not broadcast specifics)
(k) Code 9 - Clear the channel for emergency or priority, call-specific, transmissions (see Policy section 802.3.2)
(l) Code 10 - Bomb threat or suspicious device
(m) Code 11 - Public relations contact

802.3.2 RESTRICTED CHANNEL
When requested by an officer Communications and Emergency Response Center will clear the channel and restrict all other radio traffic to another channel when:

(a) A Code 9 is called
(b) The dispatcher believes a situation is a threat to the physical safety of a field unit
(c) The field unit is involved in a situation that demands a dedicated channel, i.e.; a pursuit
(d) Any field unit requests a channel cleared

To clear the channel announce on the channel to be cleared “Code 9 (channel #) for (unit #) or incident.”
Normal traffic may be assigned to another channel depending on the circumstances. Regardless of who initiated the clear channel, Communications and Emergency Response Center will not release the channel to normal traffic without the authorization of the field unit in charge of the situation. To resume normal traffic on the cleared channel, announce on the cleared channel and the alternate channel "Code 9 is cleared on (channel)".

802.4 EQUIPMENT FAILURES
At least two operational console positions, including emergency phone lines, business phone lines, radios for all operational frequencies and CAD and computer systems should remain operational for use by Communications and Emergency Response Center personnel. If a malfunction occurs during regular business hours, a call will be placed immediately to the Director who will arrange to correct the malfunction. If it occurs during non-business hours, the Director will be notified by phone and the Communications and Emergency Response Manager will be directed to the appropriate person, department or agency. If necessary, one or more console positions may be relocated to an approved alternate location as long as on-duty dispatchers are capable of maintaining communications via phone or radio.

802.4.1 9-1-1 EQUIPMENT OR CIRCUIT PROBLEMS
When the emergency telephone lines malfunction, the Communications and Emergency Response Manager or on-duty Communications Officer will:

(a) Contact the University Telecom Services at their repair line.
(b) Give them the customer number.
(c) University Telecom Services will resolve the problem or contact the necessary telephone service providers and vendors to correct the problem.
(d) Create a CAD information incident. and leave it open until the problem is resolved.
(e) Notify Central Lane Communications and the on-duty Watch Commander.

802.4.2 TELEPHONE PROBLEMS OTHER THAN 9-1-1
When a telephone problem is noted, including business lines or extensions, report the problem to the Communications and Emergency Response Center Manager, on-duty Watch Commander and University Telecom Services. Any problems with department cell phones should be reported directly to the UOPD IT staff.

802.4.3 RADIO MALFUNCTIONS
In the event Communications and Emergency Response Center has a radio malfunction that cannot be corrected by the Communications Officer or Communications and Emergency Response Manager on duty, a radio technician will be called or paged immediately. The RF Engineer with University Network and Telecom Services will be notified of problems with university-owned radio equipment at the numbers posted on consoles. Problems related to the Lane Regional Interoperable Group (LRIG) trunked system will be reported to on-duty Communications Supervisor with Central Lane Communications at (541) 682-2791.
802.4.4 CONSOLE COMPUTER MALFUNCTIONS
In the event Communications and Emergency Response Center has a computer malfunction that cannot be corrected by the Communications Officer or Communications and Emergency Response Manager on duty, the RF Engineer with University Network and Telecom Services will be notified at the numbers posted on consoles to assess or correct the problem.

802.4.5 POWER FAILURES/EMERGENCY GENERATOR
In the event the Communications and Emergency Response Center loses main power, an emergency switch will transfer to the back-up power feeder. When this occurs, there will be a momentary loss of power. The Uninterrupted Power Source (UPS) will momentarily support Communications and Emergency Response Center's electrical needs during this period.

802.5 COMPUTER AIDED DISPATCH
The Computer Aided Dispatch (CAD) system is designed to help public safety agencies in responding to requests for service. The CAD system improves productivity and effectiveness in Communications and Emergency Response Center by automating many time consuming call taking, dispatching, communication, deployment and unit status recording activities.

Any status change made from any terminal in the CAD system will have an immediate impact on all other terminals in the system. A terminal will always monitor several activities even while the user is entering call data or status changes. The training manual and the CAD system manual for Communications and Emergency Response Center provide detailed information on the operation of the CAD System.

802.5.1 STATUS MONITOR
The status monitor shall monitor status conditions such as:

- Out of Service
- Available for service
- Assigned
- Dispatched
- Enroute
- Arrived on scene
- Checking vicinity
- Available on radio
- Returning to station
- Cleared

802.5.2 AVAILABLE UNITS/UNIT HISTORY
User agencies are responsible for providing the Communications and Emergency Response Center with a current list of on-duty or on-call units, each unit's area of responsibility and the on-

**Communications and Emergency Response Center (CERC)**

Duty supervisor for each agency. This is usually done at the beginning of each user agency’s shift. It can be done by telephone, radio or in person.

The on-duty Communications Officer receiving unit information from a user agency shall update the CAD listing of on-duty and on-call units.

CAD maintains a "Unit History" for all units entered. The accuracy of the unit history depends on the unit keeping Communications and Emergency Response Center advised of status changes and the Communications Officer making the proper entry on the CAD system.

Whenever a unit checks in or out, or changes status, the Communications and Emergency Response Center shall make an entry on the Call Entry screen on the CAD system. The dispatcher shall use the CAD command or entry that most closely describes the unit’s activity.

802.5.3 INCIDENT/DR NUMBERS
Whenever a call is taken from a citizen or unit and entered on the "Call Entry" monitor, CAD automatically designates a CAD Incident Number.

When a unit requests a case number the Communications Officer shall locate or create an appropriate CAD detail and assign the next sequential case number. Case numbers will begin on January 1st of each calendar year with the two digit year designator followed by the sequential number starting with "0001".

802.5.4 CALL ENTRY AND DISPATCH
The Call Entry screen will automatically enter the call date, time and incident number. The Communications Officer taking the call must enter the appropriate call type.

(a) The location of the incident and the name and address of the caller must be entered by the Communications Officer.

(b) CAD will record the time the call is dispatched, time of officer arrival and time of officer return to service if this information has been provided to the dispatcher. When the call is complete, a disposition code must be entered.

802.5.5 OFFICER IDENTIFICATION
Identification systems may be based on factors such as rank, beat assignment and officer identification numbers. The entire call sign should always be used when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate unit. Personnel initiating communication with other agencies shall use their agency name and entire call sign. This requirement does not apply to continuing conversation once the units have been properly identified.

802.6 COMPUTER DOWN TIME
CAD may be down periodically for a scheduled back-up or systems maintenance. When this occurs, Communications Officers are expected to utilize available printed copies of CAD resources.
802.6.1 POLICE CALLS
(a) Complete a Call Entry form
(b) Dispatch the appropriate unit

802.7 POLICE DISPATCH

802.7.1 GENERAL
When a call for police services is received, determine if it is an emergency or non-emergency. Determine the call type, location and priority by asking the four key questions where, what, when and who. Emergency calls will be dispatched immediately.

A citizen reporting an emergency will never be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding units and the public.

Alert tones should be used whenever dispatching an emergency call. When using alert tones, send three-one second tones with a one second interval between tones.

802.7.2 EMERGENCY CALLS
An emergency call is considered as any call received via telephone or radio where there is an immediate or potential threat to life, or serious property damage, and time of arrival is of the utmost importance.

On an "in-progress" or "just occurred" crime where the suspect is still at the scene or is likely still in the area:
(a) Clear the channel for responding units
(b) Determine if weapons are/were involved
(c) Determine if there are injuries and stage medical units if appropriate
(d) If it is safe to do so, keep the caller on the line to receive updates
(e) Advise the caller when police units arrive

802.7.3 VEHICLE PURSUITS
When an officer is in pursuit of a suspect, either on foot, bicycle or in a vehicle, the dispatcher shall give the situation undivided attention until it is under control; Communications and Emergency Response Center shall:
(a) Clear the pursuit channel, via Code 9
(b) Acknowledge and repeat relevant transmissions related to the pursuit
(c) Notify jurisdictions into which the pursuit may be headed

802.7.4 MOTOR VEHICLE ACCIDENTS
Motor vehicle accidents need a police response if:
(a) There are injuries reported
Communications and Emergency Response Center (CERC)

(b) It is blocking traffic
(c) A traffic crime is reported (Reckless driving, DUI)
(d) One of the involved parties requests an officer

A non-injury, non-blocking traffic accident can be handled by the citizens exchanging driver, vehicle and insurance information.

802.7.5 NON-EMERGENCY CALLS
Non-emergency calls are any call received where there is no immediate threat to life or property. Citizens reporting non-emergency calls may be put on hold to take a higher priority call. Advise the citizen if there will be a delay in the response.

802.7.6 ALARMS
The Communications and Emergency Response Center serves as the primary monitoring site for all university fire, intrusion and panic alarms. Some campus environmental signals (freezer and server room sensors, etc.) are also received in the Center. When an alarm or signal is received, create a corresponding CAD detail, dispatch the appropriate units immediately and/or make appropriate notifications.

802.7.7 FIRE/EMS DISPATCH
Receiving and dispatching Fire/EMS calls within its jurisdiction are responsibilities of Communications and Emergency Response Center.

When the Communications and Emergency Response Center receives a fire or EMS call for service, the Communications Officer shall coordinate a response directly with Central Lane Communications.

802.8 EMS CALLS FOR SERVICE
When an EMS call for service is received, the Communications and Emergency Response Center will follow the procedures set forth in policy regarding Emergency Medical Dispatch.

802.8.1 EMERGENCY MEDICAL DISPATCH
The following procedures apply to all medical calls received directly by the Communications and Emergency Response Center.

(a) On all medical calls, determine:

1. The exact location
2. A telephone callback number
3. The primary (medical) complaint
4. The number of people injured (sick)
5. The patient's age
6. The status of consciousness
7. The status of breathing

(b) Complete the call entry screen as the information is obtained.

(c) If the medical call relates to an emergency or life threatening situation, the Communications Officer will follow the procedures set forth in policy regarding Life Threatening Calls.

(d) Dispatch the appropriate unit(s) as soon as possible. The dispatch sequence shall be:

1. Department
2. Response level
3. Location
4. Primary complaint

802.8.2 LIFE THREATENING CALLS
On emergency life threatening calls attempt to keep the caller on the line and implement lifesaving instructions from the Advanced Medical Priority Dispatch System.
Property Control

804.1 PURPOSE AND SCOPE
This policy provides for the proper collection, storage, and security of property that is not evidence. Additionally, this policy provides for the protection and security of the property as well as those persons authorized to remove and/or disposition property.

See Policy 805 - Evidence Control for management of firearms, explosives, narcotics and other contraband regardless whether they are considered evidence in a particular situation.

804.2 DEFINITIONS
Property - Includes all items taken for safekeeping.

Safekeeping - Includes the following types of property, where the owner is generally known:
• Property obtained by the Department for safekeeping
• Personal property of an arrestee not taken as evidence
• Property taken for safekeeping under authority of a law

Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

804.3 PROPERTY HANDLING
Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. When not specifically addressed by this manual, collection and handling of all property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of property that are received or taken from any person. If no person is present, and the property is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

Where ownership can be readily established within a short time frame (for example, within a shift) such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s).

Alternative processes may be developed by UOPD to facilitate the efficient handling and release of property not needed for evidence (for example Bicycles). These processes may include alternate storage, public outreach to identify potential owners and releasing criteria. The processes developed will include documentation of possession of the property by UOPD, tracking number assignment, access control and release documentation.
804.3.1 PROPERTY BOOKING PROCEDURE
All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

(a) Property and Evidence must be documented on separate report forms.

(b) Complete the property form describing each item of property separately (each with its own number), owner's name, finder's name, serial numbers, and other identifying information or markings.

(c) Procedures for marking items or containers are established by the department and should be followed, whenever possible. If a Property Tag or stamp cannot be used, each bag or envelope should contain the information about the items and case that are on the property tag or stamp. This information should be placed as close to the upper right hand corner of the package or envelope as possible. If the envelope contains more than one numbered item, write the item numbers that are inside.

(d) A Property Tag should be attached to an item of property if it is not packaged in an envelope or bag.

