CRIMINAL JUSTICE CODE OF ETHICS

As a criminal justice officer, my fundamental duty is to serve humankind; to safeguard lives and property; to protect all persons against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all people to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. Without compromise and with relentlessness, I will uphold the laws affecting the duties of my profession courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence, and never accepting gratuities.

I recognize my position as a symbol of public faith, and I accept it, as a public trust to be held so long as I am true to the ethics of The Criminal Justice System. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession.

Email is a communication tool available to department employees to enhance the efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law, such as the Oregon Public Records Law set forth in Oregon Revised Statutes 192.420. Messages transmitted over the email system must only be those that involve University business activities or contain information essential to University employees for the accomplishment of business-related tasks, and/or communication directly related to University business, administration or practices.

212.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system. Likewise, employees are prohibited from receiving, sending or storing email messages in personal files. The Department reserves the right to access any personal folders to assure compliance with this policy.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the department email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

212.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing, or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

Administrative Communications

214.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members with the protocols and forms to be used for internal administrative communications. Administrative communications of this department are governed by the following policies.

214.2 DEPARTMENT E-MAIL

Department E-mail may be issued periodically by the Chief of Police or his/her designated representative to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

214.3 CORRESPONDENCE

In order to ensure that the letterhead and name of the Department are not misused, all external correspondence shall be on Department letterhead. Personnel should use Department letterhead only for official business and with approval of their supervisor.

214.4 INFORMATIONAL MEMOS

The Chief of Police may issue memoranda to department personnel from time to time for the purpose of disseminating information to the members.

Staffing Levels

216.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper staffing is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the Department's need to meet operational requirements.

216.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of at least two officers, and two dispatchers on duty whenever possible. Only supervisors may approve time-off requests that bring the staffing below this level. Unforeseen circumstances, such as employees who call in sick, will generally result in staffing the watch with hold-over or call-in.

Supervisors will generally not be included for computing staffing levels.

Watch Commanders will ensure that at least one field supervisor is deployed during each watch.

Training

221.1 SECTION TITLE

221.2 PURPOSE AND SCOPE

It is the policy of UOPD to administer a training program that will provide for the professional growth and continued development of its personnel. By doing so, UOPD will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

221.3 PHILOSOPHY

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever possible, the Department will use courses certified by the Oregon Department of Public Safety Standards and Training (DPSST).

221.4 OBJECTIVES

The objectives of the Training Program are to:

- (a) Enhance the level of law enforcement service to the public.
- (b) Increase the technical expertise and overall effectiveness of our personnel.
- (c) Provide for continued professional development of department personnel.
- (d) Enhance the safety of officers and the community.

221.5 TRAINING PLAN

A training plan will be developed and maintained by the Captain of Administration. It is the responsibility of the Captain of Administration to maintain, review, and update the training plan on an annual basis. The plan will address the following areas:

- Legislative changes and changes in case law
- State-mandated training
- Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act
- High-liability issues training
- Training on UOPD policies and procedures

221.6 TRAINING NEEDS ASSESSMENT

The Administrative Division will conduct an annual training-needs assessment of the department. The needs assessment will be reviewed by staff. Upon approval by the staff, the needs assessment will form the basis for the training plan for the fiscal year.

Training

221.7 TRAINING PROCEDURES

- (a) All employees assigned to attend training shall attend unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to:
 - 1. Court appearances.
 - 2. First choice vacation.
 - 3. Sick leave.
 - 4. Physical limitations preventing the employee's participation.
 - 5. Emergency situations.
- (b) When an employee is unable to attend mandatory training, that employee shall:
 - 1. Notify his/her supervisor as soon as possible, but no later than at least one hour prior to the start of training.
 - 2. Document his/her absence in a memorandum to his/her supervisor.
 - 3. Make arrangements through his/her supervisor and the Captain of Administration to attend an alternate date.

221.8 TRAINING COSTS

It is the responsibility of the Captain of Administration to determine when the University of Oregon Police Department may be entitled for training reimbursements when an officer has completed any portion of basic training in the last 36 months and voluntarily leaves employment and is subsequently employed by a different law enforcement agency in a position that requires the same training. Reimbursement requests shall be requested as provided in ORS 181A.620.

221.9 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are contained in a Web-accessed system that provides training on the University of Oregon Police Department policy manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Watch Commander.

Personnel assigned to participate in DTBs shall only use login credentials assigned to them by the Watch Commander. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of this agency.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed

Training

during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or serious physical injury.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained, unless the application is reportable to a supervisor under section 300.5.1.

Show of Force - is an action that is intended to elicit compliance or to warn a person by showcasing a capability to use force (pointing a firearm at a subject, displaying the functions of a ECD, or pointing an OC weapon, or threatening force).

Warning shot - Discharge of a firearm for the purpose of compelling compliance from an individual or animal, but not intended to cause physical injury.

300.1.2 USE OF FORCE

Except as provided in ORS 161.239 (Use of deadly physical force in making an arrest or in preventing an escape), a peace officer is justified in using physical force upon another person only when and to the extent that the peace officer reasonably believes it necessary:

- (1) To make an arrest or to prevent the escape from custody of an arrested person unless the peace officer knows that the arrest is unlawful; or
- (2) For self-defense or to defend a third person from what the peace officer reasonably believes to be the use or imminent use of physical force while making or attempting to make an arrest or while preventing or attempting to prevent an escape.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force consistent with UOPD Policy 300.1.2

Officers must have an understanding of, and true appreciation for, their authority and limitations. It is our desire to always try to work collaboratively with members of the university community

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Use of Force

to ensure a safe and secure environment. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE

Officers shall use only that amount of force for the duration which reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Use of Force

- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of drugs or alcohol.
- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the officer.
- (k) Potential for injury to officers, suspects and others.
- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.3.2 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

University of Oregon Police Department

Use of Force

300.3.3 CAROTID CONTROL HOLD

University of Oregon Police Department does not approve the use of the Carotid Control Hold or other neck restraints meant primarily to substantially impinge the flow of blood or oxygen to the brain, except in cases involving deadly force applications.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. If possible, officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others. Officers should keep in mind that shooting the driver of a moving vehicle may relegate the vehicle to be moving in an uncontrolled fashion and becoming more of a danger.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 ADDITIONAL CONSIDERATIONS (WARNING SHOTS)

University of Oregon Police Department Officers are prohibited from using or firing warning shots.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Use of Force

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis and related purposes, the Department also requires the completion of

an electronic report form to be completed by a supervisor. The completed form should document all reportable uses of force against the subject by all officers involved, not just the employee completing the report. If a use of force was documented then a separate show of force form is not required.

If no use of force was used but only a show of force occurred then a separate show of force form will be completed in an electronic report form to be completed by a supervisor. The completed form should document all shows of force.

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force or show of force in any of the following circumstances:

- (a) The application caused an injury to either the officer or the subject.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (f) Any application of a ECD or control device.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges any of the above has occurred.
- (j) Deployment of a firearm, TASER, OC, Baton, or other improvised weapon in a show of force.

300.6 MEDICAL CONSIDERATION

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Use of Force

medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

If any individual refuses medical attention, such a refusal shall be fully documented in related reports and a supervisor should be notified. Whenever practicable, the refusal should be witnessed by another officer and/or medical personnel. If an audio recording is made of the contact or interview with the individual, any refusal should be included, if possible.

300.7 MEDICAL FACTORS CONTRIBUTING TO USE OF FORCE

It is important for officers to bear in mind that there are many reasons a suspect may be resisting arrest or may be unresponsive. The person in question may not be capable of understanding the gravity of the situation. The person's reasoning ability may be dramatically affected by a number of factors, including but not limited to a medical condition, mental impairment, developmental disability, physical limitation, language, drug interaction, or emotional crisis. Therefore, it is possible that a person's mental state may prevent a proper understanding of an officer's commands or actions. In such circumstances, the person's lack of compliance may not be a deliberate attempt to resist the officer. An officer's awareness of these possibilities, when time and circumstances reasonably permit, should then be balanced against the facts of the incident facing the officer when deciding which tactical options are the most appropriate to bring the situation to a safe resolution.

300.8 WATCH COMMANDER RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Use of Force

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 - 1. The content of the interview should not be summarized or included in any related criminal charges.
 - 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 - 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.8.1 DIVISION COMMANDER RESPONSIBILITY

The Division Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues. All use of force reports will be forwarded via the chain of command to the Professional Standards Unit.

300.9 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding. This training will be identified in the UOPD Training Plan.

Use of Force

300.10 USE OF FORCE ANALYSIS

At least annually, the Professional Standards Unit should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Identify the type of force used, was it within policy, and was the force effective.
- (c) Compare the individual demographics of the subject the force was used upon versus the demographics of the community.
- (d) Types of calls for service preceding the use of force.
- (e) Training needs recommendations.
- (f) Equipment needs recommendations.
- (g) Policy revision recommendations.

Use of Force Review Boards

302.1 PURPOSE AND SCOPE

This policy establishes a process for the University of Oregon Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY

The University of Oregon Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or serious physical injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment or leave in any case unless mandated by law.

302.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in serious physical injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a department owned firearm, whether the employee was on- or off-duty, excluding training.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Chief will convene the Use of Force Review Board as necessary. The Administrative Captain will ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD

The Chief will generally select five

- Commanding officer in the involved member's chain of command
- Captain or Administrative Sergeant from Professional Standards and Training

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Use of Force Review Boards

- Representative of each division
- A peer officer
- A sworn peace officer of similar rank from an outside law enforcement agency

Department instructor(s) for the type of weapon, device or technique used and other officers may participate in the board deliberations as resources for the board based upon their expertise or assignment. However, they will not be voting members.

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, the decision regarding criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the applicable collective bargaining agreement, if any, and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Use of Force Review Boards

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. Board members may include a minority report if there are substantive issues they feel need to be considered by the Chief of Police. The board chairperson will prepare and submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Captain for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Captian Professional Standards and Training.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The University of Oregon Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed University of Oregon Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

306.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally.

Handcuffing and Restraints

Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid commingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

306.9 TRAINING

Subject to available resources, the Captain of Administration should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Handcuffing and Restraints

- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the University of Oregon Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

Separate policy may be developed for specific devices or techniques.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster or Quartermaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster, Quartermaster or the designated instructor for a particular control device. The inspection shall be documented.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Control Devices and Techniques

308.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster or Quartermaster for disposition. Written documentation shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 OLEORESIN CAPSICUM (OC) GUIDELINES

308.6.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.6.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.7 POST-APPLICATION NOTICE

Whenever chemical irritants or agents have been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. In the situation where University property is affected, EH&S shall be notified and will coordinate the cleanup. If private property is involved, such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

As with any damage associated with UOPD actions, if there is property damage in excess of \$100, UO Office of Risk Management shall be notified .

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Control Devices and Techniques

308.8 TRAINING FOR CONTROL DEVICES

The Captain of Administration shall ensure that all personnel who are authorized to carry a control device have been properly trained to carry the specific control device and are retrained as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.9 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

TASER Conducted Energy Weapon

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER® devices.

309.1.1 DEFINITIONS

- (a) **AFID (Anti-Felony Identification Device):** Small confetti-like ID tags that are ejected every time a Taser cartridge is fired that contain the serial number of the cartridge.
- (b) **Discharge:** Any release of the Taser's electrical energy by firing it at an animal or human being even if the probes miss the intended target, or by using it in the drive stun mode.
- (c) **Drive stun:** A secondary function of the Taser designed to stun a subject by making direct contact with the body after the air cartridge has been expended or removed. Drive stun can be used to complete a two-point immediate action or a three-point contact.
- (d) **Display:** To display or present an un-holstered Taser in a manner intended to inform an individual that the Taser may be discharged against him or her.
- (e) **Use:** When referring to the Taser, may refer to either display of the Taser, discharge of the Taser, or both.

309.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the TASER device in a holster on the side opposite the duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

TASER Conducted Energy Weapon

- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.
- (c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

309.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is actively resisting. Active resistance is a refusal to comply with instructions accompanied by physical action that is intended to injure, thwart a lawful arrest to interfere or overcome an attempt by a officer to lawfully subdue the resisting individual or another person.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

TASER Conducted Energy Weapon

- (b) The subject has demonstrated, by words or action, an intention to be violent or to actively resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

TASER Conducted Energy Weapon

309.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER device discharges. AFID Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

309.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.7 TASER® CAM™

The TASER CAM (if equipped) is activated any time the safety is in the off position. The safety should be in the safe position unless the officer intends to use the device. Because the TASER CAM memory is limited, the video and audio data should be downloaded frequently and retained as required by the department records retention schedule.

309.5.8 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

TASER Conducted Energy Weapon

309.6 DOCUMENTATION

Officers shall document all TASER device discharges and drive-stuns in the related arrest/crime report and the TASER device report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

309.6.1 TASER DEVICE FORM

Items that shall be included in the TASER device report form are:

- (a) The type and brand of TASER device and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) Whether any display, laser or arc deterred a subject and gained compliance.
- (d) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the TASER device was used.
- (f) The type of mode used (probe or drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Captain of Administration should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Captain of Administration should also conduct audits of data downloads and reconcile TASER device report forms with recorded activations. TASER device information and statistics, with identifying information removed, should periodically be made available to the public.

309.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

TASER Conducted Energy Weapon

309.7 MEDICAL TREATMENT

Absent extenuating circumstances, only trained and qualified, personnel should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken. (Officers shall receive training annually on removal of TASER probes as part of use-of-force recertification.)

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

It should be recommended to the suspect to check personal medical records and update tetanus immunizations when appropriate to do so.

TASER Conducted Energy Weapon

309.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port Rangemaster or designee and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Captain of Administration. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Captain of Administration is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Captain of Administration should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

TASER Conducted Energy Weapon

- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

309.9.1 ANNUAL INSPECTIONS

The Administrative Captain or their designee shall conduct a complete inspection and inventory of all Department TASER's annually and report to the Chief of Police via chain of command. Such inventory may be conducted during monthly Department training. During this inspection:

- (a) Conduct necessary service and maintenance;
- (b) Download the computerized history on each TASER; and
- (c) Re-set the internal time clock.

Service and maintenance may be conducted during regularly scheduled Department training.

Officer-Involved Shootings and Deaths

311.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting. The intent of this policy is to ensure that such incidents be investigated in a fair and impartial manner. Certain elements of this policy are dictated by ORS and/or the Lane County Interagency Deadly Force Memorandum of Understanding.

311.2 TYPES OF INVESTIGATIONS

Officer-involved shootings involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the incident (not the shooting) by the agency having jurisdiction where the incident occurred. This department may relinquish its criminal investigation to an outside agency or interagency team with the approval of the Chief of Police or designee.
- (b) A criminal investigation of the involved officers conducted by the Lane County Interagency Deadly Force Investigation Team (IDFIT).
- (c) A civil investigation to determine potential liability conducted by the involved officer's agency.
- (d) An administrative investigation conducted by the involved officer's agency, to determine if there were any violations of department policy.

311.3 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

311.3.1 INVESTIGATION RESPONSIBILITY MATRIX

The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings:

Criminal Investigation of Suspect(s)	Criminal Investigation of Officer(s)	Civil Investigation	Administrative Investigation

311.4 THE INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

311.4.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved UOPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

311.4.2 SUPERVISORS RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved UOPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 - (a) In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any UOPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - (a) Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident

Officer-Involved Shootings and Deaths

scene, identity of known or potential witnesses and any other pertinent information.

- (b) The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Watch Commander and Communications and Emergency Response Center. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional UOPD members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - (a) Each involved UOPD officer should be given an administrative order not to discuss the incident with other involved officers or UOPD members pending further direction from a supervisor.
 - (b) When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

The following person(s) shall be notified as soon as practical:

- Chief of Police
- District Attorney
- IDFIT
- Police Operations Captain
- Professional Standards and Training Unit Captain
- Psychological/Peer support personnel
- Officer representative (if requested)
- UO-Incident Management Team through established procedures in the UO Internal Incident Notification Policy.

311.4.3 MEDIA RELATIONS

Press releases and other required information releases, such as Clery Act, shall be prepared with input and concurrence from the supervisor and agency representative responsible for each phase of the investigation in consultation with the UO Media Relations Office. Releases will be available to the Executive Coordinator, Command Staff and Public Information Officer in the event of inquiries from the media.

It is the policy of this department to not release the identities of involved officers absent their consent or as required by law. Moreover, no involved officer shall be subjected to contact from

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Officer-Involved Shootings and Deaths

the media and no involved officer shall make any comments to the press unless authorized by the Chief of Police or designee.

Law enforcement officials receiving inquiries regarding incidents occurring in other agency jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

311.4.4 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal representation will be accommodated.
 - 1. Involved UOPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 - 2. Requests from involved non-UOPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A mental health professional shall be provided by the Department to each involved UOPD officer (ORS 181A.790). An involved officer shall attend at least one session. A mental health professional may also be provided to any other affected UOPD members, upon request.
 - 1. Interviews with a mental health professional will be considered privileged.
 - 2. An interview or session with a mental health professional may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a mental health professional prior to providing a formal interview or report.
 - 3. The Department shall pay the costs of at least two sessions with a mental health professional and the sessions must take place within six months after the incident.
 - 4. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications with peer counselors are confidential (except threats of suicide or admissions of criminal conduct) and may not be disclosed by any person participating in the peer support counseling session (ORS 181A.835). To be considered confidential communications under the statute, the peer counselor must:
 - 1. Have been designated by UOPD or employee assistance program to act as a peer counselor, and;

Officer-Involved Shootings and Deaths

2. Have received training in counseling and in providing emotional and moral support to public safety personnel or emergency services personnel who have been involved in emotionally traumatic incidents by reason of their employment.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved officer shall be given reasonable paid administrative leave following an officer-involved shooting. An officer who uses deadly force that results in the death of a person shall not be returned to a duty assignment that might place him/her in a situation in which he/she has to use deadly force until at least 72 hours immediately following the incident (ORS 181A.790). It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

Formal Interviews of involved officers will be conducted by IDFIT investigators and take place no sooner than 48 hours after the incident (consideration is made for the physical and emotional needs of the officers.)

The Lane County District Attorney's Office has determined that the involved officers will not be allowed to review video tapes of, or relating to, the incident prior to making a formal statement.

311.5 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) UOPD supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of UOPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Officer-Involved Shootings and Deaths

- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

311.5.1 REPORTS BY INVOLVED UOPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved UOPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved UOPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved UOPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

311.5.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.

University of Oregon Police Department

Officer-Involved Shootings and Deaths

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

311.5.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigation Unit supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigation Unit supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

311.6 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved UOPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/ her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Officer-Involved Shootings and Deaths

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

311.7 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or General Counsel's Office, as appropriate.

311.8 DEBRIEFING

Following an officer-involved shooting or death, the University of Oregon Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

311.8.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A critical incident/stress debriefing should occur as soon as practicable. The Administrative Division is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., communications officer, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and personnel assigned to either the criminal or administrative investigation.

311.8.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

311.9 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Investigation Division Commander and Public Information Officer in the event of inquiries from the media.

No involved UOPD officers shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

311.10 REPORTING

Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Captain of Administration documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Captain of Administration.

313.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their University of Oregon Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested.

University of Oregon Police Department

Firearms

The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

- (c) The University of Oregon Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the Officer's travel. If approved, TSA will send the University of Oregon Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

313.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her University of Oregon Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Firearms

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

315.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public and fleeing suspects.

315.1.1 DEFINITIONS

Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall and come to a stop.

Ramming - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect's vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Tire deflation device - A device designed to puncture the tires of the pursued vehicle.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly or driving in a legal manner but willfully failing to yield to [an officer/a deputy]'s emergency signal to stop.

315.2 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by law (ORS 801.260).

Officers shall drive with due regard for the safety of all persons and property. However, officers may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property (ORS 820.300; ORS 820.320):

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit.
- (c) Disregard regulations governing direction of movement or turning in specified directions.

315.2.1 WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect, who has been given an appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that should be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).
- (d) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (e) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and the /supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (f) Weather, traffic and road conditions can increase the danger of the pursuit and should be weighed against the risks resulting from the suspect's escape.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources such as helicopter assistance.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

- (l) Whether the pursuing vehicle is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport. A vehicle containing more than a single arrestee should not be involved in a pursuit.

315.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspects' escape.

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should also be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) Pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the officers or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.

Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

315.3 PURSUIT VEHICLES

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

Vehicle pursuits should be limited to three police department emergency vehicles (two pursuit vehicles and the supervisor vehicle). However, the number of vehicles involved will vary with the circumstances.

An officer or supervisor may request additional vehicles to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the number of suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

UOPD Off-road four-wheel-drive vehicles, motorcycles, and police vehicles not equipped with emergency lights and siren will not participate in a pursuit.

315.3.1 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those officers should discontinue such support immediately upon arrival of a sufficient number of authorized emergency police department vehicles or any air support.

315.3.2 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing officer will notify the communications officer, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) The location, direction of travel and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
- (e) The number of occupants and identity or description.
- (f) The weather, road and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or a secondary pursuing officer, the officer in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable,

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

relinquish the responsibility of broadcasting the progress of the pursuit to an officer in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

315.3.3 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the communications officer of his/her entry into the pursuit.
- (b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle, or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing officer is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing officer once the suspect has been stopped.

315.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Watch Commander is notified of the pursuit, as soon as practicable.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (j) Controlling and managing University of Oregon Police Department officers when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit as required.

315.4.1 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

315.5 COMMUNICATIONS AND EMERGENCY RESPONSE CENTER

If the pursuit is confined within the University limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications officer. If the pursuit leaves the jurisdiction of this department or such is imminent, involved officers should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

315.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, communications officer is responsible for:

- (a) Clearing the radio channel of nonemergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notify the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

315.6 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary pursuing officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether or not to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing officer or supervisor ensure that notification is provided to each outside jurisdiction

Vehicle Pursuits

into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

315.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the University of Oregon Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The role and responsibilities of officers at the termination point of a pursuit initiated by this department shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

315.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Officers from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, an officer from this department may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the University of Oregon Police Department, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing officers.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practical, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

Assistance to a pursuing agency by officers of this department will conclude at the University limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, officers shall provide appropriate assistance, including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

315.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

315.7.1 WHEN USE IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

315.7.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

315.7.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to the policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed. Only properly trained personnel shall employ an intervention tactic.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

this intervention tactic should only be employed by properly trained officers and after giving consideration to:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers, or others.
 2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
 3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of danger to those involved or the public.
 4. The suspect vehicle is stopped or traveling at a low speed.
 5. Only law enforcement vehicles should be used in this tactic.
- (b) The PIT is limited to use by properly trained officers with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.
- (d) Boxing-in a suspect vehicle should only be attempted upon approval of a supervisor. The use of such a tactic must be carefully coordinated with all involved officers, taking into consideration the circumstances and conditions apparent at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle. Officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (e) Tire deflation devices should be deployed only after notification of pursuing officers and the supervisor of the intent and location of the deployment, and in a manner that:
1. Should reasonably only affect the pursued vehicle.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

2. Provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
 3. Takes into account the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle.
 4. Takes into account whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or the public.

315.8 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures:

- (a) The primary pursuing officer shall complete appropriate crime/arrest reports
- (b) The primary pursuing officer or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee. This log or memorandum should include, at a minimum:
 1. Date and time of pursuit.
 2. Initial reason and circumstances surrounding the pursuit.
 3. Length of pursuit in distance and time, including the starting and termination points.
 4. Involved vehicles and officers.
 5. Alleged offenses.
 6. Whether a suspect was apprehended, as well as the means and methods used.
 - (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
 7. Arrestee information, if applicable.
 8. Any injuries and/or medical treatment.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

9. Any property or equipment damage.
10. Name of supervisor at the scene or who handled the incident.
11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
12. After receiving copies of reports, logs and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.
13. Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

315.9 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for officers who are involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 1. Available officers not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 2. Pursuing officers should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
 1. Request assistance from available air support.
 2. Maintain visual contact with the pursued vehicle by paralleling the vehicle on the correct side of the roadway.
 3. Request other officers to observe exits available to the suspect.
 4. Notifying the Oregon State Police (OSP) or other law enforcement agency when it appears that the pursuit may enter its jurisdiction.
- (d) Officers involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

pursuing officer and with a clear understanding of the maneuver process between the involved officers.

315.9.1 PURSUIT TRAILING

In the event that initial pursuing officers relinquish control of the pursuit to another agency, the initial officers may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

315.9.2 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If officers on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

315.9.3 OFFICERS NOT INVOLVED IN THE PURSUIT

Officers who are not involved in the pursuit should remain in their assigned area, should not parallel the pursuit route and should not become involved with the pursuit unless directed by a supervisor. Uninvolved officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those officers should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the police department vehicle.

Non-pursuing members needed at the pursuit termination point should respond in a nonemergency manner, observing the rules of the road.

The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other officers are assigned to the pursuit.

315.10 POLICY

It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Pursuits

315.11 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the involved officers should broadcast pertinent information to assist other officers in locating the vehicle. The primary pursuing officer will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

315.12 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspect.

315.13 PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all officers will participate no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

315.14 POLICY REVIEW

Officers of this department shall certify in writing that they have received, read and understand this policy initially, upon any amendments and whenever training on the policy is provided.

315.15 ANNUAL REVIEW

During the first calendar quarter of each year, the Operations Division Commander will ensure that an annual review of all vehicle pursuit incidents for the previous calendar year is conducted. The analysis will focus on the effectiveness and trends in the use of vehicle pursuits that might suggest training or equipment needs, or policy modification. Specific detail including items such as officer names, case numbers, location of occurrence are not needed for this purpose and therefore will not be part of this process.

Officer Response to Calls

317.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

317.2 RESPONSE TO CALLS

Officers shall proceed immediately to calls that are of an emergency nature. A code 3 response should be considered when available information reasonably indicates that a person is threatened with injury or death, a felony property crime is in progress, or serious property damage is imminent and a more immediate law enforcement response is needed to mitigate injury, property loss, or to apprehend the suspect(s).

Officers responding Code 3 shall operate emergency lights and siren as is reasonably necessary pursuant to ORS 820.300 and ORS 820.320. Officers shall only use the wail and yelp function of the siren as an emergency sound. The hi-lo function of the siren is not considered an emergency sound pursuant to OAR 735-110-0000(8) and OAR 735-110-0010(1-3).

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons.

ORS 820.320(2) allows officers to omit the use of emergency lights and siren if it reasonably appears that the use of either or both would prevent or hamper the apprehension or detection of a violator. Except as stated in the previous sentence, Officers who fail to use appropriate warning equipment, are not exempt from following the rules of the road (ORS 820.300).

Officers responding to non-emergency calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

317.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Communications and Emergency Response Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Officer Response to Calls

317.3.1 NUMBER OF UNITS ASSIGNED

Watch Commanders and field supervisors will manage the number of units responding Code 3 to a call.

317.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify Communications and Emergency Response Center and state the location where they are responding from. Other officers who believe a Code-3 response is appropriate, shall announce their Code 3 response and location on the radio. The Watch Commander or field supervisor will make a determination as to how many units driving Code-3 is appropriate.

317.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections as may be necessary for safe operation.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify Communications and Emergency Response Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

If a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

If an officer is advised by the Watch Commander or field supervisor not to respond Code 3, they will immediately turn off all emergency equipment and will conform to all traffic regulations.

317.6 COMMUNICATIONS RESPONSIBILITIES

When Officers announce they are responding Code 3 to a call, the dispatcher shall:

- (a) Confirm the location from which the unit is responding
- (b) Notify and coordinate allied emergency services (e.g., fire and ambulance)
- (c) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
- (d) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

317.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Officer Response to Calls

- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

317.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or Communications and Emergency Response Center of the equipment failure so that another unit may be assigned to the emergency response.

Medical Transports and Services

318.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a procedure for requesting medical transportation for persons seeking or requiring medical treatment with non-life threatening or serious medical conditions.

318.2 POLICY

It is the policy of the University of Oregon Police Department (UOPD) to refer persons who are in need of medical treatment for non-life threatening conditions to obtain transport services through alternative transportation services. In life-threatening or serious medical conditions, emergency ambulatory transportation will be summoned.

318.3 PROCEDURE

A. UOPD dispatcher receiving a call for medical assistance will evaluate the caller's information and upon determination the caller's condition is not life threatening or a serious medical condition, direct to the scene First Aid/AED trained UOPD officers.

B. UOPD officers who respond to the location of an injured or ill person will make a preliminary assessment of the individual's condition and determine whether immediate medical assistance is required.

1. Persons determined to have a serious or life threatening medical condition, the officer will advise the dispatcher to immediately notify the 911 Center and request paramedics. The ill or injured person will be transported to an appropriate medical facility by emergency ambulance services.

2. Persons with non-life threatening conditions or injuries will be referred to alternative transportation services. For first aid assistance, UOPD may contact a local non-emergency medical unit for on-site treatment or transport to a medical facility.

C. Alternative Transportation Services

1. MedExpress: The University has contracted with MedExpress, a first aid and non-emergency transportation service. For University employees, the service is available for work-related injuries or conditions. Students on campus are eligible for this service at any time. MedExpress units are staffed with Emergency Medical Technicians and Paramedics who are trained to assess and treat injuries requiring first aid. If an injury requires evaluation and/or treatment by a physician, MedExpress will transport the employee to Cascade Health Solutions Occupational Medicine Clinic or another medical facility.

a. An employee, who needs non-emergency evaluation or treatment for an injury or condition unrelated to work, should contact a family member or friend if transportation assistance is necessary while at work.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Medical Transports and Services

b. Student employees and GTF's can use MedExpress. However, student employees and GTF's are usually eligible for treatment at the University Health Center and MedExpress services may not be necessary.

2. Private Taxi Service: This service is available to students, staff or faculty who are deemed to be in need of basic transportation to a local medical facility or office to access medical services.

3. CAHOOTS: CAHOOTS is a mobile crisis intervention team integrated into the City of Eugene's Public Safety system. Free response is available for a broad range of non-criminal crises including intoxication, disorientation, substance abuse and mental illness problems, dispute resolution and street facilitation. The CAHOOTS van can be dispatched through the City's 911 department. Transport to treatment is also provided. The service is confidential and voluntary. It is staffed and managed by White Bird Clinic.

4. UOPD: This service is only available upon a case-by case basis and must be pre-approved by the Executive Coordinator on duty at the time of the incident. This mode of transportation is discouraged due to the liability and risk in transporting ill or injured persons whose medical condition can worsen during the transport.

D. UOPD will notify EHS and U of O Risk Management within 2 hours if any University employee is transported to medical facilities for treatment. EHS will make OR-OSHA notifications if necessary and begin appropriate investigation of the situation.

Naloxone

319.1 PURPOSE

The purpose of this policy is to provide Department members with guidelines to utilize Naloxone in order to reduce fatal opioid overdose.

This policy is intended to address the varying role Department members play in their encounters with persons and their role of protecting the safety and welfare of the community. Domestic Violence

321.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

321.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

321.2 POLICY

The University of Oregon Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

321.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

321.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence, and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Domestic Violence

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigation Unit in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).
 - 10. Speculation that the complainant may not follow through with the prosecution.
 - 11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Domestic Violence

321.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Refer the victim to the Lane County Jail website in order to register on the Victim Information and Notification Everyday (VINE) website for notification of suspect release. If VINE is down or the victim does not have access to VINE, notify the jail staff so they can put release notation information in the suspect's computer file.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

321.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

321.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Domestic Violence

- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

An officer who has probable cause to believe there are circumstances for a mandatory arrest or that a victim is in immediate danger of abuse may apply for an emergency protective order with the consent or permission of the victim (2015 Oregon Laws, c.252, § 1).

321.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

321.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

321.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Domestic Violence

321.8.1 SERVICE OF COURT ORDERS

Officers should, if requested and practicable, serve any unserved restraining order when called to the scene of a disturbance. Any officer serving such a restraining order shall ensure that a copy of proof of service is returned to the Sheriff for entry into the Law Enforcement Data System (LEDS) and the National Crime Information Center (NCIC) system (ORS 107.720).

321.8.2 SERVICE OF EMERGENCY PROTECTIVE ORDERS

An officer who obtains an emergency protective order for a victim shall provide the victim with a certified copy and ensure that a certified copy of the order and the supporting declaration for the order is filed with the court (ORS 133.035).

The officer who obtained the emergency protective order shall serve the respondent personally. Upon completion of the service, the officer shall file a proof of service with the court and ensure that the order is entered into LEDS. If service cannot be completed within one day of the order's entry, the officer shall notify the court (ORS 133.035).

If an officer receives a termination order from the court, the officer shall ensure that the order is promptly removed from LEDS (ORS 133.035).

321.9 STANDARDS FOR ARREST

- (a) Officers who respond to an incident of domestic disturbance and have probable cause to believe an assault has occurred between family or household members as defined in ORS 107.705, or who believe that one such person has created in the other a fear of imminent serious physical injury, shall arrest and take into custody the alleged assailant or potential assailant (ORS 133.055).
- (b) Dual arrests are not required (ORS 133.055). Officers shall make reasonable efforts to identify and arrest the primary assailant in any incident. In identifying the primary assailant, an officer shall consider:
 - 1. The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury.
 - 2. If reasonably ascertainable, the history of domestic violence between the persons involved.
 - 3. Whether any alleged crime was committed in self-defense.
 - 4. The potential for future assaults.
- (c) Once a suspect has been arrested under the provisions of ORS 133.055, the suspect shall be taken to jail. Officers have no authority to release the arrested person.
- (d) Officers shall arrest and take a suspect into custody when the officer has probable cause to believe that a restraining order or emergency protective order has been issued, a copy of the order and proof of service on the suspect have been filed, and the suspect has violated the terms of the order (ORS 133.310).

Domestic Violence

321.10 REPORTS AND NOTIFICATIONS

Officers should document in their report that they provided each domestic violence victim with a copy of the department's domestic violence victim information handout (ORS 133.055).

Reporting officers should also provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

321.10.1 EMERGENCY PROTECTIVE ORDERS

The Captain of Administration shall ensure that a system is in place that provides officers at the scene of an alleged violation of an emergency protective order of the terms and existence of the protective order (ORS 133.035).

Search and Seizure

323.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for University of Oregon Police Department personnel to consider when dealing with search and seizure issues.

323.2 POLICY

It is the policy of the University of Oregon Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

323.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Search and Seizure

323.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation; the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.
- (f) Officers should not search persons, vehicles or rooms without a cover officer present unless they reasonably determine that a delay in the search would present a greater safety risk. The cover officer should not be involved in the search, and will maintain a position where they can act as the safety officer during the search.
- (g) Officers often are required to transport witnesses in a police vehicle (for example, to a location of a stop in order to identify a criminal suspect). Generally, the witness is transported in the front seat of the officer's car. Officers may request to search a witness if, in their assessment, a search is reasonable. Such a search will only be done if the witnesses consents. Officers will consider the following when deciding whether to request to search a witness:
 1. Nature of the crime
 2. Involvement of the witness in the crime
 3. Other factors of the immediate situation

323.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Search and Seizure

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Documentation will take place in a police report, FI card or CAD entry. If a police report is already being written, documentation shall be in that report. If a police report is not normally written, an officer may document the search on an "Information Report", FI card or CAD entry, whichever provides the best record. Supervisors shall review reports and other documentation to ensure that the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

325.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the University of Oregon Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or those who may be victims is provided in the Child Abuse Policy.

325.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This includes a juvenile taken into protective custody pursuant to a court order or without an order when there is reasonable cause to believe that (ORS 419B.150; 2019 Oregon Laws, c. 594, § 2a):

- (a) An imminent threat of severe harm to the child exists.
- (b) The child poses an imminent threat of severe harm to self or others.
- (c) An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists.
- (d) The child has run away from home.

This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes a juvenile who possesses a handgun in violation of ORS 166.250 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

325.2 POLICY

The University of Oregon Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the University of Oregon Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

325.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the University of Oregon Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the University of Oregon Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

325.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the University of Oregon Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the University of Oregon Police Department without authorization of the arresting officer's supervisor or the Watch Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond five hours from the time of his/her entry into the University of Oregon Police Department (ORS 419B.160; ORS 419C.130).

325.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the University of Oregon Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible (ORS 419B.165; ORS 419B.168; 2019 Oregon Laws, c. 594, § 2a). Juvenile non-offenders may not be held in secure custody (34 USC § 11133; ORS 419B.160).

Prior to releasing a non-offender to the noncustodial parent, officers shall run a criminal records check on the noncustodial parent and any adults in the same home as the noncustodial parent (ORS 419B.165).

325.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

325.4.3 CUSTODY OF JUVENILE OFFENDERS

Generally, a juvenile offender may be taken into custody:

- (a) When it reasonably appears that the juvenile is a fugitive from another state (ORS 419C.145).
- (b) When there is a court order endorsed as provided in ORS 419C.306 and directing that the juvenile be taken into custody (ORS 419C.080).
- (c) When, if the juvenile were an adult, he/she could be arrested without a warrant (ORS 419C.080).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Temporary Custody of Juveniles

An officer shall take a juvenile into custody when the officer has probable cause to believe the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or a destructive device (ORS 419C.080).