(e) The "Report" copy of the property form shall be submitted with the case report. The original shall be placed with the property (not inside a container or envelope) in the temporary property locker.

(f) When the property is too large to be placed in a locker or requires special storage, the item may be stored in an approved alternate location. Submit the original property form into the designated place inside the property room and indicate the location where the property is stored.

(g) Money will be placed in a currency envelope and stored in the designated lock-box in the storage room (see also 804.3.2.c).

804.3.2 EXCEPTIONAL HANDLING
Certain property items require a separate process. The following items shall be processed in the described manner:

(a) License plates, driver's licenses and other government property that are not connected with a known crime, should be placed in the designated container for return to the owner, if appropriate, the Department of Motor Vehicles, or other government entity by the Law Enforcement Records personnel. No formal property booking process is required.

(b) All bicycles and bicycle frames require a Property Report. Property tags will be securely attached to each bicycle or bicycle frame. The bicycle should be placed in the bicycle storage area until a property officer, or designee, can log the property.

1. Police Communications and Records will ensure that the proper CAD entries and logging into the Records Management System are done to provide the appropriate tracking documentation.
(c) All cash shall be counted in the presence of a supervisor, placed in a Currency Envelope and the envelope initialed by the booking officer and the supervisor. When dealing with cash in excess of $500, the money will be placed in the drop-safe and an email sent to the UOPD-Director of Administrative Services so that it can be processed appropriately.

In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

804.3.3 FOUND PROPERTY
Any person who brings found property to a UOPD Officer or facility will be referred to the UO Department of Parking and Transportation, who manages the found property process.

804.4 PACKAGING OF PROPERTY
Certain items require special consideration and shall be booked separately as follows:

(a) Property with more than one known owner
(b) Paraphernalia as described in Oregon Revised Statutes 475.525(2)

804.4.1 PACKAGING CONTAINER
Employees shall package all property in a suitable container available for its size. Specific containers may be provided and should be used, for example knife boxes should be used to package fixed-blade knives.

Needles or syringes will normally be disposed of in a sharps container and will not be submitted to the Property Room. See Policy 805 - Evidence when sharps are required for evidence in a serious crime or in a major investigation

A property tag shall be securely attached to the outside of all items or group of items packaged together. An alternative to the Property Tag is to label the package/item with indelible pen with all of the information contained on a Property Tag.

804.5 RECORDING OF PROPERTY
The property officer receiving custody of property shall record his/her signature, the date and time the property was received and where the property will be stored on the Property report.

Any changes in the location of property held by the University of Oregon Police Department shall be noted in the Property report.

804.6 PROPERTY ROOM SECURITY
Access to the Property Room is limited to authorized personnel unless visitors are logged in and out, including the time, date and purpose of entry. All personnel entering the Property Room must be accompanied at all times by a property officer.

The Lieutenant in charge of the property room function will conduct an annual audit of the Property Room function with a report to the Chief of Police.
Property Control

804.6.1 RESPONSIBILITY OF OTHER PERSONNEL
Every time property is released or received, an appropriate entry on the chain of custody section on the back of the Property Report shall be completed to maintain the chain of custody.

Any time property is discovered to be missing from the property room, the employee shall immediately notify the Lieutenant assigned to the Property Control Function. This notification may be made in person, by telephone or by email. The Lieutenant will determine what follow-up steps are necessary.

804.6.2 STATUS OF PROPERTY
Each person receiving property will make the appropriate entry to document the custody. The submitting officer need only sign the front of the Property Report and subsequent employees receiving the property will utilize the custody tracking section on the back of the report.

Authorized personnel involved in property release shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded on the property report, indicating date, time, and the person who returned the property.

804.6.3 RELEASE OF PROPERTY
Property (not needed for evidence in a criminal case) may be released to a verified owner at the discretion of authorized personnel without further authorization. The property may be released upon proper identification being presented by the owner. A signature of the person receiving the property shall be recorded on the original property report. After release of all property entered on the property report, the report shall be forwarded to the Law Enforcement Records Unit for filing with the case. If some items of property have not been released the property report will remain in the property room file. Upon release, the proper entry shall be documented in the Property report. All reasonable attempts shall be made to identify the rightful owner of property not needed for an investigation.

UOPD will publish a notice of intent to dispose of any unclaimed property described in an inventory of unclaimed property. The notice shall be posted in 3 public places in the jurisdiction of UOPD and shall also be published in a newspaper of general circulation. The notice shall include a description of the unclaimed property as provided in the inventory, the address, telephone number of UOPD, and any case numbers related to the property.

A statement in the following form will be included in the postings and publishing, but also sent to any person or entity that UOPD has reason to believe has an ownership or security interest in the unclaimed property. Such notice shall be sent by certified mail "Return Receipt Requested" to the last known address. The statement will read:

The University of Oregon Police Department has in its physical possession the unclaimed personal property described below. If you have any ownership interest in any of that unclaimed property,
you must file a claim with the Police Department within 30 days from the date of publication of this notice, or you will lose your interest in that property. The Police Department is located at 2141 E. 15th Ave., Eugene, 97403-1230. You may be able to contact the department during business hours at (541) 346-5444.

Any person who files a claim for any property must present satisfactory proof of lawful ownership or some type of security interest in the property prior to the release of the property. If this has been met, the property may be released to the owner.

Property not claimed within 60 days after notification of owner of its availability for release will be transferred to the surplus property per BAO, University and OUS policy regarding the disposal of surplus property (OAR 580-040-0300) (http://baowww.uoregon.edu/PropertyControl/disposingofsurplusproperty). If the owner is known, reasonable efforts will be made to notify the owner that UOPD has the property. If unclaimed, property will be held for safekeeping will be held for at least 90 days before being considered surplus property. UOPD will work with Business Affairs and Facility Services for proper transfer or disposal of unreturned items.

804.6.4 DISPUTED CLAIMS TO PROPERTY
Occasionally more than one party may claim an interest in property being held by the University of Oregon Police Department, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the University of Oregon Police Department may wish to file an interpleader to resolve the disputed claim (Oregon Rules of Civil Procedure § 31).

804.7 DISPOSITION OF PROPERTY
All property not held for evidence in a pending criminal investigation or proceeding, and held for 90 days or longer (60 days or more, plus 30 days after notice), where the owner has not been located or fails to claim the property, may be disposed of in compliance with existing laws upon receipt of proper authorization for disposal. The property officer shall request approval from the Lieutenant in charge of Property Control, who will insure that all legal and policy obligations have been met prior to disposal of property. Oregon Revised Statutes 98.245 and 98.336 govern the disposition of property held by law enforcement agencies. Oregon Administrative Rules (580-040-0300) govern the disposition of property obtained by any entity in the Oregon University System. UO-Business Affairs and Facility Services rules and regulations govern, more specifically, the disposition options and processes for property in the possession of the Department.

804.7.1 DEFINITIONS
As set out in Oregon Revised Statutes 98.245, the following definition applies to the disposition of property by law enforcement agencies:

Unclaimed Property: personal property that was seized by the University of Oregon Police Department as evidence, abandoned property or stolen property, and that has remained in the
physical possession of the Department for a period of more than 60 days following conclusion of all criminal actions related to the seizure of the evidence, abandoned property or stolen property, or conclusion of the investigation if no criminal action is filed.

The University of Oregon (UO) is required to follow Oregon Administrative Rule (OAR) 580-040-0300 when disposing of surplus property.

**UO Surplus property**: is defined as all university property, including lost, mislaid or abandoned property, vehicles and titled equipment that is worn-out, obsolete or excess to the institution’s needs, or otherwise unsuitable for intended use. UO departments are not authorized to sell or give away UO surplus property. Property purchased with funds that flow through the university (with the exception of agency funds) that is donated to the university is considered UO property.

804.7.2 **DISPOSITION**
Unclaimed property will be disposed of in accordance with University of Oregon policy. Disposition will be coordinated with University of Oregon Business Affairs and Facility Services.

804.8 **INSPECTIONS OF THE EVIDENCE ROOM**
(a) On a quarterly basis, the Lieutenant assigned to manage the property control function shall make an inspection of the property storage facilities and practices to ensure adherence to appropriate policies and procedures.

(b) At the discretion of the Lieutenant assigned to manage the property control function, whenever a change is made in personnel who have access to the evidence room, an inventory of all property shall be made by an individual(s) not associated to the property room or function to ensure that records are correct and all property is accounted for.

(c) If the assignment to manage the property control function is changed, an inventory of all property shall be made by an individual(s) not associated with the property room or function. If possible, this inventory will be completed prior to the newly appointed manager is officially assigned.
Evidence Control

805.1 PURPOSE AND SCOPE
This policy provides for the proper collection, storage, and security of evidence. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy evidence.

This policy covers items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

In addition, this policy covers all narcotics or dangerous drugs (including drug paraphernalia), explosives, hazardous substances whether they are retained as evidence or retained as property.

805.2 EVIDENCE HANDLING
Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence. When not specifically addressed by this manual, collection and handling of all evidence and property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of evidence that are received or taken from any person. If no person is present, and the evidence is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

805.2.1 EVIDENCE BOOKING PROCEDURE
All evidence must be booked prior to the employee going off-duty. Employees booking evidence shall observe the following guidelines:

(a) Complete the evidence form describing each item separately (each with its own number), listing all serial numbers, associated names, and other identifying information or markings.

(b) Evidence and other property must be documented on separate forms.

(c) Mark each item of evidence with the booking employee’s initials and the date booked using the appropriate method so as not to deface or damage the value of the property or evidentiary value. Certain items cannot be reasonably marked, in which case the container must be adequately sealed, marked and contents described.

(d) Packages and containers must have an evidence tag attached or marked with the same information contained on a tag. If the envelope contains more than one numbered item, the tag or container will reflect which items are in the envelope.

(e) The "Report" copy of the evidence form shall be submitted with the case report. The original shall be placed with the property (not inside a container or envelope) in the temporary evidence locker or with the evidence if it is stored somewhere other than an evidence locker.
(f) Generally, evidence will not be stored anywhere except for the temporary property locker. Supervisory approval must be obtained to store evidence elsewhere when the size or nature of the evidence precludes using the evidence locker.

805.2.2 NARCOTICS AND DANGEROUS DRUGS
All narcotics and dangerous drugs (including paraphernalia as defined by ORS 475.525(2)) shall be booked separately using a separate Property Report.

The officer seizing the narcotics and dangerous drugs shall place them in the designated locker accompanied by the original Property Report. The "Report" copy will be detached and submitted with the case report.

805.2.3 EXPLOSIVES/HAZARDOUS SUBSTANCES
Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Watch Commander. The Explosives Disposal Unit at Eugene PD will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives, including making arrangements for military ordinance.

Explosives will not be retained in the UOPD facility.

Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into evidence. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The property officer is responsible for coordinating the disposal of these items with the Explosives Disposal Unit, Eugene Police Department, on a regular basis once they are not needed as evidence.

805.2.4 EXCEPTIONAL HANDLING
Certain property items require a separate process. The following items shall be processed in the described manner:

(a) Bodily fluids such as blood or semen stains shall be air dried prior to booking and packages should be labeled with a biohazard sticker.

(b) All bicycles and bicycle frames that are evidence require a Property report. Evidence tags will be securely attached to each bicycle or bicycle frame. The evidence may be released directly to the property officer, or, with supervisory approval, placed in the bicycle storage area until a property officer can log the evidence.

(c) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking officer and the supervisor.

1. Cash will be stored in the designated lock box unless the value exceeds $500. In that case, the cash will be deposited in the drop safe and an email will be sent to the Director of UOPD Administrative Services so that the money can be deposited in an appropriate account.
State property, unless connected to a known criminal case, should be released directly to the appropriate University department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

805.2.5 COLLECTION AND PRESERVATION OF DNA EVIDENCE
Because DNA evidence can play a key role in establishing guilt or innocence it is important that such evidence be collected, handled and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, officers should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 181.594. The property officer will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

805.2.6 COLLECTION AND PRESERVATION OF SAFE KITS
Under current law, victims of sexual assault may seek medical assessment and choose not to make a report to law enforcement, yet still have evidence collected and preserved. The University of Oregon Police Department will collect and maintain the chain of evidence for all State of Oregon Police Sexual Assault Forensic Evidence Kits (SAFE Kits) and any associated evidence collected by medical facilities in this jurisdiction for victims of sexual assault, regardless of where the assault may have occurred. Victims who choose to remain anonymous and not make a report shall not be required to do so (ORS 147.397).

The collection and preservation of SAFE Kits from anonymous victims may be handled by any officer. When a medical facility notifies this department that evidence of a sexual assault has been collected and a SAFE Kit is available, an officer shall be responsible for the following:

(a) Respond promptly to the medical facility to retrieve the evidence.
(b) Provide a unique case number to a responsible representative of the medical facility, which will be provided to the victim. The case number will be used to identify all associated evidence so that a chain of evidence can be maintained in the event the victim later decides to report the assault.
(c) Ensure that no identifying information regarding the victim, other than the case number, is visible on the evidence packaging.
(d) Prepare and submit an evidence report and book the evidence in accordance with current evidence procedures.

SAFE Kits collected for victims whose identity is not disclosed should be maintained in the same manner as other SAFE Kits, but should not be opened until or unless the victim reports the assault. Opening SAFE Kits may compromise the admissibility of evidence in the event of a prosecution.
Where the identity of the sexual assault victim is not disclosed, a SAFE Kit and related evidence should be retained for 25 years, unless directed otherwise by an Investigations Sergeant. However, in all cases such evidence shall be retained for a minimum of 180 days (ORS 147.397).

**805.3 PACKAGING OF EVIDENCE**

Certain items require special consideration and shall be booked separately as follows:

(a) Narcotics and dangerous drugs

(b) Firearms (ensure they are unloaded and booked separately from ammunition). A flex cuff or similar device should be inserted through the chamber, barrel, or cylinder whenever possible. If forensics examination of the weapon barrel, chamber or firing pin are anticipated, care should be taken not to disturb or alter those characteristics when rendering a firearm safe for storage.

(c) Property with more than one known owner

(d) Paraphernalia as described in Oregon Revised Statutes 475.525(2)

(e) Fireworks and other hazardous materials

(f) Contraband

**805.3.1 PACKAGING CONTAINER**

Employees shall package all evidence in a suitable container available for its size. Knife boxes should be used to package knives. All packages containing evidence must be sealed with evidence tape, initialed, and dated across the seal.

Needles or syringes will normally be disposed of in a sharps container and will not be submitted to the Evidence Room. However, when required for evidence in a serious crime or in a major investigation, a syringe tube should be used for packaging.

An evidence tag shall be securely attached to the outside of all items or group of items packaged together.

**805.3.2 PACKAGING NARCOTICS**

The officer seizing narcotics and dangerous drugs shall retain such property in their possession until it is properly weighed, packaged, tagged, and placed in the designated narcotics locker. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer’s report.

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the report room. The booking officer shall initial the sealed envelope and the initials covered with cellophane tape. Narcotics and dangerous drugs shall not be packaged with other property.

A completed property tag shall be attached to the outside of the container or the information must be written on the container.
805.3.3 COLLECTION AND PRESERVATION OF DNA EVIDENCE
Because DNA evidence can play a key role in establishing guilt or innocence it is important that such evidence be collected, handled and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, officers should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 181.594. The property officer will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

Collection and preservation should follow established protocols as outlined in the Oregon Physical Evidence Manual.

805.4 RECORDING OF EVIDENCE
The property officer receiving custody of evidence shall record his/her signature, the date and time the evidence was received and where the evidence will be stored on the Evidence report.

A property number shall be assigned to each item or group of items. This number shall be recorded on the evidence tag, package and the Evidence report.

Any changes in the location of property held by the Department shall be noted in the appropriate location on the Evidence report.

805.5 EVIDENCE ROOM SECURITY
Access to the Evidence Room is limited to property officers unless visitors are logged in and out, including the time, date and purpose of entry. All personnel entering the Evidence Room must be accompanied at all times by a property officer.

Annual independent audits will be completed of the Evidence Room function with an audit report to the Chief of Police.

805.5.1 RESPONSIBILITY OF PERSONNEL
Every time evidence is released or received, an appropriate entry on the evidence chain of custody report shall be completed to maintain the chain of possession. No evidence is to be released without first receiving written authorization from the assigned investigator or his/her supervisor.

Request for analysis for items other than narcotics or drugs shall be completed on the appropriate forms and submitted to the property officer. This request may be filled out any time after the booking of evidence.

Any time property is discovered to be missing from the property room, the employee shall immediately notify the Lieutenant assigned to the Property Control Function. This notification may be made in person, by telephone or by email. The Lieutenant will determine what follow-up steps are necessary.
805.5.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY
The transporting employee will check the evidence out before removing it, indicating the date and time on the Evidence report and the request for laboratory analysis.

The property officer releasing the evidence must complete the required information on the Evidence report and the evidence. The lab forms will be transported with the evidence to the examining laboratory. Upon delivering the item(s) involved, the officer will record the delivery time on both copies, and indicate the locker in which the item was placed or the employee to whom it was delivered. If the items are delivered to an employee of the lab, they will sign the form. The original copy of the lab form will remain with the evidence and the copy will be returned to the property control file to act as a "tickler" to facilitate the return of the evidence to the UOPD facility. Once the property is returned to UOPD, the copy of the form will be forwarded to the Law Enforcement Records Unit for filing with the case.

805.5.3 STATUS OF EVIDENCE
Each person receiving evidence will make the appropriate entry to document the chain of evidence. Temporary release of evidence to officers for investigative purposes, or for court, shall be noted on the Evidence report, stating the date, time and to whom released.

The property officer shall obtain the signature of the person to whom evidence is released, and the reason for release. Any employee receiving evidence shall be responsible for such evidence until it is properly returned to property or properly released to another authorized person or entity.

The return of the evidence should be recorded on the Evidence report, indicating date, time, and the person who returned the evidence.

805.5.4 RELEASE OF EVIDENCE
Evidence may only be released with the authorization of the DA’s office and the officer or detective assigned to the case.

Once a case has been adjudicated or passed the statute of limitations for prosecution, a property officer will request a disposition authorization from the DA’s office and the assigned officer or detective. Care should be taken to ensure there are no outstanding warrants for suspects or additional defendants for the same case prior to authorizing release.

Release of evidence shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the assigned officer or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Once evidence has been authorized for release and is no longer needed for any pending criminal cases, it shall be considered property and released or disposed of in accordance with those procedures and Policy 804.

805.5.5 CONTROL OF NARCOTICS AND DANGEROUS DRUGS
The Lieutenant in charge of Property Control will be responsible for overall control and the destruction of all narcotics and dangerous drugs coming into the custody of this department.
805.6 RETENTION OF BIOLOGICAL EVIDENCE
The Lieutenant in charge of the Property Room shall ensure that no biological evidence held by the Department is destroyed without adequate notification to the following persons, when applicable:

(a) The defendant
(b) The defendant's attorney
(c) The appropriate prosecutor
(d) Any sexual assault victim
(e) The Investigations Sergeant

Biological evidence shall be retained for a minimum period established by law (Ch. 275, Oregon Laws 2011), the Property and Evidence Room Lieutenant or the expiration of any sentence imposed related to the evidence, whichever time period is greater. Following the retention period, notifications should be made by certified mail and should inform the recipient that the evidence will be destroyed after a date specified in the notice unless a motion seeking an order to retain the sample is filed and served on the Department within 90 days of the date of the notification. A record of all certified mail receipts shall be retained in the appropriate file. Any objection to, or motion regarding, the destruction of the biological evidence should be retained in the appropriate file and a copy forwarded to the Investigations Sergeant.

Biological evidence related to a homicide shall be retained indefinitely and may only be destroyed with the written approval of the Chief of Police and the head of the applicable prosecutor's office.

805.7 INSPECTIONS OF THE EVIDENCE ROOM

(a) On a monthly basis, the Lieutenant assigned to Property Control shall make an inspection of the evidence storage facilities and practices to ensure adherence to appropriate policies and procedures.

(b) Unannounced inspections of evidence storage areas may be conducted annually as directed by the Chief of Police.

(c) An annual audit of evidence held by the department shall be conducted by a Director appointed by the Chief of Police who is not routinely or directly connected with evidence control.

(d) If the assignment to manage the evidence control function is changed, an inventory of all property and evidence shall be made by an individual(s) not associated with the property room or function. If possible, this inventory will be completed prior to the newly appointed manager is officially assigned. At the discretion of the Lieutenant assigned to manage the evidence control function, whenever a change is made in personnel who have access to the evidence room, an inventory of all evidence and property shall be made by an individual(s) not associated to the property room or function to ensure that records are correct and all property is accounted for.
Law Enforcement Records Unit

806.1 PURPOSE AND SCOPE
The Communications and Emergency Response Manager shall maintain the Department Law Enforcement Records Unit Procedures Manual on a current basis to reflect the procedures being followed within the Law Enforcement Records Unit. Policies and procedures that apply to all employees of this department are contained in this chapter.

806.1.1 NUMERICAL FILING SYSTEM
Case reports are filed numerically within the Law Enforcement Records Unit by Law Enforcement Records Unit personnel.

Reports are numbered commencing with the last two digits of the current year followed by a sequential number beginning with 00001 starting at midnight on the first day of January of each year. As an example, case number 09-00001 would be the first new case beginning January 1, 2009.

Case number assignment will be tracked by the Law Enforcement Records Unit to ensure that all reports assigned a number are turned in to the unit for filing and processing.

Other Law Enforcement Records (for example, FI Cards) may be filed by date of incident, CAD sequency number, or other criteria.

The Law Enforcement Records Unit personnel will route reports and citations to others based upon established protocol or routing directions on the reports.

806.1.2 RECORDS RETENTION
All Department records shall be retained and purged in a manner consistent with applicable provisions of the Oregon Revised Statutes and Oregon Administrative Rules.

806.2 FILE ACCESS AND SECURITY
All reports including, but not limited to, initial, supplemental, follow-up, evidence, and all reports critical to a case shall be maintained in a secure area within the Law Enforcement Records Unit accessible only to authorized Law Enforcement Records Unit personnel. Access to report files after hours or when Law Enforcement Records Unit personnel are otherwise not available may be obtained through the Watch Commander. Employees accessing these files will strictly adhere to check-out/check-in procedures.

University of Oregon Police Department employees shall not access, view or distribute, or allow anyone else to access, view or distribute any record, file or report, whether hard copy or electronic file format, except in accordance with department policy and with a legitimate law enforcement or business purpose or as otherwise permissible by law.

Access to computerized files will be strictly controlled under relevant Criminal Justice Information System (CJIS) and LEDS regulations.
806.2.1 REQUESTING ORIGINAL REPORTS

Should an original report be needed for any reason the requesting employee shall first obtain authorization from the Communications and Emergency Response Manager. All original reports removed from the Law Enforcement Records Unit shall be recorded on the Report Check-Out Log which shall constitute the only authorized manner by which an original report may be removed from the Law Enforcement Records Unit. If a report is removed from the unit, a copy will be filed in its place and a copy of the Check-out Log attached.

Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines.

808.2 PROCEDURE
Any firearm coming into the possession of the University of Oregon Police Department as evidence, where the serial numbers have been removed or obliterated will be processed in the following manner:

808.2.1 PRELIMINARY FIREARM EXAMINATION
(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.

(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.

(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

808.2.3 OFFICER RESPONSIBILITY
The property officer receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.
Restoration of Firearm Serial Numbers

808.2.4 DOCUMENTATION
Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

808.2.5 FIREARM TRACE
After the serial number has been restored or partially restored by the criminalistics laboratory, the property officer will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or the data may be entered into the ATF eTrace system.

808.3 BULLET AND CASING IDENTIFICATION
Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to digitize and compare unique markings made by a firearm on bullets and cartridge casings recovered from crime scenes.
Access to Law Enforcement Databases

809.1 PURPOSE AND SCOPE
The purpose of this policy is to establish procedures for compliance with the rules and procedures regarding the use of law enforcement databases and related information. Access to Law Enforcement Databases

809.4 FBI - NCIC
Access to the FBI-NCIC system requires a background screening of all terminal operators. Minimal background screening of the terminal operators will include the following queries:

(a) Queries of LEDS and NCIC fugitive warrant files, the Oregon Computerized Criminal History (CCH) system, and the FBI Interstate Identification Index (III), must be conducted on all terminal operators with LEDS access.