Generally, an officer may issue a citation in lieu of taking the juvenile into custody if a citation may be issued for the same offense and under the same circumstances to an adult. If a citation in lieu of custody is issued, a copy of the citation shall be sent to the District Attorney (ORS 419C.085).

Juvenile offenders should be held in non-secure custody while at the University of Oregon Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

325.4.4 EXCEPTIONS TO RELEASE OF JUVENILE OFFENDERS

A juvenile offender shall be released to the custody of the juvenile's parent, guardian or other responsible person, except in any of the following circumstances (ORS 419C.100):

- (a) The court has issued a warrant of arrest for the juvenile.
- (b) The officer has probable cause to believe that release of the juvenile may endanger the welfare of the juvenile, the victim or others.
- (c) When the officer has probable cause to believe that the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or destructive device.

If a juvenile offender is not released to the parent, guardian or other responsible person, or to a person identified by the juvenile court, the officer shall take the juvenile to the county juvenile detention facility or appropriate shelter (ORS 419C.103).

325.5 NOTIFICATION TO PARENT OR GUARDIAN

As soon as practicable after a juvenile is taken into custody, the officer taking the juvenile into custody shall notify the juvenile's parent, guardian or other person responsible for the juvenile of the following (ORS 419B.160; ORS 419C.097):

- (a) Reason the juvenile was taken into custody
- (b) Location where the juvenile is being temporarily detained
- (c) Intended disposition
- (d) Time and place of any hearing

325.5.1 COLLEGE OR UNIVERSITY RECORDS

If the juvenile is enrolled at any college or university at the time of the temporary custody, disclosure of his/her educational records are subject to the regulations set forth in the Family Educational Rights and Privacy Act of 1974 (FERPA).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Temporary Custody of Juveniles

325.6 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the University of Oregon Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

325.7 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the University of Oregon Police Department shall ensure the following:

- (a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the University of Oregon Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the University of Oregon Police Department more than five hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Temporary Custody of Juveniles

- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

325.7.1 JUVENILE CONTACTS AT SCHOOL FACILITIES

Absent exigent circumstances, officers shall notify responsible school officials prior to contacting a student on campus while school is in session.

- (a) Reasonable efforts should be taken to coordinate with school officials to minimize disruption of school functions and maintain a low profile police presence when contacting a student.
- (b) Whenever circumstances warrant the temporary detention or formal interview of a juvenile student on campus, the officer should:
 1. When practical and when it would not unreasonably interfere with the investigation, take reasonable steps to notify a parent, guardian, or responsible adult, including those phone numbers listed on any contact card on file with the school or provided by the student. All efforts to make contact with parents and/or reasons contact was not attempted should be documented.
 2. If efforts to contact a parent, guardian, or responsible adult are unsuccessful or not attempted, a formal interview with the juvenile may proceed without them. Upon the request of the juvenile, a school official may be present during the interview in lieu of a parent.
 3. If contacted, the selected parent, other responsible adult, or school official may be permitted to be present during any interview.
 - (a) An adult suspected of child abuse or other criminal activity involving the juvenile, or an adult, who in the opinion of the officer appears to be under the influence or otherwise unable or incompetent to exercise parental rights on behalf of the juvenile, will not be permitted to be present.
 - (b) If the officer reasonably believes that exigent circumstances exist which would materially interfere with the officer's ability to immediately interview the juvenile, the interview may proceed without the parent or other responsible adult. In such circumstances, the exigent circumstances should be set forth in a related report.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Temporary Custody of Juveniles

- (c) Any juvenile student who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of school staff to be present. The purpose of the staff member's presence is to provide comfort and support and such staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship.

Absent exigent circumstances or authority of a court order, officers should not involuntarily detain a juvenile who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian. In all such cases officers should adhere to guidelines and requirements set forth in Policy 330 Child Abuse Reporting.

325.7.2 GENERAL GUIDELINES

- (a) Create an interview plan. Develop strategies for establishing rapport. Consider age-appropriate questions; juvenile's prior experience with police; maturity and sophistication; and seriousness of the offense in question.
- (b) Determine the appropriate location and setting for the interview or interrogation based on the foregoing factors and other circumstances surrounding the case.
- (c) Where possible, audiotape and videotape the interview.
- (d) Limit the number of persons present at the interview to as few as possible. Designate one person to serve as the primary interviewer/interrogator.

325.7.3 NON-CUSTODIAL INTERVIEWS

- (a) When reasonably possible, the juvenile's parent or legal guardian should be contacted. Officers should wait a reasonable amount of time before continuing with the interview without a parent or legal guardian.
- (b) The interview should be limited in time and reasonable breaks provided before subsequent questioning.

325.7.4 CUSTODIAL INTERVIEWS

In order for statements or confessions obtained during an interrogation to be admissible, they must be made knowingly, intelligently, and voluntarily as determined by examining the totality of the circumstances. When dealing with juveniles, the totality-of-the-circumstances test takes into account the methods employed in obtaining the statement; the suspect's mental and physical condition; the length of time over which the questioning took place; and the suspect's age, education, and any previous experience with law enforcement.

- (a) Miranda warnings are required and shall be administered prior to custodial interviews. Where information suggests that the juvenile suspect may not understand Miranda warnings, age-appropriate clarifications should be used. Examples of clarification includes, but are not limited to:

University of Oregon Police Department

Temporary Custody of Juveniles

- You have the right to remain silent. That means you do not have to say anything.
 - Anything you say can be used against you in court.
 - You have the right to get help from a lawyer right now.
 - If you cannot pay a lawyer, the court will get you one for free.
 - Do you want to have a lawyer with you while you talk to me?
 - (If required by local or state law) You have the right to have one or both of your parents here.
 - (If required by local or state law or departmental policy) Do you want your mother, father, or the person who takes care of you here while you talk to me?
 - You have the right to stop this interview at any time.
 - Do you want to talk to me?
- (b) To ensure that the Miranda warnings are understood, consider asking the juvenile to explain each warning in his or her own words.

325.8 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the University of Oregon Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

325.9 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the University of Oregon Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the University of Oregon Police Department.

325.10 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the University of Oregon Police Department. The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Police and Investigation Unit supervisor.
- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the General Counsel.
- (e) Evidence preservation.

325.11 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation. (See the Investigation and Prosecution Policy.)

325.12 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile taken into custody under ORS 419C.080 shall be photographed and fingerprinted (ORS 419A.250(2)).

Other juveniles taken into custody may only be fingerprinted or photographed (ORS 419A.250(1)):

- (a) Pursuant to a search warrant.
- (b) According to laws concerning adults if the juvenile has been transferred to criminal court for prosecution.
- (c) Upon consent of both the juvenile and the juvenile's parent after being advised that they are not required to give such consent.
- (d) By order of the juvenile court.

Fingerprints and photographs of juveniles must be kept separate from those of adults. Fingerprints and photographs of juvenile offenders shall be sent to the central state depository in the same manner as fingerprint and photograph files or records of adults. Fingerprints and photographs of other juveniles should not be sent to any central state or federal depository (ORS 419A.250).

325.13 RECORDS

Fingerprint and photograph files or records of juveniles must be kept separate from those of adults (ORS 419A.250).

Reports and other material relating to juveniles is generally considered privileged and may not be disclosed directly or indirectly except as provided in the Records Maintenance and Release Policy.

325.13.1 COLLEGE OR UNIVERSITY RECORDS

If the juvenile is enrolled at any college or university at the time of the temporary custody, disclosure of his/her educational records are subject to the regulations set forth in the Family Educational Rights and Privacy Act of 1974 (FERPA).

325.14 TRAINING

Department members should be trained on and familiar with this policy and any supplemental procedures.

Adult Abuse

327.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for University of Oregon Police Department members as required by law.

327.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

327.2 POLICY

The University of Oregon Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

327.3 MANDATORY NOTIFICATION

Members of the University of Oregon Police Department shall notify the Department of Human Services (DHS) when there is reasonable cause to believe that an elderly adult (age 65 years or older), dependent adult or resident of a long-term care facility with whom the member comes in contact has suffered abuse, or when a person with whom the member comes in contact has abused an elderly adult, dependent adult or resident of a long-term care facility (ORS 124.060; ORS 430.743; ORS 441.640).

For purposes of notification, abuse includes physical injury, neglect, abandonment, verbal abuse, financial exploitation, sexual abuse, sexual offenses, involuntary seclusion and wrongful use of physical or chemical restraints as provided in ORS 124.050, ORS 430.735 and ORS 441.630.

Dependent adult means a person 18 years or older with (ORS 430.735):

- (a) A developmental disability who is currently receiving services from a community program or facility or was previously determined eligible to receive such services as an adult.
- (b) A mental illness who is receiving services from a community program or facility.

327.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (ORS 124.065; ORS 430.743; ORS 441.645):

- (a) All notifications to DHS shall be made as soon as practicable by telephone.
- (b) Information provided to DHS shall include, if known:
 - 1. Name, age and address of the person abused
 - 2. Present location of the adult

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Adult Abuse

3. Name and address of the person responsible for the adult
 4. Identity of the perpetrator
 5. Nature and extent of the abuse and any evidence of previous abuse
 6. Any explanation given for the abuse
 7. Date of the incident
 8. Any other information that may be helpful in establishing the cause of the abuse
- (c) In cases where DHS has notified the Department of a possible crime relating to elder or dependent adult abuse, confirmation of receipt of notification shall be made to DHS.
- (d) DHS shall also be notified whether (ORS 124.070(3); ORS 430.745(7)):
1. There will be no criminal investigation and the explanation of why there will be no such investigation.
 2. The investigative findings have been forwarded to the District Attorney for review.
 3. A criminal investigation will take place.
- (e) In investigations that substantiate elderly abuse or abuse of a resident in a long-term care facility, DHS shall be notified in writing (ORS 124.070(2); ORS 441.650(2)).
- (f) Upon completion of investigations for dependent adult abuse, DHS shall be provided a written report of the findings and supporting evidence (ORS 430.745(4)).

327.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 430.739).

327.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. The Department must begin investigations of abuse in a long-term care facility (ORS 441.650):

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Adult Abuse

- Within two hours where a resident's health or safety is in imminent danger or the resident recently died, was hospitalized or was treated in an emergency room.
- Prior to the end of the next working day if circumstances exist that could result in abuse and place the resident's health or safety in imminent danger.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All investigations into suspected cases of adult abuse shall include a personal visit to the elderly person suspected of being abused (ORS 124.070).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

327.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact DHS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Adult Abuse

to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

327.6.1 DHS ASSISTANCE

An officer shall cooperate with DHS when assistance is requested by written notice to gain access to an abused person and the officer believes that there is reasonable cause that a crime has been committed and an emergency exists which requires access to the person to ensure his/her safety (ORS 124.065; ORS 430.743; OAR 411-020-0085).

327.7 INTERVIEWS

327.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

327.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

Adult Abuse

327.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

327.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

327.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigation Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

327.9.2 OFFICER RESPONSIBILITIES

responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigation Unit supervisor so an interagency response can begin.

327.10 STATE MANDATES AND OTHER RELEVANT LAWS

Oregon requires or permits the following:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Adult Abuse

327.10.1 RECORDS SECTION RESPONSIBILITIES

The Records Section is responsible for:

- (a) Providing a copy of the adult abuse report to DHS as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

327.10.2 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (ORS 124.090; ORS 430.763; ORS 441.671).

327.11 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

Discriminatory Harassment

329.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

This policy also applies to department elected officials (2019 Oregon Laws, c. 463, § 2).

329.2 POLICY

The University of Oregon Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against members in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

329.3 DEFINITIONS

Definitions related to this policy include:

329.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law (e.g., ORS 659A.030; ORS 659A.082; ORS 659A.112).

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to the department commitment to a work environment that is free of discrimination.

Discriminatory Harassment

329.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

329.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission (EEOC) and the Oregon Bureau of Labor and Industries' Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with University or department rules or regulations, or any other appropriate work-related communication between supervisor and the member.

329.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

329.4 RESPONSIBILITIES

This policy applies to all department members who shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, Associate Vice President of Human Resources, or the Associate Vice President for Safety and Risk Services.

University of Oregon Police Department

Discriminatory Harassment

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

329.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of each supervisor and manager shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
 - 1. Unless a member objects in writing, a supervisor designated by the Chief of Police shall follow up with a member once every three months for a year following the date on which the member reported the incident to determine whether the alleged harassment has stopped or if the member has experienced retaliation (2019 Oregon Laws, c. 463, § 3).
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or Associate Vice President of Human Resources in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

329.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.

329.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented and promptly and thoroughly investigated.

329.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not solve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

329.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation (ORS 659A.199).

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Associate Vice President of Human Resources or the Associate Vice President for Safety and Risk Services.

329.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed or discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

329.6 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

- Maintained in accordance with the established records retention schedule.

329.8 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during his/her term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

329.8.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, manager, the Chief of Police, Associate Vice President of Human Resources or the Associate Vice President for Safety and Risk Services for further information, direction or clarification.

329.9 ADDITIONAL REQUIREMENTS

The Associate Vice President of Human Resources should consult with the University Human Resources manager to ensure that all required notifications regarding unlawful employment discrimination are available to all employees.

- (e) The statute of limitations periods for crimes related to sexual harassment vary from two to 12 years.
- (f) Claims made against the University of Oregon Police Department require advance notice pursuant to ORS 30.275 (2019 Oregon Laws, c. 463, § 2).

A member may file a complaint with the Department within four years from the date of the alleged incident or within the time limitation specified in ORS 659A.875, whichever is greater (2019 Oregon Laws, c. 463, § 3).

A member who believes he/she has been subjected to workplace harassment may access available community services and any support services provided by the Department, such as the employee assistance program (2019 Oregon Laws, c. 463, § 2).

No member will be required or coerced into a nondisclosure (confidentiality) or nondisparagement (an agreement not to say anything negative about the University of Oregon Police Department or its members in any form of communication) agreement. A member may voluntarily enter into an agreement that contains a nondisclosure or nondisparagement provision and has a minimum of seven days to revoke said agreement (2019 Oregon Laws, c. 463, § 2).

Child Abuse

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when University of Oregon Police Department members are required to notify the Department of Human Services (DHS) of suspected child abuse.

331.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency (ORS 419B.010).

331.2 POLICY

The University of Oregon Police Department will investigate all reported incidents of alleged criminal child abuse and ensure that DHS is notified as required by law.

331.3 MANDATORY NOTIFICATION

Members of the University of Oregon Police Department shall notify DHS when a report of child abuse is received or when there is reasonable cause to believe that a child has suffered abuse (ORS 419B.010).

For purposes of notification, a child is an unmarried person under 18 years of age (ORS 419B.005(2)).

For purposes of notification, abuse of a child includes but is not limited to assault or physical injury of a non-accidental nature; rape, sexual abuse, or sexual exploitation, including contributing to the sexual delinquency of a minor; threatened harm; negligent treatment or maltreatment; buying or selling a child; unlawful exposure to a controlled substance or to the unlawful manufacturing of a cannabinoid extract; permitting a child to enter or remain in or upon premises where methamphetamines are manufactured; or any other act described in ORS 419B.005(1)(a).

331.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (OAR 413-015-0305):

- (a) Verbal notification to DHS shall be made immediately to the Oregon Child Abuse Hotline when the officer determines that the report of alleged abuse or neglect requires an immediate joint response.
- (b) Verbal, electronic transmission, or hand-delivered notification to DHS of all other reports of child abuse or neglect shall be made by the end of the next business day.
- (c) Notification, when possible, should include:

University of Oregon Police Department

2. The name, address, and age of the child.
3. The name and address of the child's parents or other person who is responsible for care of the child.
4. The nature and extent of the abuse or neglect, including any evidence of previous abuse or neglect.
5. The explanation given for the abuse or neglect.
6. Where the abuse or neglect occurred.
7. Identity and whereabouts of the alleged perpetrator.
8. Any other information that the person making the report believes might be helpful in establishing the cause of the abuse or neglect and the identity and whereabouts of the perpetrator.
9. The name and contact information for the assigned DHS worker and officer.

When the abuse occurs at a facility or by a person from a facility that requires a state license from the Oregon Employment Department, Child Care Division (e.g., child care facility), notification shall also be made to that agency. If the alleged child abuse occurred in a school or was related to a school-sponsored activity, notification shall be made to the Department of Education (ORS 419B.020).

331.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 418.747).

331.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, an officer shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Child Abuse

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

331.5.1 KARLY'S LAW

In all cases of suspicious physical injury to a child, the investigating officer shall, in accordance with any relevant county multidisciplinary team protocols (ORS 419B.023):

- (a) Immediately photograph or cause to be photographed any visible injuries or any injuries identified by the child if practicable, and in the manner described in ORS 419B.028.
- (b) Ensure that photographs of the injuries are distributed to the designated medical professional and placed in any relevant files by the end of the next regular business day or within 48 hours, whichever occurs later (ORS 419B.028(2)).
- (c) Ensure that a designated medical professional conducts a medical assessment of the child within 48 hours or sooner, according to the child's medical needs. If a designated medical professional is unavailable for the assessment, the investigating officer must ensure that the child is evaluated by an available physician.

331.5.2 INVESTIGATIONS ON SCHOOL PREMISES

When an investigation of child abuse is conducted on school premises, the investigating officer shall first notify the school administrator of the investigation, unless the school administrator

Child Abuse

is a subject of the investigation. The investigator shall present identification to school staff members. The investigator is not required to reveal information about the investigation to the school as a condition of conducting the investigation. At the investigator's discretion, the school administrator or a school staff member designated by the school administrator may be present to facilitate the investigation. Prior to any interview with the affected child, the investigating officer shall be advised of the child's disabling conditions, if any. These provisions apply to an investigation that involves an interview with the suspected victim of abuse or witnesses and not to investigations or interviews of a person suspected of having committed the abuse (ORS 419B.045).

331.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to DHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORS 419B.150):

- (a) When there is reasonable cause to believe any of the following:
 - 1. An imminent threat of severe harm to the child exists
 - 2. The child poses an imminent threat of severe harm to self or others
 - 3. An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists
- (b) When the juvenile court has issued a valid order that the child is to be taken into protective custody
- (c) When it reasonably appears that the child has run away from home

331.6.1 NOTICE TO PARENTS

When an officer takes a child into protective custody, if possible, the officer shall:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Child Abuse

- (a) Make reasonable efforts to immediately notify the child's parents or guardian, regardless of the time of day.
- (b) Advise the reason the child has been taken into custody.
- (c) Provide general information about the child's placement and the telephone number of the local DHS office, including any after-hours telephone numbers (ORS 419B.020).

331.6.2 SAFE HAVEN PROVISION

A parent may leave an infant who is not more than 30 days old at an authorized facility, including this department, as long as the child has no evidence of abuse (ORS 418.017).

When an infant is surrendered to this department, members of the University of Oregon Police Department shall follow the provisions set forth in ORS 418.017.

331.7 INTERVIEWS

331.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

331.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not involuntarily detain a child who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

331.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

Child Abuse

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

331.8.1 COURT ORDERS FOR PRESERVATION OF EVIDENCE

When an officer is taking a child into protective custody and has reasonable cause to believe that the child has been affected by sexual abuse and rape, and that physical evidence of the abuse exists and is likely to disappear, the court may authorize a physical examination for the purpose of preserving evidence, if such examination is in the best interest of the child (ORS 419B.020).

331.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

331.9.1 SUPERVISOR RESPONSIBILITIES

The Investigation Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Investigation Unit supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

331.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigation Unit supervisor so an interagency response can begin.

331.10 STATE MANDATES AND OTHER RELEVANT LAWS

Oregon requires or permits the following:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Missing Persons

333.2 POLICY

The University of Oregon Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The University of Oregon Police Department gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

333.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Investigation Unit Supervisor shall ensure the following forms and kits are developed and available:

- Missing person report form
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation
- Missing person school notification form
- Medical records release form
- Biological sample collection kits

333.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay. This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to give immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any question of jurisdiction.

333.5 INITIAL INVESTIGATION

Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

341.1 PURPOSE AND SCOPE

To provide employees of this department with guidelines for the handling of disciplinary processes.

Where a collective bargaining agreement, Oregon Administrative Rules pertaining to the Oregon University System or the University of Oregon, or other University of Oregon policy differs from this policy, they prevail.

The University of Oregon Police Department will establish fair and consistent practices for the investigation of conduct and policy violations and the administration of discipline to its employees.

341.2.1 DUE PROCESS

No disciplinary action shall be taken against an employee without just cause.

- (a) Notify the employee in writing of the charges and the proposed disciplinary action; and
- (b) Provide the employee with an opportunity to respond to the charges at an informal hearing which may be recorded with the person or persons having authority to impose the proposed disciplinary action.

341.2.2 PROGRESSIVE DISCIPLINE

The administration of discipline is generally expected to be progressive in nature, with relatively minor violations of rules resulting in minor disciplinary action for first offenders. Repetitive similar violations, or more serious violations, would generally result in progressively more serious forms of discipline being administered.

Nothing in this policy is intended to preclude the administration of more serious forms of discipline, including termination, for a first offense if the seriousness of the offense warrants it.

341.3 INVESTIGATION OF DISCIPLINARY ALLEGATIONS

Regardless of the source of an allegation of misconduct, all such matters will be investigated in accordance with Personnel Complaint Procedure Policy Manual § 1020.

341.4 POST INVESTIGATION PROCEDURES

341.4.1 DIRECTOR RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved employee shall review the entire investigative file, the employee's personnel file and any other relevant materials.

341.4.2 RESPONSIBILITIES OF THE CHIEF OF POLICE

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials.

The Chief of Police may modify any recommendations and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall make a recommendation to the appropriate University appointing authority regarding the amount of discipline, if any, to be imposed.

In the event disciplinary action is recommended, the Chief of Police shall provide the employee with written notice of the following information:

- (a) Specific charges set forth in separate counts, describing the conduct underlying each count.
- (b) A separate recommendation of proposed discipline for each charge.
- (c) A statement that the employee has been provided with or given access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (d) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

 - 2. If the employee elects to respond orally, the presentation shall be recorded by the Department. Upon request, the employee shall be provided with a copy of the recording.

341.5 EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) This response is not intended to be an adversarial or formal hearing.

Disciplinary Policy

- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.
- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results of such subsequent investigation prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issue(s) of information raised in any subsequent materials.
- (f) Once the employee has completed his/her response or, if the employee has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall thereafter render a timely written decision to the employee imposing, modifying or rejecting the recommended discipline. In the event of a termination, the final notice of discipline shall also inform the employee of the reason(s) for termination and the process to receive all remaining fringe and retirement benefits.
- (g) Once the Chief of Police has issued a written decision, the discipline shall become effective.

341.6 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that an employee tenders a written retirement or resignation prior to the imposition of discipline, it shall be noted in the file.

The tender of a retirement or resignation by itself shall not serve as grounds for the termination of pending discipline.

341.7 POST RESPONSE PROCEDURE

In situations resulting in the imposition of a reprimand, pay sanction, or termination of a non-probationary employee, the employee shall have the right to an evidentiary appeal of the imposition of discipline by the Chief of Police pursuant to the operative Collective Bargaining Agreement and personnel rules.

341.8 DISCIPLINARY ACTION AGAINST PROBATIONARY EMPLOYEES

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Disciplinary Policy

- (a) Termination of a trial-service employee for such failure to pass trial service shall be so reflected in the employee's personnel file.
- (b) At all times during any investigation of allegations of misconduct involving a trial-service employee, such employee shall be afforded all procedural rights set forth in Department policies.
- (c) A trial-service employee's appeal of disciplinary action shall be limited to an opportunity for the employee to attempt to establish that the underlying allegations should not be sustained. Nothing in this policy or procedure, however, should be construed to establish any sort of property interest in or right to the employee's continuation of employment.
- (d) The burden of proof for any trial-service employee's appeal of disciplinary action shall rest with the employee and will require proof by a preponderance of the evidence.
- (e) In the event that a trial-service employee meets his or her burden of proof in such a disciplinary appeal, the Department shall remove all reference to the underlying allegations of misconduct from the employee's personnel file.
- (f) In the event that a trial-service employee fails to meet his or her burden of proof in such a disciplinary appeal, the employee shall have no further right to appeal.

system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks.

Employees may not be asked for or required to provide their username, password or other means of authentication that provides access to their personal social media accounts unless otherwise allowed under ORS 659A.330.

343.4 RESTRICTED USE

Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Watch Commanders.

Members shall not use another person's access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

343.4.1 OFF-DUTY USE

Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

343.4.2 INTERNET USE

Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include, but are not limited to, adult forums, pornography, gambling, chat rooms and similar or related Internet sites. Certain exceptions may be permitted with the express approval of a supervisor as a function of a member's assignment.

Downloaded information shall be limited to messages, mail and data files.

343.4.3 HARDWARE

Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

Information Technology Use

343.4.4 SOFTWARE

Members shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes in accordance with the software company's copyright and license agreement.

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or University-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

343.5 PROTECTION OF AGENCY SYSTEMS AND FILES

All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Password length, format, structure and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

343.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

University of Oregon Police Department

Information Technology Use

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Department involving one of its members or a member's duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

The IT staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the department computer system when requested by a supervisor or during the course of regular duties that require such information.

Report Preparation

345.1 PURPOSE AND SCOPE

Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

345.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

345.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

345.2.1 CRIMINAL ACTIVITY REPORTING

When an employee responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the employee is required to document the activity. The fact that a victim is not desirous of prosecution is not an exception to documenting a report. The following are examples of required documentation:

- (a) In every instance where a felony has occurred, the documentation shall take the form of a written crime report.
- (b) In every instance where a misdemeanor crime has occurred and the victim desires a report, the documentation shall take the form of a written crime report. If the victim does not desire a report, the incident will be recorded in CAD.
- (c) In every case where any force is used against any person by police personnel.

345.2.3 DEATH CASES

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with Policy § 360. An officer handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

- (a) Sudden or accidental deaths.
- (b) Suicides

Report Preparation

Members at the scene of one of the above incidents should not refer the reporting party to an alternate means of reporting without authorization from a supervisor. Members may refer victims to online victim assistance programs (e.g., Federal Communications Commission (FCC) website for identity theft, Internet Crime Complaint Center (IC3) website for computer crimes).

345.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. 345.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, and the officer is available to fix the report immediately, the supervisor shall facilitate the corrections. In cases where the officer is not available to make the changes until later, the reviewing supervisor should send an email to the officer and the Report Dropbox stating the particular items needing correction. This notification will serve as the official directive to the officer to correct the report, and notice to the Police Records staff that:

- (a) The original report submission will be delayed, and
- (b) The submitted report contains errors and should be considered a "draft" version.

345.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Section may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor.

News Media Relations

347.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

347.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media rests with the University of Oregon President, or designee. In situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Captains, Division Commanders, Watch Commanders and designated Public Information Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law. In all cases, the University of Oregon Media Relations office will be consulted unless prior arrangements or agreements have been made (for example, traffic advisories).

347.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the Public Information Officer, or if unavailable, to an available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comment(s) to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

- (b) Media representatives will not be allowed to enter the inner perimeter of any crime scene.
- (c) Media representatives will not be allowed to accompany officers on to private property, or property where the occupants have a legal expectation of privacy. For example,

they may not accompany officers on or in to private property during the execution of a search warrant.

- (d) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 - 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the department Public Information Officer or other designated spokesperson.
 - 2. Whenever the presence of media aircraft poses a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for TFRs should be routed through the Executive Coordinator. The TFR should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR § 91.137).
- (e) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee.
- (f) Media interviews with individuals who are in custody shall not be permitted.

 - 1. Department members shall not jeopardize a tactical operation in order to accommodate the news media.
 - 2. Media representatives that are not compliant with restrictions established by the supervisor in charge, may not interfere with police operations (subject to arrest).
 - 3. Media representatives who proceed to areas where they are not unlawfully interfering with police operations, should be warned about their own safety being in danger (if such warning can be delivered in a safe and reasonable manner), and may proceed at their own risk.

347.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

News Media Relations

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

347.4 INFORMATION SUBJECT TO RELEASE

The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Watch Commander. This log will generally contain the following information:

351.4.2 PRIMARY TRAINING OFFICER

Upon completion of the Academy, reserve officers will be assigned to a primary training officer. The primary training officer will be selected from members of the Field Training Officer (FTO) cadre. The reserve officer will be assigned to work with his/her primary training officer during the first 160 hours of training. This time shall be known as Phase I Training.

351.4.3 FIELD TRAINING MANUAL

Each new reserve officer will be issued a Field Training Manual at the beginning of Phase I Training. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the University of Oregon Police Department. Each section of the manual must be signed-off by both the Primary Training Officer and any other officer observing the performance. The completed manual will be submitted to the department Captain of Administration and it shall become part of the reserve officer's training file. The reserve officer shall become knowledgeable of the subject matter as outlined and proficient with those skills as set forth in the manual.

351.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE

At the completion of Phase I Training the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officer in training.

If the reserve officer has progressed satisfactorily, he/she will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

351.4.5 SECONDARY TRAINING PHASE

Phase II Training shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with his/her primary training officer. The reserve officer may now ride with any officer designated by the Watch Commander.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Reserve Officers

During Phase II of training, as with Phase I, the reserve officer's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Officer's Field Training Manual. At the completion of Phase II of training, the reserve officer will return to his/her primary training officer for Phase III of the training.

351.4.6 THIRD TRAINING PHASE

Phase III Training shall consist of 24 hours of additional on-duty training. For this training phase, the reserve officer will return to his/her original primary training officer. During this phase, the training officer will evaluate the reserve officer for suitability to graduate from the formal training program.

At the completion of Phase III Training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve officer's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve officer has satisfactorily completed his/her formal training. If the reserve officer has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

351.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS

When a reserve officer has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a reserve training officer. The reserve officer may now be assigned to ride with any officer for the remaining 200-hour requirement for a total of 484 hours before being considered for relief of immediate supervision. Level III Reserves who meet the aforementioned PCOD course and FTEP manual completion or FTEP waiver process are exempt from the 484 hour requirement.

351.5 SUPERVISION OF RESERVE OFFICERS

Level II reserve officers should be under the immediate supervision of a regular sworn officer. Although a reserve officer may have attained the status of a Level II reserve officer, these provisions shall continue to apply unless special authorization is received which relieves the immediate supervision requirement.

351.5.1 SPECIAL AUTHORIZATION REQUIREMENTS

Reserve officers certified as Level II may, with prior authorization of the Reserve Coordinator and on approval of the Division Commander, be relieved of the "immediate supervision" requirement. Level II reserve officers may function under this authorization only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Division Commander, the Watch Commander may assign a certified Level II reserve officer to function as above for specific purposes and duration.

351.5.2 RESERVE OFFICER MEETINGS

All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

351.5.3 IDENTIFICATION OF RESERVE OFFICERS

All reserve officers will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time officer. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

351.5.4 UNIFORM

Reserve officers shall conform to all uniform regulation and appearance standards of this department.

351.5.5 INVESTIGATIONS AND COMPLAINTS

If a reserve officer has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator in coordination with the Lieutenant - Professional Standards and Training, at the discretion of the Operations Division Commander.

Reserve officers are considered at-will employees.

351.5.6 RESERVE OFFICER EVALUATIONS

While in training reserve officers will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed. Reserves having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve officer.

351.6 FIREARMS REQUIREMENTS

Reserve officers have peace officer powers during their assigned tour of duty.

351.6.1 CARRYING WEAPON ON DUTY

It is the policy of this department to allow level II or III reserve officers to carry firearms only while on duty or to and from duty.

351.6.2 IN-SERVICE TRAINING

Reserve officers are encouraged to attend all in-service training offered to regular officers. Reserve officers are required to attend classes designated as mandatory either at one of the regular in-service sessions or one scheduled specifically for reserves.

351.6.3 CONCEALED FIREARMS PROHIBITED

No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit or meet

concealed firearms carry requirements by qualified law enforcement officers as noted in 18 US Code 926C. An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

351.6.4 RESERVE OFFICER FIREARM TRAINING

All reserve officers are required to maintain proficiency with firearms used in the course of their assignments. Reserve officers shall comply with all areas of the firearms training consistent with the same standards that apply to full-time sworn UOPD Police Officer personnel as noted in Policy 312.

351.7 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL

The Reserve Coordinator shall develop a plan outlining an emergency call-out procedure for reserve personnel.

Outside Agency Assistance

352.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

352.2 POLICY

It is the policy of the University of Oregon Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

352.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Commander's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

352.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the University of Oregon Police Department shall notify his/her supervisor or the Watch Commander and Communications and Emergency Response Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

352.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

352.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Watch Commander.

352.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Commander or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to Communications and Emergency Response Center and the Watch Commander to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Captain of Administration should maintain documentation that the appropriate members have received the required training.

Registered Offender Information

356.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the University of Oregon Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

356.2 POLICY

It is the policy of the University of Oregon Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

356.3 REGISTRATION

The Investigation Unit Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process (OAR 257-070-0100).

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Oregon State Police in accordance with ORS 163A.035 and OAR 257-070-0100.

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to report.

356.3.1 CONTENTS OF REGISTRATION

Registrants shall (ORS 163A.010; OAR 257-070-0110):

- (a) Provide the information to complete the sex offender registration form and sign it.
- (b) Submit to photographs, including photographs of scars, marks or tattoos, when initially reporting and each time the registrant reports annually.
- (c) Submit to fingerprinting, if required.

356.4 MONITORING OF REGISTERED OFFENDERS

The Investigation Unit supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Registered Offender Information

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the State of Oregon Sex Offender Inquiry System.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to Oregon State Police.

The Investigation Unit supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to University of Oregon Police Department personnel, including timely updates regarding new or relocated registrants.

356.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Sex Offender Inquiry System (<http://sexoffenders.oregon.gov/>), or the University of Oregon Police Department's website.

The Captain of Administration shall release local registered offender information to residents in accordance with state law and in compliance with Oregon Public Records Law requests (ORS 163A.215; ORS 163A.225; ORS 192.410 to ORS 192.505).

356.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register, who are in compliance with the offender registration laws and who the law permits to be included.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The information on this website may not reflect the entire criminal history of a registered offender.
- (e) Anyone who uses information contained in the registry to harass or discriminate against registrants or commit any crime may be subject to criminal prosecution and/or civil action.

Civil Disturbances and Demonstrations

357.1 PURPOSE AND SCOPE

As an institution of higher education, the University of Oregon fosters an atmosphere that encourages the expression of thoughts and opinions and the exercising of constitutionally granted rights to address grievances.

Proper handling of large public demonstrations and events is important to reduce the possibility of escalation into a situation that involves criminal activity or threatens public safety. The University will respond in a tiered approach in an effort to address any issues that might arise at the lowest engagement possible. Whether there is a police presence, and the profile of any police presence will be determined through an assessment of factors such as the nature of the event and the need to ensure public safety, protect persons and property, and maintain order.

Many strategies may be appropriately employed during demonstrations or large public events that do not include police actions. This policy provides guidelines for UOPD employees when they are involved in dealing with these incidents. The ultimate goal in the management of any event is to mitigate impact on the affected areas and persons, and eventually restore the affected area to the conditions that prevailed before the incident occurred.

357.1.1 DEFINITIONS

Civil Disturbance: Public gatherings that involves riots, personal or property damage, threatening individuals or assemblies that have become significantly disruptive, or involve criminal activity.

Demonstrations: Visible actions designed to advocate a position on a particular issue or issues. They may include actions that cause inconvenience to the campus community.

357.2 GENERAL GUIDELINES

It is crucial that UOPD personnel remain neutral and impartial in performing their duties. Duties generally include:

- Protect life and prevent personal injury
- Protect the statutory and constitutional rights of all parties
- Protect personal and public property

Effective communication is essential for successful operations. This includes communications with:

- people involved in the incident
- people affected by the incident
- Officers and other employees of UOPD and the University
- UOPD Command personnel, UO Incident Management Team (UO-IMT) and other University administrators involved in the response to such incidents.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Civil Disturbances and Demonstrations

Participant behavior during a demonstration or other public event may span varying levels including lawful, constitutionally protected actions and speech, civil disobedience (typically involving minor criminal acts) and rioting. All of these behaviors may be present during the same event, therefore, it is imperative that police actions are measured and appropriate for the behaviors encountered. This is particularly critical if force is being used. Adaptability of strategies and tactics is essential.

357.3 COMMAND AND COORDINATION

The University's response to these events will be organized in a manner consistent with the National Incident Management System (NIMS), the Incident Command System (ICS) and the University of Oregon Emergency Operations Plan (EOP).

Management of the University response will be handled through activation of the UO-IMT which includes Unified Command involving the UOPD Chief, or designee. The PIO function also becomes part of the PIO Group (See the UO EOP for further details).

If the incident is likely to involve a location outside the campus jurisdiction, or mutual aid is anticipated, representatives of the Eugene Police Department or other involved law enforcement agencies should be part of a Unified Command structure.

When responding to unanticipated events, the Executive Coordinator, or designee, generally will be the initial Incident Commander in the ICS structure until such time as the EOP is activated and the Executive Coordinator is relieved. The Executive Coordinator is initially responsible for:

- establishing a field command post/location and communicating the location to the dispatcher
- establishing an effective communication link to the UOPD representative in the Unified Command
- establishing the necessary mechanism to adequately monitor the situation, including the documentation of unlawful behavior
- updating the Incident Command group in a timely fashion regarding changes in behavior or other information critical to the successful management of the incident

357.4 INITIAL ASSESSMENT

The Department will utilize administrators (such as Student Affairs, University Relations and Finance and Administration) to work with groups first and will also be able to utilize the following resources: Office of Strategic Communications, Neutral Observers program (Student Affairs), and the Bias Response Team (Student Affairs).

UOPD officers will be deployed there is a reasonable expectation of unlawful or disruptive behavior. UOPD personnel may be the first University officials on a scene of an unanticipated event. The initial response should be focused on making an assessment of the situation. This assessment includes, but is not limited to:

Civil Disturbances and Demonstrations

- location(s)
- number of participants
- purpose of the event
- leadership (whether it is apparent and/or whether it is effective)
- any initial indicators of unlawful or disruptive activity
- indicators that lawful use of University facilities, streets or walkways will be impacted
- ability and/or need to continue monitoring the incident

Initial assessment information should be communicated through the Chain of Command to Incident Command.

357.5 ENFORCEMENT ACTIONS

Enforcement of laws generally will only be done when authorized by the Incident Commander, or designee, or when enforcement actions are likely to prevent death or serious bodily injury. Enforcement actions, if deemed appropriate, generally follow adequate warnings and advisements communicated to the participants of the event.

Warnings and advisements may be communicated through established communications links with leaders and/or participants (such as through the Neutral Observer Program), or communicated to the group, en masse. Effectively communicating warnings and advisements to a large group, en masse, is often very difficult and UOPD staff who are designated to issue such communications should use whatever reasonable methods are available to ensure that the messages are clear in content and are heard by the participants.

Often, no leaders are identifiable, or if they are identifiable refuse to self-identify as leaders or act as leaders in working with authorities. This presents challenges in communicating adequately and effectively with participants.

Warnings and advisements should be recorded, if practical, and documentation of evidence that they are heard can be effective in support of enforcement actions, if they become necessary or advisable.

The content of warnings and advisements are sometimes provided by the prosecutor's office in order to form a legal foundation for addressing some behaviors, such as trespassing. Generally, however, they should include:

- police concerns, including identifying what laws are being broken
- what actions people can take to render their behavior legal
- generally, what police actions will take place if the illegal behavior continues

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Civil Disturbances and Demonstrations

357.6 USE OF FORCE

The use of force in crowd situations should be authorized prior to application, and accomplished in a deliberate, methodical and calculated manner so that the force is applied within departmental guidelines and training, and only on those person's where the force is justified.

Commanders authorizing the use of force should take into consideration that the use of force can result in an escalation of anti-police sentiments and increased unlawful behavior by people involved in mass demonstrations.

357.7 VIDEO RECORDING

This policy does not cover public safety video cameras that are installed for routine surveillance of public spaces for public safety concerns.

Video recording, when appropriate, is a good tool to record situations and events that involve, or may lead to, the need for police action. These recordings support criminal prosecutions, assist in evaluating department performance and better respond to allegations of improper police actions or legal action taken against the department and/or its employees.

Video recording by department personnel will be done in compliance with applicable laws. They will not be made, or retained, for the purpose of collecting or maintaining information about the political, religious, or social views, associations, or activities of any individual, group, association, organization, corporation, business, or partnership unless such information directly relates to an investigation of criminal activities, and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

357.7.1 HANDLING AND RETENTION OF VIDEO RECORDINGS

Video recording media will be submitted as evidence, if it is known to contain evidence of criminal conduct. Otherwise, it will be submitted as property.

A copy of the Property or Evidence Report will be forwarded to Law Enforcement Records Specialist, who will be responsible for managing the retention and authorizing the disposition of video recordings made under this policy.

Video recordings submitted as evidence will be retained in accordance with policies and procedures for the retention of criminal evidence.

Video recordings submitted as property will be retained for 30 days if no police action was taken during the event. During that time all internal reviews will be conducted. If police action was taken during the event, the recordings will be retained for 180 days (this corresponds to the time frame in which civil allegations must be formally reported to the department).

If recordings are determined to contain criminal or civil evidence they will be retained in their entirety at the direction of the prosecutor or general counsel. Once legal action is finished, and at the direction of the attorney, the recordings will be erased or destroyed.

Major Incident Notification

358.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

358.2 POLICY

The University of Oregon Police Department recognizes that certain incidents should be brought to the attention of supervisors or managers of this Department as well as University Administration to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed. When major events occur that:

- (a) Will likely result in further inquiry from either internal or external sources, or

358.6 COMMUNICATIONS AND EMERGENCY RESPONSE CENTER DUTIES

Major Incidents that result in calls for service or that fall under Policy Manual § 359.2 may be received directly by the Communications and Emergency Response Center (CERC) or transferred from Central Lane Communications.

CERC upon receipt of information concerning a major incident will verify that the watch commander is aware of the incident, and based upon jurisdictional boundaries, will assign appropriate units to the incident per standard procedures. The information concerning the incident, notification to the watch commander, and assignment of the call for service to officers will be documented via Computer Aided Dispatch (CAD.)

CERC will assist the Watch Commander in gathering any relevant information and assisting in the notification of the incident to the appropriate individuals based upon the direction of the Watch Commander. All notifications made will be documented via CAD.

Clery Act - Notifications of Significant Emergencies and Dangerous Situations

359.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure the Department fulfills its obligations to the campus community as outlined in 34CFR 668.46(e), the Jeanne Clery Disclosure of Campus Security Policy (referred to as the Clery Act) and Campus Crime Statistics Act.

The Clery Act and Campus Crime Statistics Act (Clery Act), require that colleges and universities provide timely and relevant information about campus crimes and emergency situations to campus residents and stakeholders, such as students and employees. Moreover, in complying with the Clery Act, it is important that campus police and public safety agencies maintain accurate documents demonstrating the agency's inclusive efforts to inform all appropriate constituencies, actual and potential, of the availability of crime data and reports.

Refer also to Policy 822 - Jeanne Clery Campus Security Act for Departmental and programmatic responsibilities.

359.2 POLICY

It is the policy of the UOPD to comply with the Clery Act and to contribute to the university's fulfillment of Clery Act requirements in regard to two types of alerts that may keep the campus informed about safety and security threats: "emergency notifications" and "timely warnings."

At the UO, "emergency notifications" are known and disseminated as "UO Alerts," as per the UO Emergency Operations Plan. Certain UOPD supervisors and administrators are trained to launch "UO Alerts" when necessary, to immediately notify campus stakeholders by various means of imminent threats to safety.

At the UO, "timely warnings" are known as "Campus Crime Alerts," and are the responsibility of UOPD. "Campus Crime Alerts" are usually created and disseminated when Clery-reportable crimes (such as Criminal Homicide, Sexual Assault, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson and Hate Crimes; see Policy 822.4(a),(b)) are reported on UO-owned and , "controlled properties. The list of crimes is not inclusive and "Campus Crime Alerts" may be issued for any serious or continuing threat to person, property or campus safety.

359.3 PROCEDURE

UOPD staff will follow the UO Emergency Operations Plan in assessing, creating and disseminating "UO Alerts."

UOPD staff will follow the Department's "Clery Campus Crime Alert Protocol" document to promptly and efficiently analyze incidents, and create and distribute "Campus Crime Alerts" when warranted. Each incident is considered on a case-by-case basis, depending on the facts of the case and the information known by UOPD.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Clery Act - Notifications of Significant Emergencies and Dangerous Situations

359.3.1 ADMINISTERING ALERTS

The Administrator on Duty is responsible for approving the content and timing of alerts (in some situations, this responsibility is delegated either by the Administrator on Duty or by the Chief of Police). In addition, the Administrator on Duty must determine whether an alert hinders either a criminal investigation or emergency operation.

- (a) An alert is determined to hinder a criminal investigation when there is **clear and convincing evidence** that the release of such information would jeopardize an ongoing criminal investigation, jeopardize the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence.
 - 1. If posting an alert **will not** hinder the investigation, the alert will be issued in the manner described above.
 - 2. If after consulting with appropriate staff it is determined that posting an alert **will** hinder the investigation, such information will be withheld until that damage is no longer likely to occur from the release of information.
- (a) Consideration should be given to notifying crime victims before alerts are issued to the campus community.

359.3.2 ALERT CONTENT AND DISTRIBUTION

Alerts shall contain information on the nature, location and time of incidents that may affect the safety and security of campus constituents. Alerts will also contain instructions or suggestions that may enhance the safety and security of recipients. Care should be taken so that the content or timing of Alerts will not interfere with an emergency response or a criminal investigation, or put the personal safety any civilian or responder at risk.

When necessary, UOPD will work with other local agencies to gather relevant information for alert content, including when incidents occur off of UO-owned or ,"controlled property.

As a general rule, alerts will be distributed as soon as possible within the guidelines for each type of alert ("UO Alerts" as governed by the UO Emergency Operations Plan and "Campus Crime Alerts" as governed by the "Clery Campus Crime Alert Protocol"). Alerts need not wait until all information has been confirmed.

359.3.3 MAINTENANCE OF CRIME ALERTS

- (a) All records pertaining to Timely Warnings (crime reports or other notification documents, e-mail correspondence and warnings) are maintained by the Clery Coordinator in electronic and paper format. Timely Warnings are archived on the UOPD website.
- (b) Copies or other documentation of the Alert will be forwarded to the Chief of Police, Police Operations Captain, Administrative Captain, Investigations Sergeant and Crime Analyst.

Death Investigation

360.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

360.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (decapitated, decomposed, etc.). Officers are not authorized to pronounce death. A supervisor shall be notified in all death investigations.

360.2.1 MEDICAL EXAMINER NOTIFICATION

Oregon Revised Statutes 146.090 requires that a medical examiner must be notified in the following circumstances. Any death:

- (a) Apparently homicidal, suicidal or occurring under suspicious or unknown circumstances
- (b) Resulting from the unlawful use of controlled substances or the use or abuse of chemicals or toxic agents
- (c) Occurring while incarcerated in any jail, correction facility, or in police custody
- (d) Apparently accidental or following an injury
- (e) By disease, injury or toxic agent during or arising from employment
- (f) While not under the care of a physician during the period immediately previous to death
- (g) Related to disease which might constitute a threat to the public health
- (h) In which a human body apparently has been disposed of in a manner that is offensive to the generally accepted standards of the community

The body, effects of the deceased, and any instruments or weapons related to the death shall not be disturbed or moved from the position or place of death without permission of the Medical Examiner or Deputy Medical Examiner, and the District Attorney.

A Medical Examiner, Deputy Medical Examiner, or District Attorney, in conjunction with the University of Oregon Police Department and/or the county Major Crime Team, shall take custody of, or exercise control over the body, the effects of the deceased and any weapons, instruments, vehicles, buildings or premises which the medical examiner has reason to believe were involved in the death, in order to preserve evidence related to the cause and manner of death.

The members of the University of Oregon Police Department will work cooperatively with both the Medical Examiner's Office and the District Attorney in all death investigations.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Death Investigation

360.2.2 SEARCHING DEAD BODIES

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased, a receipt shall be obtained. This receipt shall be attached to the death report.

Officers must make a reasonable search of an individual who reasonably appears to be dead or near death for a document of gift or other information identifying the individual as a donor or as an individual who made a donor refusal. If a document of gift or a refusal to make an anatomical gift is located and the individual or deceased individual is taken to a hospital, the officer must alert the hospital staff to the documentation and forward it to the hospital (ORS 97.970). Officers must consider the integrity of the scene and evidence collection issues when deciding whether a search is reasonable.

360.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. The notification should be made in the following order:

- spouse or significant other
- parents
- brother or sister
- children
- other

If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Upon identifying the body, investigators shall attempt to locate the next of kin or responsible friends to obtain the designation of a funeral home to which the deceased is to be taken.

In the event that other agencies request the assistance of UOPD in delivering a death notification, the following guidelines should be followed:

- (a) Deliver the notification in person, if possible.
- (b) Obtain the identity and contact information of officials in the other jurisdiction who will have information for the family.
- (c) Obtain the full identity of the deceased, including date of birth and identifying features.
- (d) Obtain as much information about the details of the death that the other agency is willing to share. It is generally the responsibility of the investigating agency, or involved

University of Oregon Police Department

Death Investigation

Medical Examiner, to provide the family with details of the death. Information beyond the scope of the details provided should be released by the agency only.

- (e) Notify the other agency once the notification has been made (or if there is a significant delay in notification). Give them specific information about who was contacted and how they, themselves, may contact that person in the future.

360.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner's office will issue a "John Doe" or "Jane Doe" number for the report.

360.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

360.2.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

Identity Theft

362.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. A person commits the crime of identity theft if the person, with the intent to deceive or to defraud, obtains, possesses, transfers, creates, utters or converts to the person own use the personal identification of another person (Oregon Revised Statutes 165.800). This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of "identity theft" shall initiate a report for victims residing within the jurisdiction of this department. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Private Persons Arrests

364.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to ORS 133.220(5).

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another person for any crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime. A person making such an arrest shall, without unnecessary delay, take the arrested person before a magistrate or deliver the arrested person to a peace officer (ORS 133.225).

In making an arrest, a private person may use the amount of force they reasonable believe is necessary to make the arrest or to prevent the arrested person's escape.

364.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is probable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Private Persons Arrests

advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

- (b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

364.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign the department Private Person's Arrest form.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Communications with Persons with Disabilities

371.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

371.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

371.2 POLICY

It is the policy of the University of Oregon Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

371.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

ADA coordination is handled through the UO Office of Affirmative Action and Equal Opportunity (UO AAEO). The Chief of Police may additionally delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107) in the department. The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator, if one is appointed, shall include, but not be limited to:

- (a) Working with the University ADA coordinator regarding the University of Oregon Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications and Emergency Response Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

371.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications with Persons with Disabilities

371.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the University of Oregon Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

371.6 TYPES OF ASSISTANCE AVAILABLE

University of Oregon Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

371.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

371.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

371.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

371.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

371.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

371.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications with Persons with Disabilities

371.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

371.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

371.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

371.14.1 INTERPRETER REQUIRED IN ARRESTS

An officer who arrests a person who is deaf, has a physical hearing impairment or physical speaking impairment shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

371.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

371.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department UO AAEO or, if one is appointed, the ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications with Persons with Disabilities

371.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

371.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Captain of Administration shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Captain of Administration shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

371.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Communications and Emergency Response Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Stalking

377.1 PURPOSE AND SCOPE

This policy establishes procedures for the investigation and enforcement of stalking complaints (ORS 163.730 et seq.).

377.2 POLICY

Stalking behavior frequently results in serious injury and emotional trauma to victims and it is the policy of the University of Oregon Police Department to ensure that complaints of stalking will be given high priority and that every formal stalking complaint will be thoroughly investigated and forwarded to the District Attorney's Office.

377.3 UNIFORM STALKING COMPLAINT

The Department will make available an Oregon Uniform Stalking Complaint form to any person desiring to file a stalking complaint regardless of where the violation is alleged to have occurred. Officers will provide reasonable assistance as necessary to petitioners to properly complete and sign the form.

Upon receipt of a Uniform Stalking Complaint, officers shall complete a thorough investigation. All stalking incident reports and the results of any investigation shall be forwarded to the District Attorney's Office within three days, regardless of whether any civil or criminal action was taken (ORS 163.744; ORS 163.738(7)).

377.4 UNIFORM STALKING CITATION

If after investigating a stalking complaint the officer has probable cause to believe that the offense of stalking has occurred as provided in ORS 163.732(1), the officer shall issue and attempt to serve a Uniform Stalking Citation to the respondent to appear in court within three judicial days of service to determine if a Stalking Protective Order will be issued (ORS 163.735; ORS 163.738).

377.4.1 SERVICE OF STALKING CITATIONS

If the Uniform Stalking Citation is served on a respondent, the District Attorney's Office will initiate the hearing process. Officers should:

- (a) Advise the respondent of the following:
 1. The court date and time and location of appearance
 2. The contents of the citation and the state and federal law restrictions contained on the front and back of the respondent's copy of the citation
 3. That if the respondent fails to appear at the hearing, a warrant will be issued for their arrest, as well as a Stalking Protective Order
 4. That engaging in behavior that alarms or coerces the petitioner may result in their arrest

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Stalking

- (b) Provide a copy to the petitioner and advise the petitioner that they must also appear at the hearing or the complaint will be dismissed and the Stalking Protective Order will not be issued.

If there is probable cause to issue a citation, but the citation is not served, officers should:

- (a) Document attempts to serve the respondent.
- (b) Refer the victim to the following for assistance in obtaining a civil Stalking Protective Order:
 1. A private attorney
 2. Legal Aid
 3. The District Attorney's office Victim Assistance Unit

377.5 ARREST

Officers may arrest or cite a suspect for any criminal offense committed (including stalking) if the statutory elements have been met, as well as issue a (civil) Uniform Stalking Citation; the two actions are not mutually exclusive.

377.5.1 STALKING PROTECTIVE ORDERS

Once the court issues a Stalking Protective Order and it is served on the respondent, officers may arrest the respondent for violating the terms of the order (ORS 163.750).

377.6 RESTRAINING ORDERS

Court stalking orders and restraining orders are different and are not mutually exclusive. Stalking reports may be appropriate even if a valid restraining order is in place.

Child and Dependent Adult Safety

381.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

381.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The University of Oregon Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

381.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Child and Dependent Adult Safety

381.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

381.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

381.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

381.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

381.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

381.5 TRAINING

The Captain of Administration is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

381.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The University of Oregon Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

381.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

381.2.1 STATE LAW

Oregon law expands the definition of a service or assistance animal to include any animal that is trained to assist a person with a physical impairment in one or more daily life activities (ORS 346.680).

381.2.2 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Service Animals

381.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the University of Oregon Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as the result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

381.3.1 SERVICE ANIMALS BELONGING TO ARRESTEES

If the owner of a service animal is arrested, reasonable efforts shall be made to accommodate the owner and the animal. These situations may require creative solutions. Some of the options to consider are:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Service Animals

- Consult with the Lane County Jail as to whether they can accommodate the service animal
- Ask the arrestee if they have a preferred option
- Consult with Eugene Animal Control
- Shelter the service animal, ensuring that the shelter staff are notified that the animal is a service animal and who owns the animal for eventual release (make sure the jail staff know where the animal is sheltered)

Public Safety Camera System

383.1 PURPOSE AND SCOPE

The University of Oregon operates a public safety camera system for the purpose of creating a safer environment for all those who live, work, and visit the University. This policy provides guidelines for the operation of the cameras, the purpose of their use and the storage of captured images.

383.2 POLICY

Cameras are strategically placed throughout the jurisdiction at the direction or with the approval of the University for the purpose of assisting the University of Oregon Police Department to detect and deter crime, to safeguard against potential threats to Homeland Security, to manage emergency response situations to natural and man-made disasters, and to assist other University officials to aid in the enhancement of services provided to the community.

Public safety cameras are a building management and crime prevention tool that can assist with scene reconstruction and evidence gathering. Public safety cameras are also a key resource to assist in securing vulnerable sites by providing real time monitoring and early detection of unusual or criminal activity allowing for a more efficient and timely response by law enforcement and emergency response personnel.

The cameras only record images and do not record sound. Recordings may be used for a variety of purposes including criminal investigations and monitoring of activity. In addition, the public safety camera system helps to provide the following benefits:

- (a) Assists in identifying, apprehending and prosecuting offenders.
- (b) Assists in gathering evidence for criminal and civil court actions.
- (c) Assists emergency services personnel maintain good public order.
- (d) Assists in monitoring pedestrian and vehicle traffic activity.
- (e) Helps improve the general environment on the public streets.
- (f) Assists in providing effective public services.

383.3 PROCEDURE

The following procedures have been established for the effective operation of the public safety camera system.

383.3.1 MONITORING

Video images from the cameras are transmitted to monitors installed in the Communications and Emergency Response Center. When activity warranting further investigation is reported or detected at any camera location the dispatcher may selectively view the appropriate camera and relay any available information to responding units. The Communications and Emergency

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Public Safety Camera System

Response Center personnel are authorized to make some adjustments the cameras in order to more effectively view a particular area for any legitimate public safety purpose.

The video feed from cameras may be accessed by other University employees for official business only.

383.3.2 TRAINING

Personnel involved in video monitoring will be appropriately trained and supervised.

383.3.3 PROHIBITED ACTIVITY

Video monitoring will be conducted in a professional, ethical and legal manner. The public safety camera system will not be used to invade the privacy of individuals, or to look into private areas or areas where the reasonable expectation of privacy exists. All reasonable efforts will be taken to protect these privacy rights. Video monitoring shall not be used to harass, intimidate or discriminate against any individual or group.

383.4 MEDIA STORAGE

All media will be stored in a secure area with access restricted to authorized persons only. The system will store the images from every camera which are recorded throughout the twenty-four hour period of every day of the week (recording options are "24 hours" and "Motion Activated"). All of the images from every recording device for a particular 24-hour period, beginning at 12:00 a.m. and ending at 11:59:59 p.m. will be referred to as the "Daily Recording".

The Daily Recording will be stored for a period of not less than 30 days and thereafter may be erased if not otherwise required for any related investigation, claim or other official need (Oregon Administrative Rules 166-200-0100 (68)). The system will be configured to automatically purge and write over any Daily Recordings more than 30 days old.

383.5 RETRIEVAL OF RECORDED INFORMATION

Authorization for UOPD members to research and retrieve recorded information must be received from the Chief of Police or his/her designee.

University staff who have a business need to review any video recordings must submit their request to the UO Office of Public Records.

383.5.1 PUBLIC AND OTHER AGENCY REQUESTS

Requests for recorded video images from other governmental agencies or through the submission of a court order or subpoena will be promptly submitted to the General Counsel. Upon the receipt of any such request, it will also be promptly submitted to the Communications and Emergency Response Manager who will promptly research the request and submit the results of such search through the Chief of Police to the General Counsel's office for further handling. Every reasonable effort should be made to preserve the data requested until the request has been finally processed by the General Counsel's office.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Public Safety Camera System

Public and media requests for video images captured by public safety cameras will be made available only to the extent required by law. As provided by Oregon public records law, video footage that is evidence in an ongoing police investigation will generally not be disclosed to the public where a disposition has not been reached, absent such disclosure being compelled by a court or other governmental entity of competent jurisdiction.

383.6 ANNUAL REVIEW OF THE PUBLIC SAFETY CAMERA SYSTEM

The Chief of Police or his/her designee will conduct an annual review the agency's use of the public safety camera system. The annual review will include an inventory of video monitoring installations, date of installation, summary of their purpose, adherence to this policy and any proposed policy changes. The results of each review will be documented and maintained by the Chief of Police or his/her designee and other applicable advisory bodies. Any concerns or deviations from this policy will be addressed promptly and effectively.

Off-Duty Law Enforcement Actions

387.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer, as well as others, at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the University of Oregon Police Department with respect to taking law enforcement action while off-duty.

387.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

387.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms and Qualification Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment.

387.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

387.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as a police officer until acknowledged. Official identification should also be displayed.

387.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

387.4.3 NON-SWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

387.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

387.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Due to the safety concerns in the handling and transportation of explosives, non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible to verify the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.

Canines

- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), as required by law.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-department cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles, patrol assigned jurisdictional areas of University of Oregon Police Department, respond to citizen calls for assistance, act as a deterrent to crime, enforce local ordinances as well as state laws, and respond to emergencies 24 hours per day seven days per week.

Patrol Supervisors and Executive Coordinators are expected to ensure adequate staffing and use various sources of information (crime analysis, criminal intelligence, calls-for-service, traffic accident reports, officer and public observations) in order to determine campus community needs, and communicate with patrol officers and communications officers to maximize problem solving.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order, and the discovery of hazardous situations or conditions
 - 1. Strategies include, but are not limited to:
 - (a) Fixed Beat - officers are responsible for the entire range of law enforcement activity in a set geographical area
 - (b) Focused Beat - focused beats are generally designed around a smaller area where similar problems need to be addressed and are assigned by the Executive Coordinator
 - (c) Special Assignment - a directed patrol to address a specific problem. Generally, officers on Special Assignment are not dispatched to calls for service, except where imminent life or property safety are jeopardized
- (b) Crime prevention activities such as residential inspections, business inspections, community presentations, etc.
- (c) Calls for service, both routine and emergency in nature
- (d) Investigation of criminal acts
- (e) Investigation of situations that indicate a threat to public safety, health and welfare
- (f) The apprehension of criminal offenders
- (g) Community Oriented Policing and Problem Oriented Policing activities such as citizen assists and individual citizen contacts of a positive nature

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Patrol Function

- (h) The sharing of information between the Patrol and other divisions within the Department, as well as other outside governmental agencies
- (i) The application of resources to specific problems or situations within the community, which may be improved or resolved by Community Oriented Policing and Problem Oriented Policing strategies
- (j) Traffic direction and control

400.1.2 TERRORISM

It is the goal of the University of Oregon Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Investigations Sergeant and Crime Analyst in a timely fashion.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the University of Oregon Police Department.

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit (CAU) will be the central unit for information exchange. Criminal information and intelligence reports can be distributed to all divisions within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate division for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS

Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol briefings as time permits.

400.2.4 BRIEFING INFORMATION

Patrol briefing information will be kept in the briefing room and will include crime bulletins, patrol checks, logs, memos and directives that may be reviewed by all Department employees. The Crime Analyst and Investigations Sergeant will supply specific bulletins for briefing, including intelligence reports and photographs. Copies of Department Directives will be included in briefing information.

Patrol Function

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

See also Policy 357 - Civil Disturbances and Demonstrations

Bias-Based Policing

402.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the University of Oregon Police Department's commitment to policing that is fair and objective (ORS 131.920).

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, student programs, community group outreach, partnerships).

402.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Bias-Based Policing

402.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.5 SUPERVISOR RESPONSIBILITIES

 - (b) Reviews will be conducted in the presence of the subject officer.
 - (c) Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

402.6 ADMINISTRATION

The Operations Captain of Administration should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police. The annual report should not contain any identifying information about any specific complainant, citizen, or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

Bias-Based Policing

402.7 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Captain of Administration.

402.7.1 DEPARTMENT OF PUBLIC SAFETY STANDARDS AND TRAINING

The Captain of Administration should ensure that officers receive training implemented by the Department of Public Safety Standards and Training regarding procedures to facilitate the collection of officer-initiated traffic and pedestrian stop data (ORS 131.935).

Police S.T.O.P.'s Statistical Transparency of Policing

403.1 PURPOSE AND SCOPE

This policy states unequivocally that profiling and bias-based policing by the University of Oregon Police Department will not be tolerated. This policy ensures UOPD compliance with HB 2355.

403.1.1 DEFINITIONS

Definitions related to this policy include:

Profiling – Profiling means that a law enforcement agency or law enforcement officer targets an individual for suspicion of violating a provision of law based solely on the real or perceived factor of the individual's age, race, ethnicity, color, national origin, language, gender, gender identity, sexual orientation, political affiliation, religion, homelessness or disability, unless the agency or officer is acting on a suspect description or information related to an identified or suspected violation of a provision of law.

Bias-based Policing - An inappropriate reliance on protected class characteristics such as those listed above as a factor in deciding whether to take law enforcement action or to provide law enforcement services.

Protected Class – As defined by University of Oregon Policy Number: V.11.02

403.2 POLICY

The University of Oregon Police Department expects its employees to provide equitable law enforcement services to the community with due regard for the protected class status of those served. The Department will provide equal protection under the law to the people we contact and provide it fairly and without discrimination toward any individual or group. University of Oregon Police employees are forbidden to engage in profiling or bias-based policing practices. The University of Oregon Police Department will investigate all complaints of profiling received by the agency.

403.3 USE OF PROTECTED CLASS AS A DESCRIPTION

Nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause. This policy does not prohibit an officer from initiating a conversation with any person, so long as a reasonable person would conclude that they are free to go at any time.

403.4 DEPARTMENT RESPONSIBILITY

Every member of this department shall perform his or her duties in a professional, fair, and objective manner.

University of Oregon Police Department

Police S.T.O.P.'s Statistical Transparency of Policing

403.4.1 DETENTIONS

University of Oregon Police Department officers will always ensure the stopping, detaining, frisking, and/or searching any person is based on current and accepted legal principles.

Nothing in this policy requires an officer to document a contact that would otherwise not require reporting.

If any employee is informed or perceives from a contact that the person contacted believes they have been contacted based upon bias by the officer, the employee should immediately notify a sworn supervisor.

403.4.2 RECORDING INFORMATION ON STOPS BY POLICE

Officers will record data on each traffic stop and person stop they conduct. The data collection program will be called the Statistical Transparency of Policing (STOP) program in partnership with the State of Oregon program. The data acquired for this purpose does not contain the identity of any persons and officers will not ask for identifying information solely for the purposes of collecting this statistical data. When data for this program is not readily available via an official document such as a driver's license, officers shall record data based on their observations and perceptions. The information to be recorded will include, but is not limited to:

- Officer ID
- Stop date and time
- Location of the stop
- The race, ethnicity, age, and sex of pedestrian or operator of the motor vehicle stopped, based on the observations of the law enforcement officer responsible for reporting the stop
- Nature of, and statutory citation for, the traffic stop or person stop
- The disposition of the stop
- Number of passengers
- Age, race and sex of any passengers (Only collected if passengers are arrested, cited, detained, or searched)
- Whether or not the driver, any passengers, or the vehicle was searched by officers
- Type of search (Warrant, Vehicle Inventory, Consent, Search Incident to Arrest, Mobile Vehicle)
- Contraband located during search (Guns, Money, Alcohol, Weapons)

403.5 SUPERVISOR RESPONSIBILITY

Supervisors shall monitor those individuals under their supervision for any behavior that may conflict with the purpose of this policy and policy 402- Bias-Based Policing.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Police S.T.O.P.'s Statistical Transparency of Policing

Supervisors may review video recordings, MDC data and any other available resource used to document contact between officers and the public to ensure compliance with this and other department policy. The review of any Body Worn Cameras and/or In-Car Video systems should be performed in the presence of the officer, unless a complaint has been filed.

Recordings that capture a potential instance of bias-based policing should be retained for administrative investigation purposes. Supervisors must ensure officers are completing STOP records for all qualifying stops.

403.6 ADMINISTRATION

The Captain of Administration will provide all STOP data to the Oregon Criminal Justice Commission in compliance with HB 2355. The Captain of Administration shall also complete an annual report and submit to the office of the chief identifying all STOP data in comparison to our community demographics. This report will be submitted no later than February 1.

While not required by law, the University of Oregon Police Department will post all STOP data on our public facing website each month to clearly demonstrate our commitment to transparency.

The Records Unit will ensure that a report of the data collected is prepared and transmitted to the Oregon Criminal Justice Commission annually.

403.7 TRAINING

The Department will schedule annual training on conducting Professional Police Contacts. This training can include, but is not limited to: biased-based policing, constitutional protections and search and seizure, cultural diversity, de-escalation techniques, and interpersonal communications skills as outlined in the department training plan.

Briefing Training

404.1 PURPOSE AND SCOPE

Briefing training is generally conducted before a patrol officer's assigned shift. Briefing training provides an opportunity for important exchange between employees and supervisors. A supervisor generally conducts Briefing training; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations
- (b) Notifying officers of changes in schedules and assignments
- (c) Notifying officers of new Special Order or changes in Special Order
- (d) Reviewing recent incidents for training purposes
- (e) Providing training on a variety of subjects

404.2 PREPARATION OF MATERIALS

The supervisor conducting Briefing training is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

406.2 CRIME SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident generally is responsible for the preservation of the scene. Officers shall also consider officer safety and public safety issues, including rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene the officer shall continue until relieved by a supervisor.

406.2.1 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Ensure that no suspects are still within the area.
- (b) Broadcast emergency information, including all requests for additional assistance.
- (c) Provide first aid to injured parties if it can be done safely.
- (d) Secure the inner perimeter with crime scene tape.
- (e) Protect items of apparent evidentiary value.
- (f) Start a chronological log, noting critical times and personnel allowed access.

406.2.2 MEDIA ACCESS

Media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities within the provisions set forth in Policy 346.

406.2.3 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to execute and enforce lawful orders of the local health officer issued for the purpose of preventing the spread of any contagious, infectious or communicable disease.

406.3 SEARCHES AT CRIME OR DISASTER SCENES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Crime and Disaster Scene Integrity

406.3.1 AUTHORITY TO SEARCH

In order to search, officers must have probable cause to believe that a crime has occurred and evidence of the crime will be found at the location. Absent consent, a search warrant is generally required to authorize continued search once a scene is stabilized.

406.3.2 CONSENT

Any person who has an expectation of privacy has standing to object to a search. That may include anyone with a property interest in the location, as well as any resident, tenant, or guest, depending on the circumstances. It may not be possible to identify everyone with standing to object, and from whom consent must be obtained, at the early stages of the investigation. Officers should obtain consent to search from authorized individuals where possible, but should also consider obtaining consent and a search warrant in the case of serious crimes or major investigations.

Ride-Along Policy

410.1 PURPOSE AND SCOPE

The Ride-Along Program provides an opportunity for persons to experience the law enforcement function first hand. This policy provides the requirements, approval process, and hours of operation for the Ride-Along Program.

This policy does not apply to full time UOPD employees who schedule or are assigned to a ride-along for on-going training purposes. The employee's supervisor, or assigned training officer, will approve and facilitate the ride-along with Patrol team supervisors and/or the Executive Coordinator. The ride-along will occur while on-duty.

This policy does not apply to on-duty Police Officers from other jurisdictions who are accompanying a UOPD officer.

410.1.1 ELIGIBILITY

The UOPD Ride-Along Program is offered to residents, students, applicants with UOPD, police officers of other agencies and those employed within the University. Every attempt will be made to accommodate interested persons however any applicant may be disqualified without cause.

Factors that may be considered in disqualifying an applicant include, but are not limited to, the following:

- Being under the age of 18-years, unless specifically authorized by the Chief of Police
- Prior criminal history and probation/parole status (persons on active probation or parole, or persons who have been convicted of a felony crime are not eligible for ride-along)
- Pending criminal action
- Pending lawsuit against the Department
- Denial by any supervisor
- Evidence of alcohol or drug use

410.1.2 AVAILABILITY

The Ride-Along Program is available on most days of the week, with certain exceptions established by Operations staff. The ride-along times are normally up to 4 hour blocks. Exceptions to this schedule may be made as approved by the Executive Coordinator.

410.1.3 PERSONS WITH DISABILITIES

UOPD will attempt to make reasonable accommodation for a person with a disability who is requesting to ride, taking into consideration such factors as the person's abilities, the potential impact on the safety of the officer and the person requesting to ride, and any adverse impact on the ability of the officer to perform the duties which s/he is expected to perform.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Ride-Along Policy

410.2 PROCEDURE TO REQUEST A RIDE-ALONG

Ride-alongs will be scheduled by the Program Coordinator in cooperation with the Executive Coordinator. The Executive Coordinator has the final authority to decide whether a person will ride, and may allow short notice ride-alongs.

The Program Coordinator and Executive Coordinator will consider special requests for specific officers, specific shifts, or officer gender. Operational concerns will take precedence over requests. Absent special requests, female riders will be assigned to female officers when practical and when operational concerns allow.

The Program Coordinator will maintain all records of the program until a ride is completed. Archived files will be the responsibility of the Manager of Police Communications and Records.

- The program records contain sensitive information and therefore any paper or computer files will be maintained in a secure manner.

The participant will complete a ride-along Release and Agreement of Indemnification form.

- If the participant is under 18-years of age, a parent/guardian must authorize the participation.
- A new Indemnification form will be filled out for each ride-along.
- The form will be routed to the Records Section who will conduct the rider's criminal history and verify the date and time run.
- The form will be routed back to the Program Coordinator for determination of the rider's eligibility.

UOPD training ride-alongs will take precedence over other ride-alongs, but a previously scheduled ride-along will not be cancelled to accommodate a training request.

If the ride-along request is denied the Program Coordinator will contact the applicant and advise him/her of the denial.

410.2.1 PROGRAM LIMITATIONS AND REQUIREMENTS

Persons will be allowed to ride no more than once every 6 months. An exception would apply to the following: Cadets, Chaplains, Reserves, police applicants, and others with approval of the Executive Coordinator.

An effort will be made to ensure that no more than one person will participate in a ride-along during any given time period. Normally, no more than one participant will be allowed in the officer's vehicle at a given time.

Relatives/friends of officers may ride-along, subject to supervisory approval, no more than once every 6 months.

Applicants to UOPD may ride once during each shift per application period.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Ride-Along Policy

410.2.2 SUITABLE ATTIRE

Any person approved to ride along must wear clean and neat clothing. No unsafe or inappropriate clothing will be allowed (for example, open-toed shoes, offensive logos or torn clothing).

The rider will wear an "Observer" tag on their outer clothing, in a conspicuous location.

410.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty UOPD officers may not ride off-duty as that is considered a violation of the Fair Labor and Standards Act (FLSA).

Off-duty members of other law enforcement agency may participate in the ride-along program.

- The off-duty officer must be in good standing with their agency and may not be on discipline-related Administrative Leave.
- The off-duty officer shall not represent themselves as a peace officer or participate in any law enforcement activity, except as emergency circumstances may require.