(b) To assure positive identification, submission of a completed applicant fingerprint card to the FBI Identification Division through the Oregon University Police Identification Services Section is also required.

809.5 RECORDS AND COMMUNICATIONS PERSONNEL
All UOPD Communications and Records personnel will be familiar with and adhere to the administrative rules set forth in the LEDS Manual, Sections 257-15-0000 through 257-15-100. The LEDS Manual can be accessed through the following website: www.oregon.gov/OSP/CJIS/adminrules.

The UOPD has established specific procedures and protocols for the operations of the data terminal system outlined in the UOPD Dispatch Procedures Manual. These protocols are intended to assist both the field users and Communications and Records personnel in the safe, legal, and orderly operation of these Federally controlled database systems.

Designated Agency - Any state, county or municipal government agency where Oregon criminal offender information is required to implement a federal or state statute, executive order or administrative rule that expressly refers to criminal conduct and contains requirements or
exclusions expressly based on such conduct or for agency employment purposes, or licensing purposes, or other demonstrated and legitimate needs when designated by order of the Governor.

812.4 ACCESS TO CCH

812.4.1 ACCESS BY CRIMINAL JUSTICE AGENCIES
Access to OSP criminal offender information may be granted to Criminal Justice Agencies, where the information is to be used for the administration of criminal justice, Criminal Justice Agency employment, or the information is required to implement a federal or state statute, local ordinance, Executive Order, or administrative rule that expressly refers to criminal conduct and contains requirements or exclusions expressly based on such conduct, or other demonstrated and legitimate needs.

812.4.2 CRIMINAL RECORD SECURITY OFFICER

(b) Release of FBI criminal offender information: Dissemination of FBI criminal offender information to public or private agencies by Criminal Justice or Designated Agencies is prohibited by 28 USC § 534 and 28 CFR 20.33(b). Inquiries for non-official purposes or the checking of records for unauthorized persons or agencies is prohibited. A person wishing to review his/her criminal history record maintained by the FBI should write to: Federal Bureau of Investigation, CJIS Division, Attn: SCU, Module D2, 1000 Custer Hollow Road, Clarksburg, West Virginia, 26306. The FBI will inform the person how to obtain a copy of his/her record and, if necessary, how to challenge the accuracy or completeness of that record.

(c) Release of criminal offender information to field personnel: University of Oregon Police Department personnel shall not have access to criminal offender information until a fingerprint based background investigation has been completed and approved. Any radio
transmission of criminal offender information should only occur when officer or citizen safety is in jeopardy. Cell phones should be used if possible. The transmission should be limited to essential details only, with maximized use of law enforcement codes (10 or 12 code), concealing information identifying individuals and offenses as much as possible. Plain text transmission of an entire record (summary or full) is prohibited.

Requests for criminal offender information other than as authorized in this policy should be referred to the nearest Oregon State Police, Identification Services Section located at 3772 Portland Rd. N.E., Salem, OR 97303. Inquiries may also be made through the OSP webpage at www.osp.state.or.us.

812.5 JUVENILE RECORDS

812.7 PROTECTION OF CRIMINAL OFFENDER INFORMATION
Any Criminal Justice or Designated Agency or private entity obtaining or receiving criminal offender information shall maintain those records in secure files, available only to authorized agency employees, until they are destroyed by burning, shredding or secure and confidential recycling and shall treat those records in such a manner that the record does not become public information in any later proceeding, except through court order or as otherwise provided by law.

812.7.1 COMPUTER TERMINAL SECURITY
Any computer terminal with CCH accessing capability must be physically secure and placed in a location not available to unauthorized persons. Computer terminals must be so placed that unauthorized persons may not observe the content of messages transmitted or received on such computer terminal.

812.7.2 DESTRUCTION OF CRIMINAL OFFENDER INFORMATION
When any document providing criminal offender information has served the purpose for which it was obtained, it shall be destroyed by burning, shredding, or secure and confidential recycling.

Each employee shall be responsible for destroying the criminal offender information they receive.
812.8 TRAINING PROGRAM

Computers and Digital Evidence

814.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established state law and Fourth Amendment search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box (For laptops, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property and Evidence Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time.
   3. Who claimed ownership.
4. If it can be determined, how it was being used.

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORK COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence. Cases involving networks require specialized training which is available through the Northwest Regional Computer Forensics Lab, the Oregon State Police or another agency having certified examiners.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to the Computer Forensic Examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.

(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.

(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).

(d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media, to include hard discs, floppy discs, CDs, DVDs, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.

(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request Property Control to copy the contents to an appropriate form of storage media.

(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
Computers and Digital Evidence

(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PERSONAL COMMUNICATION DEVICES
Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS
Officers handling and submitting evidence recorded by officers and stored digitally using digital cameras, audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE
Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA
The following are required procedures for the submission of digital media used by cameras or other recorders:

(a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Room as soon as possible for submission into evidence.

(b) Officers are not authorized to review or copy memory cards. The property officers are the only employees authorized to copy and/or distribute digital media made from the memory cards.

(c) As soon as possible following the collection of evidence, the officer should remove the memory card from their digital camera and place the card into a plastic carrier. The card and carrier should be placed into a zip-lock bag. Officers shall write their name and the related
Computers and Digital Evidence

case number on the outside of the bag before placing in the film drop box along with the evidence form.

(d) The property officer will make a copy of the memory card using appropriate storage media. Once it is verified that the images are properly transferred to the storage media, the property officer will erase the memory card for re-use. The storage media will be marked as the original.

(e) Officers requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

814.5.3 DOWNLOADING OF DIGITAL FILES
Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.

(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.
Animal Control

820.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for University of Oregon Police Department personnel in dealing with animal control related calls for service and to set forth procedures regarding animal control services, the handling of injured animals, and the abatement of animal nuisances.

820.2 OFFICER RESPONSIBILITY
During hours when an animal control officer is unavailable, the following animal-related calls for service will be handled by the appropriate on-duty officer.

An officer may be dispatched to animal related calls and should take appropriate actions to control the situation until the arrival of an animal control officer. Due to the hazards of handling animals without proper equipment, a responding officer generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of an animal control officer. The following are examples of when an officer may consider acting before the arrival of an animal control officer:

(a) When there is a threat to the public safety.
(b) When an animal has bitten someone, officers should take measures to confine the animal and prevent further injury.
(c) When an animal is creating a traffic hazard.
(d) When the owner/handler has been arrested and there is no other alternative placement for the animal.
(e) When the animal is gravely injured.

820.2.1 ANIMAL CRUELTY COMPLAINTS
An ACO who becomes aware of an animal cruelty complaint will request an officer to respond and assume the investigation. When probable cause exists, an officer shall arrest persons who violate certain cruelty to animal statutes (ORS 133.379). An ACO may be requested to assist with the investigation when appropriate for the purpose of handling the disposition of any animals associated with the case.

820.2.2 STRAY DOGS
Attempts should be made to contact the owner of the stray dog. If the owner is contacted, the dog should be released to the owner and a citation may be issued if appropriate. If the animal is not released, it shall be transported to the Animal Shelter. The transporting employee shall ensure the animal has sufficient food, water, and bedding.

Once a dog has been taken into custody, all releases will be handled by the Animal Shelter.
820.2.3 ANIMAL BITE REPORTS
Officers shall obtain as much information as possible for forwarding to Lane County Animal Control agency for follow-up. An Animal Bite Report Form must be completely filled out and attached to the incident report, with a copy forwarded to the County Health Department.

Officers shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property until contacted by the ACO. If the animal is a stray, then every effort shall be made to capture and impound the animal immediately.

820.2.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS
Officers shall obtain and forward to the Lane County Animal authority as much information as possible regarding the nature of the complaint including identity of the complaining person, owner information (if possible) and location of the problem. Officers will also document any actions taken and citation(s) issued in any related report.

In the event responding officers cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, an animal control officer may be called to handle. All requests to call in the animal control officer must be approved by a field supervisor or the Watch Commander.

820.3 DECEASED ANIMALS
Deceased animals on public property will be removed and properly disposed of by the Facilities department. Field officers will remove deceased animals when Facilities personnel are not on duty.

(a) For health and sanitary reasons, deceased animals should be placed in a sealed plastic bag prior to placing in a temporary storage location until Facilities can retrieve the animal.

(b) Officers will not be required to climb onto or under any privately owned structure for the purpose of removing a deceased animal.

Large animals such as deer, elk, coyotes, etc., should be moved to the side of the roadway, if possible, for later removal by the Road Department.

820.4 INJURED ANIMALS
When any injured domesticated animal is brought to the attention of a member of the Department, all reasonable attempts shall be made to contact the owner or responsible handler. When the owner or responsible handler cannot be located and the animal is not an immediate danger to the community, it shall be taken to a doctor of veterinary medicine as described below.

(a) During normal business hours, the animal should be taken to an authorized veterinary care clinic

(b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency & Critical Care Services Clinic.

(c) The only exception to the above is when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.
1. When the need to euthanize a seriously injured or dangerous animal exists, the department Shooting Policy shall be followed. The decision to euthanize a seriously injured animal will rest with the supervisor.

(d) Injured wildlife should be referred to the Marine Mammal Center, Oregon Department of Fish and Wildlife or the Oregon State Police, as applicable.

(e) When handling dead or injured animals police department employees shall attempt to identify and notify the owner of the final disposition of the animal.

(f) Each incident shall be documented to include, at minimum, the name of the reporting party and veterinary hospital and/or person to whom the animal is released.

820.5 CITATIONS
It should be at the discretion of the officer or the field supervisor as to the need for, or advisability of, the issuance of a citation for a violation.

820.6 POST-ARREST PROCEDURES
The arresting officer should make a reasonable effort to ensure that animals or pets under a person's care will be provided with adequate care when that person is arrested. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control authority should be notified.

(d) The daily crime log for the most recent 60-day period shall be open to the public for inspection at all times during normal business hours. Any portion of the log that is older than 60 days must be made available within two business days of a request for public inspection.

Information in the log is not required to be disclosed when:

1. Disclosure of the information is prohibited by law.
2. Disclosure would jeopardize the confidentiality of the victim.
3. There is clear and convincing evidence that the release of such information would jeopardize an ongoing criminal investigation or the safety of an individual, that may cause a suspect to flee or evade detection, or that could result in the destruction of evidence. In any of these cases, the information may be withheld until that damage is no longer likely to occur from the release of such information.

822.5 INFORMATION DISSEMINATION
It is the responsibility of the Clery Act Coordinator to ensure that the required Clery Act disclosures are properly forwarded to campus administration and community members in accordance with institution procedures. This includes:

Chapter 9 - Custody
Custody Searches

900.1 PURPOSE AND SCOPE
The purpose of this policy is to establish consistent department procedures which conform to Oregon Revised Statutes 131.605 to 131.625 and Oregon Revised Statutes 133.525 to 133.537, regarding lawful searches.

900.2 DEFINITIONS OF SEARCHES
Frisk or Pat-Down Search - This is the type of search used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the prisoner, or other prisoners (Oregon Revised Statutes 131.605).

Booking Search - This search is used in the jail and again involves a thorough patting down of an individual's clothing. All pockets, cuffs, etc., on the clothing are checked to locate all personal property, contraband, or weapons. The prisoner's personal property is taken and inventoried.

Strip Search or Visual Body Cavity Search - This is a search that requires a person to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks or genitalia of such person. This includes monitoring of an arrestee showering or changing clothes where the arrestee's private underclothing, buttocks, genitalia or female breasts are visible to the monitoring employee.

Physical Body Cavity Search - This is a search that includes physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of a person, and the vagina of a female person.

900.3 PAT DOWN SEARCHES
When any officer has reasonable suspicion to believe that a person being lawfully detained may possess weapons or other dangerous items, or in such circumstances the officer reasonably believes that the individual may present a threat to officer safety, that officer may conduct a normal pat-down search of that individual (ORS 131.625).