410.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK AND RECORDS

All Ride-along applicants are subject to a criminal history check. The criminal history check will include a local records check, and inquiries to the Oregon Law Enforcement Data System (LEDS), the National Crime Information Center (NCIC), Computerized Criminal History (CCH), and Department of Motor Vehicles (DMV). The printed inquiry responses will be attached to the form and forwarded to the Program Coordinator for approval or disapproval.

Upon completion of the ride-along, the Ride-Along Evaluation Form and the Release and Agreement of Indemnification Form will be forwarded to the Manager of Police Communications and Records for archiving. Criminal History printouts will be destroyed consistent with LEDS requirements.

410.3 OFFICER'S RESPONSIBILITY

The officer shall advise the dispatcher that a rider is present in the vehicle as soon as possible, and supply the dispatcher with the rider's identity, in case of emergency. The officer shall notify the dispatcher when the ride is terminated.

Officers shall consider the safety of the rider at all times.

Officers should use discretion when encountering a potentially dangerous situation, and if feasible, let the rider out of the vehicle in a well-lit and safe place. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the rider at that location. The ride-along may be continued or terminated at this time.

Officers will notify their supervisor of any injury, complaint of injury or property damage to or by the rider.

Upon completion of the ride-along, the officer shall complete the Ride-Along Evaluation Form with any comments or concerns turn the form in to the Executive Coordinator. The Executive

Coordinator will review, approve and forward the form to the Manager of Police Communications and Records.

410.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct the rider in the conditions that limit participation. These instructions should include:

- (a) The rider will follow the directions of the officer.
- (b) The rider will not be allowed to attend briefings, unless they are an employee of UOPD or a police officer from another jurisdiction.
 - 1. Riders who are not employees of UOPD or police officers are not permitted access to sensitive law enforcement records, such as LEADS/AIRS/DMV returns, so reasonable efforts will be made to prevent them from viewing such information (for example, on an MDT).
- (c) The rider will not become involved in any enforcement activity, investigation (including accessing crime scenes of serious crimes), handling of evidence, discussions with victims or suspects, or handling any police equipment.
- (d) The rider is prohibited from taking photographs, or recordings, at any time without permission.
- (e) The rider may terminate the ride at any time.
- (f) The officer may return the rider to the station if the rider interferes with the performance of the officer's duties.
- (g) The rider may be allowed to continue riding during the transportation and booking process provided this does not jeopardize the rider's safety.
- (h) Officers will not allow any rider to be present in any situations that would jeopardize the rider's safety or cause undue stress or embarrassment to any person.
- (i) Under no circumstance shall a non-sworn rider be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person.
- (j) The rider will not be allowed to operate a patrol vehicle or any other UOPD equipment.
- (k) The rider will not approach any vehicle on a traffic stop, or enter other property where the occupant may have a privacy interest without permission from the occupant.

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. The following is to be the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed. See Oregon Revised Statutes 453.005(7) for a complete list.

412.2 HAZARDOUS MATERIAL RESPONSE

Initial approach to any known or suspected hazardous material incident should be done with extreme caution so that responders are not adversely affected by the hazardous material, thereby negating their effectiveness in protecting the public safety. Strict adherence to training, safety precautions and protective equipment usage is paramount.

412.2.1 UNIVERSITY PROPERTY

Employees may encounter situations involving suspected hazardous materials, such as containers at Campus Operations, reports of laboratory spills or materials near a garbage enclosure. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and the campus community. The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify type of hazardous substance. (Identification can be determined by looking at lab door signs, asking employees, looking at container labels).
- (b) Notify UO-EHS Duty Manager.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination; contact EFD for medical response if necessary.
- (d) Begin evacuation of immediate and surrounding areas depending upon extent of hazard.

412.2.2 PUBLIC WAYS AND TRANSPORTATION

The following steps should be considered at any scene involving suspected hazardous materials on public ways or involving public transportation:

- (a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting).
- (b) Notify Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Hazardous Material Response

- (d) Begin evacuation of immediate area and surrounding areas dependent on substance.
- (e) Notify Environmental Health and Safety Duty Manager if university property or personnel are involved.

412.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee through their supervisor on a Supervisors Accident Investigation Report that shall be forwarded via chain of command to the Division Commander.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

412.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that appropriate action is taken to lessen the exposure and, if necessary, obtain immediate medical treatment.

- In situations where exposure is minimal (for example, an employee enters a spill area and only smells the chemical at a distance) getting immediate medical treatment is unwarranted.
 - In such situations, consult with the Environmental Health and Safety Duty Manager
 - Always err on the side of medical treatment if there is doubt or the level of exposure is unknown

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through UO-EHS.

The employee or employees supervisor if the employee is unable, will complete a Workers Compensation form if medical treatment is sought, or if work time is lost (Oregon Revised Statutes 656.265). If an injury is not apparent but exposure to a hazardous substance is possible, the employee will complete a Supervisor's Accident Investigation Report (SAIR) indicating the circumstances of the event and the potential of an exposure.

Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY

It is the policy of the University of Oregon Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS

A supervisor who has probable cause to believe that a hostage is being held may order a telephone company to cut, reroute or divert telephone lines to prevent a suspect from communicating with anyone other than officers or other designated individuals (ORS 165.549).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Hostage and Barricade Incidents

414.3.2 FIRST RESPONDER RESPONSIBILITY

Until the Incident Commander has been designated, the first officer on the scene of an actual or potential hostage/barricade situation should consider addressing the following as time and resources permit:

- (a) Attempt to avoid confrontation in favor of controlling and containing the situation until the arrival of trained personnel and/or trained hostage negotiation personnel
- (b) Notification of tactical and hostage negotiation personnel
- (c) Notification of appropriate persons within and outside the agency, such as command officers
- (d) Establishment of inner and outer perimeters
- (e) Evacuation of bystanders and injured persons
- (f) Establishment of central command post and appropriate chain of command
- (g) Request for ambulance, rescue, and fire

414.3.3 INCIDENT COMMANDER

As the Incident Commander role is filled, unfinished responsibilities of the First Responder will transfer to the Incident Commander. In addition, the following responsibilities are added, and should not be assumed by the first responding officer(s).

- (a) Ensure that Departmental notifications are made (see Major Incident Notifications Policy)
- (b) Notification of tactical and hostage negotiation personnel
- (b) Notification of appropriate additional resources such as K-9 units, Air units, mutual aid, or investigative agency representatives
- (c) Request additional technical resources such as surveillance equipment necessary to view the scene adequately to support operations
- (d) Establish surveillance and pursuit units and control travel routes
- (e) Establish a media collection point, often in conjunction with the PIO, in order to avoid media tendencies to encroach on the scene

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Hostage and Barricade Incidents

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Hostage and Barricade Incidents

officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a SWAT team response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Hostage and Barricade Incidents

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the University during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Communications and Emergency Response Center.
- (i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the News Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

414.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Chief's decision, with input from the Incident Commander and SWAT Commander, whether to deploy the SWAT during a hostage or barricade situation. Once the Chief authorizes deployment, the SWAT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SWAT. The Incident Commander and the SWAT Commander or the authorized designee shall maintain communications at all times.

414.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

416.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When handling an incident involving a suspected explosive device, the following guidelines should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The EPD Explosive Disposal Unit (EDU) should be summoned for assistance. If EDU deems it necessary, they will call on a military explosive ordinance unit.
- (b) A minimum perimeter of 300 feet should be established around the location of the device. An access point should be provided for support personnel.
- (c) If the device is contained in a vehicle, a minimum perimeter of 1000 feet should be established around the vehicle. Modifications of this perimeter may be made based upon geography, buildings or other features. However, in these situations, the minimum of 300 feet will be maintained.
- (d) As much information as is available should be promptly relayed to the Executive Coordinator including:
 1. The stated threat.
 2. Exact comments.
 3. Time of discovery.
 4. Exact location of the device.
 5. Full description (e.g., size, shape, markings, construction) of the device.
- (e) The device should not be touched or moved except by qualified EDU personnel.
- (f) Radios (mobile or portable) should be left on for monitoring of information and instructions, however, no transmissions should be made within the safety perimeter of a suspected device or without adequate cover.
- (g) In establishing the perimeter and staging of responding personnel, consider the likelihood of secondary devices.
- (h) Explosive or military ordnance of any type should be handled only by the EDU or military ordnance disposal team.

Response to Bomb Calls

416.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic incidents, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds or additional damage by resulting fires or unstable structures. Whether the explosion was the result of an accident or a criminal act, the responding officers should consider the following actions:

- Assess the scope of the incident, including the number of victims and extent of injuries.
- Assist with first aid (Fire Department has primary responsibility).
- Assist with evacuation of victims (Fire Department has primary responsibility).
- Identify and take appropriate actions to mitigate scene hazards such as collapsed structures, blood borne pathogens, hazardous materials and secondary explosive devices.
- Request additional resources as needed.
- Identify witnesses.
- Preserve evidence.

416.3.1 NOTIFICATIONS

When an explosion has occurred, the following people or agencies shall be notified as soon as practicable if their assistance is needed:

- (a) Fire Department
- (b) Emergency Medical assistance
- (c) Explosive Disposal Unit
- (d) Additional officers
- (e) Field supervisor
- (f) Watch Commander
- (g) Detectives
- (h) Forensic Science Services
- (i) UO-Incident Management Team (UO-IMT) via UO-Internal Incident Notification (UO-IIN) protocols

416.3.2 CROWD CONTROL

Only authorized personnel with a legitimate need shall be permitted access to the scene. Spectators and other unauthorized individuals shall be excluded to a safe distance as is reasonably practicable given the available resources and personnel.

University of Oregon Police Department

Response to Bomb Calls

416.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a long distance. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

416.4 BOMB THREATS RECEIVED AT POLICE FACILITY

This procedure shall be followed should a bomb threat call be received at the police facility.

If the bomb threat was received in another manner, attempt to obtain as much information listed below as possible from the person who talked with the threat caller.

416.4.1 BOMB THREATS RECEIVED BY TELEPHONE

Utilize a Bomb Threat Checklist if one is available. The following questions should be asked if a bomb threat call is received at the Police Department:

- When is the bomb going to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Who are you? (to avoid possible termination of the call this should be the last question asked)

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these four basic questions.

During this time, document the following:

- Time of the call.
- Exact words of the person as accurately as possible.
- Estimated age and gender of the caller.
- Speech patterns and/or accents.
- Background noises.

If the incoming call is received at the police facility on a recorded line, steps shall be taken to ensure that the recording is preserved in accordance with current department evidence procedures.

416.4.2 RESPONSIBILITIES

1. If the threat is of an imminent nature, dispatch immediately. If the threat is of a delayed nature, do not dispatch.
2. Notify the Executive Coordinator and convey all known information.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Response to Bomb Calls

3. Any time a device is found, or the threat is so specific that there is a clear indication of the presence of a device, request the EDU from the Eugene Police Department.

416.4.3 RESPONDING OFFICER RESPONSIBILITIES

1. Utilize the same communication precautions as if a device has been found.

2. Identify and contact the building manager, or other responsible person. They must decide, (possibly in consultation with UOPD, VPFA or other administration representatives), whether to:

- (a) Take no action
- (b) Search without an evacuation
- (c) Evacuate and then search

3. Searches should be conducted by people familiar with the location. Officers should provide search advice and accompany the responsible person to help coordinate the search.

4. If a building has public access, the public areas should be searched first (i.e. reception areas, restrooms, utility and service rooms).

5. If a suspected device is found follow the guidelines in Section 416.2 of this policy.

- (a) Secure the scene as a crime scene
- (b) Meet EDU personnel and convey all known information. They will assume responsibility for the scene, but UOPD will likely retain responsibility for scene security and related issues.

416.4.4 SUPERVISORS / INCIDENT COMMANDER RESPONSIBILITIES

1. EDU should be contacted immediately if a suspected device is located. If no device is found, consult with EDU regarding any concerns about perimeter size or unusual circumstances.

2. Ensure sufficient perimeters are set.

3. If the location of a suspected device is an open area with little immediate cover, perimeter distances must be increased in order to utilize existing walls, buildings and geography to shield from a possible blast.

4. Identify staging areas and response routes for additional personnel and resources.

5. Notify the UO-Incident Management Team (UO-IMT) via UO-Internal Incident Notification (UO-IIN) protocols.

Mental Illness Commitments

418.1 PURPOSE AND SCOPE

This procedure describes an officer's duties when a person is to be committed to a mental health unit pursuant to Oregon Revised Statutes 426.070 to 426.228. The commitment of a person to a treatment facility or other confinement is controlled by Oregon Revised Statutes 426.070 through 426.225. Oregon Revised Statutes 426.228 authorizes peace officers to take mentally ill persons into custody.

418.2 AUTHORITY

An officer may take into custody a person the officer has probable cause to believe is dangerous to him/herself or to any other person and is in need of immediate care, custody or treatment for mental illness. An officer shall also take a person into custody at the direction of the community mental health program director when the director has probable cause to believe the person is imminently dangerous to him/herself or to another person. The director is mandated to prepare a report for the officer to deliver to the treating physician (ORS 426.228).

The officer shall transport the person to the nearest facility approved by the Oregon Health Authority (OHA) or will transfer custody of the person to a mental health representative authorized under ORS 426.233(3). At the facility or upon transfer, the officer shall ensure that a report is prepared and delivered to the treating physician or the person taking custody. The report shall state (ORS 426.228):

- (a) The reason for custody.
- (b) The date, time and place the person was taken into custody.
- (c) The name and phone number of the Community Mental Health Director.

If, upon delivery of the person to the facility, the attending physician finds the person is not in need of emergency care or treatment for mental illness, the person is to be released from custody. The officer or the program director shall return the person to the place where he/she was taken into custody, unless the person declines that service.

418.3 OFFICER CONSIDERATIONS AND RESPONSIBILITIES

Any officer responding to or handling a call involving a suspected or actual mentally disabled individual, a Police Officer Hold or other mental commitment, should consider utilizing the following as time and circumstances reasonably permit:

- (a) Any available information which might assist in determining the cause and nature of the mental illness or developmental disabilities, including the Law Enforcement Data System (LEDS) Medical Database.
- (b) Conflict resolution and de-escalation techniques.
- (c) Language that is appropriate for interacting with a mentally disabled person.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Mental Illness Commitments

- (d) If circumstances permit, alternatives to deadly force.
- (e) Any available community resources that can assist in dealing with a mentally disabled individual.

418.3.1 TRANSPORTATION

When transporting any individual for a mental illness commitment, the handling officer should have Communications and Emergency Response Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the patient and whether or not any special medical care is needed.

Officers may transport patients in the patrol unit and shall secure them in accordance with the handcuffing policy. Violent patients or those that are medically unstable may be restrained and transported by ambulance and ambulance personnel.

The officer will escort the patient into the facility and place that person in a designated treatment room as directed by a staff member. As soon as a security staff member becomes available, he/she should relieve the officer and physically remain in the treatment room with the patient.

If transportation to an appropriate facility will require more than one hour to accomplish, the transporting officer must obtain, if possible, medical clearance from an attending physician who has examined the person within the last 24 hours who certifies that the person is in need of immediate care or treatment for mental illness and that travel will not be detrimental to the person's physical health (ORS 426.228(3)).

418.3.2 RESTRAINTS

If the patient is violent or potentially violent, the officer will notify the staff of this concern. The staff member in charge will have discretion as to whether soft-restraints will be used. If these restraints are desired, the officer will wait while they are being applied to help provide physical control of the patient, if needed.

418.3.3 MENTAL HEALTH DOCUMENTATION

The officer shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention.

418.3.4 SECURING OF WEAPONS

If a receiving and secured facility prohibits weapons or if an extraordinary event occurs in the treatment facility and officers determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the police unit.

418.4 MENTALLY ILL PERSON CHARGED WITH A CRIME

When practical, any person charged with a crime who also appears to be mentally ill shall be booked at the University of Oregon Police Department before being transported to the authorized facility. If the person has injuries or some other medical condition, he/she may be taken directly to the hospital with the approval of a supervisor.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Mental Illness Commitments

418.5 SEIZING OF FIREARMS

Whenever a person has been detained or apprehended for examination pursuant to ORS 426.228 and is found to have in his/her possession or under his/her direct control, any firearm, the weapon should be taken into temporary custody for safekeeping by the handling officer. Any weapons seized shall be booked into property pending disposition.

The firearm should be seized as evidence if appropriate. Officers shall document the violation in a crime report.

This policy does not provide an officer with the authority or permission to conduct a search for weapons beyond that allowed under the law.

418.5.1 RETURN OF CONFISCATED FIREARMS

Any firearm taken into custody for safekeeping under section 418.5 will be returned to the lawful owner upon request unless the owner is prohibited from possessing firearms by court order, parole or probation terms or pursuant to ORS 166.250.

Prior to releasing any weapon, property personnel shall be required to ensure that the person is lawfully eligible to possess the weapon.

A seized weapon shall be eligible for release to the lawful owner or other authorized individual unless such weapon is evidence in a criminal matter or there is other independent lawful reason to retain custody of the weapon.

418.6 TRAINING

As a part of advanced officer training programs, this agency will endeavor to include DPSST approved training on interaction with mentally disabled persons.

Letters of Trespass

419.1 PURPOSE AND SCOPE

This policy is designed to provide general guidelines for the issuance of Letters of Trespass (LOT) by UOPD officers.

Persons who are not current faculty, staff or students are considered to be visitors to the campus. Campus environs may be used by visitors, subject to conditions. Visitors, while on campus, who violate the laws of the State of Oregon (ORS), University Policies, or Oregon Administrative Rules (OAR), are subject to prohibition for using all or some University buildings or property.

419.2 AUTHORITY

The public buildings and lands of the University are under the care and oversight of the State Board of Higher Education (ORS 351.060). The University of Oregon President is delegated the specific duties of maintaining these public buildings and land (ORS 352.004). The President of the University of Oregon has delegated to the Chief of Police of UOPD the responsibilities of maintaining a safe, peaceful, welcoming and crime-free campus (Policy Statement 8.00 Safety and Security). Officers of UOPD are authorized to act as "Person in Charge" of buildings or property, especially absent a more defined person designated by the University. Further, ORS statutes relating to Trespass constitute the legal criteria for determining a trespass violation.

419.3 GENERAL GUIDELINES FOR ISSUANCE OF LETTER OF TRESPASS

Persons who are subject to being issued a LOT are:

- Persons who commit violations of ORS, OAR or University Rules
- Persons who are using University buildings, facilities or land contrary to its normal use, or special use limitations designated by the University (for example, special events)
- Persons who have been served with a LOT and return to University property under conditions contrary to restrictions may be cited and/or arrested for the appropriate criminal trespass charge

Additional guidelines:

- Persons may be directed to leave a specific area of the campus, even though the rest of the campus remains open to them.
- Persons may be directed to leave, and not return, to any campus property.
- Persons may be banned from certain areas of the University, but have access to others to conduct lawful business if approved by the Chief of Police.
- Members of the University community who fall into the categories discussed above will be handled through the appropriate Dean, department head, or Student Affairs.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Letters of Trespass

However, they may be directed to leave certain areas until such time as normal action can be taken by the University.

419.4 APPEAL

Persons may appeal their removal from University property by mailing a written appeal to the Chief of Police within 30 days, but the notice of trespass will be in effect until that process has been complete and a decision by the Chief has been delivered to them.

The appeal should include the reason(s) why the person was on campus property at the time, the person's future need to be on University property, and any other information the person wishes to be considered.

The Chief, or designee, will review the circumstances and decide whether to support the restrictions imposed by the notice, or modify them. That decision will be delivered to the person in writing via certified mail, or hand delivered if certified mail is not practical.

The person may appeal the decision to the Vice President of Administration by submitting a written appeal within 10 days of receiving notice of the Chief's decision. The Chief's decision remains in effect during the appeal.

419.5 DOCUMENTATION

- (a) Upon first issuing a restriction to access University property to a person, officers will hand deliver a LOT and explain the limitations and appeal process to the person.
- (b) Officers will notify communications about the LOT and specifics regarding the recipient and/or conditions.
- (c) The LOT will be submitted to the dispatcher prior to the end of the watch so that the LOT can be scanned into the appropriate database in order to provide for immediate access to oncoming shifts. Police Records Unit will attach the LOT to the written report and they will be submitted in the same manner as an arrest report.
- (d) Police Records Unit will ensure that the required data entry is completed so that date of trespass as well as any special circumstances is available to officers.

Citation Releases

420.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the University of Oregon Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

See also Policy 421-Municipal Citation Authority

420.2 RELEASE

A suspected offender may be released on issuance of a criminal citation if the officer has probable cause to believe that the person has committed a misdemeanor or has committed any felony that is subject to misdemeanor treatment under ORS 161.705 (reduction of certain felonies to misdemeanors) (ORS 133.055).

420.2.1 CITATION RELEASES ON WARRANTS

If the offense is not excluded under ORS 133.055, the court may authorize an officer to issue and serve a criminal citation in lieu of arrest (ORS 133.110).

420.3 PROHIBITIONS

The release of a suspected offender on a citation is not permitted when:

- (a) The officer has probable cause to believe that the person has been served a valid restraining order as described in ORS 133.310 (orders relating to stalking, elder and disability abuse, sexual abuse) and the person has violated the terms of the order (ORS 133.310).
- (b) The officer has probable cause to believe that the person has been charged with an offense under ORS 135.230 through ORS 135.290 (sexual offenses, domestic violence, methamphetamine crimes), and is presently released and has failed to comply with a no contact condition to the release agreement (ORS 133.310).
- (c) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others (release may occur as soon as this condition no longer exists).
 1. Any officer encountering a person who is intoxicated or under the influence of controlled substances in a public place and who is incapacitated, whose health appears to be in immediate danger, or there is reasonable cause to believe the person is dangerous to him/herself or to any other person, shall transport the individual to the nearest appropriate treatment facility or sobering facility (ORS 430.399).

See the Domestic Violence Policy for release restrictions related to those investigations.

420.4 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, officers should consider:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Citation Releases

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

420.5 REQUESTING CASE NUMBERS

Traffic infractions may be issued without case numbers and the necessary information can be documented on the reverse side of the Uniform Traffic Citation. For traffic crimes, local ordinance violations, state misdemeanors and qualified felonies, and all citations subsequent to the service of an arrest warrant, case numbers will be drawn. If the incident involves a citation issued subsequent to the service of a local arrest warrant where a University of Oregon Police Department case number already exists, that case number shall be used.

420.6 POLICY

The University of Oregon Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

Municipal Citation Authority

421.1 PURPOSE AND SCOPE

The purpose of this policy is to define the authority for UOPD to issue City of Eugene municipal citations and to identify under what circumstances these citations may be issued.

Arrest or Detention of Foreign Nationals

422.1 PURPOSE AND SCOPE

Article 36 of the Vienna Convention on Consular Relations, sets forth certain rights of foreign nationals from member countries when arrested, detained or imprisoned by law enforcement officials in this country. This section provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate our authorities to notify the consulate upon the person's detention, regardless of whether the detained person(s) request that his or her consulate be notified. The list of specific countries that the United States is obligated to notify is listed on the US Department of State website.

422.1.1 DEFINITIONS

Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual-citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity received from violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY

The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Arrest or Detention of Foreign Nationals

422.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities.

422.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul, and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

422.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

422.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered with the Department of State and are issued distinctive identification cards by the Department of State Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and, on the reverse side, a brief description of the bearer's immunity status. Unfortunately, these identification cards are not always promptly issued by the Department of State. In addition to the Department of State identification card, Foreign Service personnel should also have a driver license issued by the Department of State Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state.

422.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have Oregon license plates with an "honorary consul"

label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state, if the officer has reason to question the legitimate possession of the license plate.

422.5 ENFORCEMENT PROCEDURES

The following procedures provide a guideline for handling enforcement of foreign nationals:

422.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the arresting officer:

- (a) Identification documents are to be requested of the claimant
- (b) The title and country represented by the claimant are to be recorded on the back of the officer's copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear
- (c) The violator shall be provided with the appropriate copy of the notice to appear

422.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention (unless they have no identification and the detention is to verify their diplomatic status). Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in Policy Manual § 422.6 of this policy.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim (unless restraint is necessary for the protection of the officer or others.)

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

- (a) Identification cards issued by the Department of State, Protocol Office, are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), and Official (green bordered), The Department of State identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.
- (b) Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an

individual claims immunity and cannot present satisfactory identification, the officer has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement personnel should use the following numbers in order of preference:

Office of Foreign Missions	Diplomatic Security Service
San Francisco, CA	915 Second Avenue, Room 3410
(415) 744-2910, Ext.. 22 or 23	Seattle, WA 98174

(0815-1700 EST)	(Available 24 hours)
	(202) 647-0122 FAX

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by Office of Emergency Services, local law enforcement agencies, the foreign embassy, or consulate; driver licenses issued by Department of State; and, Department of State license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified, but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and

University of Oregon Police Department

University of Oregon Police Department Policy Manual

obtained whenever possible, however, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving Under the Influence (DUI) Arrest-Investigation Report, Arrest-Investigation Report and/or any other relevant Report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued by the command concerned. The Department of State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.

422.6 TRAFFIC COLLISIONS

Persons involved in traffic collisions who possess a Department of State OFM Diplomatic Driver License, issued by the DMVO, shall have "D" coded in the license "class" box of the Traffic Collision Report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country, and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in Policy Manual § 422.5 of this chapter.

422.6.1 VEHICLES

Vehicles, which are owned by subjects with full immunity, may not be searched, stored, or impounded without the owner's permission. (Such permission may be assumed if the vehicle has been stolen.) These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

422.6.2 REPORTS

A photocopy of each traffic collision report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Chief of Police within 48 hours whether or not the claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country, and type of identification presented (if applicable). In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement contact that should be reported to the Department of State for further action. The Watch Commander/Supervisor apprised of the incident/accident shall also send a copy of all documents and reports submitted by the investigating officer along with any supervisor's notes, materials and/or logs to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure that notification of Department of State and all necessary follow-up occur.

422.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

Officers may only arrest foreign nationals not claiming diplomatic or consular immunity under the following circumstances:

- (a) There is a valid warrant issued for the person's arrest.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Arrest or Detention of Foreign Nationals

- (b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law, or a local ordinance.
- (c) Officers shall not arrest foreign nationals solely for alleged undocumented entry into the United States.

Because undocumented presence is strictly a federal civil violation, it is only enforceable by federal officers therefore officers of this department shall not arrest foreign nationals solely for undocumented presence. Officers shall not stop or detain persons solely for determining immigration status.

422.7.1 ARREST PROCEDURE

Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

This procedure applies to detentions of more than two hours. An inquiry is not required if the individual is detained less than two hours for criminal investigation.

If the individual indicates that he/she is other than a U.S. citizen, the officer shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the officer shall contact Communications and Emergency Response Center as soon as practical and request the appropriate embassy/consulate be notified. Officers shall provide Communications and Emergency Response Center with the following information concerning the individual:

- Country of citizenship
- Full name of individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention if different from the Department itself

If the foreign national claims citizenship of one of the countries listed by the US Department of State as requiring mandatory consular notification, officers shall provide Communications and Emergency Response Center with the information above as soon as practical whether or not the individual desires the embassy/consulate to be notified. This procedure is critical because of treaty obligations with the particular countries. The list of mandatory notification countries and jurisdictions can be found on the US Department of State website.

422.7.2 DOCUMENTATION

Officers shall document on the face page and in the narrative of the appropriate Arrest- Investigation Report the date and time Communications and Emergency Response Center was notified of the foreign national's arrest/detention and his/her claimed nationality.

Rapid Response And Deployment Policy

424.1 PURPOSE AND SCOPE

Violence in schools, workplaces and other locations by any individual or group of individuals presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers as they make decisions in these rapidly unfolding and tense situations.

424.2 POLICY

The policy of this department in dealing with the crisis situation shall be:

- (a) To obtain and maintain complete operative control of the incident.
- (b) To explore every reasonably available source of intelligence regarding the circumstances, location, and suspect(s) in the incident.
- (c) To attempt, by every means available, to attain any tactical advantage over the responsible individual(s).
- (d) To attempt, whenever feasible, a negotiated surrender of the suspect(s) and release of the hostages through the expertise of the members of this department and others.
- (e) When an emergency situation exists, neutralize the threat as rapidly as reasonably possible to minimize injury and loss of life.

Nothing in this policy shall preclude the use of necessary force, deadly or otherwise, by members of this department in protecting themselves or others from death or serious injury.

424.3 PROCEDURE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to immediately eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

When deciding on a course of action officers should consider the following:

- (a) Whether sufficient personnel are available on-scene to advance on the suspect. Any advance on a suspect should be made using teams of two or more officers whenever reasonably possible.
- (b) Whether individuals who are under imminent threat can be moved out of danger with reasonable safety.
- (c) Whether the officers have the ability to effectively communicate with others in the field.
- (d) Whether planned tactics can be effectively deployed.

University of Oregon Police Department

Rapid Response And Deployment Policy

- (e) The availability of rifles, shotguns, shields, control devices and any other appropriate tools, and whether the deployment of these tools will provide tactical advantage.
- (f) In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).
- (g) If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, the officer should take immediate action, if reasonably possible, to stop the threat presented by the suspect while calling for additional assistance.

Immigration Violations

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the University of Oregon Police Department relating to immigration and interacting with federal immigration officials.

428.2 POLICY

It is the policy of the University of Oregon Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

428.2.1 ORS 181.850

Oregon Revised Statutes of Enforcement of federal immigration laws

(a) No law enforcement agency of the State of Oregon or of any political subdivision of the state shall use agency moneys, equipment or personnel for the purpose of detecting or apprehending persons whose only violation of law is that they are persons of foreign citizenship present in the United States in violation of federal immigration laws.

(b) Notwithstanding subsection (1) of this section, a law enforcement agency may exchange information with the United States Bureau of Immigration and Customs Enforcement, the United States Bureau of Citizenship and Immigration Services and the United States Bureau of Customs and Border Protection in order to:

(1) Verify the immigration status of a person if the person is arrested for any criminal offense; or

(2) Request criminal investigation information with reference to persons named in records of the United States Bureau of Immigration and Customs Enforcement, the United States Bureau of Citizenship and Immigration Services or the United States Bureau of Customs and Border Protection.

(c) Notwithstanding subsection (1) of this section, a law enforcement agency may arrest any person who:

(1) Is charged by the United States with a criminal violation of federal immigration laws under Title II of the Immigration and Nationality Act or 18 U.S.C. 1015, 1422 to 1429 or 1505; and

(2) Is subject to arrest for the crime pursuant to a warrant of arrest issued by a federal magistrate.

(d) For purposes of subsection (1) of this section, the Bureau of Labor and Industries is not a law enforcement agency.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Immigration Violations

(e)As used in this section, warrant of arrest has the meaning given that term in ORS 131.005 (General Definitions)

428.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or Oregon constitutions.

428.4 DETENTIONS

This department does not participate in routine immigration investigation and enforcement activities (ORS 181A.820).

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer may arrest any person who is the subject of an arrest warrant issued by a federal magistrate for a criminal violation of federal immigration laws (ORS 181A.820).

An officer should notify a supervisor as soon as practicable whenever an individual is being detained or arrested for a criminal immigration violation.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Immigration Violations

428.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

428.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

428.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

428.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

428.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

428.7.2 NON-DISCLOSURE OF CERTAIN INFORMATION

Except as required by state or federal law, members should not disclose for the purpose of enforcement of federal immigration laws the following information about a person or his/her known relatives or associates, whether current or otherwise (ORS 180.805):

- (a) The person's address
- (b) The person's workplace or hours of work

Immigration Violations

- (c) The person's school or school hours
- (d) The person's contact information, including telephone number, email address, or social media account information
- (e) The identity of known associates or relatives of the person
- (f) The date, time, or location of a person's hearings, proceedings, or appointments with the Department that are not matters of public record

428.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigation Unit supervisor assigned to oversee the handling of any related case. The Investigation Unit supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner (2019 Oregon Laws, c. 472, § 1).
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

428.8.1 DENIAL OF CERTIFICATION

If certification is denied, the Investigation Unit supervisor shall inform the petitioner in writing regarding the reason for the denial as provided in 2019 Oregon Laws, c. 472, § 1. A copy of the notice shall be kept for a minimum of three years and in accordance with the established records retention schedule (2019 Oregon Laws, c. 472, § 1).

428.8.2 TIME FRAME FOR COMPLETION

Except under circumstances where there is good cause for delay, the Investigation Unit supervisor shall process the certification for the U visa or T visa within 90 days of the request, unless the victim is in federal immigration removal proceedings, in which case the certification shall be executed within 14 days after the request is received (2019 Oregon Laws, c. 472, § 1).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Immigration Violations

428.8.3 U VISA AND T VISA DOCUMENTATION

The Investigation Unit supervisor shall collect written documentation regarding the number of certification forms that are (2019 Oregon Laws, c. 472, § 2):

- (a) Requested by a victim.
- (b) Granted.
- (c) Denied, with the reason for denial.

The Investigation Unit supervisor or the authorized designee should ensure that the information collected regarding certification forms is transmitted in a timely manner to the Records Section for annual reporting to the Oregon Criminal Justice Commission.

428.9 TRAINING

The Captain of Administration should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Aircraft Accidents

434.1 PURPOSE AND SCOPE

This policy describes situations involving aircraft accidents including responsibilities of personnel, making proper notification and documentation. The nature of aircraft crashes are such that multiple jurisdictions are involved in the same incident. The UOPD will coordinate with all involved agencies by establishing an appropriate ICS/Unified Command structure via the UO-Incident Management Team (UO-IMT) as soon as it is practical.

434.2 RESPONSIBILITIES

In the event of an aircraft crash the employee responsibilities are as follows:

434.2.1 OFFICER RESPONSIBILITY

Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. If a military aircraft is involved, additional dangers, such as live ordnance or hazardous materials, may be present. The scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft accident include the following:

- (a) Determine the nature and extent of the accident.
- (b) Request additional personnel and other resources to respond as needed.
- (c) Provide assistance for the injured parties until the arrival of fire department personnel and/or other emergency personnel.
- (d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
- (e) Treat all affected areas as a crime scene, taking into consideration inner and outer perimeters.
- (f) Provide crowd control and other assistance until directed otherwise by a supervisor.
- (g) Ensure that the medical examiner's office is notified if a death occurs.
- (h) If there appears to be a large number of fatalities, consider contacting the County Health Department for mass casualty assistance.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

The fire department will be responsible for operations within the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Police

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Aircraft Accidents

are responsible for preserving the scene until relieved by the investigating authority. Scene and evidence security must be established in a manner that does not compromise fire, rescue or medical operations.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An airport service worker or the airport manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

434.2.2 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft incident the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, whether or not injuries or deaths have occurred.

If the accident did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an onsite investigation, at the discretion of the pilot or the owner.

434.2.3 COMMUNICATIONS AND EMERGENCY RESPONSE CENTER RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft accident has occurred.

- (a) Fire Department
- (b) The affected airport tower
- (c) Closest military base if a military aircraft is involved
- (d) Ambulances or other assistance as required
- (e) UO-Incident Management Team (UO-IMT) via the UO-Internal Incident Notification (UO-IIN) protocols

When an aircraft accident is reported to the Police Department by the airport tower personnel the dispatcher receiving such information should verify that the tower personnel will contact

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Aircraft Accidents

the Federal Aviation Administration (FAA) Flight Standards District Office and the National Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the FAA and the NTSB.

434.2.4 COMMUNICATIONS AND EMERGENCY RESPONSE CENTER MANAGER RESPONSIBILITIES

The Captain of Administration is responsible for the following:

this department in a similar fashion and becomes employed by another governmental agency similarly situated, UOPD may seek reimbursement for its training costs.

The Chief will determine if UOPD will seek reimbursement of its training costs. The UOPD Director of Administrative Services will be responsible for arranging for reimbursement, in either case.

Contacts and Temporary Detentions

440.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

440.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile/Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk or pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others (ORS 131.625).

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Stop - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion that the person has committed or is about to commit a crime (ORS 131.615).

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

440.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Contacts and Temporary Detentions

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the University of Oregon Police Department to strengthen community involvement, community awareness, and problem identification.

440.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in the area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

440.3 FRISK OR PAT-DOWN SEARCHES

A frisk or pat-down search of a stopped person may be conducted whenever an officer reasonably believes that the person may possess a dangerous or deadly weapon and presents a danger to the officer or other persons present (ORS 131.625). The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Contacts and Temporary Detentions

440.4 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

440.4.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

440.4.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

440.4.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review it and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Contacts and Temporary Detentions

440.4.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

440.5 POLICY

The University of Oregon Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

440.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Street Gangs

- (a) A person can be designated as a gang member if there is reasonable suspicion that the subject has conspired to commit, or has committed, a crime in accordance with any one of the following:

Criminal Street Gangs

- (c) Designation as a gang associate requires that:
 - 1. Based on the training and experience of the officer, there is documented reasonable suspicion to believe the suspect is involved in a criminal gang, however, there is not enough documentation to designate them a gang member. For example, the subject is in a photograph with other people who collectively display criminal gang signs or apparel to exhibit solidarity.
- (d) Combined with any other element from the above categories, documented reasonable suspicion based on the training and experience of the officer can be used to designate a subject as a gang member.

442.2.3 GANG INFORMATION OFFICER

UOPD participates with all local and regional gang documentation efforts and submits all gang related information to the Eugene Police Department for inclusion in that process.

Oregon Revised Statute 181.575 prohibits the retention of information except when that information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct. Information that is not directly associated with the investigation of a crime will not be retained in the Gang Information Officer's files. Investigative reports may be stored in the normal department records system if the information otherwise meets normal department reporting and records retention criteria.

442.5 GANG INCIDENT INVESTIGATION

The Department will assign investigations in the most effective manner; utilizing the Gang Information Officer(s) and Gang Unit Supervisor where needed to quickly and efficiently investigate gang incidents. Officers who are investigating criminal activity and who have need of information regarding gang activity from other agency files may request the assistance of the Gang Information Officer or Gang Unit Supervisor in retrieving the required information.

442.5.1 SHARING OF INFORMATION

Officers who develop or learn information about documented criminal gangs or gang associates related to potential criminal activity should share the information with other officers through established sharing methods. Information that is shared, must also be documented as per this policy to avoid an inadvertent miscommunication or establishment of gang files/records that do not comply with the criteria of this policy.

The Gang Information Officer and Gang Unit Supervisor will participate with local and regional gang information processes and act as a conduit of information from other agencies to members of UOPD.

Criminal Street Gangs

442.6 CRIMINAL GANG INTELLIGENCE DATABASES

While this policy does not establish a criminal gang intelligence database or permanent file, as described in OAR 137-090-0080, the Chief of Police may approve one or more criminal gang intelligence databases, such as a statewide repository, for use by members of the gang unit. Any such database should be compliant with 28 CFR 23.20 and OAR 137-090-0000 et seq., regulating criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the gang unit supervisor's responsibility to determine whether a report or Field Interview (FI) contains information that would qualify for entry into a department approved criminal gang intelligence database in consultation with the agency in charge of the database if it is not sponsored by UOPD.

Validation and purging of the criminal gang intelligence database authorized for UOPD entry is the responsibility of the gang unit supervisor.

442.6.1 REVIEW AND PURGING OF TEMPORARY CRIMINAL GANG PARTICIPANT FILE

Temporary files shall not be retained longer than one year. At the end of one year, temporary files must be purged if the information does not qualify for entry into a department-approved criminal gang intelligence database.

The gang unit supervisor shall periodically review temporary files to verify that the information was properly obtained and meets the criteria for retention. Validation and purging of temporary criminal gang files is the responsibility of the gang unit supervisor. Retention and purging shall correspond to the department's established records retention guidelines.

The gang unit supervisor should otherwise ensure that temporary criminal gang participant files and "working files" are maintained under the model of OAR 137-090-0080.

442.7 FIELD CONTACTS

Officers who contact individuals who are or may be participants in criminal street gang activity should complete an FI card and document the reasonable suspicion underlying the contact and the exact circumstances leading to the suspicion that the individual is a criminal street gang participant (e.g., subject states he/she is a member of XYZ gang, has XYZ tattoo on right hand near thumb, is wearing a ball cap with the gang name printed in blue or red ink).

Photographing known or suspected criminal street gang participants shall be done in accordance with the provisions of the Detentions, Contacts and Photographing Detainees Policy.

442.8 INQUIRY BY PARENT OR GUARDIAN

When an inquiry is made by a parent or guardian as to whether a juvenile's name is in the temporary criminal street gang participant's file, such information shall be provided by the Gang unit supervisor unless there is good cause to believe that the release of such information may jeopardize an ongoing criminal investigation.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Criminal Street Gangs

If the inquiry is made by a parent or guardian regarding a non-juvenile, the information may be provided at the discretion of the gang unit supervisor, however, if the subject is a student at the U of O, the supervisor will consult with General Counsel to avoid FERPA issues.

Employees must observe strict compliance with the rules of a department-approved gang intelligence database regarding release of information from that database.

442.9 DISSEMINATIONS OF THE FILE INFORMATION

Information from the temporary criminal street gang participant files may only be furnished to department personnel and other public law enforcement agencies on a need-to-know basis. This means information that may be of use in the prevention of gang-related criminal activity or information concerning the investigation of gang-related crimes shall only be released to members of this department and other law enforcement agencies.

Information from any department-approved gang intelligence file must only be released in compliance with the rules for that particular database.

Mobile Audio Video

446.1 PURPOSE AND SCOPE

446.2 POLICY

It is the policy of the University of Oregon Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

446.3 OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. System documentation is accomplished by the officer logging on to the system at the start and logging off at the end of each shift. If any of the systems are malfunctioning, the officer shall take the device or vehicle out of service. In the case of MAV, a supervisor may request the vehicle remain in service.

- (a) At the start of each shift, officers should test the system's on-off-record functions for proper operation.
- (b) At the end of the shift, each officer will upload any recordings.

- (c) The MAV wireless microphone shall be worn at all times by officers assigned to a patrol function. A body worn camera may be worn in lieu of using the MAV wireless microphone.
- (d) Uniformed officers shall carry the MAV wireless microphone or body worn camera while on duty, in a manner that allows for easy operation without impairing equipment capabilities.
- (e) At no time should an officer jeopardize his/her safety in order to activate any device.
- (f) Officers shall not use any device for personal use.
- (g) A supervisor observing or directing officers need not record the contact unless they become actively involved with the participants in the incident.
- (h) Written reports should state that a recording device was used.
- (i) Officers shall not intentionally delete any recordings. Inadvertent deletions must be reported immediately to the officers supervisor.
- (j) Officers will ensure that the MAV cameras are always pointed in a direction that best captures the intended field of view.

446.3.1 CLASSIFICATION OF UPLOADED RECORDINGS

Officers will classify uploaded recordings as an "incident" if it is anticipated the recording could be used as evidence in a future criminal or administrative proceeding.

Officers will classify uploaded recordings as a "non-incident" if it is anticipated the recording has no evidentiary value in a future criminal or administrative proceeding.

When testing the MAV system, officers will classify uploaded recordings as a "test" if it is anticipated the recording has no evidentiary value in a future criminal or administrative proceeding.

Recordings classified as "incident" will result in a high definition recording that takes up much more storage room than incidents marked "non-incident." Therefore, it is imperative that recordings are classified appropriately.

446.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated or manually activated by the officer. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate.

When audio is being recorded, the video will also record. Whenever the audio portion is activated, officers should, whenever possible, advise all persons present that they are being recorded in accordance with ORS 165.540(5)(c). Officers are not required to place themselves, another person, or a criminal investigation in jeopardy in order to make such notification.

446.4.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. DWI/DUI investigations including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify Communications and Emergency Response Center
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic violence calls
 - 2. Disturbance of peace calls
 - 3. Offenses involving violence or weapons
- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

446.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded except as described in 446.3 and 446.4.4. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

446.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation. Failure to properly notify may be a violation of ORS 165.540.

446.4.4 PRIVACY

All recordings made by personnel acting in their official capacity as members of this department shall remain the property of the Department and should not be considered private. Personnel shall not use any recordings obtained from any recording device for any purpose other than a legitimate law enforcement purpose.

Personnel shall not use facial recognition or any other biometric matching technology to analyze recordings through any recording system.

Officers should take into consideration reasonable privacy concerns when deciding to activate any recording system.

446.4.5 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Communications and Emergency Response Center.

Once a month, supervisors shall validate that officers are in compliance with this policy.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

446.4.6 INADVERTENT RECORDINGS

Whenever the audio portion of the MAV is activated, officers will advise all persons present that they are being recorded. Failure to properly advise may be a misdemeanor crime.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Mobile Audio Video

If an officer discovers that they have inadvertently recorded conversations, they will immediately report the facts and circumstances to their immediate supervisor, and supply the recording.

The supervisor shall determine all of the facts and circumstances surrounding the recording.

If any portion of the recording has evidentiary value (for criminal or administrative purposes):

- (a) (a) Identify, if possible, any and all individuals whose conversations were inadvertently recorded
- (b) Ensure that each of those identified individuals is contacted, advised of the situation, and, if they request, provide an opportunity for them to review the recording.
- (c) Document, in writing, the relevant facts and results of their actions to the Administrative Captain (via the chain of command).
- (d) Retain the recording in the normal method and appropriately marked.

If none of the recording is evidentiary (for criminal or investigative purposes)

- (a) Do not review the recording
- (b) Forward the recording and the pertinent facts to the Administrative Captain or designee who will determine the appropriate actions and disposition of the recording.

446.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of conduct
- (c) By a supervisor to assess performance while the officer is present
- (d) To assess proper functioning of MAV systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment

University of Oregon Police Department

University of Oregon Police Department Policy Manual

- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Police or the authorized designee
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection

Members desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Watch Commander. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

446.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

446.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 180 days and disposed of in compliance with the established records retention schedule.

446.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

446.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense or to a potential claim against the officer or against the University of Oregon Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

446.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

446.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secure location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:

1. Maintaining a record of issued media.
 - (e) Ensuring that an adequate supply of recording media is available.
 - (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

446.10 PROHIBITED USE OF MAV DEVICES

Officers are prohibited from using department MAV devices for personal use and are prohibited from making personal use of recordings. In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

Officers are also prohibited from retaining recordings or information obtained while on-duty. Officers shall not duplicate or distribute such recordings, except for authorized legitimate law-enforcement purposes. All such recordings shall be retained at the department.

446.11 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

446.12 RETENTION OF RECORDINGS

Any time an officer records any portion of a contact that the member reasonably believes constitutes evidence in a criminal case, the officer shall record the related case number and upload the file.

Any time an officer reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the officer should promptly notify a supervisor of the existence of the recording.

Officers shall upload files, in accordance with the current procedure for storing digital files, at the end of their shift and any time the storage capacity is nearing its limit.

All recordings captured by Mobile Audio Video systems that are of evidentiary value, should be retained per normal procedure.

All recordings that are not related to a court proceeding or ongoing criminal investigation shall be retained for at least 180 days, but no longer than 30 months.

Portable Audio/Video Recorders

447.1 PURPOSE AND SCOPE

The University of Oregon Police Department provides each of its sworn officers with access to digital audio and/or video recorders for use while on-duty. These recorders are intended to assist officers in the performance of their duties by providing an accurate audio and/or video record of a contact. This policy does not apply to surreptitious interception of electronic communications for lawful authorized investigative purposes or to mobile audio video recordings (see the Mobile Audio Video Policy).

447.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

Body Worn Camera(BWC)/Digital Recorder - Any system that captures audio and/or video signals, that is capable of being worn on an officers body.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

447.1.2 INADVERTENT RECORDINGS

If an officer discovers that they inadvertently recorded conversations, they will immediately report the facts and circumstances to their immediate supervisor, and supply the recording.

The supervisor shall determine all of the facts and circumstances around the recording.

If any portion of the recording has evidentiary value (for criminal or administrative purposes):

- (a) Identify, if possible, any and all individuals whose conversations were inadvertently
- (b) recorded.
- (c) Ensure that each of those identified individuals is contacted, advised of the situation,
- (d) and, if they request, provide an opportunity for them to review the recording.
- (e) Document, in writing, the relevant facts and results of their actions to the Police Operations Captain (forwarded through their chain of command).
- (f) Retain the recording in the normal method and appropriately marked.

If none of the recording is evidentiary (for criminal or administrative purposes):

- (a) Do not review the recording.
- (b) Forward the recording and pertinent facts to the Police Operations Captain who will determine the appropriate actions and disposition of the recording.

447.2 OFFICERS RESPONSIBILITIES

Whenever the audio is activated officers will, if possible, advise all persons present they are being recorded in accordance with ORS 165.540(5). Failure to properly advise may be a misdemeanor crime. Exceptions can be made when the announcement may impair a criminal investigation or jeopardize officer safety or the safety of any other person. Exceptions also apply to situations such as a public meeting or rally. (2015 Oregon Laws ORS 165.540(2) through (7) and ORS 133.726.

- (a) Only those digital recorders issued by the department are authorized for use by UOPD personnel.
- (b) Each officer assigned a digital recorder will maintain the equipment in working order while in their possession.
- (c) Uniformed officers shall carry the recorder while on duty, in a manner that is conspicuous and allows for easy operation without impairing equipment capabilities.
- (d) Officers wearing body worn cameras shall be worn on the torso and in a position designed to produce an effective recording. Officers may wear the department-approved alternative style body worn camera equipment above the torso or as otherwise directed.
- (e) Non-uniformed officers may carry an issued portable recorder at any time the member believes that such a device may be useful.
- (f) At no time should an officer jeopardize his/her safety in order to activate the recorder.
- (g) Officers shall not use the digital recorder for personal use.
- (h) A supervisor observing or directing officers need not record the contact unless they become actively involved with the participants in the incident.
- (i) Prior to entering service, each digital recorder user will verify the operational capability of their device.
- (j) Recordings on the digital recorder should be accompanied by a written report for any criminal investigations. Written reports should state that a recorder was used.
- (k) Officers shall not intentionally delete any recordings. Inadvertent deletions must be reported immediately to the officer's supervisor.
- (l) All officers who are authorized to use digital recorders shall successfully complete an approved course of instruction prior to use.
- (m) Officers may use a body worn camera to take still photographs for legitimate law enforcement purposes.
- (n) The body worn camera may be detached from the officer and used in similar mode that a camcorder could be used by law enforcement.

447.3 PRIVACY

All recordings made by personnel acting in their official capacity as members of this department shall remain the property of the Department and should not be considered private.

Community members do not have a reasonable expectation of privacy when talking with a police officer during the scope of the officer's official duties, even when contact occurs in a private residence. However, members should remain sensitive to the dignity of all individuals being recorded and exercise discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Examples and situations include, but are not limited to:

- (a) A witness or victim who wishes to remain anonymous or refuses to provide a statement if recorded and the encounter is non-confrontational
- (b) Recordings that would jeopardize safety planning for victims
- (c) Recordings that would disclose private security measures of residences or businesses
- (d) Recordings that would interfere with the ability to conduct an investigation due to sensitive circumstances (e.g., nudity, a victim of rape, child sex abuse, presence of child pornography, incest, or other form of sexual assault)

Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer an issue unless the circumstances no longer fit the criteria for recording. The request to turn the BWC off should be recorded, as well as the officer's response, and included in the report narrative.

447.3.1 RECORDING RESTRICTIONS

Officers should restrict recording to areas and persons necessary in order to obtain evidence and information relevant to the incident and should attempt to minimize collateral intrusion to those not involved.

Digital audio and/or video recorders should not be intentionally used in the following circumstances, unless officers are engaged in the legitimate performance of their duties and the use is documented in a police report (i.e. fresh pursuit, use of force, dangerous circumstances.) If there is a potential that a TASER CEW is in proximity to a TASER Body Worn Camera in one of these locations and officers are not intentionally activating their recorder or have the need to have the recorder in standby mode, the officers should have the recorder in the off mode:

- (a) Restroom, break room, or fitness room.
- (b) Recorders shall be turned off when in the department's locker rooms.
- (c) When an officer would be recording a patient during a medical, health care provider or psychological evaluation by a clinician or similar health care professional, or during treatment. When recording in hospitals or other health care facilities, officers should be careful to avoid recording persons other than the suspect or witnesses that are deemed relevant to the matter being investigated by the officer.

- (d) Communications made in a psychiatric facility, unless responding to a call involving a suspect who is thought to be present in the facility.
- (e) Encounters with undercover officers or confidential informants.
- (f) When an officer is engaged in conversations with individuals with whom the officer is in a privileged relationship (e.g., spouse, attorney, police peer counselor, labor representative,
- (g) Casual communications with other police personnel.
- (h) When an officer is on break or is otherwise engaged in personal activities.
- (i) Inside the police facilities, during roll calls, during briefings and/or incident debriefings, in-service training, and departmental meetings.
- (j) Places of worship and/or religious ceremonies.
- (k) Community policing activities

447.4 MEMBER RESPONSIBILITIES

Whenever the audio recording is activated, officers will, if possible advise all persons present they are being recorded in accordance with ORS 165.540(5). Failure to properly advise may be a misdemeanor crime. Exceptions can be made when the announcement may impair a criminal investigation or jeopardize officer safety, or the safety of any other persons. Exceptions also apply to situations, such as a public meeting or rally. (2015 Oregon Laws c. 550 § 1 ORS 165.540(2) through (7) and ORS 133.726.

447.5 ACTIVATION OF THE DIGITAL RECORDER

Officers should activate the recorder during all enforcement stops and field interview situations in conjunction with the MAV and any other time the member reasonably believes that a recording of an on-duty contact may be useful. Once started, recordings should continue without interruption until the contact ends, if feasible.

Officers are allowed to de-activate the recorder when exchanging information with other officers and supervisors. Only primary officers are required to record contacts with digital recorders. Secondary or cover officers are not required to record the contact unless they take action or have conversations independent of the primary officer, or the specific circumstances dictate.

447.5.1 SURREPTITIOUS USE OF THE AUDIO RECORDER

Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 165.543.

Members shall not surreptitiously record another department member without a court order or unless lawfully authorized by the Chief of Police or the authorized designee.

University of Oregon Police Department

Portable Audio/Video Recorders

447.6 PROHIBITED USE OF PORTABLE RECORDERS

Officers are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings. In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

Officers are also prohibited from retaining recordings of activities or information obtained while on-duty. Officers shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

447.7 RETENTION OF RECORDINGS

Any time an officer records any portion of a contact that the member reasonably believes constitutes evidence in a criminal case, the officer shall record the related case number and upload the file in accordance with policy 814 - Computers and Digital Evidence and document the existence of the recording in the related case report.

Any time an officer reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the officer should promptly notify a supervisor of the existence of the recording.

Officers should upload the file, in accordance with current procedure for storing digital files, at the end of their shift and any time the storage capacity is nearing its limit.

447.7.1 RETENTION REQUIREMENTS

All files from BWCs shall be securely stored in accordance with state records retention laws and will be purged after no longer useful for purposes of training, or for use in an investigation or prosecution (including appeals), or for use in resolving a claim or pending litigation, or disciplinary investigation. In capital punishment prosecutions, files shall be kept until the alleged offender is no longer under control of a criminal justice agency.

All recordings shall be retained for a period consistent with the requirements of the institution's public records retention policies, but in no event for a period less than 180 days. Recordings no longer needed for a court proceeding or an ongoing criminal investigation shall not be retained for more than 30 months (2015 Oregon Laws c. 550, § 1). (Refer to the retention schedule.)

The retention period begins from the date the BWC recording was labeled or categorized. Department administrators, in addition to the recording officer, may label or categorize recordings for retention. Officers will periodically be directed by the System Administrator(s) or designee to label or categorize any recorded media which had not previously been labeled or categorized.

447.8 ANNUAL REVIEW

At the end of each fiscal year the Operations Captain and the Administrative Captain shall perform a review of the Portable Audio/Visual Recorder system. This review shall focus only on the merit of the recorder systems, program management, technological functionality, and policy review.

447.9 REVIEW AND USE OF RECORDINGS

Recordings may be reviewed consistent with UOPD Policy 446.

Mobile Data Terminal Use

449.1 PURPOSE AND SCOPE

The Mobile Data Terminal (MDT) accesses confidential records from the Oregon State Police and Department of Motor Vehicles databases. Employees using the MDT shall comply with all appropriate federal and state rules and regulations.

449.2 MDT USE

The MDT shall be used for official police communications only. Messages that are of a sexual, racist, or offensive nature, or otherwise critical of any member of the Department are strictly forbidden. MDT use is also subject to the Department Technology Use Policy.

Messages may be reviewed by supervisors at any time without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline.

All calls dispatched to patrol units should be communicated by voice and MDT unless otherwise authorized by the Executive Coordinator.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS Rules & Policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.

449.2.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator shall be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

449.2.2 DOCUMENTATION OF ACTIVITY

MDT's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required:

- (a) All contacts or activity shall be documented at the time of the contact
- (b) Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher
- (c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDT
 1. Non voiced activity should be a rare situation, for example logging out at a meeting. At no time should any contact for possible criminal or statute violation not be aired via radio.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Mobile Data Terminal Use

449.2.3 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted either verbally over the police radio or through the MDT system.

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

Other changes in status may be entered by depressing the appropriate keys on the MDT's.

449.2.4 EMERGENCY ACTIVATION OF MDT

If the emergency button is depressed on the MDT, the dispatcher will call the unit and ask if Code-4. If there is no emergency, then he/she should answer "Code-4" and all units will resume their normal activity. If there is no response or the officer answers in some other way, the dispatcher shall proceed as follows:

- (a) If the unit is not on a call, send available units to assist in locating the unit transmitting the emergency. Whenever a location is known, immediately dispatch the nearest available unit Code-3.
- (b) Notify the field sergeant and Watch Commander of the incident without delay.

Units not responding to the emergency shall refrain from transmitting on the radio until there is a Code-4, unless they are themselves handling an emergency.

449.3 MDT CONSIDERATIONS

449.3.1 NON-FUNCTIONING MDT

Whenever possible, officers will not use units with malfunctioning MDT's. Whenever officers must drive a unit in which the MDT is not working, they shall notify Communications and Emergency Response Center. It shall be responsibility of Communications and Emergency Response Center to record all information that will then be transmitted verbally over the police radio.

449.3.2 BOMB CALLS

When investigating reports of possible bombs, officers will turn off their MDT's. Operating the MDT may cause some devices to detonate.

Medical Marijuana

452.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production, or use of marijuana under Oregon's medical marijuana laws (ORS 475B.785 et seq.).

primary caregiver (ORS 475B.791). The RIC may also identify a person applying to produce marijuana or designate another person to produce marijuana under ORS 475B.810.

Statutory possession and grow site amounts - Amounts authorized by ORS 475B.831 and ORS 475B.834.

Usable marijuana - The dried leaves and flowers of marijuana. Usable marijuana does not include the seeds, stalks, and roots of marijuana or waste material that is a by-product of producing marijuana (ORS 475B.791).

452.2 POLICY

It is the policy of the University of Oregon Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Oregon medical marijuana laws are intended to protect patients and their doctors from criminal and civil penalties that may deter the use of small amounts of marijuana by those suffering from debilitating medical conditions (ORS 475B.785). However, Oregon's medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana. The University of Oregon Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Oregon law and the resources of the Department.

452.3 INVESTIGATION

Investigations involving the possession, delivery, production, or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations related to patient cardholders.
- (c) Investigations related to patient non-cardholders.

452.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

452.3.2 INVESTIGATIONS RELATED TO PATIENT CARDHOLDERS

Officers shall not take enforcement action against a cardholder for engaging in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts. Officers shall not take enforcement action against a caregiver for assisting a patient cardholder in the medical use of marijuana with amounts at or below statutory possession amounts or statutory grow site amounts (ORS 475B.907).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Medical Marijuana

Cardholders are required to possess a RIC when using or transporting marijuana, usable marijuana, medical cannabinoid products, cannabinoid concentrates, or cannabinoid extracts at a location other than the address on file with the Oregon Health Authority (ORS 475B.837). However, officers should treat a person without a RIC in his/her possession as if it were in his/her possession if the RIC can be verified through an Oregon State Police Law Enforcement Data Systems (LEDS) query or other sources.

452.3.3 INVESTIGATIONS RELATED TO PATIENT NON-CARDHOLDERS

Officers should not take enforcement action against a patient who does not have a RIC for possession or production of marijuana, or any other criminal offense in which possession or production of marijuana is an element, if the patient meets all of the following (ORS 475B.913):

- (a) Is engaged in the medical use of marijuana
- (b) Possesses, delivers, or manufactures a quantity at or below statutory possession quantity or the quantity cultivated is at or below statutory grow site amounts

Officers should not take enforcement action against a person who does not meet the definition of a patient if the person is taking steps to obtain a RIC; possesses, delivers, or manufactures marijuana at or below statutory possession quantities or below statutory grow site quantities; and the person's medical use claim appears genuine under the circumstances (ORS 475B.913).

452.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- (a) Grow sites are regulated in the following manner (ORS 475B.810):
 - 1. The Oregon Health Authority must have issued a marijuana grow site registration card for a site to be valid.
 - 2. The grow site registration card must be posted for each RIC holder for whom marijuana is being produced at a marijuana grow site.
- (b) An officer who determines that the number of marijuana plants at an address exceeds quantities authorized by statute may confiscate only the excess number of plants (ORS 475B.831).
- (c) Because enforcement of medical marijuana laws can be complex and time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Medical Marijuana

4. Any other relevant factors exist, such as limited available department resources and time constraints.
- (d) Before proceeding with enforcement related to grow sites, a marijuana producer, or processing sites officers should consider conferring with appropriate legal counsel, the Oregon Health Authority, and/or Oregon Liquor Control Commission (ORS 475B.831; ORS 475B.136).
- (e) Registration or proof of registration under ORS 475B.785 to ORS 475B.949 does not constitute probable cause to search the person or property of the registrant or otherwise subject the person or property of the registrant to inspection (ORS 475B.922).
- (f) As a licensing authority, the Oregon Liquor Control Commission may assist with related questions regarding recreational marijuana (ORS 475B.070).

452.3.5 EXCEPTIONS

Medical marijuana users are generally not exempt from other criminal laws and officers should enforce criminal laws not specifically covered by the Medical Marijuana Act appropriately. Officers may take enforcement action if the person (ORS 475B.910):

- (a) Drives under the influence of marijuana as provided in ORS 813.010.
- (b) Engages in the medical use of marijuana in a place where the general public has access (ORS 161.015), in public view, or in a correctional facility (ORS 162.135(2)), or in a youth correction facility (ORS 162.135(6)).
- (c) Delivers marijuana to any individual who the person knows is not in possession of a RIC.
- (d) Delivers marijuana to any individual or entity that the person knows has not been designated to receive marijuana or assigned a possessory interest in marijuana by an individual in possession of a RIC.

If an officer knows or has reasonable grounds to suspect a violation of the Adult and Medical Use of Cannabis Act (ORS 475B.545 to ORS 475B.429), the officer shall immediately notify the district attorney who has jurisdiction over the violation and provide any relevant information, including the names and addresses of any witnesses (ORS 475B.300).

452.3.6 INDUSTRIAL HEMP

Medicinal marijuana investigations may lead to separate issues related to industrial hemp. Growers and handlers who operate under the industrial hemp laws of Oregon must be registered with the Oregon Department of Agriculture (ODA) to grow or handle industrial hemp or produce agricultural hemp seed. Growers and handlers who produce seed products incapable of germination are not required to be registered with the ODA (ORS 571.305). Officers may contact the ODA's Commodity Inspection Division for information about industrial hemp sites and registration compliance.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Medical Marijuana

452.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

452.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor shall ensure that marijuana, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed, harmed, neglected, or injured. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants (ORS 475B.922).

Marijuana should not be returned to any person unless authorized by the Investigation Unit supervisor and upon advice of [city/county] counsel. Any court order to return marijuana should be referred to [city/county] counsel.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigation Unit supervisor.

Foot Pursuits

458.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

458.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

458.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, officers should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Foot Pursuits

- (e) Air support
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

458.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders them incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the communications officer or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increases the risk to or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Foot Pursuits

- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

458.5 RESPONSIBILITIES IN FOOT PURSUITS

458.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officers unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the communications officer of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting media aid as needed for officers, suspects or members of the public.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Foot Pursuits

458.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officers who are in a position to intercept a fleeing suspect, or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

458.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

458.5.4 COMMUNICATIONS AND EMERGENCY RESPONSE CENTER RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, the communications officer is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

458.6 REPORTING REQUIREMENTS

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Foot Pursuits

- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Any injuries and/or medical treatment.
- (h) Any property or equipment damage.
- (i) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Bicycle Patrol

460.1 PURPOSE AND SCOPE

The University of Oregon Police Department has determined that bicycle patrol is an efficient and effective strategy for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

460.2 POLICY

Patrol bicycles may be used for regular patrol duty, pedestrian and bicycle enforcement, parking control, or special events. The use of the patrol bicycle will improve officer's mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Executive Coordinator.

460.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, shall submit a change of assignment request to Bicycle Patrol (BP) Coordinator. Qualified applicants will then be invited to an oral interview. The oral board will consist of the BP Coordinator and second person to be selected by the BP Coordinator. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance
- (b) Special skills or training as it pertains to the assignment (all prospective Bicycle Patrol Officers must satisfactorily complete the Basic Bicycle Patrol Training Class and must demonstrate proficiency before their assignment is finalized)
- (c) Good physical condition
- (d) Willingness to perform duties using the bicycle as a mode of transportation on all shifts and during all weather conditions

Final selection will be made by the Police Operations Captain, based upon recommendations by the BP Coordinator.

460.3.1 BICYCLE PATROL UNIT SUPERVISOR

The Bicycle Patrol Coordinator will be selected from the rank of Sergeant by the Police Operations Captain or his/her designee.

The Bicycle Patrol Coordinator shall have responsibility for the following:

- (a) Organizing bicycle patrol training.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Bicycle Patrol

- (b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
- (c) Scheduling maintenance and repairs.
- (d) Evaluating performance of bicycle officers.
- (e) Coordinating activities with the Executive Coordinators.
- (f) Other activities as required to maintain the efficient operation of the Bicycle Patrol program.

460.4 TRAINING

Participants in the program have complete an initial department-approved bicycle training course as a condition of being considered for the position. Thereafter bicycle patrol officers should receive in-service training, at least once per year, to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

460.5 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the department bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle patrol unit uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Optional equipment includes a radio head set and microphone, and jackets in colder weather. Turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

460.6 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Bicycle Patrol

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in color with a Police decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors, and front lights satisfying the requirements of Oregon Revised Statutes § 815.280(2).

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing and issuing citations.

Each bicycle gear bag shall include a first aid kit, repair tool, and security lock.

Each bicycle shall be equipped with a flashing blue warning light that is visible from the front, sides, or rear of the bicycle. Unless the patrol bicycle is equipped with an emergency light and siren meeting the requirements set forth in the Oregon Revised Statutes and Oregon Administrative Rules, it does not qualify as an emergency vehicle and operators are not exempt from the rules of the road.

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician.

Each bicycle will have scheduled maintenance twice yearly to be performed by a department-approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Except in the event of an emergency officers shall not remove or add components or modify the patrol bicycle without the expressed approval of the bicycle supervisor.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Except when emergency circumstances preclude doing so patrol bicycles should be properly secured when not in the officer's immediate presence.

Patrol Bicycles may not be taken home or used for personal use.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Bicycle Patrol

460.7 OFFICER RESPONSIBILITY

- Officers must operate the bicycle in compliance with the Oregon Revised Statutes, University regulations and training guidelines.
- Officers should generally operate their bicycles in the street as much as possible, unless emergency situations or patrol tactical considerations indicate that it is appropriate to use sidewalks.
- Officers shall never ride anyone as a passenger on a patrol bicycle.
- Officers shall not hold onto, or allow themselves to be towed by a motor vehicle.
- Officers shall use headlights and taillights during low-light hours, unless a tactical situation indicates that it would be reasonable not to do so.

Homeless Persons

464.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The University of Oregon Police Department recognizes that members of the homeless community are often in need of special protection and services. The University of Oregon Police Department will address these needs in balance with the overall missions of this department. Therefore, officers will consider the following policy sections when serving the homeless community.

464.1.1 POLICY

It is the policy of the University of Oregon Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

464.2 HOMELESS COMMUNITY LIAISON

The Chief of Police will designate a member of this department to act as the Homeless Liaison Officer. The responsibilities of the Homeless Liaison Officer include the following:

- (a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meet with Social Services and representatives of other organizations that render assistance to the homeless.
- (c) Maintain a list of those areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include the following:
 1. Proper posting of notices of trespass and clean-up operations.
 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with Policy Section 804 and other established procedures.
- (e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.
- (f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Homeless Persons

464.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

464.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Elder Abuse Policy.
- (f) Arrange for transportation for investigation related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

464.4 HOMELESS ENCAMPMENTS

Officers who encounter encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not immediately remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to the Homeless Liaison Officer.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Homeless Persons

464.4.1 HOMELESS CAMPS ON PUBLIC PROPERTY

Prior to removing homeless individuals from an established campsite on public property, officers shall:

- (a) If individuals are present, advise violators that they are camping on public property and such encampments are illegal.
- (b) Post the area with a notice in English and Spanish advising the violators to vacate within 24 hours. This same notice shall list a local agency that delivers social services to homeless individuals.
- (c) Notify the agency listed on the posting of the campsite's location.
- (d) Obtain a case number and prepare a police report documenting the incident.

The 24-hour warning notice requirement is not necessary if officers reasonably believe that illegal activity unrelated to the camping violation is occurring or in the event of an exceptional emergency such as a possible site contamination by hazardous materials, or when there is immediate danger to human life or safety (ORS 203.079).

464.4.2 CAMPING ON PRIVATE PROPERTY

Camping on private property without the owner's permission should be handled as a trespass complaint. Owners of private property may allow individuals to camp, provided they do so in a manner consistent with provisions of the City of Eugene Camping Ordinance or Oregon Administrative Rules.

464.5 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property. Items that have no apparent utility or are in an unsanitary condition may be immediately discarded upon removal of the homeless individual(s) from the camp site (ORS 203.079(d)).

All property collected for safekeeping shall be stored for a minimum of 30 days. The property and evidence technician shall ensure that reasonable efforts are made to inform the owner of status of the property and inform him/her of how and when such property may be claimed (ORS 203.079(d)).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Homeless Persons

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer.

464.6 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may have mental disabilities. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention as outlined in Policy 418.

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if the person consents and approved by a supervisor.

464.7 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the University of Oregon Police Department. Information provided by Crime Analysis, Department of Motor Vehicles and Oregon Department of Transportation is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Unarmed UOPD employees shall not conduct vehicle stops.

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating an officer's overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Officers attempting to enforce traffic laws shall be in University of Oregon Police Department uniform or shall conspicuously display an official identification card showing the officer's lawful authority (ORS 810.400). Several methods are effective in the reduction of collisions:

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate for violations of ORS or OAR's governing traffic at the University of Oregon. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court, or other, appearance procedures including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Officers at the scene of a traffic accident and, based upon the officer's personal investigation, having reasonable grounds to believe that a person involved in the accident has committed a traffic offense in connection with the accident, may issue the person a citation for that offense (ORS 810.410(4)).

500.3.3 PHYSICAL ARREST

Officer may arrest or issue a citation to a person for a traffic crime at any place within the state. Generally, physical arrests are limited to major traffic offenses such as:

- (a) Driving Under the Influence of Intoxicants.
- (b) Hit-and-Run.
- (c) Attempting to Elude.
- (d) Reckless Driving with extenuating circumstances.
- (e) Situations where a violator refuses or cannot satisfactorily identify him/herself and therefore cannot be issued a citation.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Oregon Revised Statutes 810.410.

Officers should attempt to interview the violator to obtain evidence that the violator knew their license was suspended. Ask if the violator is still living at the address on file with DMV and if not, how long since they moved and why they haven't notified DMV of their new address.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver's license and the traffic violator still has his or her license in possession, the license shall be seized

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Traffic Function and Responsibility

by the officer and the violator may also be cited for Failure to Return a Suspended License if evidence shows they knew they were suspended (Oregon Revised Statutes 809.500).

500.5 HIGH-VISIBILITY VESTS

The University of Oregon Police Department has provided ANSI Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (23 CFR 634.3).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

A high-visibility vest shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Quartermaster should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Collision Reporting

502.1 PURPOSE AND SCOPE

The University of Oregon Police Department prepares traffic collision reports in compliance with Oregon Revised Statutes 810.460 relating to reports of traffic accidents to the Oregon Department of Transportation and, as a public service makes traffic collision reports available to the community with some exceptions.

502.2 TRAFFIC COLLISION REPORTING

Traffic collision investigations will be documented using the Oregon Police Traffic Crash Report.

The Records Section will be responsible for monthly reports on traffic collision statistics to be forwarded to the Operations Captain and Oregon Traffic Safety Commission.

502.3 REPORTING SITUATIONS

502.3.1 TRAFFIC COLLISIONS INVOLVING DEPARTMENT EMPLOYEES

When an employee of this department is involved in a traffic collision within the boundaries of the University of Oregon resulting in an injury requiring hospitalization or fatality, the Executive Coordinator may request another police agency respond for assistance with the investigation.

Enforcement action will not be taken at the time of the investigation and the reports will be forwarded to the appropriate prosecutor for determination of prosecution.

502.3.2 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports shall be taken for collisions occurring on property that is not a roadway or highway when there is a death or injury to any person involved, a hit-and-run offense where there is suspect information, a major traffic offense is involved. A supervisor may direct that a report be taken at any time.

502.3.3 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within this jurisdiction in the following cases:

- (a) There is a death, or injury to any person involved in the collision.
 - 1. In the event of a serious injury or death related traffic collision, the Watch Commander may request a Major Collision Investigator, from a neighboring agency if UOPD does not have its own available to investigate the traffic collision. The OSP Crime Lab may also be requested to assist with a fatal accident.
- (b) An officer issues a citation for a violation of the Vehicle Code.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Traffic Collision Reporting

- (c) The accident is initially reported by a garage operator who has received a vehicle involved in a serious accident or exhibiting evidence of having been struck by a bullet (Oregon Revised Statutes 822.600).
- (d) All hit-and-run violations as defined by Oregon Revised Statutes 811.700 and 811.705.
- (e) If a major traffic offense is involved.
- (f) The collision meets the criteria for submission to the Department of Motor Vehicles (Oregon Revised Statutes 811.720)

If none of these criteria are met, officers at the scene of a collision will assist drivers in exchanging information as required by DMV regulations.