Also, see Policy 440.4 (Detentions and Photographing) for guidance regarding Frisk or Pat Down Searches.

Prior to detaining any individual in any police vehicle, an officer should conduct a normal pat-down search of that individual.

Whenever practical, a pat-down search of an individual should be conducted by an officer of the same sex as the person being searched. Absent the availability of a same sex officer, it is recommended that a witness officer be present during any pat-down search of an individual of the opposite sex as the searching officer.

Also, see policy 322.4 (Search and Seizure) for guidance regarding Search Protocol.
900.4 ARRESTEE PROPERTY INVENTORIES

(a) Absent emergency circumstances in which no reasonable alternative exists, no person arrested for a misdemeanor not involving weapons, controlled substance or violence may be placed in the general jail population, unless all of the following conditions exist:

1. The person is not cited and released
2. The person is not released on his or her own recognizance
3. The person is not able to post bail within a reasonable time not less than three hours

(b) Any person taken into custody may be subjected to pat-down searches, metal detector searches, and thorough clothing searches in order to discover and retrieve concealed weapons and contraband prior to being placed in a booking cell.

(c) An officer should inventory an arrestee's personal property before the arrestee is placed in a department vehicle or taken inside the temporary holding facility, jail, or transferred to another agency's custody.

(d) Officers should conduct the inventory by removing all items from the arrestee's clothing and any open container in the arrestee's possession. Closed containers should be opened and inventoried only when:

1. Reasonable suspicion exists that the contents of the container may pose significant safety risk and permission for the inventory is approved by a supervisor.
2. The arrestee consents to or requests an inventory of the contents of the closed container.
3. The closed container is designed for carrying money and/or small valuables on or about the person. This includes, but is not limited to, closed purses, closed coin purses, closed wallets, luggage, backpacks, briefcases, and closed fanny packs.

(e) Inventories of the contents of a closed container in the possession of such person should only be conducted when:

1. The closed container is to be placed in the immediate possession of such person at the time that person is placed in the secure portion of a custodial facility, police vehicle or secure police holding room.
2. Such person requests that the closed container be with them in the secure portion of a police vehicle or a secure police holding room.
3. The officer or other employee charged with such inventories must ensure that the arrestee receives a receipt for any money or other valuables received and should have the arrestee countersign the original receipt. Chapter 10 - Personnel
Evaluation of Employees

1002.1 PURPOSE AND SCOPE
The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement. Where collective bargaining agreements conflict with this policy, they will prevail.

1002.2 POLICY
The University of Oregon Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1002.3 EVALUATION PROCESS
Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-trial service employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.
Evaluation of Employees

1002.3.1 RESERVE OFFICER EVALUATIONS
Reserve officer evaluations are covered in the Reserve Officers Policy.

1002.4 FULL TIME TRIAL SERVICE PERSONNEL
Non-sworn personnel are on trial service for six months before being eligible for appointment as permanent employees. An evaluation should be completed mid-term for all full-time non-sworn personnel during the trial service period.

Police Officers are on trial service for 18 months, and Public Safety Officers are on trial service for 12 months, before being eligible to be regular status employees. Trial service officers are evaluated daily, weekly and monthly during the FTEP process in the trial service period.

1002.5 FULL-TIME PERMANENT STATUS PERSONNEL
Permanent employees are subject to three types of performance evaluations:

Regular - For police officers assigned to patrol and those assignments/positions that have scheduled shift changes, an evaluation “Employee Performance Summary” shall be completed in conjunction with shift changes. These “Employee Performance Summary” forms will be combined at the end of each year to make up one formal evaluation. For those assignments that do not require a shift change and/or change in direct supervision, the evaluations shall be completed each January, or anniversary date (see applicable bargaining agreement).

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and more than 90 days have transpired since the last evaluation, then an evaluation shall be completed by the immediate supervisor before the transfer is made. No additional evaluation will be required at the end of that six-month rating period.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (work plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1002.5.1 RATING DEFINITIONS
The rater will use the ratings that are formally adopted by the University for Classified Employees.

1002.6 EVALUATION INTERVIEW
When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent
employees may also write comments in the employee comments section of the performance evaluation report.

1002.7 EVALUATION REVIEW
After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded through the chain of command to the rater's Director or Captain. The Director/Captain shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Director shall evaluate the supervisor on the quality of ratings given.

1002.8 EVALUATION DISTRIBUTION
For Officer of Administration job classifications, the original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the 3 years past the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to UO Office of Human Resources.

For Classified employees (represented), the original performance evaluation shall be sent to the UO Office of Human Resources.

Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties; therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1010.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS
Oregon and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; ORS 107.095(5); ORS 166.270).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

ORS 166.270 carries specific prohibitions on the carrying of firearms or other weapons upon a felony conviction in the State of Oregon, any other state or under federal law.

ORS 107.095(5) addresses when a restraining order can lead to a violation of the firearms prohibitions of 18 USC § 922. Employees that are or have become subject to such an order shall promptly report that information to a supervisor.

1010.3 OTHER CRIMINAL CONVICTIONS
Oregon Administrative Rules 259-008-0010(4) prohibits any person convicted of a felony from being a peace officer in the State of Oregon. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1010.4 REPORTING PROCEDURE
All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1011.1 PURPOSE AND SCOPE

(e) Work with the Lieutenant of Professional Standards and Training to maintain an up-to-date list of police personnel requiring training, developing and implementing a training program, maintaining class rosters and quizzes, and periodically reviewing the training program.
(f) Reviewing and updating the ECP.
Department supervisors are responsible for exposure control in their respective areas. They shall work directly with the UO EH&S and the affected employees to ensure that the proper exposure control procedures are followed.

1016.2.2 UNIVERSAL PRECAUTIONS
All human blood and body fluids such as saliva, urine, semen, and vaginal secretions are to be treated as if they are known to be infectious. Where it is not possible to distinguish between body fluid types, all body fluids are to be assumed potentially infectious.

1016.2.3 PERSONAL PROTECTIVE EQUIPMENT
Personal protective equipment is the last line of defense against communicable disease. Therefore, the following equipment is provided for all personnel to assist in the protection against such exposures:

- Not less than two pair disposable latex gloves (Keeping a box in the car recommended)
- Safety glasses or goggles.
- Rescue mask with a one-way valve.
- Alcohol (or similar substance) to flush skin at emergency site. (Keeping several alcohol hand wipes in the car recommend).

The protective equipment is to be kept in each police vehicle; inspected at the start of each shift and replaced immediately upon returning to the station if used or damaged during the shift, or as otherwise needed.

1016.2.4 IMMUNIZATIONS
All department personnel who, in the line of duty, may be exposed to or have contact with a communicable disease shall be offered immunization, if a vaccine for the specific disease exposure is available and medically appropriate. Such preventive immunization shall be offered at no cost to the employee (ORS 433.407 and ORS 433.416).

Coordination and approval of immunizations under this policy shall be the responsibility of the UO EH&S.

1016.2.5 WORK PRACTICES
All personnel shall use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or body fluid is anticipated.

Disposable gloves shall be worn on all medical emergency responses. Disposable gloves shall be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other body fluids. Should one's disposable gloves become contaminated with blood or other body fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books, and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.
All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying, or otherwise generating droplets of those materials.

Eating, drinking, smoking, applying lip balm, and handling contact lenses shall be prohibited in areas where a potential for an exposure exists.

1016.3   DISPOSAL AND DECONTAMINATION
The following procedures will apply to the disposal and decontamination after responding to an event that involved contact with a person's blood or body fluids:

1016.3.1 USE OF WASTE CONTAINERS
Officers shall dispose of biohazard with the on-scene fire response vehicle, or at the attending clinic/hospital with their approval, or in an appropriately marked biohazard waste container at the station immediately upon arrival.

The biohazard waste container located at the station shall be collapsible, leak-proof, red in color or appropriately labeled with a biohazard warning and routinely emptied.

1016.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES
Personnel shall wash their hands immediately (on-scene if possible), or as soon as possible following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap and warm water and/or an approved disinfectant, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower as soon as possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

All hand, skin, and mucous membrane washing that takes place in the station shall be done in the designated cleaning or decontamination area. Cleaning shall not be done in the kitchen, bathrooms, or other locations not designated as the cleaning or decontamination area.

1016.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE
All personnel shall avoid using or holding sharps (needles) unless needed to do so while assisting a paramedic, or collecting them for evidence. Unless required for evidentiary reasons related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, when practicable, shall be into a puncture proof biohazard container.
All sharps and items that cut or puncture (e.g., broken glass, razors, and knives) shall be treated cautiously to avoid cutting, stabbing, or puncturing one's self or any other person. In addition, if a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Rather, use a device such as tongs, or a broom and a dustpan to cleanup debris. If the material must be hand held, protective gloves must be worn.

1016.3.4 DISPOSABLE PROTECTIVE EQUIPMENT
Contaminated disposable supplies (gloves, dressings, CPR mask) shall be transported with the patient or suspect in the ambulance or police vehicle. The waste material shall then be disposed of in a biohazard waste container at the hospital or police station. Disposable gloves are to be worn while placing the waste into the waste biohazard container, placing the gloves in with the waste when through.

1016.3.5 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT
After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is non-reusable (e.g., disposable gloves), it shall be discarded in a biohazard waste container as described in Policy Manual § 1016.3.4.

Any personal protective equipment that becomes punctured, torn, or loses its integrity, shall be removed as soon as feasible. The employee shall wash up and replace the personal protective equipment if the job has not been terminated. If this situation resulted in a contaminated nonintact skin event, Policy Manual § 1016.3.2 shall be implemented.

Contaminated reusable personal protective equipment that must be transported prior to cleaning it shall be placed into a biohazard waste bag and transported in the ambulance, paramedic truck or police vehicle. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container, and then included in with the waste.

1016.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT
Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as reasonably practicable. If it is to be transported, it shall be done by first placing it into a biohazard waste bag.

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station, or police station for proper cleaning and disinfecting. Porous surfaces such as nylon bags and straps shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed, and allowed to dry. Delicate equipment (e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by Environmental Protection Agency (EPA).
While cleaning equipment, pay close attention to handles, controls, portable radios, and corners (tight spots). Equipment cleaning shall not be done in the kitchen, bathrooms, or other areas not designated as the cleaning/decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach (one-quarter-cup of bleach per one gallon of water) while wearing disposable gloves and goggles. Large particles of contaminants such as, vomit, feces, blood clots, etc. should first be removed (using a disposable towel or other means to prevent direct contact) and properly disposed of.

1016.3.7 DECONTAMINATION OF CLOTHING
Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry cleaned, place it into a biohazard waste bag and give it to the UO EH&S for laundering.

Contaminated leather boots shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boot, the boot shall be discarded.

1016.3.8 DECONTAMINATION OF VEHICLES
Contaminated vehicles and components such as the seats, radios, and doors shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible.

1016.3.9 DECONTAMINATION OF STATION AND CLEANING AREA
The UO EH&S shall designate a location at the station that will serve as the area for cleaning/decontamination. This area is to be used to keep equipment clean and sanitary and for the employees to wash any potential contamination from their bodies. This area is to be thoroughly cleaned after each use and to be maintained in a clean and sanitary order at all times between each use. The application of cosmetics, smoking cigarettes and consuming food and drink are prohibited in this designated area at all times.

1016.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS
In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and ensure the best protection and care for the employee(s).

1016.4.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE
In order to provide appropriate and timely treatment should exposure occur, all employees should verbally report the exposure to their immediate supervisor and complete a written exposure report as soon as possible following the exposure or suspected exposure. That report shall be submitted to the employee's immediate supervisor. Additionally, employees should document in the exposure report whether they would like the person who was the source of the exposure to be tested for communicable diseases.
1016.4.2 SUPERVISOR REQUIREMENTS
The supervisor shall investigate every exposure that occurs as soon as reasonably practicable following the incident. A determination must be made whether there is an actual exposure. If unsure, the supervisor should consult with Environmental Health and Safety (EHS) staff. If still, unclear, handle the incident as an exposure.