Officers may check driving status of drivers while at the scene and take appropriate action if driving restrictions are discovered. In that instance, a collision report is not necessary if there are no other criteria present that would require one.

502.3.4 TOWING VEHICLES INVOLVED IN TRAFFIC COLLISIONS

A collision report will be required if a vehicle is damaged in a collision and a tow truck is necessary. Towing of a vehicle from a collision scene at the request of the driver when the vehicle would not otherwise be in need of towing, does not require a traffic collision report under this policy unless the incident meets the criteria in the Vehicle Towing policy.

Vehicle Towing

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the University of Oregon Police Department.

510.2 RESPONSIBILITIES

The responsibilities of those officers impounding a vehicle are as follows.

510.2.1 VEHICLES CONSTITUTING A HAZARD OR OBSTRUCTION

Officers may take custody of and tow a vehicle that is disabled, abandoned, parked or left standing unattended when it creates a hazard or obstruction. Hazards and obstructions may include vehicles that are (ORS 819.120):

- (a) Parked so that any part of the vehicle extends into the paved portion of the travel lane.
- (b) Parked so that any part of the vehicle extends into the highway shoulder or bicycle lane of any freeway ORS 819.120 (2)(b).

Officers should use sound judgment in balancing the need to correct a hazardous situation with the potential hardship to a vehicle owner/operator before towing such a vehicle.

Officers impounding a vehicle shall complete a vehicle impound report. A copy is to be given to the tow truck operator and the original is to be submitted along with the incident report to the Records Section as soon as practicable after the vehicle is stored.

Records Division personnel shall promptly enter pertinent data from the completed vehicle impound report into the state's Law Enforcement Data Systems (LEDS).

Once a vehicle impound report is approved and forwarded to the Records Section, it shall be placed into the auto-file at the front desk to be immediately available for release or for information should inquiries be made.

510.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the no preference towing company list in Communications and Emergency Response Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call a no preference towing company. The officer will then have the vehicle towed to the tow company's storage lot for safekeeping, and complete a Vehicle Impound form.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Towing

510.2.3 DRIVING A NON-UNIVERSITY VEHICLE

Vehicles which have been towed by or at the direction of the Police Department should not be driven by police personnel unless it is necessary to move the vehicle a short distance to eliminate a hazard, to prevent the obstruction of a fire hydrant, or to comply with posted signs.

510.2.4 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

If the request is for no preference towing, the dispatcher shall call the firm whose name appears next on the No Preference Towing Service log and shall make appropriate entries to ensure that the next firm is called on the next request.

510.2.5 NOTICE TO OWNERS

Once the vehicle is impounded, records personnel shall mail a copy of the impound report along with information describing the location of the vehicle and the procedures for its release to the legal and registered owners of the stored vehicle within 48 hours after it has been stored, not including Saturdays, Sundays or holidays, unless the vehicle has been previously released (ORS 819.180). The notice shall include:

- (a) That the vehicle has been taken into custody and towed; the identity of the appropriate towing authority and the statute, ordinance or rule under which the vehicle has been taken into custody and towed.
- (b) The location of the vehicle, or the telephone number and address of the authority that will provide that information.
- (c) That the vehicle is subject to towing and storage charges, the amount of charges that have accrued to the date of the notice and the daily storage charges.
- (d) That the vehicle and its contents are subject to a lien for payment of the towing and storage charges and that the vehicle and its contents will be sold to cover the charges if the charges are not paid by a date specified by the appropriate authority.
- (e) That the owner, possessor or person having an interest in the vehicle and its contents is entitled to a prompt hearing to contest the validity of taking the vehicle into custody and towing it, and to contest the reasonableness of the charges for towing and storage if a hearing is requested in a timely manner.
- (f) The time within which a hearing must be requested and the method for requesting a hearing.
- (g) That the vehicle and its contents may be immediately reclaimed by presentation to the appropriate authority of satisfactory proof of ownership or right to possession, and either payment of the towing and storage charges or the deposit of cash security or a bond equal to the charges with the appropriate authority.

Vehicle Towing

510.3 TOWING SERVICES

The University of University of Oregon periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

- (a) When a vehicle is being held as evidence in connection with an investigation
- (b) When it is otherwise necessary to impound a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations

Nothing in this policy shall require the Department to tow a vehicle.

510.3.1 NO PREFERENCE TOW SERVICES

Upon proper application, the University may approve qualified towing services to be called when a citizen needs towing but has no preference as to which service to call.

Any complaint alleging a violation of the agreement or other misconduct by a no preference operator shall be referred to the police department for investigation. The department may periodically review the performance of each authorized no preference operator.

The department will assist citizens by calling any towing company desired. If the citizen has no preference and requests towing service, one of the authorized firms shall be called in rotation.

All officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

510.4 IMPOUNDS RELATED TO CRIMINAL INVESTIGATIONS

Officers should impound vehicles that are needed for the furtherance of an investigation or prosecution of a case or are otherwise appropriate for seizure under ORS 133.535. State law requires the impounding officer to take reasonable steps to protect against loss or damage to impounded vehicles and any contents that may have been taken as evidence (ORS 133.537). Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than store it, so long as the vehicle is not needed for evidence.

510.5 IMPOUND AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or storing the arrestee's vehicle subject to the exceptions described below. However, the vehicle shall be stored, subject to applicable laws and warrant requirements, whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine, reasonably suggests that the vehicle should be stored (e.g., the vehicle would present a traffic hazard if not removed or, due to a high crime area, the vehicle would be in jeopardy of theft or damage if left at the scene).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Towing

While the Oregon Revised Statutes may authorize the impoundment of a vehicle for issues such as driving with a suspended or revoked license (ORS 809.720), impounds are only authorized if, in such cases, leaving the vehicle would create a hazard, obstruction or a risk of loss.

The following are examples of situations where the arrestee's vehicle should not be stored, provided the vehicle can be legally parked, left in a reasonably secured and safe condition and the vehicle is not needed for the furtherance of an investigation:

- The vehicle is parked on private property on which the registered owner or operator is legally residing, or the property owner does not object to the vehicle being left parked at that location.
- When the arrestee or a passenger is the registered or legal owner of the vehicle and requests that the vehicle be released to a person who is present, willing and able to legally take control of the vehicle.
- Whenever the vehicle is legally parked and otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall inform the arrestee and note in the report that the Department will not be responsible for theft or damages.

510.6 VEHICLE INVENTORIES

The contents of all impounded vehicles shall be inventoried in accordance with the following procedure:

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, the glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in the following locations:
 1. Any other type of unlocked compartments that are a part of the vehicle including, but not limited to, unlocked glove compartments, unlocked vehicle trunks and unlocked car top containers; and
 2. Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers, provided the keys are available and are to be released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Towing

- (c) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following, which shall be opened for inventory: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money or small valuables, or closed containers which are designed for hazardous materials.
- (d) Other closed containers shall be opened and inventoried if the owner acknowledges they contain cash in excess of \$10, valuables or a hazardous material.
- (e) Any valuables, to include cash in excess of \$10 or property valued at more than \$200, located during the inventory process will be listed on a property receipt and stored in this agency's property/evidence room. A copy of the property receipt will either be left in the vehicle or tendered to the person in control of the vehicle if such person is present.
- (f) The inventory is not a search for evidence of a crime, however, officers shall seize evidence or contraband located during the inventory. Items should be scrutinized to the extent necessary to complete the inventory.
- (g) Tow truck operators are to receive a copy of the tow report.

These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.7 VEHICLE SEARCHES

Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. Vehicle searches should be handled according to current training and an officer's familiarity with relevant case law. Generally, a search warrant should be sought prior to conducting a search of a vehicle.

Because circumstances under which a warrantless search of a vehicle might be permissible are very limited, and because vehicle searches are subject to many restrictions, officers should, whenever possible, seek supervisory approval and/or contact the Police Legal Advisor at the District Attorney's Office before conducting a warrantless search of a vehicle.

510.8 SECURITY OF VEHICLES AND PROPERTY

After a thorough inventory of the vehicle has been completed and all contraband, evidence and weapons have been removed the officer should make reasonable accommodations to permit a driver or owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions).

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Towing

510.9 RELEASE CRITERIA

A vehicle impounded under this section shall be released to a person entitled to lawful possession of the vehicle upon compliance with the following:

- (a) Proof that a person with valid driving privileges will be operating the vehicle.
- (b) Proof of compliance with financial responsibility requirements for the vehicle.
- (c) Payment of the University of Oregon Police Department administrative fee, if any, and any towing and storage charges.
- (d) A security interest holder in the vehicle is not required to comply with (a) and (b) and may obtain release by paying the administrative fee, towing and storage fees.

Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings.

512.2 IMPOUND HEARING

When a vehicle is impounded by any member of the University of Oregon Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent.

512.2.1 HEARING PROCEDURES

When requested, a hearing to contest the validity of the impoundment and the reasonableness of the tow will be held as follows (ORS 819.190).

Requests for a hearing on an impounded vehicle shall be submitted in writing to the person designated by the University of Oregon Police Department to receive such requests, within five days of the postmarked date on the notice of impound. The request shall state the grounds upon which the person requesting the hearing believes that the custody and towing of the vehicle was not justified.

An impound hearings officer, designated by this department, will set a time for the hearing within 72 hours of the receipt of the request, excluding Saturdays, Sundays and holidays. The hearings officer will provide notice of the hearing to the person requesting the hearing, to the impounding officer and to any owner, lessor or security interest holder shown in the Oregon Department of Transportation (ODOT) records.

An impound hearings officer, designated by this department, shall consider all information provided and shall determine the validity of the impound based on substantial evidence on the record, according to applicable law and department policy. The hearings officer shall then render a decision. The officer who caused the removal of the vehicle may submit an affidavit to the hearings officer in lieu of a personal appearance.

If the hearings officer decides that the impound was valid, he/she shall order the vehicle held in custody until the cost of the hearing and all reasonable towing and storage costs are paid by the party claiming the vehicle.

If the hearings officer decides that the impound was invalid, he/she shall order the immediate release of the vehicle to the owner or person with right of possession. Such person is not liable for towing or storage charges and shall be reimbursed for such charges if they have already been paid. New storage costs will not start to accrue until more than 24 hours after the time the vehicle is officially released (ORS 819.190).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Vehicle Impound Hearings

If a decision is made that the impound was invalid and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Division Commander for reimbursement by this department to the appropriate party.

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The University of Oregon Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Oregon's impaired driving laws.

514.3 FIELD TESTS

The Department will establish the primary field sobriety tests (FSTs) and any alternate tests for officers to use when investigating violations of DUI laws.

514.4 CHEMICAL TESTS

A person is deemed to have consented to a chemical test or tests under any of the following (ORS 813.100):

- (a) The arresting officer has reasonable grounds to believe that the person was DUI.
- (b) The person is arrested for DUI and takes a breath test that discloses a blood alcohol content of less than 0.08 percent.
- (c) The person is arrested for DUI and was involved in an accident resulting in injury or property damage.
- (d) The person is receiving medical care at a health care facility immediately after a motor vehicle accident and the arresting officer has reasonable grounds to believe that the person was DUI.
- (e) The officer has probable cause to believe that the person was DUI and that evidence of the offense will be found in the person's blood or urine and the person is unconscious or otherwise in a condition rendering the person incapable of expressly consenting to the test (ORS 813.140).

514.4.1 BREATH SAMPLES

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the appropriate staff with the Oregon State Police.

514.4.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (ORS 813.160). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Impaired Driving

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.4.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

514.4.4 STATUTORY NOTIFICATIONS

Prior to administering any tests, the person shall be informed of the rights and consequences for DUI and refusals of testing (ORS 813.100; ORS 813.130; ORS 813.135).

514.4.5 ADDITIONAL TESTING

An officer requesting that a person submit to a chemical test shall also provide the person, upon request, with a reasonable opportunity to have a qualified medical professional of their choosing administer an additional chemical test. The test may be of the person's breath or blood if alcohol concentration is in issue or of the person's blood or urine if the presence of a controlled substance or inhalant in the person's body is in issue (ORS 813.150).

514.4.6 ADDITIONAL REQUIREMENTS FOR URINE SAMPLES

An officer may not request that a person submit to a urine test unless the officer is certified by the Department of Public Safety Standards and Training as having completed the required training in the recognition of drug impaired driving. The officer must also have a reasonable suspicion to believe that the person arrested has been driving under the influence of a controlled substance, an inhalant or any combination of an inhalant, a controlled substance and intoxicating liquor (ORS 813.131).

The person providing the urine sample shall be given privacy and may not be observed by the officer when providing the sample (ORS 813.131).

514.5 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (ORS 813.100; ORS 813.130; ORS 813.131; ORS 813.135).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Impaired Driving

- (b) Audio- and/or video-record the admonishment and the response when it is legal and practicable.
- (c) Document the refusal in the appropriate report.

514.5.1 STATUTORY NOTIFICATIONS

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the written notice of intent to suspend upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (ORS 813.100). The arresting officer shall also read the person the Department of Transportation form which informs the person of the rights and consequences of a test to determine the alcohol content of the person's blood (ORS 813.130).

514.5.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (ORS 813.100).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

514.5.3 FORCED BLOOD SAMPLE

If a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when legal and practicable.
- (d) Ensure that the withdrawal is taken in a medically approved manner.
- (e) Supervise any use of force and ensure the forced withdrawal is recorded on audio and/or video when practicable.

University of Oregon Police Department

Impaired Driving

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances.
1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

514.6 ARREST AND INVESTIGATION

514.6.1 REPORTING

The Watch Commander shall ensure that the Department complies with all state reporting requirements pursuant to ORS 181.550.

514.6.2 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test or if a test discloses that the person had a prohibited alcohol concentration in the person's blood, the investigating officer shall cause the following items to be forwarded to the Driver and Motor Vehicle Services Division of the Department of Transportation (DMV) within 10 days of the arrest (ORS 813.100; OAR 735-090-0040):

- The completed Implied Consent Form.
- Any confiscated license or permit belonging to the person.
- A copy of the written report that complies with ORS 813.120.

An officer confiscating a person's license pursuant to state DUI laws shall provide the person with a temporary driving permit unless (ORS 813.100; ORS 813.110):

- The driving privileges of the person were suspended, revoked or canceled at the time the person was arrested.
- The person whose license was confiscated was operating on an invalid license.

Impaired Driving

- The person was not entitled to driving privileges at the time of the arrest for any other reason.
- The person holds a license or permit granting driving privileges that was issued by another state or jurisdiction and that is not confiscated.

514.6.3 OFFENSE FOR REFUSAL

If a person refuses to submit to a breath or urine test, the arresting officer may charge the person with a separate offense (ORS 813.095).

514.6.4 ADDITIONAL TESTING

An officer requesting that a person submit to a chemical test shall also provide the person, upon request, with a reasonable opportunity to have a qualified medical professional of their choosing administer an additional chemical test. The test may be of the person's breath or blood if alcohol concentration is in issue or of the person's blood or urine if the presence of a controlled substance or inhalant in the person's body is in issue. The test is done at the person's own expense (ORS 813.150).

514.6.5 ADDITIONAL REQUIREMENTS FOR URINE SAMPLES

An officer may not request that a person submit to a urine test unless the officer is certified by the Department of Public Safety Standards and Training as having completed the required training in the recognition of drug impaired driving. The officer must also have a reasonable suspicion to believe that the person arrested has been driving under the influence of a controlled substance, an inhalant, or any combination of an inhalant, a controlled substance and intoxicating liquor (ORS 813.131).

The person providing the urine sample shall be given privacy and may not be observed by the officer when providing the sample (ORS 813.131).

514.7 RECORDS SECTION RESPONSIBILITIES

The Captain of Administration will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

514.8 ADMINISTRATIVE HEARINGS

The Captain of Administration will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DMV.

Any officer who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

Impaired Driving

514.9 TRAINING

The Captain of Administration should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Captain of Administration should confer with the prosecuting attorney's office and update training topics as needed.

Speeding Violations and Speed Measuring Devices

515.1 PURPOSE AND SCOPE

This policy establishes guidelines for enforcement activities related to speeding violations and the deployment of speed measuring devices.

Excessive speed presents a real danger to the safety of the campus community. The University of Oregon Police Department regards willful violation of ORS addressing speed regulations as a serious breach of the law warranting enforcement action. The goal of UOPD enforcement actions is the education of the campus community and to obtain voluntary compliance with speed regulations.

515.2 SPEED ENFORCEMENT

Enforcement in any area of the campus should be based on information obtained through reported accidents, citizen complaints, officers observations, as well as traffic volume and conditions. Based on the analysis of such information, speed enforcement may include the use of speed measuring devices.

Normally, excessive speed is defined as 10 miles per hour above the speed limit, or driving at a speed that is too fast for conditions.

515.3 SPEED MEASURING DEVICES

The use of speed measuring devices in traffic law enforcement has become increasingly widespread in order to ensure that traffic safety objectives are met. Effective regulation of vehicle speed requires accurate and well maintained equipment as well as knowledgeable and well trained personnel. As a result of training (both basic and equipment-specific), law enforcement personnel have an understanding of the basic principles of speed measuring devices, including factors which may limit its use; knowledge of the laws, court rulings, regulations, policies and procedures affecting speed measuring devices, and development of basic skills in testing and operating a speed measuring device as well as preparing and presenting courtroom testimony on the use of speed measuring devices.

In addition to enforcement actions, speed measuring devices may be used effectively in education and demonstration activities that UOPD performs for the campus community.

515.3.1 EQUIPMENT SPECIFICATIONS

All speed measuring devices used by UOPD will meet or exceed the specifications of the U.S. Department of Transportation's National Highway Traffic Safety Administration and the International Association of Chiefs of Police.

Speeding Violations and Speed Measuring Devices

515.3.2 OPERATIONAL PROCEDURES

- (a) All speed measuring device operators must know how to set up, test, and properly operate and read the speed measuring device that is used. Officers must be able to demonstrate proper testing and operational procedures prior to the use of any speed measuring device. In order to most effectively acquire and accomplish these skills, officers shall complete a prescribed course of training established by DPSST or the UOPD in the absence of established DPSST standards.
- (b) All speed measuring devices shall be checked for accuracy at the beginning and end of each work shift. Tests to be performed prior to use shall be in accordance with operating manual for the respective device. Daily operational records shall be maintained on the back of each citation as a means of preserving evidence. All speed measuring devices shall be utilized with proper consideration given to site selection, tracking history and problem identification.
- (c) All speed measuring devices shall be maintained in good working order. Any speed measuring device found not to be functioning properly shall be removed from service immediately and submitted to the Sergeant of Operations who will arrange for repair.
- (d) The Sergeant of Operations shall maintain calibration and maintenance records for each individual unit. All records shall be kept in the speed measuring devices manual located with the traffic unit. Each unit shall be factory calibrated not less than once per year by authorized speed measuring device technicians.
- (e) All speed measuring devices will be housed in a location determined by the Sergeant of Operations, and will be checked out by officers in accordance with established practice. All units will be returned to this location at the end of each shift.

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES

The Manager of Police Communications and Records shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Section shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Operations Captain. Upon a review of the circumstances involving the issuance of the traffic citation, the Operations Captain recommend dismissal of the traffic citation to the court. The citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer will obtain approval from his/her immediate supervisor to dismiss the citation. If approved, the officer will request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the court's decision and shall complete a memorandum to the Operations Captain for review. The Law Enforcement Records Unit will purge the citation from the filing and computer system.

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Law Enforcement Records Unit.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a memorandum requesting a specific correction to his/her immediate supervisor. The citation and approved memo shall then be forwarded to the Police Communications and Records Manager who will prepare a letter to court having jurisdiction and to the recipient of the citation explaining the modifications. The letter to the recipient of the citation will be mailed via

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Traffic Citations

registered mail, return receipt requested. If the letter is returned as undeliverable, a copy of the letter and envelope will be forwarded to the court.

516.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Section.

Upon separation from employment with the this department, all employees issued traffic citations books shall return any unused citations to the Records Section.

Disabled Vehicles

520.1 PURPOSE AND SCOPE

Public safety, and the University of Oregon Police Department's commitment to service, requires that officers place a high priority on assisting disabled motorists. This policy provides guidelines for achieving that objective.

520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

72-Hour Parking Violations

524.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Oregon Revised Statutes or Oregon Administrative Rules pertaining to the University of Oregon regulating 72-hour parking violations and abandoned vehicles under the authority of Oregon Revised Statutes 819.110.

524.2 MARKING VEHICLES

Vehicles suspected of being in violation of the Oregon Administrative Rules applying to the University of Oregon 72-Hour Parking regulation shall be marked and noted on the University of Oregon Police Department Marked Vehicle Card. No case number is required at this time.

- (a) A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. An abandoned Tow "Red Sticker" shall be prominently attached to a window in a manner that does not block a driver's visibility.
- (b) All Marked Vehicle Cards shall be submitted to the Traffic Division for computer data entry.
- (c) If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Division.
- (d) Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

524.2.1 MARKED VEHICLE FILE

The Traffic Division shall be responsible for maintaining a file for all Marked Vehicle Cards.

Parking control officers assigned to the Traffic Division shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Marked Vehicle Cards.

524.2.2 VEHICLE IMPOUND

Any vehicle in violation shall be impounded by the authorized towing service and an Impounded Vehicle Report shall be completed by the officer authorizing the towing of the vehicle.

The Impounded Vehicle Report form shall be submitted to the Records Section immediately following the towing of the vehicle. It shall be the responsibility of the Records Section to enter the vehicle into LEDS.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

72-Hour Parking Violations

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV. Records personnel shall mail a copy of the approved Vehicle Impound Report form along with information describing the location of the vehicle, the procedures for its release, and the owner's right to a hearing, to the legal and registered owners of the stored vehicle within 48 hours after it has been impounded, unless the vehicle has been previously released (Oregon Revised Statutes 819.180(1)).

Vehicles Impounded under this section may be subject to hearing procedures outlined in Policy Manual § 512.

524.3 VEHICLE DISPOSAL

If, after 30 days from the custody, the vehicle remains unclaimed and the towing and storage fees have not been paid, and if no request for a vehicle impound hearing has been made, the Department may provide the lien holder storing the vehicle with authorization to dispose of any vehicle which has been appraised at a value of \$500 or less.

If the vehicle is appraised at more than \$500, the vehicle and contents shall be sold at public auction (Oregon Revised Statutes 819.210).

524.3.1 APPRAISAL

Vehicles disposed of under Policy Manual § 524.3 must be appraised by an appraiser certified by the Department of Transportation (Oregon Revised Statutes 819.215).

524.4 IMPOUND HEARING

When a vehicle is stored under this section by any member of the University of Oregon Police Department, a hearing will be conducted upon the timely request of any person who reasonably appears to have an interest in the vehicle.

524.4.1 HEARING PRIOR TO IMPOUNDMENT

If an interested person requests a hearing prior to the impoundment of the vehicle, the vehicle will not be towed until the hearing is held, unless it constitutes a hazard.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

When assigned to a case for initial or follow-up investigation, detectives shall proceed with due diligence in evaluating and preparing the case for appropriate clearance or presentation to a prosecutor for filing of criminal charges.

One or more detectives shall be available 24 hours a day for criminal investigations and the processing of crime scenes. The Oregon State Police crime lab is an additional resource for processing of serious and involved crime scenes.

600.2 MODIFICATION OF CHARGES FILED

Employees are not authorized to recommend to the District Attorney, General Counsel, or to any other official of the court that charges on a pending case be altered or the case dismissed. In all cases resulting in court prosecution, any request to modify the charges filed or to recommend dismissal of charges in a pending case shall be made to the District Attorney's Office or General Counsel's Office only as authorized by Operations Captain or the Chief of Police.

600.3 POLYGRAPH EXAMINATION OF VICTIMS

Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 to 163.575, may not be required, by a district attorney or other law enforcement officer or investigator involved in the investigation or prosecution of crimes, or any employee thereof, to submit to a polygraph examination as a prerequisite to filing an accusatory pleading (ORS 163.705).

600.4 COLLECTION OR MAINTENANCE OF SPECIFIC INFORMATION

The collection or maintenance of information about the political, religious or social views, associations or activities of any individual, group, association, organization, corporation, business or partnership shall occur only when the information directly relates to a criminal investigation and there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct (ORS 181.575).

600.5 CUSTODIAL INTERVIEWS

Generally, except where circumstances make it impracticable, custodial interviews regarding felony offenses should be electronically recorded. When such custodial interviews are conducted in a law enforcement facility and in connection with an investigation into aggravated murder, as defined in ORS 163.095, or a crime listed in ORS 137.700 or 137.707, electronic recording of the interview is mandatory absent good cause not to record (ORS 133.400).

If an interviewee expresses an unwillingness to have the custodial interview electronically recorded but agrees to speak to investigators without such recording, the interviewing officer or detective should:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Investigation and Prosecution

- (a) Document the refusal in his/her report.
- (b) Request that the interviewee sign a written statement or provide a recorded statement of his/her refusal to have the interview recorded.

All electronic recordings of custodial interviews shall follow the requirements set forth in ORS 165.540.

No recording of an interrogation should be destroyed or altered without written authorization from the District Attorney and the Investigations Sergeant. Copies of recorded interrogations or interviews may be made in the same or different format, provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Officers should continue to prepare written summaries of custodial questioning and investigative interviews and continue to obtain written statements from suspects when applicable.

600.6 CONFIDENTIAL OR SENSITIVE INVESTIGATIONS

In the event a University Employee or Official as defined in Policy 806.5.1, are the subject of an investigation, the Chief may request another agency conduct the investigation to address issues of impropriety or conflict of interest.

Informants

608.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the University of Oregon Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the University of Oregon Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 POLICY

The University of Oregon Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

608.3 USE OF INFORMANTS

608.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Chief of Police or the authorized designee

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Informants

608.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Operations supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as police officers, employees or agents of the University of Oregon Police Department, and that they shall not represent themselves as such.
- (d) The relationship between department members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Operations supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Operations supervisor.
 - 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Informants

determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Operations. The Operations supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Operations supervisor or their authorized designees.

The Investigation Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Operations supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Informants

608.5.1 FILE SYSTEM PROCEDURE

- (j) Name of the officer initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

608.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Operations supervisor will discuss the above factors with the Operations Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

608.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

 - 3. The cash transfer form will be kept in the informant's file.

608.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

608.6.3 AUDIT OF PAYMENTS

The Operations supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process -Any field identification, live lineup or photographic identification.

Field identification -A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup -A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

This department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION FORM

The Investigations Supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process and any related forms or reports should provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An admonishment that the suspect's photograph may or may not be among those presented and that the witness is not obligated to make an identification.
- (f) An admonishment to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (g) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

610.5 EYEWITNESS IDENTIFICATION

Officers are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Officers should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the person composing the lineup and the person presenting the lineup should not be directly involved in the investigation of the case. When this is not possible, the member presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

When practicable, the employee presenting a lineup to a witness should not know which photograph or person is the suspect.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

The order of the suspect or the photos and the fillers should be randomized before being presented to each witness.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Eyewitness Identification

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating officer should contact the appropriate prosecuting attorney before proceeding.

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
- (e) A person should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
- (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies an individual as the perpetrator, officers should not conduct any further field identifications with other witnesses for that suspect. In

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Eyewitness Identification

such instances officers should document the contact information for any additional witnesses for follow up, if necessary.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Brady Material Disclosure

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information -Information known or possessed by the University of Oregon Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY

The University of Oregon Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the University of Oregon Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files); the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should discuss the issue with the appropriate prosecutor.

Brady Material Disclosure

612.4 DISCLOSURE OF PERSONAL INFORMATION

The Lieutenant-Professional Standards and Training should periodically examine the personnel files and/or internal affairs files of all officers who may be material witnesses in criminal cases to determine whether they contain information that is potentially Brady information. The obligation to provide Brady information is ongoing. If any Brady information is identified, the District Attorney, the Eugene City Attorney and General Counsel should be notified. The officer will also be notified. Appropriate administrative action should be initiated if the prosecuting attorneys conclude that the information is, indeed, Brady information.

The Lieutenant-Professional Standards and Training may discuss with the District Attorney any administrative cases involving potential Brady information prior to the conclusion of the investigation .

If another member of this department is a material witness in a criminal case, the Lieutenant - Professional Standards and Training shall examine the personnel file and/or internal affairs file of the member to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in camera review by the court.
 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

612.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the

information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

Asset Forfeiture

This includes any time the University of Oregon Police Department seizes property for forfeiture or when the University of Oregon Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Prohibited conduct in the context of civil forfeiture refers to any of the following (ORS 131A.005):

- Crimes related to the Uniform Controlled Substances Act where a person may be sentenced to imprisonment (specifically, ORS 475.005 through ORS 475.285 and ORS 475.744 through ORS 475.980).

However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the University of Oregon Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

613.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Asset Forfeiture

613.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Civil forfeiture
 - 1. Property that is subject to a court order (ORS 131A.060).
 - 2. Property that is not subject to a court order if (ORS 131A.065):
 - (a) There is probable cause to believe that the property is subject to forfeiture and the property may constitutionally be seized without a warrant.
 - (b) The seizure is in the course of a constitutionally valid criminal investigative stop, arrest or search, and there is probable cause to believe that the property is subject to civil forfeiture.
 - (c) The property is directly or indirectly dangerous to the health or safety of any person.
 - (d) An owner consents to the seizure.
- (b) Criminal forfeiture
 - (a) Property that is subject to a court order (ORS 131.561).
 - (b) Property that is not subject to a court order when (ORS 133.535; ORS 131.561):
 - (a) The property subject to criminal forfeiture is also evidence of a crime or is illegal to possess.
 - (b) There is probable cause to believe that the property is subject to criminal forfeiture.

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

613.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds
- (b) A conveyance owned by a common carrier or person who did not consent to the offense in question or had no knowledge of the offense (i.e., an "innocent owner") (ORS 131.558)

613.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Asset Forfeiture

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

613.5 MAINTAINING SEIZED PROPERTY

The Property and Evidence Section supervisor is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for forfeiture is checked to determine if the property has been stolen.
- (c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- (d) Property received for forfeiture is not used unless the forfeiture action has been completed.

613.6 FORFEITURE REVIEWER

The Chief of Police will appoint a forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a course approved by the Department on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Asset Forfeiture

- (e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
- (f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:
 - 1. Names and contact information for all relevant persons and law enforcement officers involved.
 - 2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
 - 3. A space for the signature of the person from whom cash or property is being seized.
 - 4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.
 - 5. Other information as necessary to comply with the form requirements of ORS 131.570 and ORS 131A.055.
- (g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Special Order. The training should cover this policy and address any relevant statutory changes and court decisions.
- (h) Reviewing each asset forfeiture case to ensure that:
 - 1. Written documentation of the seizure and the items seized is in the case file.
 - 2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.

3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property. Information on the notice to interested parties can be found in ORS 131.561, ORS 131.570, ORS 131A.150 and ORS 131A.230. Information on the notice of intent to forfeit real property with the county can be found in ORS 131.567.
 4. Property is promptly released to those entitled to its return.
 5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
 6. Any cash received is deposited with the fiscal agent.
 7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
 8. Current minimum forfeiture thresholds are communicated appropriately to officers.
 9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

Property forfeiture through the criminal forfeiture process shall be disposed of in accordance with ORS 131.594 and the associated statutes including priority payments for costs and to victims, as applicable. Forfeited cigarettes shall be destroyed, not sold (ORS 131.604).

Criminally forfeited lab equipment may be donated to educational institutions (ORS 131.594).

613.7.1 DISPOSITION OF RECORDS

Written documentation of each sale, decision to retain, transfer or other disposition of criminally forfeited property will be maintained and any information requests necessary for the forfeiture counsel's electronic reports shall be addressed (ORS 131.600).

613.8 CONSENSUAL SEARCH OF MOTOR VEHICLE

Officers should use a consensual search of a motor vehicle form when requesting a consensual search of a motor vehicle (ORS 131A.025).

Sexual Assault Investigations

615.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

615.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in ORS 163.305 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally composed of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

615.2 POLICY

It is the policy of the University of Oregon Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

615.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable (ORS 147.401).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Sexual Assault Investigations

615.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

615.5 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Communications and Emergency Response Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

615.5.1 POLYGRAPH EXAMINATION OF VICTIMS

Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 through ORS 163.575, shall not be required to submit to a polygraph examination as a prerequisite to filing criminal charges (34 USC § 10451; ORS 163.705).

615.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. When a victim agrees to participate in a medical assessment, the officer shall contact a victim advocate and make reasonable efforts to ensure that the advocate is present and available at the medical facility if such notification has not already been made by medical personnel (ORS 147.404).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Unless the victim has chosen to remain anonymous, sexual assault kits or biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, shall be submitted for biological testing (ORS 181A.325).

Sexual Assault Investigations

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

615.6.1 COLLECTION AND TESTING REQUIREMENTS

A sexual assault forensic evidence kit shall be obtained from a medical facility within seven days after the medical facility notifies the Department that the kit has been collected. The sexual assault forensic evidence kit shall be submitted to the Oregon State Police (OSP) for testing within 14 days after the Department receives the kit from the medical facility and accompanied with information sufficient to allow OSP to prioritize testing. Sexual assault kits shall not be submitted in cases where the victim has chosen to remain anonymous (ORS 181A.325).

If a victim chooses to file a sexual assault report at a later time, the sexual assault kit associated with the report shall be reclassified as a non-anonymous kit and submitted for testing to the OSP within 14 days of the reclassification (ORS 181A.325).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

615.6.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable. Investigating members should work with the crime victim liaison as provided in the Victim and Witness Assistance Policy.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

615.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigation Unit supervisor.

Classification of a sexual assault case as unfounded requires the Investigation Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

Sexual Assault Investigations

615.8 CASE REVIEW

The Investigation Unit supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

615.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigation Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

615.10 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 1. Initial response to sexual assaults.
 2. Legal issues.
 3. Victim advocacy.
 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 1. Interviewing sexual assault victims.
 2. SART.
 3. Medical and legal aspects of sexual assault investigations.
 4. Serial crimes investigations.
 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 6. Techniques for communicating with victims to minimize trauma.

Unmanned Aerial System (UAS) Operations

617.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

617.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording, or any other means. For the purpose of this policy, a UAS includes a drone, as defined by ORS 837.300.

617.2 POLICY

A UAS may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

617.3 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

617.4 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current (OAR 738-080-0045).
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- Developing uniform protocols for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Unmanned Aerial System (UAS) Operations

Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.

- Developing protocols for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing operational protocols governing the deployment and operation of a UAS including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence is accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.
- Ensuring that the UAS is registered with the Oregon Department of Aviation (ORS 837.360).
- Developing protocols for storage, security, and access to data collected by the UAS (ORS 837.362).
- Developing protocols if a third party is used for the storage of data, including handling, security, and access to the data by the third party (ORS 837.362).
- Developing protocols for disclosing data collected by the UAS through intergovernmental agreements (ORS 837.362).
- Publishing the department policies and procedures regarding the use, storage (including third party storage), accessing, sharing, and retention of data collected by the UAS, including the text of ORS 192.345 on the department website or other publicly accessible system (ORS 837.362).

617.5 USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Unmanned Aerial System (UAS) Operations

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

The UAS shall only be operated by the Department (ORS 837.320; ORS 837.330; ORS 837.335):

- (a) Pursuant to a valid warrant authorizing its use.
- (b) When there is probable cause to believe that a person has committed a crime, is committing a crime or about to commit a crime, and exigent circumstances exist that make it unreasonable to obtain a warrant authorizing the use.
- (c) With written consent of an individual for the purpose of acquiring information about the individual or the individual's property.
- (d) As part of search and rescue activities, as defined in ORS 404.200.
- (e) When assisting an individual in an emergency if there is a reasonable belief that there is an imminent threat to the life and safety of the individual.

 2. Within 48 hours of the emergency, a sworn statement shall be filed with the circuit court describing the nature of the emergency and the need for the use of the UAS.
- (f) During a state of emergency declared by the Governor, if:
 1. The UAS is used for preserving public safety, protecting property or conducting surveillance that will be used to assess and evaluate environmental or weather-related damage, erosion or contamination.
 2. The UAS is operated only in the geographical area specified in the Governor's proclamation.
- (g) For the purpose of reconstructing a crime scene or accident scene, or a similar physical assessment, that is related to a specific investigation, as provided by ORS 837.340.
- (h) For the purpose of training in the use and acquisition of information, as provided in ORS 837.345.

617.6 PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on individual characteristics, such as but not limited to race, ethnicity, national origin, religion, disability, gender, or sexual orientation.
- To harass, intimidate, or discriminate against any individual or group.

Chapter 7 - Equipment and Facilities

Department Owned and Personal Property

700.1 PURPOSE AND SCOPE

Department employees are expected to utilize only department issued equipment and properly care for department property assigned or entrusted to them. This process also allows the authorization of equipment that the department wishes to test for general issuance.