(a) Obtain the Bloodborne Pathogens Post Exposure Packet and complete the forms within.
(b) Follow the guidelines in the "Instructions for Supervisors in Bloodborne Pathogen Exposure" provided by UO EH&S.
(c) The supervisor shall use the above information to prepare a written summary of the incident, its causes and recommendations for avoiding similar events. This report, in addition to any workers’ compensation report or reports required by the University, will be provided to the UO EH&S, the consulting physician and to the UO Office of Risk Management.

The supervisor should advise the employee of the laws and regulations concerning disclosure of the identity and the infectious status of a source.

1016.4.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Any employee who received exposure or suspected exposure should be seen by a physician (or qualified health care provider) as soon as possible. The doctor (or qualified health care provider) should review the supervisor's report, the Communicable Disease Notification Report and the employee's medical records relevant to the visit and examination.

When an officer in the performance of his/her official duties sustains a substantial BBP exposure, the UO EH&S will seek to have the source person tested for HIV and Hepatitis B or C by causing the circuit court to be petitioned for an order compelling the testing. The petition must set forth the facts and circumstances of the contact and the reasons the officer and a medically trained person representing the officer, if available, believe the exposure was substantial and the testing would be appropriate. The officer should provide information sufficient to identify and locate, if possible, the alleged source (ORS 433.085(1)(2)).

If the UO EH&S is unavailable to assist the officer with the completion of the petition and with follow-up attempts to seek testing of the person who was the source of the exposure, it is the responsibility of the exposed employee's supervisor to provide such assistance.

If the testing is ordered by the court, the results shall be made available to those persons authorized under ORS 433.045(4) and to the officer, the physician designated by the officer to receive the results, the Oregon Health Authority (OHA), the subject person and any physician designated by the subject person to receive the results (ORS 433.085(4)).

The health care professional should provide the ECO and/or the University's Risk Manager with a written opinion/evaluation of the exposed employee's situation. This opinion should only contain the following information:

* If an HBV is indicated for the employee.
Communicable Diseases

- If the employee received an HBV.
- Confirmation that the employee received the evaluation results.
- Confirmation that the employee was informed of any medical condition resulting from the exposure incident that will require further treatment or evaluation.
- Whether communicable disease testing of the person who was the source of the exposure is warranted, and, if so, what diseases should be included in testing.

All other findings or diagnosis shall remain confidential and are not to be included in the written report.

1016.4.4 COUNSELING
The Department will make counseling and consultation available to the exposed employee (and his/her family if necessary).

1016.4.5 CONFIDENTIALITY OF REPORTS
Most of the information involved in the process must remain confidential. The UO EH&S shall ensure that all records and reports are kept in the strictest confidence.

The UO EH&S shall be responsible for maintaining records containing the employee's HBV status and the results of examinations, medical testing and follow-up procedures that took place as a result of an exposure.

The Risk Manager shall be responsible for maintaining the name and social security number of the employee and copies of any information provided to the consulting health care professional as a result of an exposure.

This information is confidential and shall not be disclosed to anyone without the employee's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.5 POST-EXPOSURE CONFIRMATION PROCEDURES
Members who have been exposed to or contract a disease as a result of a duty-related event shall be treated according to existing health benefits, insurance coverage, and collective bargaining provisions. (OAR 839-006-0200 and ORS 659A.112).

Members who test positive for HIV or HBV may continue working as long as they maintain acceptable performance and do not pose a safety and health threat to themselves, the public or other members of the Department.

(a) The University of Oregon Police Department shall make all decisions concerning the member's work status solely on the medical opinions and advice of the agency's health care officials.
Communicable Diseases

(b) The University of Oregon Police Department may require a member to be examined by the department health care officials to determine if he/she is able to perform his/her duties without hazard to him/herself or others.

(c) All members of the University of Oregon Police Department agency shall treat employees who have contracted a communicable disease fairly, courteously and with dignity.
Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE
This policy establishes limitations on the use of tobacco products by employees and others while on-duty or while in University of Oregon Police Department facilities or vehicles.

1018.2 POLICY
Department employees will adhere to the University of Oregon policy regarding tobacco use.

1018.3 EMPLOYEE USE
Tobacco use by employees is prohibited anytime employees are on duty.

Officers in uniform who chose to use tobacco while on their breaks from work, may not do so in public view.

Smoking and the use of other tobacco products is not permitted inside any University facility, office or vehicle.

It shall be the responsibility of each employee to ensure that no person under his/her supervision smokes or uses any tobacco product inside University facilities and vehicles or while on duty.
Personnel Complaints

1020.1 PURPOSE AND SCOPE
The purpose of this procedure is to provide guidelines for reporting, investigation and disposition of complaints regarding the conduct of members and employees of this department.

This policy describes the safeguards that apply when an employee is under investigation concerning a matter that may lead to economic sanctions or dismissal from employment, and when that employee will be interviewed regarding the matter. The policy is meant to ensure that any disciplinary action taken against an employee only occurs with just cause.

This policy does not apply when a supervisor questions an employee in the normal course of an informal verbal admonishment or when the supervisor has other routine or unplanned contact with an employee. Nor does this policy apply to an investigation concerned solely with alleged criminal activities.

1020.1.1 DEFINITIONS

Disciplinary action - An action taken against an employee by the University of Oregon Police Department to sanction the employee, including dismissal, demotion, suspension without pay, reduction in salary, written reprimand and transfer (ORS 236.350 (1)).

Employee - Any paid member of the University of Oregon Police Department.

Just cause - A cause reasonably related to the employee's ability to perform required work. The term includes a willful violation of reasonable work rules, regulations or written policies (ORS 236.350 (2)).

Personnel complaint - Any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law.

Service complaint - Any complaint about employee conduct which, even if true, would not qualify as a personnel complaint.

1020.2 AVAILABILITY OF COMPLAINT FORMS AND ACCEPTANCE OF COMPLAINTS

1020.2.1 AVAILABILITY OF COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the Department's public lobby. Forms may also be available at other campus sites. Electronic forms are available on line at the Department's web site.

1020.2.2 SOURCE OF COMPLAINTS
(a) A department employee who becomes aware of alleged misconduct shall immediately notify a supervisor.
Personnel Complaints

(b) A supervisor receiving a complaint from any source alleging misconduct of an employee should immediately document that complaint, submit it to Lieutenant of Professional Standards and Training, and notify his/her immediate supervisor.

(c) Anonymous complaints and third-party complaints should be accepted and forwarded to the Lieutenant of Professional Standards and Training for investigation (to the extent that sufficient information is provided).

1020.2.3 ACCEPTANCE OF COMPLAINTS
A complaint may be filed in person, in writing, or by telephoning the Department. Although it is not required, every effort should be made to have the complainant appear in person. The following should be considered before taking a complaint:

(a) Complaints shall be documented and forwarded to the Lieutenant of Professional Standards and Training for classification, evaluation and assignment.

(b) Supervisors are encouraged to try to resolve Service Complaints at the time of intake. Document the contact, explain whether the complainant is satisfied with the explanation, and forward to the Lieutenant of Professional Standards and Training for evaluation and filing.

(c) When the complainant is intoxicated or impaired to the point where his/her ability to recall and communicate facts, or understand questions, is compromised; employees shall obtain identifying information, provide the complainant with a personnel complaint form and forward documentation of the contact to the Lieutenant for Professional Standards and Training.

1020.3 SUPERVISOR RESPONSIBILITY
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the office of Professional Standards and Training and the investigation of Service Complaints will rest with the employee’s immediate supervisor. The Chief of Police or authorized designee may, however, direct that another supervisor investigate. Supervisors shall be responsible for the following:

(a) A supervisor receiving a formal complaint involving allegations of a potentially serious nature shall ensure that the Chain of Command is notified as soon as practicable via email or phone message. In cases of extreme severity of complaint, the Watch Commander will determine if other Command officers need to be immediately notified by phone.

(b) A supervisor receiving or initiating any complaint shall ensure that written documentation has been completed as fully as possible, and directed to the Lieutenant of Professional Standards and Training. During the intake of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of additional witnesses.

1. Photographs of any injuries alleged by the complainant, as well as visible areas of non-injury, should be taken once immediate medical attention has been provided.
Personnel Complaints

(c) A supervisor dealing with an accused employee shall ensure that the procedural rights of the employee are followed.

(d) When the nature of a personnel complaint relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall promptly contact the Lieutenant - Professional Standards and Training for direction regarding the investigation and/or addressing the complaint, to include contacting the Office of Affirmative Action and Equal Employment Opportunity. If the Lieutenant - Professional Standards and Training is unavailable, the matter will be forwarded to the Assistant Chief or Chief, in that order.

1020.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature or when the circumstances reasonably dictate an undue risk for the Department, the employee, other employees or the public, the accused employee may be reassigned or placed on administrative leave.

1020.4.1 ADMINISTRATIVE LEAVE
An employee placed on administrative leave may be subject to the following guidelines:

(a) The employee shall continue to receive regular pay and benefits, pending the imposition of any discipline.

(b) An employee may be required by a supervisor to relinquish any badge, department identification, assigned weapon(s) and any other department equipment.

(c) An employee may be ordered to refrain from taking any action as a department employee or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor.

(d) An employee may be temporarily reassigned to a different shift during the investigation. The employee may be required to remain available for contact at all times during such shift and report as ordered.

(e) Reinstated employees shall have all badges, identification cards and equipment reissued.

1020.5 ALLEGATIONS OF CRIMINAL CONDUCT
When an employee of this department is accused of potential criminal conduct, a criminal investigation will be initiated apart from the administrative investigation(s). Any administrative investigation(s) will be separate from, but may parallel a criminal investigation.

The criminal investigation will have priority over the administrative investigation(s). It is common to delay an administrative investigation so as not to interfere with the criminal investigation. However, certain administrative actions may be taken while the administrative investigation is delayed, in order to protect the involved employee, Department, University or University community.

The Chief of Police shall be notified as soon as practical when an employee is accused of criminal conduct regardless of the form of the complaint.
In the event of serious criminal allegations, the Chief of Police may request a criminal investigation by an outside law enforcement agency.

An employee accused of criminal conduct shall retain all of the rights and privileges afforded a non-sworn. The employee may not be administratively ordered to provide any information to a criminal detective.

1020.5.1 NOTIFICATIONS
The Vice President Finance and Administration and the UO Office of the General Counsel will be notified as soon as practical when an allegation of criminal conduct is lodged against a UOPD employee.

1020.6 ADMINISTRATIVE INVESTIGATION OF COMPLAINT
Except as necessary to gain a general overview and sufficient facts of an incident to assess the necessity of an inquiry, or in order to obtain pertinent public safety information, an officer shall not be required to answer questions until he/she has been told of the facts and the nature of the investigation in a manner that is reasonably sufficient to inform the officer of the circumstances surrounding the allegations.

Whether conducted by a supervisor or an assigned member of the Professional Standards and Training Unit, the following procedures and those set forth in ORS 236.360 shall be followed with regard to the accused employee(s):

(a) Unless the seriousness of an investigation requires otherwise, interviews of accused employees shall be conducted when the employee is on-duty or during the employee's normal waking hours. If the interview is conducted while the employee is off-duty, the employee shall be appropriately compensated (ORS 236.360(2)(a)).

(b) No more than two interviewers at a time may ask questions of an accused employee (ORS 236.360(2)(c)).

(c) Interviews may not last an unreasonable amount of time, taking into consideration the gravity and complexity of the matter under investigation.

(d) The employee's physical needs shall be reasonably accommodated (ORS 236.360(2)(f)).

(e) The interviewers shall inform the employee of their authority to compel a statement and of the identity of the investigators and all persons present during the interview (ORS 236.360 (2)(d)).

(f) No employee shall be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. An employee being interviewed may not be threatened with punitive action. However, during a compelled interview solely for non-criminal purposes, an employee who refuses to respond to questions or refuses to be interviewed must be informed that refusal may lead to disciplinary action (ORS 236.360 (2)(h)). Nothing administratively ordered may be provided to a criminal investigator.
(g) When practicable, the interviewer should record all interviews of employees and witnesses. An employee may record his/her own interview. If the employee has been previously interviewed, a copy of that recorded interview, written statement or transcript (if prepared) shall be provided to the employee prior to any subsequent interview (ORS 236.360 (2)(h)).

(h) If the allegations involve potential criminal conduct, the employee shall be advised of his/her constitutional rights. This admonishment shall be given administratively even if the employee was advised of these rights during any separate criminal investigation. Specifically, the employee must be informed of the right to consult with criminal defense counsel with respect to the criminal charge (ORS 236.360 (2)(j)).

(i) All employees subjected to interviews that could result in punitive action may have a representative of the employee's choosing present at the interview (ORS 236.360 (2)(b)). However, in order to maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(j) In a disciplinary or administrative investigation, the employee's chosen representative cannot be required to disclose, or be subject to disciplinary action for refusing to disclose, statements made by the employee to the representative for purposes of the representation (ORS 236.360 (2)(k)).

(k) All employees shall provide complete and truthful responses to questions posed during interviews.

(l) No employee may be compelled to submit to a polygraph examination nor shall any refusal to submit to such examination be mentioned in any investigation.

1020.6.1 ADMINISTRATIVE SEARCHES
Any employee may be compelled to disclose personal financial information pursuant to proper legal process, if such information tends to indicate a conflict of interest with official duties or if the employee is assigned to, or being considered for, a special assignment with a potential for bribes.

Employees shall have no expectation of privacy in or when using offices, desks, lockers, vehicles, telephones, computers, radios or other communications provided by the Department.

Assigned lockers, offices, desks, vehicles and storage spaces are the property of the employer and may be administratively searched by a supervisor for work-related purposes (e.g. obtaining a needed report or radio).

All other non-assigned areas (shared desks, common office space, shared vehicles) may be administratively searched by a supervisor for non-investigative purposes.

An investigative search of such areas shall only be conducted with the approval of the Chief of Police or authorized designee upon a reasonable suspicion that official misconduct is involved.
1020.6.2 STEPS PRIOR TO DISCIPLINARY ACTION
If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations. The employee will be notified of the additional allegations.

Disciplinary action may not be taken against any employee without just cause (ORS 236.360 (4)). The Chief of Police shall ensure the following before any disciplinary action against an employee is taken:

(a) Notification is made to the employee in writing of the charges against the employee and the proposed disciplinary action (ORS 236.360 (5)(a)).

(b) The employee is given an opportunity to respond to the charges at an informal hearing, which may be recorded, that is attended by the person or persons having authority to impose the proposed disciplinary action (ORS 236.360 (5)(b)).

1020.6.3 REOPENING AN INVESTIGATION
An investigation may be reopened if significant new evidence is discovered that is likely to affect the outcome of the investigation, provided the evidence resulted from the employee’s pre-disciplinary response and could not have been discovered without resorting to extraordinary measures (ORS 236.360 (7)).

1020.6.4 INAPPLICABILITY OF CERTAIN SAFEGUARDS
The safeguards of an administrative investigation listed in Policy Manual § 1020.6 do not apply in the following instances (ORS 236.370):

(a) Investigations related to acts or omissions made during a probationary period.

(b) Where the terms of a collective bargaining agreement provide for the safeguards.

(c) Where there are conflicting county civil service system rules.

(d) Where there exists a county or municipal civil service system that provides certain employees with disciplinary action protections at least equivalent to those provided in this policy.

(e) Where the investigation is of the:
   1. Chief executive officer of a law enforcement unit, as defined in ORS 181.610.
   2. Supervisory employees, as defined under ORS 243.650, where a collective bargaining agreement is in effect.

(f) Where the employee is represented by a collective bargaining unit if the collective bargaining agreement provides for procedures and safeguards of the sort provided for in ORS 236.350 to 236.370.

1020.7 DISPOSITION OF PERSONNEL COMPLAINTS
Each allegation shall be adjudicated with one of the following:
**Personnel Complaints**

**Unfounded** - When the investigation discloses that the alleged act(s) did not occur or did not involve department personnel. Complaints that are determined to be frivolous will fall within the adjudication of unfounded.

**Exonerated** - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

**Not sustained** - When the investigation discloses that there is insufficient evidence to sustain the complaint or exonerate the employee.

**Sustained** - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

**Administratively Closed** - The investigation was closed prior to reaching an informed conclusion (e.g., complainant did not provide information needed, or refused to cooperate with the investigation). The investigation may be reactivated upon discovery of new, substantive information or evidence.

**Policy issue** - When everything in the complaint is determined to be accurate, including the officer's actions, but the issue appears to require a modification of policy the adjudication for the officer should be exonerated. The need for potential policy modification shall be immediately directed to the Chief of Police for action.

**1020.8 COMPLETION OF INVESTIGATIONS**

The Office of Professional Standards and Training shall ensure that investigations are completed and employees are provided notification of intended discipline no later than 6 months from the date of the first interview. The Chief of Police, or designee, may extend the investigation to a maximum of 12 months from the date of the first interview, provided that, before the extended period begins, the employer gives written notice explaining the reason for the extension to the employee and the employee’s chosen representative and union representative, if any (ORS 236.360 (6)(a)).

The above time limits do not apply when (ORS 236.360 (6)(b)):

(a) The investigation involves an officer who is incapacitated or unavailable.
(b) The investigation involves an allegation of workers’ compensation or disability fraud by the officer.
(c) The officer, in writing, waives the limit.
(d) The investigation requires a reasonable extension of time for coordination with one or more other jurisdictions.
(e) The investigation involves more than one officer and requires a reasonable extension of time.
(f) The alleged misconduct is also the subject of a criminal investigation or criminal prosecution. Time does not run for the period during which the criminal investigation or criminal prosecution is pending.
Personnel Complaints

(g) The investigation involves a matter in civil litigation in which the officer is a named defendant or the officer’s actions are alleged to be a basis for liability. Time does not run for the period during which the civil action is pending.

(h) The investigation is the result of a complaint by a person charged with a crime. Time does not run for the period during which the criminal matter is pending.

Upon completion of an investigation, the report should be forwarded to the involved employee's supervisor.

(a) The supervisor will prepare a memo to the Chief recommending adjudication of each allegation. This memo will contain a sufficient review of the facts and analysis to support the recommendation.

(b) The investigative file and supervisor's adjudication recommendation will be forwarded through the supervisor's Chain of Command to the Chief.

   1. Each command officer in the chain will review the supervisor's recommendation for adjudication. If necessary or appropriate, they will prepare their own recommended adjudication of each allegation, and provide additional analysis supporting their recommendation.

Once received, the Chief of Police will formally adjudicate the allegations and prepare documentation of the decisions for the investigative file. The Chief, or designee, will notify the employee and complaining party, in writing, of the adjudication decision.

Any complaining party who is not satisfied with the findings of the Department may contact the Chief of Police to discuss the matter further.

Disciplinary action taken as a result of the investigation will be handled separately from the investigation and adjudication processes pursuant to applicable Department and University policy, and collective bargaining agreements.

1020.8.1 CONFIDENTIALITY OF PERSONNEL FILES
All investigations of personnel complaints shall be considered confidential peace officer personnel files, and not subject to public disclosure (ORS 192.501). The contents of such files shall not be revealed to other than the involved employee (redacted version) or authorized personnel, except pursuant to lawful process.

In the event that an accused employee (or the representative of such employee) knowingly makes false representations regarding any internal investigation, and such false representations are communicated to any media source, the Department may disclose sufficient information from the investigation to refute such false representations.

Disciplinary action resulting from sustained complaints shall be maintained in the employee's personnel file. Complaints, and any investigative reports shall be maintained by the Professional Standards and Training Unit apart from the employee's personnel file.
1020.8.2 ANNUAL REVIEW OF PERSONNEL COMPLAINTS
During January of each year, the Lieutenant - Professional Standards and Training or his/her
designee shall provide to the Chief of Police an annual report of personnel complaints from the
prior calendar year. The report may include complaint trends, training needs and recommended
policy changes. Specific detail, including items such as officer names, case numbers and location
of occurrence, is not needed for this purpose and therefore will not be part of this process. This
document shall be provided to the Vice President of Finance and Administration.
Seat Belts

1022.1 PURPOSE AND SCOPE
The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt and child safety seat use to assure maximum operator and passenger safety, thus minimizing the possibility of death or injury as the result of a motor vehicle crash. This policy will apply to all employees operating or riding in department vehicles.

1022.2 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1022.2.1 TRANSPORTING CHILDREN
A properly installed, approved child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORS 811.210).

Children under the age of 13 should be transported in the rear seat. In the event that the appropriate restraints are unavailable, officers should arrange for alternate transportation.

1022.3 TRANSPORTING PRISONERS
Whenever possible, prisoners should be secured in the prisoner restraint system in the rear seat of the patrol vehicle or, when a prisoner restraint system is not available, by seat belts. The prisoner should be in a seating position for which seat belts have been provided by the vehicle manufacturer. In unusual circumstances where it is unsafe or impractical to do so, prisoners may be transported without the use of seat belts (ORS 811.215 (6)). The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

1022.4 INOPERABLE SEAT BELTS
No person shall operate a department vehicle in which the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belts, except for vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Employees who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.
Body Armor

1024.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY
It is the policy of the University of Oregon Police to maximize officer safety through the mandatory wearing of body armor while in patrol uniform. In addition, when in uniform performing administrative functions, all officers are required to wear body armor. While body armor provides a significant level of protection, it is not a substitute for the observance and adherence to officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR
The department's designated representative shall ensure that body armor is issued to all officers. Upon issue, the body armor shall meet or exceed the current safety standards established by the National Institute of Justice for ballistic vests. Body armor shall be issued when an officer begins service at the UOPD. New officers are prohibited from being in uniform until body armor is issued. Body armor will be replaced at the end of the warranty period or if it becomes compromised in any way.

1024.3.1 USE OF SOFT BODY ARMOR
Specific details on the use of Body Armor are:

(a) Officers shall only wear department approved and issued body armor.
(b) Body armor shall be worn when an officer is working in uniform.
(c) Officers working a plain clothes assignment in which they could reasonably be expected to take enforcement action are required to wear body armor.
(d) Officers working an undercover assignment are not required to wear body armor.
(e) Officers involved in training shall adhere to the instructors' directions regarding the use of body armor.
(f) Any exception to this policy must be approved by the Chief.

1024.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained as required by this policy through routine observation and periodic documented inspections. Annual inspections of body armor coordinated by the Quartermaster should be conducted for fit, cleanliness, signs of damage, abuse and wear.
1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Officers should routinely inspect their department issued body armor for signs of damage and for general cleanliness. Any observed deficiencies shall be reported to the officer's immediate supervisor. The supervisor will then notify the Watch Commander or immediate supervisor who will then coordinate with the manufacturer's representative for an appropriate and timely remedy. Because dirt and perspiration may erode ballistic panels, each officer shall be responsible for cleaning personal body armor in accordance with the manufacturer's instructions. Officers are responsible for the proper storage, maintenance and care of body armor in accordance with manufacturer's instructions. The standard replacement cycle for body armor will be determined by the individual manufacturer's warranty.

1024.4 RANGEMASTER RESPONSIBILITIES
The Watch Commander or his/her designee should:

(a) Inspect officers' body armor on an annual basis for signs of damage or excessive wear. Any body armor determined to be insufficient to meet the standards of the National Institute of Justice shall be replaced in a timely manner as circumstances allow.

(b) Provide periodic training that educates officers about the safety benefits of wearing body armor.

(c) Annual inspections will take place in June of every year. Results to be maintained in the LEA equipment software program or its equivalent data system.

(d) Any officer reporting outside of the watch structure will have body armor inspected by the Watch Commander for 2nd Watch.

In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

Employees desiring to take a lactation break shall notify communications or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except in emergency or exigent circumstances.

In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1038.1.1 DEPARTMENT POLICY
Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time for the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee, at the employees request, by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply. Overtime approval will be based upon the necessity to complete the work and availability of on-duty employees to complete the work.

Student and temporary employees are eligible for overtime only after having worked 40 hours in that calendar week.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 120 hours of compensatory time.

1038.2 REQUEST FOR OVERTIME COMPENSATION
Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the UOPD Office of Administrative Services Division. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1038.2.1 EMPLOYEES RESPONSIBILITY
Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Call-back, time off between shifts and changes to shift hours are covered by existing Collective Bargaining Agreements.