Equipment includes, but is not limited to, audio or video recorders, knives, flashlights, handcuffs, batons, and other equipment specifically designed to facilitate the employee's work.

Property, which does not require prior approval, includes, but is not limited to, watches, eye glasses, etc.

The supervisor shall direct a memo to the appropriate Division Commander, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the UOPD Administrative Services Division.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT

A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

Pursuant to the University of Oregon Acceptable Use of Computing Resources and the corresponding Addendum(s), all PCDs supplied by the UOPD are for administrative and law enforcement purposes only, and their use is strictly limited to the conduct of Department business.

702.2 POLICY

The University of Oregon Police Department allows employees to utilize department-issued PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations.

Any PCD used on or off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy. Personally owned PCD's used for Department business related purposes may subject the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

The inappropriate use of a PCD while on-duty may impair officer safety. Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY POLICY

Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personal Communication Devices

Administrative searches can take place for work-related purposes that may be unrelated to investigations of employee misconduct and, as practicable, will be done upon request and in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

702.4 DEPARTMENT-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless an employee is expressly authorized by the Chief of Police, or designee, for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD

Employees may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (b) The PCD and any associated services shall be purchased, used and maintained solely at the employee's expense.
- (c) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications and no department issued PCD is available). Employees will have no expectation of privacy with regard to any department business-related communication.
- (d) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (e) Use of a personally owned PCD for Department business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations.
- (f) If the Department determines that the use of a personally owned PCD on-duty for personal business violates the provisions of 702.6 (c) the privilege of carrying or using the PCD on-duty may be revoked.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personal Communication Devices

Except with prior express authorization from their supervisor, employees are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If an employee is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the employee has prior express authorization from his/her supervisor, the employee may engage in business-related communications. Should employees engage in such approved off-duty communications or work, employees entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Employees who independently document off-duty department-related business activities in any manner may be asked to provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PERSONAL COMMUNICATION DEVICES

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All PCDs in the workplace should be set to silent or vibrate mode.
- (c) PCD's will not be used to conduct personal business on duty, with the limited exception of brief personal use during authorized work breaks, or minimal personal business that contributes to the efficiency and effectiveness of the employee (for example, making child-care arrangements). Personal use shall not interfere with the employee's ability to accomplish their assigned responsibilities.
- (d) Employees may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Officers are prohibited from taking pictures, video or making audio recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the or the authorized designee, may result in discipline.
- (f) Employees will not access social networking sites for any purpose that is not official department business.
- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any employee having knowledge of such conduct shall promptly notify a supervisor.

Personal Communication Devices

702.7 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, employees who are operating non-emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (ORS 811.507). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.8 OFFICIAL USE

Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, employees shall conduct sensitive or private communications on a land-based or other department communications network.

Officers should be aware that the police radio is the primary communication tool, and PCD's should not supplant radio traffic.

The following situations are examples of when the use of a PCD may be appropriate:

- (a) Barricaded suspects
- (b) Hostage situations
- (c) Mobile Command Post
- (d) Catastrophic disasters, such as plane crashes, earthquakes, floods, etc.
- (e) Major political or community events

When a collision involves a department vehicle or when a member of this department is an involved driver in a collision that occurs in this jurisdiction, and the collision results in serious injury or death, the supervisor should request that an outside law enforcement agency should be summoned to investigate the collision.

The employee involved in the collision shall complete the University's vehicle accident form. If the employee is incapable, the supervisor shall complete the form.

Any damage to a vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in a memorandum and forwarded to the watch commander.

An administrative investigation will be conducted to determine indications of vehicle abuse, misuse, or "at-fault" driving. If it is determined that misuse, abuse or "at-fault" driving was a factor appropriate disciplinary action may result.

Chapter 8 - Support Services

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interviews and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data
- Oregon Department of Transportation
- Oregon Traffic Safety Commission
- Information obtained from participation in local and regional crime sharing meetings

800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the

development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

Communications and Emergency Response Center (CERC)

802.1 PURPOSE AND SCOPE

The basic function of the communications system is to satisfy the immediate information needs of the law enforcement agency in the course of its normal daily activities and during emergencies. The latter situation places the greatest demands upon the communications system and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any department, large or small, uses available information technology in fulfillment of its missions.

802.1.1 FCC COMPLIANCE

University of Oregon Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and guidelines.

802.1.2 CODE OF ETHICS

All communication personnel at the University of Oregon Police Department shall conduct themselves in accordance with the tenets of the Public Safety Telecommunicator's Code of Ethics.

The Communications and Emergency Response Manager shall ensure that newly hired Communications Officers working under their supervision read and sign a copy of the Code of Ethics during their initial training and orientation period. The signed copy shall be retained in the employee's personnel record.

802.2 COMMUNICATIONS GUIDELINES

This department provides 24-hour telephone service to the public for information or assistance that may be needed in emergencies. The ability of citizens to telephone quickly and easily for emergency service is critical. This department maintains direct contact with Central Lane Communications and promotes the use of the 9-1-1 system for a single emergency telephone number. This department has two-way radio capability providing continuous communication between the Communications and Emergency Response Center and officers.

802.2.1 STRUCTURE

Director - The Division Commander is responsible for directing the overall operations of the Communications and Emergency Response Center including establishing policies and procedures, budgeting and fiscal planning, managing human resources, evaluating programs and services, and the overall maintenance of all Center equipment.

Supervisors - All Communications and Emergency Response Managers are responsible for the operations of their particular shift and, in coordination with other supervisors, the efficient and effective operation of the Center on a day-to-day basis. Each Communications and Emergency Response Manager is also responsible for the supervision, training and evaluation of personnel assigned to their shift; scheduling; compliance to established policies; reviewing requests for

University of Oregon Police Department Policy Manual

Communications and Emergency Response Center (CERC)

copies of information for release; maintaining time records; and maintenance of CAD and Master Street Address Guide files. All Communications and Emergency Response Managers report to the Division Commander.

Communication Officers - Communications Officers are responsible for the receipt and handling of all incoming and transmitted communications, including but not limited to emergency lines; normal business phone lines; TTY devices, and radio communications with fire, EMS, and law enforcement units. Communications Officers are also responsible for entering of CAD data for all field activities of fire, EMS, and law enforcement units and making inquiries through outside data bases (i.e. LEDS, NCIC, DMV, etc.) in support of those field units. Communications Specialists report to their respective Communications and Emergency Response Manager.

802.2.2 SCHEDULING

Scheduling in Communications and Emergency Response Center shall consist of at least three shifts. The Communications and Emergency Response Manager in charge of each shift shall report to the Division Commander. Minimum staffing levels requires that there will always be at least two personnel on duty at any given time, one of which may be a Communications and Emergency Response Manager. It is the responsibility of the Communications and Emergency Response Managers to establish a balanced work schedule for their respective shifts to ensure adequate coverage based upon anticipated activity levels and a balance of experience and specialization available. The Communications and Emergency Response Managers will post a copy of the work schedule for employee's reference and coordinate requested time off and provide for unexpected absences such as sick time.

802.2.3 CONFIDENTIALITY

Information that becomes available through Communications and Emergency Response Center may be confidential or sensitive in nature. All communications personnel are to treat information that becomes known to them as confidential and release that information only to duly authorized personnel.

Automated data, such as Department of Motor Vehicle records, warrants, criminal history information, records of internal police files, or medical information such as a data reference to "Use Universal Precautions" shall only be communicated to authorized criminal justice personnel and, when transmitting via the radio, an admonishment that confidential information is about to be transmitted. Whenever possible, confidential information will be transmitted via a secure encrypted radio channel.

When a citizen calls Central Lane Communications using an enhanced 9-1-1 line, the ANI/ALI will display the subscriber's name, address and telephone number. All identifications received from E9-1-1 are confidential and shall not be subject to public disclosure by Communications and Emergency Response Center per ORS 403.135(2).

When a caller calls E9-1-1 from a non-published or non-listed telephone number, ANI/ALI will display "(NP)" in front of the subscriber's name. Absent the permission of the subscriber this information shall not be reproduced from CAD or included in any official report except as necessary

to respond to a 9-1-1 call or notify the public of an emergency via an automated system (ORS 403.135(3)).

802.2.4 RECORDINGS

Each console is equipped with an instant playback recording system. This system provides the capability of instant replay of all recent radio communications.

System-wide recording devices are also installed to record all radio and telephone conversations coming into Communications and Emergency Response Center. The recordings are stored and retained by an assigned Communications and Emergency Response Manager for a minimum of six months.

802.2.5 SECURITY

The communications function is vital and central to all emergency service operations. The safety and security of Communications and Emergency Response Center, its personnel, and equipment must be a high priority.

Access to Communications facilities may be restricted by the Department, as necessary.

802.2.6 CALLS FOR SERVICE

Emergency calls for service may be received directly by the Communications and Emergency Response Center. Calls for service may also be transferred from Central Lane Communications. The Center will also have business lines available for non-emergency calls for service and information. The non-emergency phone number will be listed in a public telephone directory and all published material will encourage callers to utilize 9-1-1 for emergencies.

- (a) **Emergency Calls** - An emergency call is considered as any call received via telephone or radio where there is an immediate or potential threat to life or serious property damage, and time of arrival is of the utmost importance. All incoming calls on an emergency line will be answered with "University Police. Do you have an emergency?"
1. Some incoming calls will display caller ID of the account holder.
 2. Verify the phone number and address; never assume the caller ID information is correct.
 3. Verify where units should respond. It may be a different location than the call is being made from.
 4. Bring information into CAD and complete the CAD entry.
 5. Emergency calls will be dispatched immediately.
 6. A citizen reporting an emergency will never be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding units and the public.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications and Emergency Response Center (CERC)

- (b) **Non-Emergency Calls** - Non-emergency calls are considered as any call received via telephone or radio where there is no immediate or potential threat to life or property. Incoming calls received on the business line will be answered using the agency name and, if appropriate, unit or division
1. Enter information into the CAD system and dispatch or transfer to the appropriate dispatcher.
 2. Calls for other university departments may be transferred or information taken for after-hours notifications, as appropriate.
 3. Citizens reporting non-emergencies may be put on hold if necessary to take higher priority calls.
 4. Advise the citizen if there will be a delay in the dispatcher coming back onto the line or if the field unit advises there will be a delay in his response.

802.2.7 TELEPHONE REPORTS

Certain non-emergency complaints may be handled by the field unit by phone provided that:

- (a) There is no physical evidence to be collected such as latent fingerprints
- (b) The suspect is no longer at the scene
- (c) No on-scene investigation is needed
- (d) The caller agrees to telephone contact from the field unit
- (e) When taking a call for service that may be handled by telephone contact, ask the caller if the call can be handled by this method. If the caller agrees, advise the field unit. The field unit receiving the dispatch has the ultimate decision whether to handle the call by phone or in person

802.2.8 EMERGENCY MESSAGES

When a call is received requesting an emergency message be delivered, take the information on the call entry screen as with any other call for service. Attempt to dispatch the appropriate field unit by telephone, MDT (when available), or in person. Radio dispatch may be used if other means are not possible.

Communications Officers will not deliver emergency messages to the ultimate recipient by any means.

802.2.9 COLLECT CALLS

Collect calls will not be accepted by Communications and Emergency Response Center unless the dispatcher believes the call would be justified in serving the university community or public.

802.3 RADIO COMMUNICATIONS

Communications radios are for official use only, to be used by personnel of Communications and Emergency Response Center to communicate with the user agencies.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications and Emergency Response Center (CERC)

To clear the channel announce on the channel to be cleared "Code 9 (channel #) for (unit #) or incident."

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications and Emergency Response Center (CERC)

Normal traffic may be assigned to another channel depending on the circumstances. Regardless of who initiated the clear channel, Communications and Emergency Response Center will not release the channel to normal traffic without the authorization of the field unit in charge of the situation. To resume normal traffic on the cleared channel, announce on the cleared channel and the alternate channel "Code 9 is cleared on (channel)".

802.4 EQUIPMENT FAILURES

At least two operational console positions, including emergency phone lines, business phone lines, radios for all operational frequencies and CAD and computer systems should remain operational for use by Communications and Emergency Response Center personnel. If a malfunction occurs during regular business hours, a call will be placed immediately to the Division Commander who will arrange to correct the malfunction. If it occurs during non-business hours, the Division Commander will be notified by phone and the Communications and Emergency Response Manager will be directed to the appropriate person, department or agency. If necessary, one or more console positions may be relocated to an approved alternate location as long as on-duty dispatchers are capable of maintaining communications via phone or radio.

Any problems with department cell phones should be reported directly to the UOPD IT staff.

802.4.3 RADIO MALFUNCTIONS

In the event Communications and Emergency Response Center has a radio malfunction that cannot be corrected by the Communications Officer or Communications and Emergency Response Manager on duty, a radio technician will be called or paged immediately. The RF Engineer with University Network and Telecom Services will be notified of problems with university-owned radio equipment at the numbers posted on consoles. Problems related to the Lane Regional Interoperable Group (LRIG) trunked system will be reported to on-duty Communications Supervisor with Central Lane Communications at (541) 682-2791.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications and Emergency Response Center (CERC)

802.4.4 CONSOLE COMPUTER MALFUNCTIONS

In the event Communications and Emergency Response Center has a computer malfunction that cannot be corrected by the Communications Officer or Communications and Emergency Response Manager on duty, the RF Engineer with University Network and Telecom Services will be notified at the numbers posted on consoles to assess or correct the problem.

802.4.5 POWER FAILURES/EMERGENCY GENERATOR

In the event the Communications and Emergency Response Center loses main power, an emergency switch will transfer to the back-up power feeder. When this occurs, there will be a momentary loss of power. The Uninterrupted Power Source (UPS) will momentarily support Communications and Emergency Response Center's electrical needs during this period.

802.5 COMPUTER AIDED DISPATCH

The Computer Aided Dispatch (CAD) system is designed to help public safety agencies in responding to requests for service. The CAD system improves productivity and effectiveness in Communications and Emergency Response Center by automating many time consuming call taking, dispatching, communication, deployment and unit status recording activities.

Any status change made from any terminal in the CAD system will have an immediate impact on all other terminals in the system. A terminal will always monitor several activities even while the user is entering call data or status changes. The training manual and the CAD system manual for Communications and Emergency Response Center provide detailed information on the operation of the CAD System.

802.5.1 STATUS MONITOR

The status monitor shall monitor status conditions such as:

- Out of Service
- Available for service
- Assigned
- Dispatched
- Enroute
- Arrived on scene
- Checking vicinity
- Available on radio
- Returning to station
- Cleared

802.5.2 AVAILABLE UNITS/UNIT HISTORY

User agencies are responsible for providing the Communications and Emergency Response Center with a current list of on-duty or on-call units, each unit's area of responsibility and the on-

University of Oregon Police Department Policy Manual

Communications and Emergency Response Center (CERC)

duty supervisor for each agency. This is usually done at the beginning of each user agency's shift. It can be done by telephone, radio or in person.

The on-duty Communications Officer receiving unit information from a user agency shall update the CAD listing of on-duty and on-call units.

CAD maintains a "Unit History" for all units entered. The accuracy of the unit history depends on the unit keeping Communications and Emergency Response Center advised of status changes and the Communications Officer making the proper entry on the CAD system.

Whenever a unit checks in or out, or changes status, the Communications and Emergency Response Center shall make an entry on the Call Entry screen on the CAD system. . The dispatcher shall use the CAD command or entry that most closely describes the unit's activity.

802.5.3 INCIDENT/DR NUMBERS

Whenever a call is taken from a citizen or unit and entered on the "Call Entry" monitor, CAD automatically designates a CAD Incident Number.

When a unit requests a case number the Communications Officer shall locate or create an appropriate CAD detail and assign the next sequential case number. Case numbers will begin on January 1st of each calendar year with the two digit year designator followed by the sequential number starting with "0001".

802.5.4 CALL ENTRY AND DISPATCH

The Call Entry screen will automatically enter the call date, time and incident number. The Communications Officer taking the call must enter the appropriate call type.

- (a) The location of the incident and the name and address of the caller must be entered by the Communications Officer.
- (b) CAD will record the time the call is dispatched, time of officer arrival and time of officer return to service if this information has been provided to the dispatcher. When the call is complete, a disposition code must be entered.

802.5.5 OFFICER IDENTIFICATION

Identification systems may be based on factors such as rank, beat assignment and officer identification numbers. The entire call sign should always be used when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate unit. Personnel initiating communication with other agencies shall use their agency name and entire call sign. This requirement does not apply to continuing conversation once the units have been properly identified

802.6 COMPUTER DOWN TIME

CAD may be down periodically for a scheduled back-up or systems maintenance. When this occurs, Communications Officers are expected to utilize available printed copies of CAD resources.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications and Emergency Response Center (CERC)

802.6.1 POLICE CALLS

- (a) Complete a Call Entry form
- (b) Dispatch the appropriate unit

802.7 POLICE DISPATCH

802.7.1 GENERAL

When a call for police services is received, determine if it is an emergency or non-emergency. Determine the call type, location and priority by asking the four key questions where, what, when and who. Emergency calls will be dispatched immediately.

A citizen reporting an emergency will never be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding units and the public.

Alert tones should be used whenever dispatching an emergency call. When using alert tones, send three-one second tones with a one second interval between tones.

802.7.2 EMERGENCY CALLS

An emergency call is considered as any call received via telephone or radio where there is an immediate or potential threat to life, or serious property damage, and time of arrival is of the utmost importance.

- (a) Clear the pursuit channel, via Code 9
- (b) Acknowledge and repeat relevant transmissions related to the pursuit

- (a) There are injuries reported

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communications and Emergency Response Center (CERC)

- (b) It is blocking traffic
- (c) A traffic crime is reported (Reckless driving, DUI)
- (d) One of the involved parties requests an officer

A non-injury, non-blocking traffic accident can be handled by the citizens exchanging driver, vehicle and insurance information.

802.7.5 NON-EMERGENCY CALLS

Non-emergency calls are any call received where there is no immediate threat to life or property. Citizens reporting non-emergency calls may be put on hold to take a higher priority call. Advise the citizen if there will be a delay in the response.

802.7.6 ALARMS

The Communications and Emergency Response Center serves as the primary monitoring site for all university fire, intrusion and panic alarms. Some campus environmental signals (freezer and server room sensors, etc.) are also received in the Center. When an alarm or signal is received, create a corresponding CAD detail, dispatch the appropriate units immediately and/or make appropriate notifications.

802.7.7 FIRE/EMS DISPATCH

Receiving and dispatching Fire/EMS calls within its jurisdiction are responsibilities of Communications and Emergency Response Center.

When the Communications and Emergency Response Center receives a fire or EMS call for service, the Communications Officer shall coordinate a response directly with Central Lane Communications.

802.8 EMS CALLS FOR SERVICE

The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s).

Alternative processes may be developed by UOPD to facilitate the efficient handling and release of property not needed for evidence (for example Bicycles). These processes may include alternate storage, public outreach to identify potential owners and releasing criteria. The property and evidence technician shall request a disposition or status on all property that has been held in excess of 120 days, and for which no disposition has been received from a supervisor or detective. ORS 98.245 and ORS 98.336 govern the disposition of property held by law enforcement agencies.

804.7.1 DEFINITIONS

As set out in Oregon Revised Statutes 98.245, the following definition applies to the disposition of property by law enforcement agencies:

Unclaimed Property: personal property that was seized by the University of Oregon Police Department as evidence, abandoned property or stolen property, and that has remained in the physical possession of the Department for a period of more than 60 days following conclusion of all criminal actions related to the seizure of the evidence, abandoned property or stolen property, or conclusion of the investigation if no criminal action is filed.

The University of Oregon (UO) is required to follow Oregon Administrative Rule (OAR) 580-040-0300 when disposing of surplus property.

UO Surplus property: is defined as all university property, including lost, mislaid or abandoned property, vehicles and titled equipment that is worn-out, obsolete or excess to the institution's needs, or otherwise unsuitable for intended use. UO departments are not authorized to sell or give away UO surplus property. Evidence Control

805.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy evidence.

This policy covers items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

In addition, this policy covers all narcotics or dangerous drugs (including drug paraphernalia), explosives, hazardous substances whether they are retained as evidence or retained as property.

805.2 EVIDENCE HANDLING

Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence. When not specifically addressed by this manual, collection and handling of all evidence and property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of evidence that are received or taken from any person. If no person is present, and the evidence is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

805.2.1 EVIDENCE BOOKING PROCEDURE

All evidence must be booked prior to the employee going off-duty. Employees booking evidence shall observe the following guidelines:

- (a) Complete the evidence form describing each item separately (each with its own number), listing all serial numbers, associated names, and other identifying information or markings.
- (b) Evidence and other property must be documented on separate forms.
- (c) Mark each item of evidence with the booking employee's initials and the date booked using the appropriate method so as not to deface or damage the value of the property or evidentiary value. Certain items cannot be reasonably marked, in which case the container must be adequately sealed, marked and contents described.
- (d) Packages and containers must have an evidence tag attached or marked with the same information contained on a tag. If the envelope contains more than one numbered item, the tag or container will reflect which items are in the envelope.
- (e) The "Report" copy of the evidence form shall be submitted with the case report. The original shall be placed with the property (not inside a container or envelope) in the

University of Oregon Police Department

University of Oregon Police Department Policy Manual

temporary evidence locker or with the evidence if it is stored somewhere other than an evidence locker.

- (f) Generally, evidence will not be stored anywhere except for the temporary property locker. Supervisory approval must be obtained to store evidence elsewhere when the size or nature of the evidence precludes using the evidence locker.

805.2.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs (including paraphernalia as defined by ORS 475.525(2)) shall be booked separately using a separate Property Report.

The officer seizing the narcotics and dangerous drugs shall place them in the designated locker accompanied by the original Property Report. The "Report" copy will be detached and submitted with the case report.

805.2.3 EXPLOSIVES/HAZARDOUS SUBSTANCES

Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Executive Coordinator. The Explosives Disposal Unit at Eugene PD will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives, including making arrangements for military ordinance.

Explosives will not be retained in the UOPD facility.

Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into evidence. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The property and evidence technician is responsible for coordinating the disposal of these items with the Explosives Disposal Unit, Eugene Police Department, on a regular basis once they are not needed as evidence.

805.2.4 EXCEPTIONAL HANDLING

Certain property items require a separate process. The following items shall be processed in the described manner:

- (a) Bodily fluids such as blood or semen stains shall be air dried prior to booking and packages should be labeled with a biohazard sticker.
- (b) All bicycles and bicycle frames that are evidence require a Property report. Evidence tags will be securely attached to each bicycle or bicycle frame. The evidence may be released directly to the property and evidence technician, or, with supervisory approval, placed in the bicycle storage area until a property and evidence technician can log the evidence
- (c) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking officer and the supervisor.
 - 1. Cash will be stored in the designated lock box unless the value exceeds \$500. In that case, the cash will be deposited in the drop safe and an email will be

Evidence Control

sent to the Director of UOPD Administrative Services so that the money can be deposited in an appropriate account.

State property, unless connected to a known criminal case, should be released directly to the appropriate University department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

805.2.5 COLLECTION AND PRESERVATION OF DNA EVIDENCE

Because DNA evidence can play a key role in establishing guilt or innocence it is important that such evidence be collected, handled and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, officers should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 181.594. The property and evidence technician will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

Collection and preservation should follow established protocols as outlined in the Oregon Physical Evidence Manual (http://www.oregon.gov/OSP/FORENSICS/docs/Phys_Evid_Manual_013108.pdf).

805.2.6 COLLECTION AND PRESERVATION OF SAFE KITS

Under current law, victims of sexual assault may seek medical assessment and choose not to make a report to law enforcement, yet still have evidence collected and preserved. The University of Oregon Police Department will collect and maintain the chain of evidence for all State of Oregon Police Sexual Assault Forensic Evidence Kits (SAFE Kits) and any associated evidence collected by medical facilities in this jurisdiction for victims of sexual assault, regardless of where the assault may have occurred. Victims who choose to remain anonymous and not make a report shall not be required to do so (ORS 147.397).

The collection and preservation of SAFE Kits from anonymous victims may be handled by any officer. When a medical facility notifies this department that evidence of a sexual assault has been collected and a SAFE Kit is available, an officer shall be responsible for the following:

- (a) Respond promptly to the medical facility to retrieve the evidence.
- (b) Provide a unique case number to a responsible representative of the medical facility, which will be provided to the victim. The case number will be used to identify all associated evidence so that a chain of evidence can be maintained in the event the victim later decides to report the assault.
- (c) Ensure that no identifying information regarding the victim, other than the case number, is visible on the evidence packaging.
- (d) Prepare and submit an evidence report and book the evidence in accordance with current evidence procedures.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Evidence Control

SAFE Kits collected for victims whose identity is not disclosed should be maintained in the same manner as other SAFE Kits, but should not be opened until or unless the victim reports the assault. Opening SAFE Kits may compromise the admissibility of evidence in the event of a prosecution.

Where the identity of the sexual assault victim is not disclosed, a SAFE Kit and related evidence should be retained for 25 years, unless directed otherwise by an Investigations Sergeant. However, in all cases such evidence shall be retained for a minimum of 180 days (ORS 147.397).

805.3 PACKAGING OF EVIDENCE

Certain items require special consideration and shall be booked separately as follows:

- (a) Narcotics and dangerous drugs
- (b) Firearms (ensure they are unloaded and booked separately from ammunition). A flex cuff or similar device should be inserted through the chamber, barrel, or cylinder whenever possible. If forensics examination of the weapon barrel, chamber or firing pin are anticipated, care should be taken not to disturb or alter those characteristics when rendering a firearm safe for storage.
- (c) Property with more than one known owner
- (d) Paraphernalia as described in Oregon Revised Statutes 475.525(2)
- (e) Fireworks and other hazardous materials
- (f) Contraband

805.3.1 PACKAGING CONTAINER

Employees shall package all evidence in a suitable container available for its size. Knife boxes should be used to package knives. All packages containing evidence must be sealed with evidence tape, initialed, and dated across the seal.

Needles or syringes will normally be disposed of in a sharps container and will not be submitted to the Evidence Room. However, when required for evidence in a serious crime or in a major investigation, a syringe tube should be used for packaging.

An evidence tag shall be securely attached to the outside of all items or group of items packaged together.

805.3.2 PACKAGING NARCOTICS

The officer seizing narcotics and dangerous drugs shall retain such property in their possession until it is properly weighed, packaged, tagged, and placed in the designated narcotics locker. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the officer's report.

Narcotics and dangerous drugs shall be packaged in an envelope of appropriate size available in the report room. The booking officer shall initial the sealed envelope and the initials covered with cellophane tape. Narcotics and dangerous drugs shall not be packaged with other property.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Evidence Control

A completed property tag shall be attached to the outside of the container or the information must be written on the container.

805.3.3 COLLECTION AND PRESERVATION OF DNA EVIDENCE

Because DNA evidence can play a key role in establishing guilt or innocence it is important that such evidence be collected, handled and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, officers should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 181.594. The property officer will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

Collection and preservation should follow established protocols as outlined in the Oregon Physical Evidence Manual.

805.4 RECORDING OF EVIDENCE

The property and evidence technician receiving custody of evidence shall record his/her signature, the date and time the evidence was received and where the evidence will be stored on the Evidence report.

A property number shall be assigned to each item or group of items. This number shall be recorded on the evidence tag, package and the Evidence report.

Any changes in the location of property held by the Department shall be noted in the appropriate location on the Evidence report.

805.5 EVIDENCE ROOM SECURITY

Access to the Evidence Room is limited to property and evidence technicians unless visitors are logged in and out, including the time, date and purpose of entry. All personnel entering the Evidence Room must be accompanied at all times by a property and evidence technician.

Annual independent audits will be completed of the Evidence Room function with an audit report to the Chief of Police.

805.5.1 RESPONSIBILITY OF PERSONNEL

Every time evidence is released or received, an appropriate entry on the evidence chain of custody report shall be completed to maintain the chain of possession. No evidence is to be released without first receiving written authorization from the assigned investigator or his/her supervisor.

Request for analysis for items other than narcotics or drugs shall be completed on the appropriate forms and submitted to the property and evidence technician. This request may be filled out any time after the booking of evidence.

Any time property is discovered to be missing from the property room, the employee shall immediately notify the Lieutenant assigned to the Property Control Function. This notification may

be made in person, by telephone or by email. The Lieutenant will determine what follow-up steps are necessary.

805.5.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY

The transporting employee will check the evidence out before removing it, indicating the date and time on the Evidence report and the request for laboratory analysis.

The property and evidence technician releasing the evidence must complete the required information on the Evidence report and the evidence. The lab forms will be transported with the evidence the examining laboratory. Upon delivering the item(s) involved, the officer will record the delivery time on both copies, and indicate the locker in which the item was placed or the employee to whom it was delivered. If the items are delivered to an employee of the lab, they will sign the form. The original copy of the lab form will remain with the evidence and the copy will be returned to the property control file to act as a "tickler" to facilitate the return of the evidence to the UOPD facility. Once the property is returned to UOPD, the copy of the form will be forwarded to the Records Section for filing with the case.

805.5.3 STATUS OF EVIDENCE

Each person receiving evidence will make the appropriate entry to document the chain of evidence. Temporary release of evidence to officers for investigative purposes, or for court, shall be noted on the Evidence report, stating the date, time and to whom released.

The property and evidence technician shall obtain the signature of the person to whom evidence is released, and the reason for release. Any employee receiving evidence shall be responsible for such evidence until it is properly returned to property or properly released to another authorized person or entity.

The return of the evidence should be recorded on the Evidence report, indicating date, time, and the person who returned the evidence.

805.5.4 RELEASE OF EVIDENCE

Evidence may only be released with the authorization of the DA's office and the officer or detective assigned to the case.

Once a case has been adjudicated or passed the statute of limitations for prosecution, a property and evidence technician will request a disposition authorization from the DA's office and the assigned officer or detective. Care should be taken to ensure there are no outstanding warrants for suspects or additional defendants for the same case prior to authorizing release.

Release of evidence shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the assigned officer or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines.

808.2 PROCEDURE

Any firearm coming into the possession of the University of Oregon Police Department as evidence, where the serial numbers have been removed or obliterated will be processed in the following manner:

808.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

University of Oregon Police Department

Restoration of Firearm Serial Numbers

808.2.3 OFFICER RESPONSIBILITY

The property and evidence technician receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

808.2.4 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

808.2.5 FIREARM TRACE

After the serial number has been restored or partially restored by the criminalistics laboratory, the property and evidence technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or the data may be entered into the ATF [eTrace](#) system.

808.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to digitize and compare unique markings made by a firearm on bullets and cartridge casings recovered from crime scenes.

Access to Law Enforcement Databases

809.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for compliance with the rules and procedures regarding the use of law enforcement databases and related information. This policy applies to all of the records files maintained within LEADS and NCIC, to include the following, but not limited to: Driver's License; Vehicle Registration; Vehicle/License; Vehicle/Boat Parts; Articles; Gun; Boat; Securities; Wanted Persons; Missing Persons; Corrections Offenders; Officer Safety; Unidentified Persons; Identification Theft Victim; Protection Orders; Criminal History; Environmental Safety; ORI; and LEADS Agency File.

It is the policy of the University of Oregon Police Department for the strict adherence to all applicable Department, Local, University, State and Federal rules and procedures by all UOPD employees involved in the search of, entry to, modification of, or dissemination of, information associated with law enforcement databases (i.e. LEADS, AIRS, NCIC).

809.2 GENERALLY

All UOPD employees involved in the search of, or entry to, any Local, University, State or Federal law enforcement databases (i.e., AIRS, LEADS, NCIC) must be in compliance with all related certification requirements before being allowed access to those systems.

These databases must only be used for legitimate law enforcement purposes.

Any UOPD employee who enters information into LEADS or NCIC files is responsible for the accuracy, timeliness and completeness of that information.

809.3 LAW ENFORCEMENT DATA SYSTEM (LEADS)

All UOPD employees who operates a terminal to access the LEADS network must complete a LEADS System Training Guide at a level consistent with the employee's duties.

- (a) The UOPD' LEADS Representative will issue a Training Guide to employees and it must be completed within 60 calendar days from the date of issue.
- (b) Each employee cleared to use LEADS must be re-certified every two years per schedules and procedures as prescribed by LEADS.

809.3.1 PERSONAL IDENTIFYING INFORMATION

Employees shall not access, use or disclose personal identifying information, including an individual's photograph, Social Security number, driver identification number, name, address, telephone number and the individual's medical or disability information, which is contained in any driver license record, motor vehicle record or any department record except as authorized by the Department and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (ORS 802.181 and 18 USC § 2721).

Access to Law Enforcement Databases

809.4 FBI - NCIC

Access to the FBI-NCIC system requires a background screening of all terminal operators. Minimal background screening of the terminal operators will include the following queries:

- (a) Queries of LEDS and NCIC fugitive warrant files, the Oregon Computerized Criminal History (CCH) system, and the FBI Interstate Identification Index (III), must be conducted on all terminal operators with LEDS access.
- (b) To assure positive identification, submission of a completed applicant fingerprint card to the FBI Identification Division through the Oregon University Police Identification Services Section is also required.

809.5 RECORDS AND COMMUNICATIONS PERSONNEL

All UOPD Communications and Records personnel will be familiar with and adhere to the administrative rules set forth in the LEDS Manual, Sections 257-15-0000 through 257-15-100. The LEDS Manual can be accessed through the following website: www.oregon.gov/OSP/CJIS/adminrules.

The UOPD has established specific procedures and protocols for the operations of the data terminal system outlined in the UOPD Dispatch Procedures Manual. These protocols are intended to assist both the field users and Communications and Records personnel in the safe, legal, and orderly operation of these Federally controlled database systems.

Computers and Digital Evidence

814.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established state law and Fourth Amendment search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box (For laptops, disconnect any power cable from the case and remove the battery).
- (e) Label each item with case number, evidence sheet number and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property and Evidence Section. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 1. Where the computer was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.

Computers and Digital Evidence

4. If it can be determined, how it was being used.
 - (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORK COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence. Cases involving networks require specialized training which is available through the Northwest Regional Computer Forensics Lab, the Oregon State Police or another agency having certified examiners.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to the Computer Forensic Examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media, to include hard discs, floppy discs, CDs, DVDs, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request Property Control to copy the contents to an appropriate form of storage media.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Computers and Digital Evidence

- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting evidence recorded by officers and stored digitally using digital cameras, audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

814.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Section as soon as possible for submission into evidence.

Animal Control

820.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

820.2 POLICY

It is the policy of the University of Oregon Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

820.3 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation and determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding personnel generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
 3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

820.4 DECEASED ANIMALS

When a member becomes aware of a deceased animal all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Animal Control

Deceased animals on public property should be removed, sealed in a plastic bag and properly disposed of by the Facilities Department or in their absence, a responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

820.5 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts shall be made to contact the owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

820.5.1 INJURED WILDLIFE

Injured wildlife should be referred to the Oregon Department of Fish and Wildlife or Oregon State Police, Fish and Wildlife Division.

820.6 ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to those cited in ORS 133.379 (animal abuse, animal neglect).

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.
- (c) Members who lawfully seize an animal shall comply with the notice requirements of ORS 167.345.

820.7 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

820.8 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

820.9 DANGEROUS ANIMALS

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Watch Commander will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

820.10 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Members should diligently address calls related to nuisance animals (e.g., barking dogs), because such calls may involve significant quality-of-life issues.

820.11 RESCUE OF ANIMALS IN VEHICLES

A member who has a good-faith belief that entry into a motor vehicle is necessary because a domestic animal inside the vehicle is in imminent danger of suffering harm may enter the vehicle to remove the animal (ORS 30.813). Members should:

- (a) Determine that the motor vehicle is locked or there is no other reasonable method for the animal to exit the vehicle.
- (b) Make a reasonable effort to locate the owner before entering the vehicle.
- (c) Take steps to minimize damage to the vehicle, using no more force than necessary to enter the vehicle and remove the animal.
- (d) Refrain from searching the vehicle or seizing items except as otherwise permitted by law.
- (e) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and Department of the member involved in the rescue.
- (f) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.

820.12 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.

Chapter 9 - Custody

Custody Searches

900.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the University of Oregon Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS

Definitions related to this policy include:

Custody Search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

900.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

900.3 FIELD AND TRANSPORTATION SEARCHES

An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search.

900.4 ARRESTEE PROPERTY INVENTORIES

This policy provides for the proper and safe storage of custody property which has not been seized as evidence or contraband during a criminal investigation. Custodial property is inventoried to:

- (1) protect the arrestee's property while it is in police custody;
- (2) reduce or eliminate false claims against the police for lost property; and
- (3) protect against possible injury from impounded but non-inventoried property.

Officers shall be responsible for strictly following this inventory policy. An inventory is a non-investigatory procedure.

900.4.1 DEFINITIONS

Property – Includes all items that an individual has in their possession when arrested, items taken for safekeeping, and found property.

Inventoried – The systematic and focused inspection of an arrestee's property for the purpose of itemization, documentation, storage, and disposition of items as required by this policy. An inventory includes the opening of closed containers that are uniquely designed or objectively likely to contain anything that the applicable policy requires the officer to inventory.