1038.2.2 SUPERVISORS RESPONSIBILITY
The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.
Overtime Payment Requests

After the entry has been made on the employee’s time card, the overtime payment request form is forwarded to the next step in the chain of command for final approval.

1038.3 ACCOUNTING FOR OVERTIME WORKED
Employees are to record the actual time worked in an overtime status. In some cases, the Collective Bargaining Agreement provides that a minimum number of hours will be paid, (e.g., two hours for Court). In that case, the employee will record the actual time worked and the minimum hours to be paid. The supervisor will ensure that the record and overtime paid is accurate.

1038.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR
When accounting for less than a full hour, time worked shall be reported as indicated by the following chart:

<table>
<thead>
<tr>
<th>Time Worked</th>
<th>Percentage Reported</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 to 7 minutes</td>
<td>0.00 hours</td>
</tr>
<tr>
<td>8 to 22 minutes</td>
<td>0.25 hours</td>
</tr>
<tr>
<td>23 to 37 minutes</td>
<td>0.50 hours</td>
</tr>
<tr>
<td>38 to 52 minutes</td>
<td>0.75 hours</td>
</tr>
<tr>
<td>53 to 60 minutes</td>
<td>1.00 hour</td>
</tr>
</tbody>
</table>

1038.3.2 VARIATION IN TIME REPORTED
Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation as part of the overtime payment request.
Outside Employment

1040.1 PURPOSE AND SCOPE
In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1040.1.1 DEFINITIONS
Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered.

• Outside Employment also includes volunteer positions with other law enforcement agencies, for example a Reserve Police Officer or Special Deputy.

• Outside Employment also includes self-employment where services, product(s) or benefits are rendered.

• Outside Employment does NOT include volunteer obligations for charities, church, service organizations, social clubs, etc., UNLESS there exists a conflict of interest.

Outside Overtime - duties or services on behalf of an outside organization, company, or individual within this jurisdiction that are scheduled and paid through this department as overtime so that the Department may be reimbursed for the cost of wages and benefits.

1040.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee's immediate supervisor who will ensure that all of the relevant information is provided. The application will then be forwarded through the chain of command to the Chief of Police for consideration.

If approved, the employee will be notified in writing, or via email, with copies to the Chain of Command. Unless otherwise indicated, permission will be valid through the end of the calendar year in which the request is approved. Any employee seeking to renew permission shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial.

The documentation will be stored in the employee's personnel file.
Outside Employment

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT
If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee’s appeal is denied, the employee may consult with their labor representative and/or the current Collective Bargaining Agreement (CBA) regarding the filing of a grievance.

1040.3 PROHIBITED OUTSIDE EMPLOYMENT
The Department reserves the right to deny any request for outside employment. There are generally two categories of conflict that would be examined in order to determine whether to approve an outside employment request. They are:

- Actual or potential conflict of interest
- Actual or potential conflict of commitment

General guidelines for denial will be based on criteria similar to, but not limited to, the following:

(a) The outside employment involves the use of the Department badge, uniform, identity, resources, prestige or influence. Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department (for example, loss prevention at a retail outlet requires the employee to wear their UOPD uniform while working for them, or access police records)

(b) The outside employment requires the employee to perform similar acts to their regularly assigned position with the Department (for example, a private security position would require an employee to arrest trespassers and use force under their authority which is essentially the same requirements of a UOPD officer)

(c) The outside employment involves actions that would be in conflict with their regular duties (for example, a bouncer at a club would be expected to simply trespass a patron involved in criminal activity where the employee would be expected to make an arrest if on-duty with the Department)

(d) The outside employment involves acts that are inconsistent with the canons of the Criminal Justice Code of Ethics, conflict with provisions of department policy, have a negative impact on the employee's reputation, or have a negative impact on the employee's credibility as a witness in court (for example, endorsing products that demonstrate bias or glorify violence)

(e) The outside employment interferes with the employee's current work schedule, the Department's ability to schedule or assign work or the employee's availability for work (for example, the employment precludes the employee from being assigned to work swing shift)
Outside Employment

1. For comparison purposes, the University of Oregon standard for faculty outside work-hours commitment is one-day-in-seven, and averaging over longer time periods is allowed.

(f) The outside employment negatively impacts the employee’s job performance at the Department (for example, the employment requires so many hours per week that the employee cannot get enough rest and their performance suffers for that reason)

(g) The employee’s performance at this department is documented to be below expectations as reflected on performance evaluations.

(h) Denial, suspension or revocation may be included as a term or condition of sustained discipline.

(i) The outside employment requires work that the employee is unable to perform for the Department due to an injury or other condition, or interferes with the employee’s ability to return to full duty (for example, an injury prevents the employee from driving a vehicle for UOPD and the outside employment requires the employee to drive a vehicle)

1040.4 MATERIAL CHANGES TO OUTSIDE EMPLOYMENT

If an employee terminates his or her outside employment during the period covered by permission, the employee shall promptly submit written notification of such termination to the Chief of Police through the chain of command. Any subsequent request for renewal or continued outside employment will be considered a new request and submitted as outlined in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material should report the change.

1040.5 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within three days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The Chief of Police will decide whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their outside employment, a notice of revocation of the member’s permission will be forwarded to the involved employee, and a copy attached to the original permission document.

Criteria for revoking permission for outside employment include, but are not limited to, the following:

(a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the University’s professional medical advisors.
Outside Employment

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee’s failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the University of Oregon Police Department, a request (in writing) may be made to the Chief of Police to restore permission for outside employment.

1040.6 OUTSIDE OVERTIME

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside overtime will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

1. The officer(s) shall wear the departmental uniform/identification.
2. The officer(s) shall be subject to the rules and regulations of this department.
3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
5. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered part of the outside overtime assignment.

1040.6.1 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Director, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which reasonably might disclose the officer’s law enforcement status.
On Duty Injuries

Injuries requiring medical treatment or resulting in time off, shall be reported to a supervisor as soon as the employee becomes aware of the injury. Supervisors will ensure a state "Report of Job Injury or Illness" form 801 is completed and signed by the employee.

Any employee sustaining a work-related injury or illness that requires relief from duty is also required to communicate with their supervisor regarding absences, as well as notify their Supervisor of any change in condition or anticipated duration of the absence.
When appropriate, an employee being treated for an on-duty injury should inform the attending physician that a modified duty assignment may be available at the Department. Limited-service duty may be available for the employees whose injuries prevent resumption of regular duties.

An injured employee or employee who has suffered a work-related injury or illness shall report as soon as practical to his/her immediate supervisor the medical findings concerning the injury and the extent and duration of any work restrictions if they are known. In addition, such employees are required to promptly submit all medical releases, whether partial or full releases, to their supervisor.

1042.2.4 SUPERVISOR'S RESPONSIBILITY
A supervisor learning of any work-related injury, illness or accident shall promptly prepare the appropriate forms as outlined under Policy Manual § 1042.2. Updated copies of forms with instructions for completion provided by UO Office of Risk Management are kept in the Sergeant's office.

For work-related accidents, illness or injuries not requiring professional medical care, a Supervisor's Report of Injury form shall be completed in triplicate. All copies of the completed form shall be forwarded to the supervisor's Director, through the chain of command.

When an accident, illness or injury is reported initially on the "Supervisor's Report of Injury" form and the employee subsequently requires professional medical care, the State of Oregon report of job injury or illness form 801 shall then be completed. The injured employee shall also sign the form in the appropriate location.

On Duty Injuries

This form shall be signed by the affected employee, indicating that he/she desired no medical attention at the time of the report. By signing this form, the employee will not preclude his/her ability to seek medical attention later.

1042.4 SETTLEMENT OF INJURY CLAIMS

Employees who are assigned to modified duty shall inform their supervisor of any inability to maintain any certification, training or qualifications.
Performance History Audits

1058.1 PURPOSE AND SCOPE
Performance History Audits are collections of data designed to assist supervisors evaluating the performance of their employees. Performance History Audits can help identify commendable performance as well as early recognition of training needs and other potential issues. While it is understood that the statistical compilation of data may be helpful to supervisors, it cannot account for, and must be carefully balanced with the many variables in law enforcement such as:

- An officer's ability to detect crime.
- An officer's work ethic.
- An officer's work assignment and shift.
- An officer's physical abilities, stature, etc.
- Randomness of events.

1058.2 RESPONSIBILITIES
Under the authority of the Chief of Police, the Professional Standards and Training Unit is responsible for collecting performance indicators and other relevant data to generate and provide a quarterly Performance History Audit Report for each officer to the appropriate Director. Though generated quarterly, each Performance History Audit will contain data from a one-year time period.

The Director will also forward a copy of each Performance History Audit Report to the Office of the General Counsel for review and retention as attorney work product and confidential personnel information.

1058.3 COMPONENTS OF PERFORMANCE HISTORY AUDITS
Performance History Audits will include the following components:

- Performance indicators
- Data analysis

(a) The frequency and findings of use of force incidents.
(b) Frequency of involvement and conduct during vehicle pursuits.

(l) Documented counseling memos.

1058.5 COMPILATION OF DATA
The Professional Standards and Training Unit will utilize secure systems and other confidential methods to compile and track information regarding performance indicators for each officer during each quarter in order to prepare Performance History Audit Reports.

1058.6 EMPLOYEE NOTIFICATION AND RESPONSE
The Professional Standards and Training Unit will notify each officer prior to retaining any performance indicator for entry into a Performance History Audit Report. The affected officer may submit a written comment within 10 days regarding each performance indicator. Any such written comment will be attached to the related performance indicator in such a way as to be readily noticed by supervisors reviewing a Performance History Audit Report.

1058.7 DATA ANALYSIS AND ACTION
Upon receipt, the Director will review each Performance History Audit Report and determine whether it should be provided to an officer's immediate supervisor for further consideration. The officer's immediate supervisor will carefully review the Performance History Audit Report with the officer to assess any potential trends or other issues which may warrant informal counseling, additional training or a recommendation for other action, including discipline. The officer shall date and sign the Performance History Audit Report and may be provided a copy of the report upon request.

If a supervisor determines that an officer's performance warrants action beyond informal counseling, the supervisor shall advise the Director of such recommendation. If the Director concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.
Performance History Audits

If discipline or other adverse action is initiated against an officer as a result of a Performance History Audit, the officer shall be entitled to all rights and processes set forth in the Conduct Policy and Personnel Complaint Procedure Policy.

1058.8 CONFIDENTIALITY OF DATA
Information, data and copies of material compiled to develop Performance History Audit Reports shall be considered confidential as part of the employee’s personnel file and will not be subject to discovery or release except as provided by law. Access to the data in the system will be governed under the same process as access to an officer's personnel file as outlined in the Department Peace Officer Personnel Files Policy 1026.

1058.9 RETENTION AND PURGING
Performance History Audit Reports will be retained by supervisors only so long as to include the information in the employee’s evaluation. Once the report is used for the evaluation, it will be destroyed as the source material for the report is contained in the records repositories from which it is derived.
Employee Speech, Expression and Social Networking

1060.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1060.1.1 APPLICABILITY
This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1060.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the University of Oregon Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1060.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression may negatively affect the safety of the University of Oregon Police Department employees. Posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates.
Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the University of Oregon Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the University of Oregon Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the University of Oregon Police Department or its employees. (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the University of Oregon Police Department.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee (or any other act that would constitute a misuse of public information in violation of ORS 162.425).
Employee Speech, Expression and Social Networking

(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the University of Oregon Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

(a) Endorse, support, oppose or contradict any political campaign or initiative.
(b) Endorse, support, oppose or contradict any social issue, cause or religion.
(c) Endorse, support or oppose any product, service, company or other commercial entity.
(d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g. bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the University of Oregon Police Department.

A notice of restrictions on political activities by employees will be posted and maintained by the Department in a place that is conspicuous to all employees as required by law (ORS 260.432).

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized
bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1060.5 PRIVACY EXPECTATION
Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department e-mail system, computer network or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if it is accessed through department computers or networks.

1060.6 CONSIDERATIONS
In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.

(e) Whether similar speech or conduct has been previously authorized.

(f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1060.7 TRAINING
Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.