900.4.2 ARRESTEE'S PERSONAL PROPERTY

Any personal property that will accompany the arrestee to the Lane County Jail will be inventoried per University of Oregon Police policy. In situations where the personal property is not accepted by the Lane County Jail (e.g., oversized items, excess of items or items prohibited from storage within the jail, such as knives); the property will be placed in the UOPD Safekeeping Area.

During the course of inventorying personal belongings, if an UOPD Officer encounters evidence of a crime in plain view, it may be seized and lodged as evidence per department policy.

If however, probable cause to believe that evidence of a crime will be found within a closed container that is not open, and not subject to opening because it is not uniquely designed or objectively likely to contain any of the prohibited items listed in 900.4.2.1 , it will be necessary to seize the closed container and seek a search warrant prior to opening the container.

Any property too large to fit in the property bag provided by the correctional facility shall be stored in the designated area at UOPD Safekeeping Area.

Per O.R.S. 133.455 personal property will be stored in the UOPD Safekeeping Area will be inventoried and a receipt will be provided to the arrestee.

900.4.3 ARRESTEE'S PROPERTY PROHIBITED ITEMS

The following items are not acceptable for storage at the UOPD Safekeeping Area, for safety and security reasons:

Dangerous weapons including explosive devices, fireworks, and firearms: The UOPD Safekeeping Area is not designed for storage of any type of combustible or explosive material as required by

University of Oregon Police Department

Custody Searches

Bureau of Alcohol Tobacco and Firearms (BATF) construction guidelines found in 27 C.F.R. § 555 (K).

Ammunition: Ammunition as defined by 18 U.S.C. § 921(A)(17)(A) contains two types of explosives, a primer and propellant powder . Storage areas within UOPD Safekeeping Area are meant for personal property and are not designed for storage of any type of combustible or explosive material as required by BATF construction guidelines found in 27 CFR, Part 555(K). In an effort to protect staff and property, ammunition may not be stored in at the UOPD Safekeeping Area.

Matches or lighters: These items are specifically listed because they are frequently found. These items have characteristics of ignitability as defined by 40 CFR § 261.21 and are therefore a danger to staff should any reaction take place that would ignite these devices and other combustible material.

All food items and perishable, biodegradable or vegetative substances including medical and recreational marijuana: The United States Food and Drug Administration guidelines for food storage found in 21 U.S.C. § 110 set forth a requirement that storage of food shall be under conditions that will protect against physical, chemical, and microbial contamination as well as deterioration. If food is improperly stored, mold will develop and it may cause a health hazard. The UOPD Safekeeping Area is for the storage of personal property and is not equipped to properly store any of these items. In an effort to protect staff, inmates and property from contamination by mold or other foodborne illness, food or other perishable items may not be stored in the UOPD Safekeeping Area. Additionally storing food that is later consumed when released to an arrestee may result in serious foodborne illness. No food or perishable items may be stored in the UOPD Safekeeping Area . Perishable, biodegradable, and vegetative substances, including but not limited to medical and recreational marijuana, have the potential to grow bacteria and expose staff to foodborne illnesses. Accordingly, all food items and perishable, biodegradable or vegetative substances, including but not limited to medical and recreational marijuana, will be disposed of in appropriate trash receptacles or pursuant to other applicable departmental procedures.

Beverage containers, alcohol containers, containers under pressure and their contents: The property storage areas are both inside and outside the correctional facility are subject to rapid daily temperature changes depending on the time of year and the weather conditions. Rapid changes in temperature may cause carbonated beverage containers and other pressurized containers to explode. Because it is hard to discern carbonated from non-carbonated beverages, all liquids will be treated as if they are carbonated. In an effort to protect an arrestee's property, as well as other adjacent property, beverages or any other pressurized containers may not be lodged in the UOPD Safekeeping Area.

Propellants: Due to their unstable or perishable characteristics, propellants, including but not limited to e-cigarettes, are not approved for storage in the UOPD Safekeeping Area and should be disposed of in a safe and responsible manner.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Custody Searches

Hazardous Materials, chemicals, or clothing or property that has been contaminated by dangerous chemicals, or other hazardous bio-contaminant: The United States Environmental Protection Agency classifies hazardous waste under 40 C.F.R. § 261. Materials classified as “potentially harmful” due to having characteristics of ignitability corrosively, reactivity or toxicity are dangerous. No material that has any of these characteristics may be stored within any correctional facility. In an effort to protect staff, inmates and property, any substance with properties that make it dangerous or potentially harmful to human health or the environment may not be lodged within the UOPD Safekeeping Area. Officers should contact UO Environmental Health and Safety for assistance in disposal.

Live animals, plants or other organisms: the UOPD Safekeeping Area is for personal property and is not equipped to properly store any live animals, plants, or other organisms. Such items cannot be cared for and are dangerous or potentially harmful to human health. UOPD Officers will attempt to place any live animals in the care of animal shelter for their safekeeping.

If property cannot be stored at UOPD Safekeeping Areas or at the correctional facility due to content, quantity of items exceeding storage space, or if doing so would place an unreasonable burden upon the storage facility, UOPD officers will dispose of the items in a safe and responsible manner. If possible, prior to any items disposal, officers will notify the arrestee of the pending disposal of their property.

Any items stored in safekeeping that display obvious evidence of spoilage or molding after the initial intake will be inspected and a secondary inventory completed by the evidence technician. If it is determined that there is facility safety danger consisting of explosive devices, bomb paraphernalia, gas canisters, blood or other bio hazards, medical sharps, food or other organic material that will spoil, the evidence technician will dispose of the items in a safe and responsible manner. If possible, prior to any items disposal, the evidence technician will notify the arrestee of the pending disposal of their property.

900.4.4 RECEIPT FOR PROPERTY OR MONEY

The officer or other member charged with such inventories shall ensure that the individual receives a receipt for any money or other property received and should have the individual countersign both the original and duplicate receipt. Members will otherwise comply with ORS 133.455 if the individual is unable to sign.

900.4.5 VERIFICATION OF MONEY

All money shall be counted in front of the individual from whom it was received. When possible, the individual shall initial the dollar amount on the inventory. Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial

900.4.6 CONCEALED HANDGUN LICENSE SEIZURE

When an arrestee is cited in lieu of custody or taken into custody on any charge, the Oregon Concealed Handgun License (CHL) should be seized by the arresting officer and returned to the CHL desk at the Lane County Sheriff's Office.

Out of state CHL's should not be seized. Correctional facility deputies/officers can photocopy the CHL and send it to the CHL desk at the Lane County Sheriff's Office, which will notify the appropriate authorities.

900.5 STRIP SEARCHES

No individual in temporary custody at any University of Oregon Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical attention or is concealing a weapon or contraband. - (c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).
- (d) The individual's actions or demeanor.
- (e) Criminal history (i.e., level of experience in a custody setting).

No transgender or intersex individual shall be searched or examined for the sole purpose of determining the individual's genital status. If the individual's genital status is unknown, it may be determined during conversations with the person, by reviewing medical records, or as a result of a broader medical examination conducted in private by a medical practitioner (28 CFR 115.115).

900.5.1 STRIP SEARCH PROCEDURES

Strip searches at University of Oregon Police Department facilities shall be conducted as follows (28 CFR 115.115):

- (a) Written authorization from the Watch Commander shall be obtained prior to the strip search.

However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

900.6 TRAINING

The Captain of Administration shall ensure members have training that includes (28 CFR 115.115):

Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement. Where collective bargaining agreements conflict with this policy, they will prevail .

1002.2 POLICY

The University of Oregon Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

1002.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-trial service employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

Evaluation of Employees

1002.3.1 RESERVE OFFICER EVALUATIONS

Reserve officer evaluations are covered in the Reserve Officers Policy.

1002.4 FULL TIME TRIAL SERVICE PERSONNEL

Non-sworn personnel are on trial service for six months before being eligible for appointment as permanent employees. An evaluation should be completed mid-term for all full-time non-sworn personnel during the trial service period.

Police Officers are on trial service for 18 months, and Public Safety Officers are on trial service for 12 months, before being eligible to be regular status employees. Trial service officers are evaluated daily, weekly and monthly during the FTEP process in the trial service period.

1002.5 FULL-TIME PERMANENT STATUS PERSONNEL

Permanent employees are subject to three types of performance evaluations:

Regular - For police officers assigned to patrol and those assignments/positions that have scheduled shift changes, an evaluation "Employee Performance Summary" shall be completed in conjunction with shift changes. These "Employee Performance Summary" forms will be combined at the end of each year to make up one formal evaluation. For those assignments that do not require a shift change and/or change in direct supervision, the evaluations shall be completed each January, or anniversary date (see applicable bargaining agreement).

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and more than 90 days have transpired since the last evaluation, then an evaluation shall be completed by the immediate supervisor before the transfer is made. No additional evaluation will be required at the end of that six-month rating period.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (work plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1002.5.1 RATING DEFINITIONS

The rater will use the ratings that are formally adopted by the University for Classified Employees.

1002.6 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent

employees may also write comments in the employee comments section of the performance evaluation report.

The Division Commander/Captain shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Commander shall evaluate the supervisor on the quality of ratings given.

1002.8 EVALUATION DISTRIBUTION

For Officer of Administration job classifications, the original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the 3 years past the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to UO Office of Human Resources.

Reporting of Employee Convictions

1011.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties; therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

1011.2 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Oregon and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; ORS 107.095(5); ORS 166.270).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

ORS 166.270 carries specific prohibitions on the carrying of firearms or other weapons upon a felony conviction in the State of Oregon, any other state or under federal law.

ORS 107.095(5) addresses when a restraining order can lead to a violation of the firearms prohibitions of 18 USC § 922. Employees that are or have become subject to such an order shall promptly report that information to a supervisor.

1011.3 OTHER CRIMINAL CONVICTIONS

Oregon Administrative Rules 259-008-0010(4) prohibits any person convicted of a felony from being a peace officer in the State of Oregon. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1011.4 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

Conduct

1012.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of this department and are expected of its members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning member conduct. Members are also subject to provisions contained throughout this manual as well as any additional guidance on conduct that may be disseminated by the Department or the member's supervisors. This policy applies to all employees (full- and part-time), reserve officers and volunteers.

An employee's off-duty conduct shall be governed by this policy to the extent that it is related to act(s) that may materially affect or arise from the employee's ability to perform official duties or to the extent that it may be indicative of unfitness for his/her position.

All employees will strive to find ways in every contact with the public to promote values as expressed in departmental standards (such as the department mission, code of ethics, stated goals and objectives, policies, directives and training).

Sick Leave Reporting

Nothing in this section precludes a supervisor, with cause, from requiring a physician's statement if three or fewer sick days are taken.

1015.4 SUPERVISOR RESPONSIBILITY

Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program.

Communicable Diseases

1017.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1017.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the University of Oregon Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1017.2 POLICY

The University of Oregon Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1017.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Complying with the Oregon Safe Employment Act (ORS 654.001 et seq.).
 2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communicable Diseases

3. Exposure control mandates in 29 CFR 1910.1030 including bloodborne pathogen precautions (OAR 437-002-0360).

The ECO should also act as the liaison with the Oregon Occupational Safety and Health Administration (OR-OSHA) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1017.4 EXPOSURE PREVENTION AND MITIGATION

1017.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communicable Diseases

1017.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; OAR 437-002-0360).

Other preventive, no-cost immunizations shall be provided to members who are at risk of contracting a communicable disease if such preventive immunization is available and is medically appropriate. A member shall not be required to be immunized unless such immunization is otherwise required by federal or state law, rule or regulation (ORS 433.416).

1017.5 POST EXPOSURE

1017.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1017.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Name and Social Security number of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communicable Diseases

1017.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; OAR 437-002-0360).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1017.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; OAR 437-002-0360).

1017.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Contacting the Oregon Health Authority to seek voluntary consent for source testing for HIV (ORS 433.065).
- (c) Petitioning for a court order to compel source testing for HIV or other communicable diseases as defined by ORS 431A.005, if a good faith effort to obtain voluntary consent is requested from the source person and not obtained (ORS 433.080; ORS 431A.570).
- (d) Working with the district attorney if the person is charged with a criminal offense that may involve exposure to a communicable disease (ORS 135.139).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the General Counsel to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Communicable Diseases

1017.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1017.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1019.1 PURPOSE AND SCOPE

This policy establishes limitations on the use of tobacco products by employees and others while on-duty or while in University of Oregon Police Department facilities or vehicles.

1019.2 POLICY

Department employees will adhere to the University of Oregon policy regarding tobacco use.

1019.3 EMPLOYEE USE

Tobacco use by employees is prohibited anytime employees are on duty.

Officers in uniform who chose to use tobacco while on their breaks from work, may not do so in public view.

Smoking and the use of other tobacco products is not permitted inside any University facility, office or vehicle.

It shall be the responsibility of each employee to ensure that no person under his/her supervision smokes or uses any tobacco product inside University facilities and vehicles or while on duty.

Personnel Complaints

1021.1 PURPOSE AND SCOPE

The purpose of this procedure is to provide guidelines for reporting, investigation and disposition of complaints regarding the conduct of members and employees of this department.

This policy describes the safeguards that apply when an employee is under investigation concerning a matter that may lead to economic sanctions or dismissal from employment, and when that employee will be interviewed regarding the matter. The policy is meant to ensure that any disciplinary action taken against an employee only occurs with just cause.

This policy does not apply when a supervisor questions an employee in the normal course of an informal verbal admonishment or when the supervisor has other routine or unplanned contact with an employee. Nor does this policy apply to an investigation concerned solely with alleged criminal activities.

1021.1.1 DEFINITIONS

Disciplinary action - An action taken against an employee by the University of Oregon Police Department to sanction the employee, including dismissal, demotion, suspension without pay, reduction in salary, written reprimand and transfer (ORS 236.350 (1)).

Employee - Any paid member of the University of Oregon Police Department.

Just cause - A cause reasonably related to the employee's ability to perform required work. The term includes a willful violation of reasonable work rules, regulations or written policies (ORS 236.350 (2)).

Personnel complaint - Any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law.

Service complaint - Any complaint about employee conduct which, even if true, would not qualify as a personnel complaint

1021.2 AVAILABILITY OF COMPLAINT FORMS AND ACCEPTANCE OF COMPLAINTS

1021.2.1 AVAILABILITY OF COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the Department's public lobby. Forms may also be available at other campus sites. Electronic forms are available on line at the Department's web site.

1021.2.2 SOURCE OF COMPLAINTS

- (a) A department employee who becomes aware of alleged misconduct shall immediately notify a supervisor.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personnel Complaints

- (b) A supervisor receiving a complaint from any source alleging misconduct of an employee should immediately document that complaint, submit it to Sergeant of Professional Standards and Training, and notify his/her immediate supervisor.
- (c) Anonymous complaints and third-party complaints should be accepted and forwarded to the Sergeant of Professional Standards and Training for investigation (to the extent that sufficient information is provided).

1021.2.3 ACCEPTANCE OF COMPLAINTS

A complaint may be filed in person, in writing, or by telephoning the Department. Although it is not required, every effort should be made to have the complainant appear in person. The following should be considered before taking a complaint:

- (a) Complaints shall be documented and forwarded to the Sergeant of Professional Standards and Training for classification, evaluation and assignment.
- (b) Supervisors are encouraged to try to resolve Service Complaints at the time of intake. Document the contact, explain whether the complainant is satisfied with the explanation, and forward to the Sergeant of Professional Standards and Training for evaluation and filing.
- (c) When the complainant is intoxicated or impaired to the point where his/her ability to recall and communicate facts, or understand questions, is compromised; employees shall obtain identifying information, provide the complainant with a personnel complaint form and forward documentation of the contact to the Sergeant for Professional Standards and Training.

1021.3 SUPERVISOR RESPONSIBILITY

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the office of Professional Standards and Training and the investigation of Service Complaints will rest with the employee's immediate supervisor. The Chief of Police or authorized designee may, however, direct that another supervisor investigate. Supervisors shall be responsible for the following:

- (a) A supervisor receiving a formal complaint involving allegations of a potentially serious nature shall ensure that the Chain of Command is notified as soon as practicable via email or phone message. In cases of extreme severity of complaint, the Executive Coordinator will determine if other Command officers need to be immediately notified by phone.
- (b) A supervisor receiving or initiating any complaint shall ensure that written documentation has been completed as fully as possible, and directed to the Sergeant of Professional Standards and Training. During the intake of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of additional witnesses.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personnel Complaints

1. Photographs of any injuries alleged by the complainant, as well as visible areas of non-injury, should be taken once immediate medical attention has been provided.
 - (c) A supervisor dealing with an accused employee shall ensure that the procedural rights of the employee are followed.
 - (d) When the nature of a personnel complaint relates to sexual, racial, ethnic, or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall promptly contact the Sergeant - Professional Standards and Training for direction regarding the investigation and/or addressing the complaint, to include contacting the Office of Affirmative Action and Equal Employment Opportunity. If the Sergeant - Professional Standards and Training is unavailable, the matter will be forwarded to the Assistant Chief or Chief, in that order.

1021.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature or when the circumstances reasonably dictate an undue risk for the Department, the employee, other employees or the public, the accused employee may be reassigned or placed on administrative leave.

1021.4.1 ADMINISTRATIVE LEAVE

An employee placed on administrative leave may be subject to the following guidelines:

- (a) The employee shall continue to receive regular pay and benefits, pending the imposition of any discipline.
- (b) An employee may be required by a supervisor to relinquish any badge, department identification, assigned weapon(s) and any other department equipment.
- (c) An employee may be ordered to refrain from taking any action as a department employee or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (d) An employee may be temporarily reassigned to a different shift during the investigation. The employee may be required to remain available for contact at all times during such shift and report as ordered.
- (e) Reinstated employees shall have all badges, identification cards and equipment reissued.

1021.5 ALLEGATIONS OF CRIMINAL CONDUCT

When an employee of this department is accused of potential criminal conduct, a criminal investigation will be initiated apart from the administrative investigation(s). Any administrative investigation(s) will be separate from, but may parallel a criminal investigation.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personnel Complaints

The criminal investigation will have priority over the administrative investigation(s). It is common to delay an administrative investigation so as not to interfere with the criminal investigation. However, certain administrative actions may be taken while the administrative investigation is delayed, in order to protect the involved employee, Department, University or University community.

The Chief of Police shall be notified as soon as practical when an employee is accused of criminal conduct regardless of the form of the complaint.

In the event of serious criminal allegations, the Chief of Police may request a criminal investigation by an outside law enforcement agency.

An employee accused of criminal conduct shall retain all of the rights and privileges afforded a non-sworn. The employee may not be administratively ordered to provide any information to a criminal detective.

1021.5.1 NOTIFICATIONS

The Vice President Finance and Administration and the UO Office of the General Counsel will be notified as soon as practical when an allegation of criminal conduct is lodged against a UOPD employee.

1021.6 ADMINISTRATIVE INVESTIGATION OF COMPLAINT

Except as necessary to gain a general overview and sufficient facts of an incident to assess the necessity of an inquiry, or in order to obtain pertinent public safety information, an officer shall not be required to answer questions until he/she has been told of the facts and the nature of the investigation in a manner that is reasonably sufficient to inform the officer of the circumstances surrounding the allegations.

Whether conducted by a supervisor or an assigned member of the Professional Standards Unit, the following procedures and those set forth in ORS 236.360 shall be followed with regard to the accused employee(s):

- (a) Unless the seriousness of an investigation requires otherwise, interviews of accused employees shall be conducted when the employee is on-duty or during the employee's normal waking hours. If the interview is conducted while the employee is off-duty, the employee shall be appropriately compensated (ORS 236.360(2)(a)).
- (b) No more than two interviewers at a time may ask questions of an accused employee (ORS 236.360(2)(c)).
- (c) Interviews may not last an unreasonable amount of time, taking into consideration the gravity and complexity of the matter under investigation.
- (d) The employee's physical needs shall be reasonably accommodated (ORS 236.360(2)(f)).
- (e) The interviewers shall inform the employee of their authority to compel a statement and of the identity of the investigators and all persons present during the interview (ORS 236.360 (2)(d)).

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personnel Complaints

- (f) No employee shall be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. An employee being interviewed may not be threatened with punitive action. However, during a compelled interview solely for non-criminal purposes, an employee who refuses to respond to questions or refuses to be interviewed must be informed that refusal may lead to disciplinary action (ORS 236.360 (2)(h)). Nothing administratively ordered may be provided to a criminal investigator.
- (g) When practicable, the interviewer should record all interviews of employees and witnesses. An employee may record his/her own interview. If the employee has been previously interviewed, a copy of that recorded interview, written statement or transcript (if prepared) shall be provided to the employee prior to any subsequent interview (ORS 236.360 (2)(h)).
- (h) If the allegations involve potential criminal conduct, the employee shall be advised of his/her constitutional rights. This admonishment shall be given administratively even if the employee was advised of these rights during any separate criminal investigation. Specifically, the employee must be informed of the right to consult with criminal defense counsel with respect to the criminal charge (ORS 236.360 (2)(j)).
- (i) All employees subjected to interviews that could result in punitive action may have a representative of the employee's choosing present at the interview (ORS 236.360 (2)(b)). However, in order to maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (j) In a disciplinary or administrative investigation, the employee's chosen representative cannot be required to disclose, or be subject to disciplinary action for refusing to disclose, statements made by the employee to the representative for purposes of the representation (ORS 236.360 (2)(k)).
- (k) All employees shall provide complete and truthful responses to questions posed during interviews.
- (l) No employee may be compelled to submit to a polygraph examination nor shall any refusal to submit to such examination be mentioned in any investigation.

1021.6.1 ADMINISTRATIVE SEARCHES

Any employee may be compelled to disclose personal financial information pursuant to proper legal process, if such information tends to indicate a conflict of interest with official duties or if the employee is assigned to, or being considered for, a special assignment with a potential for bribes.

Employees shall have no expectation of privacy in or when using offices, desks, lockers, vehicles, telephones, computers, radios or other communications provided by the Department.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personnel Complaints

Assigned lockers, offices, desks, vehicles and storage spaces are the property of the employer and may be administratively searched by a supervisor for work-related purposes (e.g. obtaining a needed report or radio).

All other non-assigned areas (shared desks, common office space, shared vehicles) may be administratively searched by a supervisor for non-investigative purposes.

An investigative search of such areas shall only be conducted with the approval of the Chief of Police or authorized designee upon a reasonable suspicion that official misconduct is involved.

1021.6.2 STEPS PRIOR TO DISCIPLINARY ACTION

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations. The employee will be notified of the additional allegations.

Disciplinary action may not be taken against any employee without just cause (ORS 236.360 (4)). The Chief of Police shall ensure the following before any disciplinary action against an employee is taken:

- (a) Notification is made to the employee in writing of the charges against the employee and the proposed disciplinary action (ORS 236.360 (5)(a)).
- (b) The employee is given an opportunity to respond to the charges at an informal hearing, which may be recorded, that is attended by the person or persons having authority to impose the proposed disciplinary action (ORS 236.360 (5)(b)).

1021.6.3 REOPENING AN INVESTIGATION

An investigation may be reopened if significant new evidence is discovered that is likely to affect the outcome of the investigation, provided the evidence resulted from the employee's pre-disciplinary response and could not have been discovered without resorting to extraordinary measures (ORS 236.360 (7)).

1021.6.4 INAPPLICABILITY OF CERTAIN SAFEGUARDS

The safeguards of an administrative investigation listed in Policy Manual § 1020.6 do not apply in the following instances (ORS 236.370):

- (a) Investigations related to acts or omissions made during a probationary period.
- (b) Where the terms of a collective bargaining agreement provide for the safeguards.
- (c) Where there are conflicting county civil service system rules.
- (d) Where there exists a county or municipal civil service system that provides certain employees with disciplinary action protections at least equivalent to those provided in this policy.
- (e) Where the investigation is of the:
 - 1. Chief executive officer of a law enforcement unit, as defined in ORS 181.610.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personnel Complaints

2. Supervisory employees, as defined under ORS 243.650, where a collective bargaining agreement is in effect.
 - (f) Where the employee is represented by a collective bargaining unit if the collective bargaining agreement provides for procedures and safeguards of the sort provided for in ORS 236.350 to 236.370.

1021.7 DISPOSITION OF PERSONNEL COMPLAINTS

Each allegation shall be adjudicated with one of the following:

Unfounded - When the investigation discloses that the alleged act(s) did not occur or did not involve department personnel. Complaints that are determined to be frivolous will fall within the adjudication of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or exonerate the employee.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

Administratively Closed - The investigation was closed prior to reaching an informed conclusion (e.g., complainant did not provide information needed, or refused to cooperate with the investigation). The investigation may be reactivated upon discovery of new, substantive information or evidence.

Policy issue - When everything in the complaint is determined to be accurate, including the officer's actions, but the issue appears to require a modification of policy the adjudication for the officer should be exonerated. The need for potential policy modification shall be immediately directed to the Chief of Police for action.

1021.8 COMPLETION OF INVESTIGATIONS

The Office of Professional Standards and Training shall ensure that investigations are completed and employees are provided notification of intended discipline no later than 6 months from the date of the first interview. The Chief of Police, or designee, may extend the investigation to a maximum of 18 months from the date of the first interview, provided that, before the extended period begins, the employer gives written notice explaining the reason for the extension to the employee and the employee's chosen representative and union representative, if any (ORS 236.360 (6)(a)).

The above time limits do not apply when (ORS 236.360 (6)(b)):

- (a) The investigation involves an officer who is incapacitated or unavailable.
- (b) The investigation involves an allegation of workers' compensation or disability fraud by the officer.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personnel Complaints

- (c) The officer, in writing, waives the limit.
- (d) The investigation requires a reasonable extension of time for coordination with one or more other jurisdictions.
- (e) The investigation involves more than one officer and requires a reasonable extension of time.
- (f) The alleged misconduct is also the subject of a criminal investigation or criminal prosecution. Time does not run for the period during which the criminal investigation or criminal prosecution is pending.
- (g) The investigation involves a matter in civil litigation in which the officer is a named defendant or the officer's actions are alleged to be a basis for liability. Time does not run for the period during which the civil action is pending.
- (h) The investigation is the result of a complaint by a person charged with a crime. Time does not run for the period during which the criminal matter is pending.

Upon completion of an investigation, the report should be forwarded to the involved employee's supervisor.

- (a) The supervisor will prepare a memo to the Chief recommending adjudication of each allegation. This memo will contain a sufficient review of the facts and analysis to support the recommendation.
- (b) The investigative file and supervisor's adjudication recommendation will be forwarded through the supervisor's Chain of Command to the Chief.
 - 1. Each command officer in the chain will review the supervisor's recommendation for adjudication. If necessary or appropriate, they will prepare their own recommended adjudication of each allegation, and provide additional analysis supporting their recommendation.

Once received, the Chief of Police will formally adjudicate the allegations and prepare documentation of the decisions for the investigative file. The Chief, or designee, will notify the employee and complaining party, in writing, of the adjudication decision.

Any complaining party who is not satisfied with the findings of the Department may contact the Chief of Police to discuss the matter further.

Disciplinary action taken as a result of the investigation will be handled separately from the investigation and adjudication processes pursuant to applicable Department and University policy, and collective bargaining agreements.

1021.8.1 CONFIDENTIALITY OF PERSONNEL FILES

All investigations of personnel complaints shall be considered confidential peace officer personnel files, and not subject to public disclosure (ORS 192.501). The contents of such files shall not be

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Personnel Complaints

revealed to other than the involved employee (redacted version) or authorized personnel, except pursuant to lawful process.

In the event that an accused employee (or the representative of such employee) knowingly makes false representations regarding any internal investigation, and such false representations are communicated to any media source, the Department may disclose sufficient information from the investigation to refute such false representations.

Disciplinary action resulting from sustained complaints shall be maintained in the employee's personnel file. Complaints, and any investigative reports shall be maintained by the Professional Standards Unit apart from the employee's personnel file.

1021.8.2 ANNUAL REVIEW OF PERSONNEL COMPLAINTS

During January of each year, the Captain of Administration or his/her designee shall provide to the Chief of Police an annual report of personnel complaints from the prior calendar year. The report may include complaint trends, training needs and recommended policy changes. Specific detail, including items such as officer names, case numbers and location of occurrence, is not needed for this purpose and therefore will not be part of this process. This document shall be provided to the Associate Vice President for Safety and Risk Services.

Seat Belts

1023.1 PURPOSE AND SCOPE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt and child safety seat use to assure maximum operator and passenger safety, thus minimizing the possibility of death or injury as the result of a motor vehicle crash. This policy will apply to all employees operating or riding in department vehicles.

1023.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1023.2.1 TRANSPORTING CHILDREN

A properly installed, approved child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORS 811.210).

Children under the age of 13 should be transported in the rear seat. In the event that the appropriate restraints are unavailable, officers should arrange for alternate transportation.

1023.3 TRANSPORTING PRISONERS

Whenever possible, prisoners should be secured in the prisoner restraint system in the rear seat of the patrol vehicle or, when a prisoner restraint system is not available, by seat belts. The prisoner should be in a seating position for which seat belts have been provided by the vehicle manufacturer. In unusual circumstances where it is unsafe or impractical to do so, prisoners may be transported without the use of seat belts (ORS 811.215 (6)). The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

1023.4 INOPERABLE SEAT BELTS

No person shall operate a department vehicle in which the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belts, except for vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Employees who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Body Armor

1025.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1025.2 POLICY

It is the policy of the University of Oregon Police to maximize officer safety through the mandatory wearing of body armor while in patrol uniform. In addition, when in uniform performing administrative functions, all officers are required to wear body armor. While body armor provides a significant level of protection, it is not a substitute for the observance and adherence to officer safety procedures.

1025.3 ISSUANCE OF BODY ARMOR

The department's designated representative shall ensure that body armor is issued to all officers. Upon issue, the body armor shall meet or exceed the current safety standards established by the National Institute of Justice for ballistic vests. 1039.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time for the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee, at the employee's request, by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply. Overtime approval will be based upon the necessity to complete the work and availability of on-duty employees to complete the work.

Student and temporary employees are eligible for overtime only after having worked 40 hours in that calendar week .

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 120 hours of compensatory time.

1039.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1039.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Call-back, time off between shifts and changes to shift hours are covered by existing Collective Bargaining Agreements.

1039.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Overtime Payment Requests

After the entry has been made on the employee's time card, the overtime payment request form is forwarded to the next step in the chain of command for final approval.

1039.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Collective Bargaining Agreement provides that a minimum number of hours will be paid, (e.g., two hours for Court). In that case, the employee will record the actual time worked and the minimum hours to be paid. The supervisor will ensure that the record and overtime paid is accurate.

1039.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be reported as indicated by the following chart:

Time Worked	Percentage Reported
1 to 7 minutes	0.00 hours
8 to 22 minutes	0.25 hours
23 to 37 minutes	0.50 hours
38 to 52 minutes	0.75 hours
53 to 60 minutes	1.00 hour

1039.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation as part of the overtime payment request.

Outside Employment

1041.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1041.1.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered.

- Outside Employment also includes volunteer positions with other law enforcement agencies, for example a Reserve Police Officer or Special Deputy.
- Outside Employment also includes self-employment where services, product(s) or benefits are rendered.
- Outside Employment does NOT include volunteer obligations for charities, church, service organizations, social clubs, etc., UNLESS there exists a conflict of interest.

Outside Overtime - duties or services on behalf of an outside organization, company, or individual within this jurisdiction that are scheduled and paid through this department as overtime so that the Department may be reimbursed for the cost of wages and benefits.

1041.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee's immediate supervisor who will ensure that all of the relevant information is provided. The application will then be forwarded through the chain of command to the Chief of Police for consideration.

If approved, the employee will be notified in writing, or via email, with copies to the Chain of Command. Unless otherwise indicated, permission will be valid through the end of the calendar year in which the request is approved. Any employee seeking to renew permission shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial.

The documentation will be stored in the employee's personnel file.

1041.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee's appeal is denied, the employee may consult with their labor representative and/or the current Collective Bargaining Agreement (CBA) regarding the filing of a grievance.

1041.3 PROHIBITED OUTSIDE EMPLOYMENT

The Department reserves the right to deny any request for outside employment. There are generally two categories of conflict that would be examined in order to determine whether to approve an outside employment request. They are:

- Actual or potential conflict of interest
- Actual or potential conflict of commitment

General guidelines for denial will be based on criteria similar to, but not limited to, the following:

- (a) The outside employment involves the use of the Department badge, uniform, identity, resources, prestige or influence. Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department (for example, loss prevention at a retail outlet requires the employee to wear their UOPD uniform while working for them, or access police records)
- (b) The outside employment requires the employee to perform similar acts to their regularly assigned position with the Department (for example, a private security position would require an employee to arrest trespassers and use force under their authority which is essentially the same requirements of a UOPD officer)
- (c) The outside employment involves actions that would be in conflict with their regular duties (for example, a bouncer at a club would be expected to simply trespass a patron involved in criminal activity where the employee would be expected to make an arrest if on-duty with the Department)
- (d) The outside employment involves acts that are inconsistent with the canons of the Criminal Justice Code of Ethics, conflict with provisions of department policy, have a negative impact on the employee's reputation, or have a negative impact on the employee's credibility as a witness in court (for example, endorsing products that demonstrate bias or glorify violence)
- (e) The outside employment interferes with the employee's current work schedule, the Department's ability to schedule or assign work or the employee's availability for work (for example, the employment precludes the employee from being assigned to work swing shift)

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Outside Employment

1. For comparison purposes, the University of Oregon standard for faculty outside work-hours commitment is one-day-in-seven, and averaging over longer time period's is allowed.
 - (f) The outside employment negatively impacts the employee's job performance at the Department (for example, the employment requires so many hours per week that the employee cannot get enough rest and their performance suffers for that reason)
 - (g) The employee's performance at this department is documented to be below expectations as reflected on performance evaluations.
 - (h) Denial, suspension or revocation may be included as a term or condition of sustained discipline.
 - (i) The outside employment requires work that the employee is unable to perform for the Department due to an injury or other condition, or interferes with the employee's ability to return to full duty (for example, an injury prevents the employee from driving a vehicle for UOPD and the outside employment requires the employee to drive a vehicle)

1041.4 MATERIAL CHANGES TO OUTSIDE EMPLOYMENT

If an employee terminates his or her outside employment during the period covered by permission, the employee shall promptly submit written notification of such termination to the Chief of Police through the chain of command. Any subsequent request for renewal or continued outside employment will be considered a new request and submitted as outlined in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material should report the change.

1041.5 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within four days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The Chief of Police will decide whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their outside employment, a notice of revocation of the member's permission will be forwarded to the involved employee, and a copy attached to the original permission document.

Criteria for revoking permission for outside employment include, but are not limited to, the following:

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Outside Employment

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the University's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the University of Oregon Police Department, a request (in writing) may be made to the Chief of Police to restore permission for outside employment.

1041.6 OUTSIDE OVERTIME

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside overtime will be assigned, monitored and paid through the Department.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
 - 1. The officer(s) shall wear the departmental uniform/identification.
 - 2. The officer(s) shall be subject to the rules and regulations of this department.
 - 3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
 - 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 - 5. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered part of the outside overtime assignment.

1041.6.1 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime

An injured employee or employee who has suffered a work-related injury or illness shall report as soon as practical to his/her immediate supervisor the medical findings concerning the injury and the extent and duration of any work restrictions if they are known. In addition, such employees are required to promptly submit all medical releases, whether partial or full releases, to their supervisor.

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the University of Oregon Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the University of Oregon Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the University of Oregon Police Department or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the University of Oregon Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express

authorization of the Chief of Police or the authorized designee (or any other act that would constitute a misuse of public information in violation of ORS 162.425).

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the University of Oregon Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.
- (h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:
 1. When brief personal communications may be warranted by the circumstances (e.g., inform family of extended hours).
 2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1061.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the University of Oregon Police Department or identify themselves in any way that could be reasonably perceived as representing the University of Oregon Police Department in order to do any of the following, unless specifically authorized by the Chief of Police, in coordination with the UO Office of Public Relations:

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g. bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the University of Oregon Police Department.

University of Oregon Police Department

University of Oregon Police Department Policy Manual

Employee Speech, Expression and Social Networking

A notice of restrictions on political activities by employees will be posted and maintained by the Department in a place that is conspicuous to all employees as required by law (ORS 260.432).

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1061.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department e-mail system, computer network or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if it is accessed through department computers or networks.

1061.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

Employee Speech, Expression and Social Networking

1061.7 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

Anti-Retaliation

1062.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1062.2 POLICY

The University of Oregon Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1062.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1062.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the University Associate Vice President of Human Resources.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1062.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Anti-Retaliation

1062.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1062.7 WHISTLE-BLOWING

Oregon law protects employees who disclose or threaten to disclose information that the employee reasonably believes is evidence of (ORS 659A.203):

- (a) A violation of federal, state, or local law, rule, or regulation.
- (b) Mismanagement, gross waste of funds, abuse of authority, or substantial and specific danger to public health and safety.
- (c) A person who is receiving public assistance is subject to a felony or misdemeanor warrant.

Employees are encouraged to report such violations or disclosures of information through the chain of command (ORS 659A.221; ORS 654.062).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

1062.8 RECORDS RETENTION AND RELEASE

The Captain of Administration shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1062.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.
